Two From Passaic Ave. File For Commissioner

Two Passaic Avenue residents have filed petitions for election for Commissioner on May 11. The candidates are Louis H. Gorcica of 167 Passaic Avenue and Mrs. Pamela Betty Vander Brink of 130 Passaic Avenue.

Gorcica gave the following reason for seeking election:

"We have to get Hawthorne moving again. In a community of twenty-thousand people we need someone who knows the needs of the people, someone who can do the job of making Hawthorne a first rate town again. It's obvious we need new blood in local government, some new and younger faces to make things move, someone who will enforce the ordinances to stop pollution, create activities to interest our youth, an take an interest in our senior citizens needs. I know I can do the job."

Mrs. Vander Brink stated that her interest in town government stems from "her involvement in recent attempt by the town to redistrict or rezone the area and her part as a member of the Sixth District Association's successful action in changing the Master Plan and blocking the rezoning plan."

Born in Passaic, N.J., Gorcica was married to the late Lee I. Abate and has made his home in Hawthorne since 1949. He attended several area business schools, has a Professional Improvement Certificate from Rutgers, and took a Mechanical-Engineering course from I.C.S.

A veteran of the U.S. Navy, he is president of the Elm Association of Passaic County, a county wide Democratic Organization; vice president of the John F. Kennedy Club of Hawthorne and a member of the Board of Registry and Elections, Sixth District, Hawthorne. He is employed as a Mechanical Designer by The Power-Mate Corporation of Hackensack, N.J. and has one son, David.

Born in England, Mrs. Vander Brink attended Parochial schools in Frome, and in Weymouth where she won a scholarship to Bath Woman's College. She worked for Paramount Film Industries in London. She married Jacob Vander Brink in 1945, and came to the United States in 1946, and became a citizen in 1948. She traveled with her husband, who was in the U.S. Army and they returned to Hawthorne in 1960. She was widowed in 1968.

She is a member of St. Clement's Church, active in the Muchachos Auxiliary and is a member of Transatlantic Brides Association. The candidate is also a member of the newly formed Sixth District Association of Hawthorne. She has four children living at home, Joann, Steven, Pam, and John and two married children, Mrs. Leo Hendricks and Jacob Jr. second class petty officer in the U. S. Navy stationed in Sicily. She is employed by the International Wire Co. in Wyckoff as a Diamond Die Maker since 1966.

An Open Letter

Letter to the People:

With the approval of Mayor Louis Bay 2nd, April has been declared Cancer Control Month in Hawthorne. Many volunteers are prepared to begin our residential drive and we wish to thank them all for their sincere interest and cooperation in this most important crusade. We expressly wish to recognize all those students helping in this effort. Of particular note—the Omega Gamma Delta Fraternity, Hawthorne Chapter, has volunteered the assistance of the entire group. There's no "generation gap" here!

Some time during the month a volunteer will call on you for a contribution. Please be as generous as possible, keeping in mind that cancer strikes one out of four people. With your help the statistics can be changed.

Why Change?

On May 11th the residents of Hawthorne will have the opportunity of selecting three citizens who will guide the destinies of this Borough for the next four years.

For the past 35 years, Hawthorne has been governed by officials who have been dedicated to the philosophy of continuing the good government that has made this Borough one of the most outstanding towns in New Jersey, on the basis of our low tax rate.

This has not been accomplished by any miracle, but rather by the steady application of the theory that the interests of the people that pay the taxes must be of primary concern in the actions of the Mayor and Commissioners. Maintaining this position has been the result of a great deal of hard work by the present Board of Commissioners.

Hawthorne has gained the enviable reputation of being "a good place to live." Among our new neighbors, it is a known fact that they have selected Hawthorne for this very reason. Houses in Hawthorne are at a premium, filled with contented residents that have invested their life's savings in their homes, with the full confidence that our Mayor and Commissioners would continue to give them the type of government which prompted them to settle here.

We now pose a question.

Would you change the better than 30 years of experience of Mayor Louis Bay 2nd, who is the veteran member of the "Continued Good Government" team? He has given this municipality years of service on the Board of Health, the Borough Fire Department, the School Board, the County Board of Freeholders, as past President of the N. J. League of Municipalities, now on its Advisory Board and currently as a member of the Passaic Valley Sewerage Commission. Through his national, state and county con-

Open House At Boys Club This Week

With the theme "Good Kids Don't Grow On Trees" the Hawthorne Boys Club will join with more than 900 Boys Clubs of America in the celebration of National Boys Club Week March 28-April 3.

President James Mangiafico said that an open house is planned at the Boys Club April 3rd on Goffle Road "To focus attention on just what goes on, on any given day in our efforts to build Juvenile Decency."

"At the Hawthorne Boys Club," said Mangiafico, "good kids get a chance to grow up under the principle of honesty, fair play and good sportsmanship, not only in sports but in daily living."

The Hawthorne Boys Club services over 250 members with the guidance of Director Lou Grassey and the adult board of directors that numbers over 20. Throughout the country, leaders of business and government will observe the week long tribute to the boys clubs. This includes President Nixon who is Honorary Chairman and Past Board Chairman of Boys Club of America. During the week, the President will install the National "Boy of the Year" at a special White House ceremony.

All friends and parents of the membership are invited to attend the open house at the Hawthorne Boys Club on Goffle Road on Saturday, April 3, from 2 to 6 p.m. Refreshments will be served.

Optimists Set Car Wash April 3

A benefit Car-wash sponsored by the Hawthorne Optimist Club is scheduled for Saturday, April 3rd at the First Reformed Church, Lafayette Ave., Hawthorne from 10 a.m. to 3 p.m. Proceeds will be for the support of the club's youth activities programs. The Car Wash donation is $1.50.

The Hawthorne residents are urged to support this Fund Raising drive, and the motto of the Optimist International "Friend of the Boy."

Louis J. Bay and James Aldi, Jr. Candidates For Fire Chief

Election for Fire Chief will be held on April 6 at Fire Company 2 from 2 to 3 p.m. and from 7 to 8:30 p.m. Candidates for the office are Fire Chief Louis J. Bay and James Aldi, Jr. who are seeking a four year term that begins on May 1.

The fire chief, in addition to this office, is head of the Fire Prevention Bureau, to which he was appointed in May 1970. He has been chief for the past 12 years.

A member of Fire Company 3 for 9 years, he was assistant chief for nine years and prior to that post, he held every office in the department. He has been endorsed by his company for re-election.

A member of the International Association of Fire Chiefs, Inc. he is now attending a second semester course in Fire Department Administration at Rutgers. He recently completed a course in Fire Prevention Administration at Rutgers and has attended numerous seminars at the N. J. State Fire College in Mahwah.

A lifelong resident of Hawthorne, he lives at 93 N. 8th St. He and his wife are the parents of one son, Glenn, who is a fireman in the City of Passaic.

Hawthorne Fire Company No. 4 has endorsed James Aldi, Assistant Chief of that company, for election to the Fire Chief post. Aldi has been a resident of the borough for 28 years. He has served the company in many capacities, holding the offices of 2nd Lieutenant for two years, 1st Lieutenant three years, Captain three years, and Assistant Chief eight years. He has been a member of the department for 23 years, and also served as Company No. 4 drill instructor for the past eight years.

A veteran of the Korean War Mr. Aldi is active in many community and church affairs including Ridgewood Council K. of C., Riverside Veterans, American Legion Post 199, John Paul Jones Naval Cadets, Hawthorne Boosters, St. Anthony's Boy Scouts Mr. Aldi stated "my desire is to better serve the community and the fire department, I have continuously sought to increase my understanding and knowledge and I recently completed a cinematic course by attending school in Newark and Dover." He is a member of the New Jersey Fire Chiefs Association, president of Singer Interstate Carriers, Inc., Passaic Ave. and J. Ald. and Sons Warehouse.

The assistant fire chief resides at 104 Cornell Avenue with his wife, the former Ellatina Giannelli and four children, Jimmy, 16; Tina Marie, 15; Anthony, 13 and Michael, nine.

the dimmer side...

A car fire was reported in a 1969 Dodge owned by Harry Shortway of 65 North Watchung Drive at Goffle Road and Goffle Hill Road at 7:05 p.m. Sunday. Lt. V. J. Mangiafico and Patrolmen Ronald D'Argenio and Robert Beattie responded.

A garbage truck of the Schaper Disposal Works, Midland Park, overturned on Goffle Road, Monday, 12:40 p.m. when the brakes failed as the vehicle was being driven down Macfarlan Avenue.

Charlie M. Grant of 145 Governor St., Paterson, the driver, scraped his left and right arms. Samuel Singleton of 13 12th Avenue, Paterson, complained of a pain in his right wrist. Both men said they would see their own doctors.

Grant told police he was going down the hill and all the air pressure went out of the brakes, so he cut into the wooded area to avoid entering the intersection.

Patrolman Ronald D'Argenio investigated.

Albert N. Van Winkle of 423 Goffle Road, Wyckoff, was issued a careless driving summons as the result of an accident at Goffle Road and Lafayette Avenue at 4:40 p.m. Monday.

Nicholas W. Dekoning of 437 Lafayette Avenue, Wyckoff, the other motorist involved complained of a neck pain and was taken to Valley Hospital via VFW Ambulance.

Dekoning told police he was going east on Goffle, signaled for a left turn and was stopped and waiting when he was struck from behind.

Patrolman Robert Beattie issued the summons.

A 17-year-old driving on a learner's permit and the licensed driver with him both received summonses for going through a stop sign, following an accident at Lafayette and Rea Avenues at 7:50 p.m. Saturday.

James Gregory, 17, of 229 Lenox Avenue, Paterson, was going east on Rea and told police he did not see the stop sign. "The licensed driver with me said 'That is a stop street'."

Gregory said he hit his brakes, but by the time, I got to the intersection, I was hit by the other car.

Danny Adate of 107 Emerson Avenue, Paterson, also received a summons.

The other driver, John Hammersma, Jr., of 132 Rock Road, Hawthorne, was travelling north on Lafayette Avenue.

A theft was reported at Phil's Citgo, Goffle Road and Rea Avenue Extension, at 7:54 a.m. March 29. Tires and wheels were stolen sometime during the night. Patrolman Theodore Widmer investigated.

James Barker of 65 Second Avenue reported his son's motorcycle missing from the garage at his residence at 3:04 a.m. March 28th. Patrolmen Charles Mabey and David Baker investigated.

Upsala Players Have Eventful Barrabas Tour

EAST ORANGE — A traveling thespian troupe from Upsala College has returned to campus convinced that all the world is truly a stage and they were merely players.

During a four day tour of the Upsala production of the Lenten drama, "Barabbas," the Workshop 90 drama group encountered a series of unusual experiences as the 24 players performed on various sized stages in New Jersey and Connecticut.

Included among their off beat experiences were:

A performance at a Bergen County church turned out to be the first part of a drama-volleyball doubleheader.

A geyser of water came through the floorboard of a vehicle while they were traveling ina driving rainstorm.

A performance was given in a Connecticut community theatre which the local citizens acquired in 1957 after the Board of Education denied permission to produce William Inge's "Picnic" in a high school because an actor appeared bare chested.

Scenes were presented at two Sunday morning worship services at which the pastor of the Connecticut church rearranged the pews for an unconventional religious-drama service in-the-round.

Because of a small stage and a large cast, the leading man almost fell into the first row as he took his curtain call bow at a Hawthorne church.

In a trip to Hawthorne the cast managed a small stage for their last performance of "Barabbas." The stage of the First Reformed Church was so small for the large cast that leading man Gary Jolly of The Bronx had to battle his way through the ensemble for his curtain call and almost made it off the front of the stage as he took his bow.

"I kept thinking of a little old lady I saw in the audience and I said to myself: 'I better be careful or I'll wind up in her lap,'" commented Jolly, a six-footer who is pushing 200 pounds.

Professor - Director Robert Mauracco, who has been on extensive tours in hsi acting days, said the Upsala trip was an artistic success and the troupe survived it admirably.

"After all," he pointed out, "adversity has been part of the theatre since time immemorial."

Houghton Choir to Present Concert At Gospel Church

The Houghton College Choir will present a concert at the Hawthorne Gospel Church this Sunday evening at 7 o'clock.

The choir's fifty members are chosen from almost 1200 students of Houghton College. Under the direction of Professor Donald Bailey, the choir regularly presents concerts during Easter recess tours throughout the United States.

The choir's repertoire includes sacred music by classics European composers such as Johann Schein and Franz Liszt. In addition, there is a wide variety of contemporary works including: a new work by Dr. William Allen, composer-in-residence at Houghton College; the Double Alleluia from Richard Felciano's Sunday," a work for organ, electronic tape, and male chorus; and Jean Berger's "Brazilian Psalm," called by Professor Bailey "one of the outstanding choral pieces of our time." In their performances, the choir often uses experimental techniques, such as the deployment of choir members throughout the auditorium to achieve different effects of overall choral sound.

An increasing number of young people from the North Jersey area have enrolled in Houghton College. Many of them will be present on Sunday night. The Hawthorne Gospel Church is on Route 208 in Hawthorne, New Jersey.

HUD and VA in January approved a reduction from 8 to 7½ per cent in interest rates on GI home loans guaranteed by VA.

United Givers Presents Awards To Volunteers

A retired Passaic educator and a businessman in Paterson were winners of two major Passaic Valley United Fund awards presented at last Thursday's annual Awards Dinner at Wayne Manor.

Softball Rosters Must Be Decided By April 12

Final rosters for the girls' softball teams must be made by April 12. At a meeting of league managers and coaches on March 30, it was decided that each team will have the following minimum number for each age group: one, nine-year-old; two, 10-year-olds; two 11-year-olds; four 12-year-olds and one 13-year old.

Each of the six teams may have no more than 15 players. That means, each manager may choose five players, according to playing ability without regard for age.

Elimination will be made in the next two weeks, since there are currently 20 or more to a team.

With the beginning of the intramural program in the elementary schools on April 1st, the softball league will no longer be able to use the school fields for practice on weekdays.

The Hawthorne Li'l League, to which the softball league belongs has provided the women with Diamond Bridge field three and permission has been received from Mr. Lou Casey to practice at the Boys Club on weekdays.

Saturday practice schedule will continue at Franklin School and Roosevelt School fields. Parents of girls who are participating are asked to consult the little league schedule for the new softball practice times.

YMCA Events

A Coffee House will be held at the Hawthorne YMCA each Friday evening from 8 to 11 p.m. Conversation and folk singers will be featured.

Robert Cummings, YMCA Branch executive, said the Coffee House will be open to all high school age youngsters initially, but will later be operated on a membership basis.

This project is being sponsored by the Hawthorne YMCA, the Hawthorne Jaycees and the Hawthorne Jaycee Teen Organization. It was organized by about 25 youths who met with Lawis Stallman, chairman of the Jaycee Organization and Mr. Cummings.

Mr. Cummings said a small admission charge will be made and refreshments will be available.

Roe Sponsors Bill to Station GI's Near Home

WASHINGTON, D. C.—Rep. Robert A. Roe (D.-Passaic County) is co-sponsoring a bill (H.R. 2176) which would permit members of the armed forces to be assigned to duty stations near their homes after serving in combat zones.

Roe said that any serviceman who has served in a combat area should receive consideration and be permitted to finish his tour of duty at a place near his residence.

He continued, "While we pray that the Vietnam conflict is drawing to a close, I firmly believe that any soldier who has served in a combat area should receive priority consideration and be permitted to finish his tour of duty in this country. I am therefore co-sponsoring a bill which would give this priority consideration to our overseas servicemen."

Presently, a soldier could serve in Vietnam, return home for a furlough, and then be assigned to some foreign country to complete his tour of duty.

Upsala Players Have Eventful Barrabas Tour

EAST ORANGE — A traveling thespian troupe from Upsala College has returned to campus convinced that all the world is truly a stage and they were merely players.

During a four day tour of the Upsala production of the Lenten drama, "Barabbas," the Workshop 90 drama group encountered a series of unusual experiences as the 24 players performed on various sized stages in New Jersey and Connecticut.

Included among their off beat experiences were:

A performance at a Bergen County church turned out to be the first part of a drama-volleyball doubleheader.

A geyser of water came through the floorboard of a vehicle while they were traveling ina driving rainstorm.

A performance was given in a Connecticut community theatre which the local citizens acquired in 1957 after the Board of Education denied permission to produce William Inge's "Picnic" in a high school because an actor appeared bare chested.

Scenes were presented at two Sunday morning worship services at which the pastor of the Connecticut church rearranged the pews for an unconventional religious-drama service in-the-round.

Because of a small stage and a large cast, the leading man almost fell into the first row as he took his curtain call bow at a Hawthorne church.

In a trip to Hawthorne the cast managed a small stage for their last performance of "Barabbas." The stage of the First Reformed Church was so small for the large cast that leading man Gary Jolly of The Bronx had to battle his way through the ensemble for his curtain call and almost made it off the front of the stage as he took his bow.

"I kept thinking of a little old lady I saw in the audience and I said to myself: 'I better be careful or I'll wind up in her lap,'" commented Jolly, a six-footer who is pushing 200 pounds.

Professor - Director Robert Marcazzo, who has been on extensive tours in his acting days, said the Upsala trip was an artistic success and the troupe survived it admirably.

"After all," he pointed out, "adversity has been part of the theatre since time immemorial."

Houghton Choir to Present Concert At Gospel Church

The Houghton College Choir will present a concert at the Hawthorne Gospel Church this Sunday evening at 7 o'clock.

The choir's fifty members are chosen from almost 1200 students of Houghton College. Under the direction of Professor Donald Bailey, the choir regularly presents concerts during Easter recess tours throughout the United States.

The choir's repertoire includes sacred music by classics European composers such as Johann Schein and Franz Liszt. In addition, there is a wide variety of contemporary works including: a new work by Dr. William Allen, composer-in-residence at Houghton College; the Double Alleluia from Richard Felciano's Sunday," a work for organ, electronic tape, and male chorus; and Jean Berger's "Brazilian Psalm," called by Professor Bailey "one of the outstanding choral pieces of our time." In their performances, the choir often uses experimental techniques, such as the deployment of choir members throughout the auditorium to achieve different effects of overall choral sound.

An increasing number of young people from the North Jersey area have enrolled in Houghton College. Many of them will be present on Sunday night. The Hawthorne Gospel Church is on Route 208 in Hawthorne, New Jersey.

HUD and VA in January approved a reduction from 8 to 7½ per cent in interest rates on GI home loans guaranteed by VA.

United Givers Presents Awards To Volunteers

A retired Passaic educator and a businessman in Paterson were winners of two major Passaic Valley United Fund awards presented at last Thursday's annual Awards Dinner at Wayne Manor.

William B. Cruiso of Passaic, former principal in the Passaic school system, became the first winner of the new Emil S. Hajter Award for "sustained dedication to the United Fund and its agencies.

Bennett Weil, president of General Office Equipment Co., Paterson, and chairman of this year's United Fund Campaign in North Haledon, was presented with the Joseph J. Mastello Award as the most outstanding volunteer worker in the Campaign.

A third award, the John C. Barbour Award, went to Campaign Chairman James L. Hamilton, manager, E. I du Pont de Nemours & Co., Pompton Lakes Works, as it was announced the United Fund Campaign raised $752,021, the largest amount to date raised by the Fund for its 40 beneficiary agencies.

The dinner honored volunteers and contributors to the United Fund Campaign and was attended by more than 400 persons, including agency personnel and representatives of business firms and employee groups participating in payroll plans of giving. Special recognition was given the 25 Pacesetters, business firms whose combined corporate and employee gifts totalled $425,260 of this year's Campaign achievement.

Also honored were the chairmen of the United Fund Campaign in Garfield, North Haledon and West Paterson, communities exceeding their goals, along with National Firms solicitation and Area IV in the Campaign organization. Mayor Richard Vlsotcky, Joseph Kobylarz and Police Chief Carmine J. Perrapato were cochairmen of the Campaign in Garfield; Charles Puzio headed the West Paterson campaign, and Mr. Weil was chairman in North Haledon. Heading the National Firms section was John R. Burkett, American Cyanamid Co., Wayne. Douglas Ebocker United Textile Workers of America, was chairman of Area IV which comprises Halendon, Hawthorne, North Haledon and Prospect Park.

The chairman of the next United Fund Campaign, William H. O'Briend, was introduced as volunteers began looking ahead to the next drive which will open in the fall.

Funds raised each year to help support 40 health, welfare and youth activity agencies which serve more than 150,000 Passaic Valley residents each year. The Campaign is conduct throughout Passaic County and in Garfield and Wallington in Bergen County.

J. Palmer Murphy, vice president, New Jersey Bank, N.A., was chairman of the dinner and served as master of ceremonies. Musical entertainment was provided during the evening by The New Disciples, a folk and gospel rock group from the Paterson Corps of The Salvation Army, a United Fund agency, and by Accordionist Ed Walters of Clifton. George Rodriguez of Boy Scout Troop 49, Our Lady of Fatima Catholic Church, Passaic, led the Pledge of Allegiance, and Major William Hulteen of the Salvation Army delivered the Invocation.

Caballeros Complete 25th Anniversary Plans

Plans for the 25th Anniversary Celebration of the Caballeros Senior Drum and Bugle Corps are moving along very rapidly. The affair promises to be one of the largest celebrations this area has ever seen. To date there are more than fifteen musical units prepared to participate in the Anniversary Parade on Saturday, May 1st, starting at 1:30 p.m., together with many Hawthorne and area organizations, friends of the famous Drum Corps.

On Saturday evening, May 1, starting at 7:30 p.m. a gala dinner dance will be held at the Teamsters Local on Rt. 46 in West Paterson which will be preceded by a cocktail hour. Some tickets for this affair are still available and may be obtained at the American Legion Hall in Hawthorne on Monday or on Friday evenings or by writing to Caballeros 25th Anniversary Committee P.O. Box 234 Hawthorne, N. J. 07506 or from members of the executive committee. Positively no tickets will be available after April 15th and no tickets will be sold at the door. All reservations must be made before the April 15th deadline.

On Friday evening, April 30 an open house will be held at the American Legion Hall for members, past members and friends of the Caballeros. Music, refreshments and entertainment will be made available to all who attend thiis open house celebration. Mayor Louis Bay is planning on dedicating April 26th to May 1st as Caballeros Week in honor of this world famous Corps, eleven times National Champions and present DCA World Champions

Softball Rosters Must Be Decided By April 12

Final rosters for the girls' softball teams must be made by April 12. At a meeting of league managers and coaches on March 30, it was decided that each team will have the following minimum number for each age group: one, nine-year-old; two, 10-year-olds; two 11-year-olds; four 12-year-olds and one 13-year old.

Each of the six teams may have no more than 15 players. That means, each manager may choose five players, according to playing ability without regard for age.

Elimination will be made in the next two weeks, since there are currently 20 or more to a team.

With the beginning of the intramural program in the elementary schools on April 1st, the softball league will no longer be able to use the school fields for practice on weekdays.

The Hawthorne Li'l League, to which the softball league belongs [illegible] provided the women with Diamond Bridge field [illegible] and permission has been received from Mr. Lou [illegible] to practice at the Boys Club on weekdays.

[illegible] practice schedule will [illegible] at Franklin School and Roosevelt School fields. Parents of girls who are participating are asked to consult the little league schedule for the new softball practice times.

YMCA Events

A Coffee House will be held at the Hawthorne YMCA each Friday evening from 8 to 11 p.m. Conversation and folk singers will be featured.

Robert Cummings, YMCA Branch executive, said the Coffee House will be open to all high school age youngsters initially, but will later be operated on a membership basis.

This project is being sponsored by the Hawthorne YMCA, the Hawthorne Jaycees and the Hawthorne Jaycee Teen Organization. It was organized by about 25 youths who met with Lawis Stallman, chairman of the Jaycee Organization and Mr. Cummings.

Mr. Cummings said a small admission charge will be made and refreshments will be available.

Claudia Kreb Is Honored By State DAR

Miss Claudia Kreb of 285 Van Winkle Avenue will be honored by the Daughters of the American Revolution State Society in an awards ceremony today in Trenton. Miss Kreb is being sponsored by the William Paterson DAR Chapter of Paterson.

President of the Student Council Miss Kreb is a member of the Board of Education's public relation team and the Optimist Club Student Board. She is former business manager of the school newspaper and current school activities editor of the yearbook.

Roe Sponsors Bill to Station GI's Near Home

WASHINGTON, D. C.—Rep. Robert A. Roe (D.-Passaic County) is co-sponsoring a bill (H.R. 2176) which would permit members of the armed forces to be assigned to duty stations near their homes after serving in combat zones.

Roe said that any serviceman who has served in a combat area should receive consideration and be permitted to finish his tour of duty at a place near his residence.

He continued, "While we pray that the Vietnam conflict is drawing to a close, I firmly believe that any soldier who has served in a combat area should receive priority consideration and be permitted to finish his tour of duty in this country. I am therefore co-sponsoring a bill which would give this priority consideration to our overseas servicemen."

Presently, a soldier could serve in Vietnam, return home for a furlough, and then be assigned to some foreign country to complete his tour of duty.

PURELY LOCAL

Mr. and Mrs. Arthur Leusden of 405 Goffle Road observed their 25th wedding anniversary together at a family gathering in their home.

Mr. Leusden is proprietor of Leusden's Bakery in Fair Lawn. He served with the U. S. Navy during World War II.

Mrs. Leusden is the former Madeline Klein of Paterson. Both Mr. and Mrs. Leusden are graduates of Fair Lawn schools.

The couple has three children: Mrs. Robert (Renee) Cox of York, Pa.; Linda, a student at Hawthorne High School and Bruce, a mathematics teacher in the Philadelphia School system.

tacts, Mayor Bay has been able to obtain hundreds of thousands of dollars in federal, state, and county aid that have proven a financial boon to our residents.

Would you change the knowledge and experience of the first civil engineer to hold the position of the Commissioner of Public Works in the Borough? Commissioner Harold S. Floyd, a graduate of Rensselaer Polytechnic Institute, is a construction manager for Ebasco Services, one of the largest firms of its kind in the world, and also serves with Mayor Bay on the Planning Board.

Lastly would you change the expertise of a successful businessman as Commissioner of Finance? Commissioner Arthur A. Brokaw, the president of Home Supply Co. in the Borough, is a former fighter pilot with the U. S. Air Force and has served on the Budget Advisory Board and the Board of Education.

All three members of the present Board of Commissioners have keen insight into the issues of government in Hawthorne and have valuable experience that should not be tossed aside, merely for the sake of change.

Another important question to be raised at this time concerns the duplicity of Borough service. Can a man serve on two elected boards of municipal government and expect to fulfill his promises to the voters? The independent candidate has predicated his election to the School Board on the issue of the addition to Lincoln School. Could he apply himself, wholeheartedly, to this project if he were burdened with the additional problems of Borough affairs. The citizens who vote a candidate into office expect him to serve that position to the fullest capacity, for the term of office agreed upon.

The present incumbent team of Mayor Bay, Commissioner Brokaw and Commissioner Floyd—by maintaining a stable tax rate, when most towns are smothered with increases—deserves re-election.

Case, Williams Sponsor Bills on Ocean Pollution

By Sen.
CLIFFORD P. CASE

Ocean dumping is a national and even an international problem. It is a problem of special concern to all of us in New Jersey.

This is the essence of my message to the Senate Subcommittee on Air and Water Pollution which met in Rehoboth, Delaware, last week to consider ocean dumping legislation which I and others have introduced in this Congress.

The concentration of population in and around New Jersey generates huge amounts of wastes and places premium values on land areas suitable for disposal of these wastes.

As a result, an estimated 88 per cent of all ocean dumping by the United States occurs along the New Jersey coast.

To coastal areas throughout the United States, a massive increase in the already growing level of wastes that are dumped into our oceans represents a threat to widespread environmental deterioration.

To New Jersey and its neighboring states, the threat has become a reality.

In terms of esthetics and in other ways, our seashores are beginning to show the effects of the practice of disposing of wastes at sea. The damage to the ocean and the beaches threatens to curtain our state's $2 billion resort industry and to deprive citizens of our state of already inadequate recreational opportunities.

To date, the most direct impact has been on commercial fishermen who make their living from the ocean waters off New Jersey. In the seven years between 1962 and 1969, the amount of fish taken by commercial fishermen from the ocean waters off New Jersey and New York decreased by more than a half billion pounds—from 63 million pounds to 133 million pounds.

To those who make their living from the waters off New Jersey, the problem is serious—indeed critical—now. And as we seek to clean up our land areas, the pressure to contaminate further our oceans will inevitably increase.

Many of New Jersey's sewage treatment plants are expected to be converted to secondary treatment of wastes by 1976. As these secondary treatment plants begin operating, they will produce new mountains of sludge like that which is already being dumped into the ocean. The more efficient the plants become, the more sludge will be generated—and the more our oceans will be polluted unless we begin to control ocean dumping now.

My bill would ban immediately the dumping of wastes in the area where it is most serious—between the shore and the edge of the continental shelf, which in the New Jersey area is about 100 miles offshore. After five years, my bill would ban all dumping anywhere in the ocean.

In my statement to the Subcommittee, I called particular attention to another provision of my bill. This provision authorizes the Enrivonmental Protection Agency to conduct and encourage research into means of recovering useful materials from wastes and disposal of wastes in a manner that will not endanger the public health and welfare.

In my view, this research is essential because the problems we face will not besolved unless we can offer feasible alternatives to the practices that are causing our problems.

While I believe the provisions of my bill are important to effective control of ocean dumping, I do not consider the various proposals that have been submitted as mutually exclusive or competitive with each other.

For example, Senator Williams has co-sponsored my bill in addition to submitting a proposal of his own. His bill would make federal grants available to states and municipalities to help cover increased costs of disposing of wastes that had been previously dumped in the ocean. I hope this suggestion will be given serious consideration.

Williams Warns Ocean Pollution Near Critical Stage

REHOBOTH BEACH, Delaware—U.S. Sen. Harrison A. Williams, (D-NJ) warned today that pollution of coastal ocean waters is close to the critical stage.

"There should be no doubt that pollution of our oceans through the dumping of human and industrial wastes represents a problem which is rapidly approaching the critical stage," Williams said. "Indeed, we may have already reached that stage."

Williams' comments came in testimony he submitted to the Senate Subcommittee on Air and Water Pollution, which was to hold a special hearing in Rehoboth Beach Friday.

"On nearly every seacoast in the world, the tragic results of man's indifferent use of the oceans are being felt," Williams said. "In some places, it may already be too late to stave off ecological disaster."

He declared New Jersey "may have the most acute ocean dumping problems" in the United States, pointing out that close to 90 per cent of the five million tons of sewage sludge which is poured into U.S. coastal waters every year, is dumped less than six miles off the New Jersey coast.

Williams said the sludge has been found to contain disease-causing bacteria, and is a threat to the fishing and sourism industries.

"If we do not move quickly and effectively to solve this problem, the people of New Jersey will be threatened with severe economic loss, very real danger to their health, and loss of a priceless natural resource," he warned.

Williams, who is author of a bill which would initially ben ocean dumping within 100 miles of the coast, said he is not "wedded" to one particular approach to the problem.

"I will support with vigor and enthusiasm any measure which effectively deals with this problem," he declared.

Two-year-old David Driese was this week's winner of the Stutz Bearcat car at the Hawthorne office of Franklin Bank. Picturtured with him are John Driesse of 297 Diamond Bridge Avenue, his father and Mrs. Ella Mobuis, branch manager of the new office here. Two more weekly drawings are scheduled. (Staff Photo)

Two Named to Sales Staff at D. B. Laauwe

Robert L. Puritz, President of the Ridgewood office of D. B. Laauwe Real Estate, Inc., 179 South Maple Avenue, has announced the appointment of Harry L. Brandes, Jr., and Adam Irving, Sr., to the sales staff of the newly established branch of the well known real estate firm.

Mr. Brandes, a native of Fair Lawn and presently president, with his wife and two sons, of Hawthorne, was educated in the Paterson school system. He has been active in the First Reformed Church of Hawthorne and in its educational system.

Mr. Irving, who was born in Dumfries, Scotland, has been a resident of Ridgewood for over two decades. He has been active in the real estate field since 1947, and brings to the Laauwe office a wide knowledge of area trends in properties.

In announcing the new appointments, Mr. Puritz expressed his confidence in the new members of the Laauwe staff and the extraordinary opportunities for growth and development which the establishment of the Laauwe Ridgewood branch brings to the area. "We believe," he said, "that the Laauwe organization, with its widespread network of communications, multiple listing services in five counties, and licenses in four states: New York Connecticut and Pennsylvania as well as New Jersey, can make a real contribution to real estate activity in Bergen County.

Joan Bennett Will Star At Meadownbrook In The Boy Friend

The name of Joan Bennett will be the next star to add lustre to the roster of great performers who have been performing at the Meadowbrook Theatre Restaurant in Cedar Grove, N. J. She will be cast in the role of Madame Dubonnet in "The Boy Friend," the musical comedy about the gay Charleston decade of the 1920s. The show will open on April 14.

Joan Bennett comes from a line of stage people. Her father was the famed Richard Bennett; her mother, actress Adrienne Morrison. The youngest of the three Bennett daughters (Constance and Barbara were the others), Joan, like them, achieved fame as a screen personality. Noteworthy among the films in which she played, are Disraeli, The Man in the Iron Mask, Little Women, War Hunt, Father of the Bride, Tradee Winds, and Father's Little Dividend.

Her acting debut was made with her father in the Broadway production of Jarnegan, directed by George Abbott. He also directed her in the London production of Never Too Late.

With national touring companies, Miss Bennett played in Stage Door; Bell, Book and Candle, Janus, and The Pleasure of His Company. Also, Anniversary Waltz, Once More With Feeling, The Gabebo, and The Reluctant Debutante. Her last Broadway play was Love Me Little opposite Donald Cook, with whom she also appeared in the television series, Too Young to Marry. She is now in her fourth year as a star of the daytime TV series, Dark Shadows.

Her book, "The Bennett Playbill," co-authored with Lois Kibbs, covers five generations of the renowned family. It is now in its second printing.

Early in the 1960s, she published a beauty book, "How to Be Attractive." If any woman ever was a living example of the advice she offered, Joan Bennett is exhibit "A." Petite, with a lovely figure, she has a sparkling beauty that is impressive. Diet, exercise and whatever else has been necessary, have blessed Joan Bennett with a look of eternal springtime.

Start Your Own Greenhouse

A flower pot, plastic fruit or vegetable bag, and an aluminum pie pan is all a 4-H'er needs to make a little greenhouse to start germinating seeds indoors for his flower garden this summer.

Seeds started in March and April will be ready to plant outdoors by mid-May, says Henry D. Hoogmoed, Passaic County 4-H agent. Directions for making a miniature greenhouse are as follows:

Place a curved piece of broken pottery over the hole of a 5-inch flower pot.

Cover the pottery with sand or dry leaves for drainage and fill the pot with soil to within a half inch of the rim.

Submerge the pot in water almost to the rim. Remove it when moisture shows on the soil surface.

Sow the seeds thinly on the moist soil and cover with sifted soil or sphagnum moss

Cover the pot with the plastic bag. See that the bag has a few holes in it for air circulation. Place the pot in the aluminum pie pan and add a half inch of water.

As soon as the seedlings break through the soil, remove the plastic bag and place the pot in a sunny window.

Turn the pot several times each day to keep the seedlings from stretching toward the light. A 65-degree temperature is about right for seed germination.

When two sets of true leaves appear, transplant to individual pots.

According to Hoogmoed, Unit 3 of the 4-H Flower-Growing project tells more about starting seeds indoors and includes dates to start different kinds of plants.

More information on the 4-H youth program can be obtained by contacting the Passaic County Extension Service, County Administration Building, 317 Pennsylvania Avenue, Paterson.

Golden Harvesters

The regular business meeting of the Golden Harvesters was held on Monday at 1 p.m. The meeting was presided over by our President, John Tomscho. There were 142 members present and one visitor. Mrs. O'Grady was at the piano.

The regular monthly Immunization Clinic for Infants and Pre-School Children will be held today at 3:15 p.m. at the Board of Health, 445 Lafayette Avenue.

The usual Small Pox Vaccinations, D. P. T. Inoculations and Boosters, Sabin Trivalent Vaccine will be administered.

Measles vaccine will also be available for residents unable to pay for this service. If there is a history of allergies please consult your family physician.

Studded Tires Must Come Off By April 15

Director Ronald M. Heymann reminded motorists that studded tires are not permitted on New Jersey's roads after April 15th.

Drivers who continue to use studded tires after that date face a $25-$50 fine for violation of the regulation. Heymann warned drivers not to wait until the last minute to change because garages and tire dealers will be busy.

The Division is continuing its study of tire safety and road wear during winter usage. The study results from the State Department of Transportation's complaint that studded tires are causing excessive road wear damage.

GOLDEN O

The recent meeting of the Golden Circle of Hawthorne with Adelpha Mertz presiding was attended by 104 members. Visitors were Hilda Freerks, Marie Reich, Hildegard Stier, and John Tomshe. The door prize was won by Alice Hilton.

tacts, Mayor Bay has been able to obtain hundreds of thousands of dollars in federal, state, and county aid that have proven a financial boon to our residents.

Would you change the knowledge and experience of the first civil engineer to hold the position of the Commissioner of Public Works in the Borough? Commissioner Harold S. Floyd, a graduate of Rensselaer Polytechnic Institute, is a construction manager for Ebasco Services, one of the largest firms of its kind in the world, and also serves with Mayor Bay on the Planning Board.

Lastly would you change the expertise of a successful businessman as Commissioner of Finance? Commissioner Arthur A. Brokaw, the president of Home Supply Co. in the Borough, is a former fighter pilot with the U. S. Air Force and has served on the Budget Advisory Board and the Board of Education.

All three members of the present Board of Commissioners have keen insight into the issues of government in Hawthorne and have valuable experience that should not be tossed aside, merely for the sake of change.

Another important question to be raised at this time concerns the duplicity of Borough service. Can a man serve on two elected boards of municipal government and expect to fulfill his promises to the voters? The independent candidate has predicated his election to the School Board on the issue of the addition to Lincoln School. Could he apply himself, wholeheartedly, to this project if he were burdened with the additional problems of Borough affairs. The citizens who vote a candidate into office expect him to serve that position to the fullest capacity, for the term of office agreed upon.

The present incumbent team of Mayor Bay, Commissioner Brokaw and Commissioner Floyd—by maintaining a stable tax rate, when most towns are smothered with increases—deserves re-election.

Case, Williams Sponsor Bills on Ocean Pollution

By Sen.
CLIFFORD P. CASE

Ocean dumping is a national and even an international problem. It is a problem of special concern to all of us in New Jersey.

This is the essence of my message to the Senate Subcommittee on Air and Water Pollution which met in Rehoboth, Delaware, last week to consider ocean dumping legislation which I and others have introduced in this Congress.

The concentration of population in and around New Jersey generates huge amounts of wastes and places premium values on land areas suitable for disposal of these wastes.

As a result, an estimated 88 per cent of all ocean dumping by the United States occurs along the New Jersey coast.

To coastal areas throughout the United States, a massive increase in the already growing level of wastes that are dumped into our oceans represents a threat to widespread environmental deterioration.

To New Jersey and its neighboring states, the threat has become a reality.

In terms of esthetics and in other ways, our seashores are beginning to show the effects of the practice of disposing of wastes at sea. The damage to the ocean and the beaches threatens to curtain our state's $2 billion resort industry and to deprive citizens of our state of already inadequate recreational opportunities.

To date, the most direct impact has been on commercial fishermen who make their living from the ocean waters off New Jersey. In the seven years between 1962 and 1969, the amount of fish taken by commercial fishermen from the ocean waters off New Jersey and New York decreased by more than a half billion pounds—from 63 million pounds to 133 million pounds.

To those who make their living from the waters off New Jersey, the problem is serious—indeed critical—now. And as we seek to clean up our land areas, the pressure to contaminate further our oceans will inevitably increase.

Many of New Jersey's sewage treatment plants are expected to be converted to secondary treatment of wastes by 1976. As these secondary treatment plants begin operating, they will produce new mountains of sludge like that which is already being dumped into the ocean. The more efficient the plants become, the more sludge will be generated—and the more our oceans will be polluted unless we begin to control ocean dumping now.

My bill would ban immediately the dumping of wastes in the area where it is most serious—between the shore and the edge of the continental shelf, which in the New Jersey area is about 100 miles offshore. After five years, my bill would ban all dumping anywhere in the ocean.

In my statement to the Subcommittee, I called particular attention to another provision of my bill. This provision authorizes the Environmental Protection Agency to conduct and encourage research into means of recovering useful materials from wastes and disposal of wastes in a manner that will not endanger the public health and welfare.

In my view, this research is essential because the problems we face will not be solved unless we can offer feasible alternatives to the practices that are causing our problems.

While I believe the provisions of my bill are important to effective control of ocean dumping, I do not consider the various proposals that have been submitted as mutually exclusive or competitive with each other.

For example, Senator Williams has co-sponsored my bill in addition to submitting a proposal of his own. His bill would make federal grants available to states and municipalities to help cover increased costs of disposing of wastes that had been previously dumped in the ocean. I hope this suggestion will be given serious consideration.

Williams Warns Ocean Pollution Near Critical Stage

REHOBOTH BEACH, Delaware—U.S. Sen. Harrison A. Williams, (D-NJ) warned today that pollution of coastal ocean waters is close to the critical stage.

"There should be no doubt that pollution of our oceans through the dumping of human and industrial wastes represents a problem which is rapidly approaching the critical stage," Williams said. "Indeed, we may have already reached that stage."

Williams' comments came in testimony he submitted to the Senate Subcommittee on Air and Water Pollution, which was to hold a special hearing in Rehoboth Beach Friday.

"On nearly every seacoast in the world, the tragic results of man's indifferent use of the oceans are being felt," Williams said. "In some places, it may already be too late to stave off ecological disaster."

He declared New Jersey "may have the most acute ocean dumping problems" in the United States, pointing out that close to 90 per cent of the five million tons of sewage sludge which is poured into U.S. coastal waters every year, is dumped less than six miles off the New Jersey coast.

Williams said the sludge has been found to contain disease-causing bacteria, and is a threat to the fishing and tourism industries.

"If we do not move quickly and effectively to solve this problem, the people of New Jersey will be threatened with severe economic loss, very real danger to their health, and loss of a priceless natural resource," he warned.

Williams, who is author of a bill which would initially ban ocean dumping within 100 miles of the coast, said he is not "wedded" to one particular approach to the problem.

"I will support with vigor and enthusiasm any measure which effectively deals with this problem," he declared.

Two Named to Sales Staff at D. B. Laauwe

Robert L. Puritz, President of the Ridgewood office of D. B. Laauwe Real Estate, Inc., 179 South Maple Avenue, has announced the appointment of Harry L. Brandes, Jr., and Adam Irving, Sr., to the sales staff of the newly established branch of the well known real estate firm.

Mr. Brandes, a native of Fair Lawn and presently president, with his wife and two sons, of Hawthorne, was educated in the Paterson school system. He has been active in the First Reformed Church of Hawthorne and in its educational system.

Mr. Irving, who was born in Dumfries, Scotland, has been a resident of Ridgewood for over two decades. He has been active in the real estate field since 1947, and brings to the Laauwe office a wide knowledge of area trends in properties.

In announcing the new appointments, Mr. Puritz expressed his confidence in the new members of the Laauwe staff and the extraordinary opportunities for growth and development which the establishment of the Laauwe Ridgewood branch brings to the area. "We believe," he said, "that the Laauwe organization, with its widespread network of communications, multiple listing services in five counties, and licenses in four states: New York Connecticut and Pennsylvania as well as New Jersey, can make a real contribution to real estate activity in Bergen County.

Joan Bennett Will Star At Meadownbrook In The Boy Friend

The name of Joan Bennett will be the next star to add lustre to the roster of great performers who have been performing at the Meadowbrook Theatre Restaurant in Cedar Grove, N. J. She will be cast in the role of Madame Dubonnet in "The Boy Friend," the musical comedy about the gay Charleston decade of the 1920s. The show will open on April 14.

Joan Bennett comes from a line of stage people. Her father was the famed Richard Bennett; her mother, actress Adrienne Morrison. The youngest of the three Bennett daughters (Constance and Barbara were the others), Joan, like them, achieved fame as a screen personality. Noteworthy among the films in which she played, are Disraeli, The Man in the Iron Mask, Little Women, War Hunt, Father of the Bride, Trades Winds, and Father's Little Dividend.

Her acting debut was made with her father in the Broadway production of Jarnegan, directed by George Abbott. He also directed her in the London production of Never Too Late.

With national touring companies, Miss Bennett played in Stage Door; Bell, Book and Candle, Janus, and The Pleasure of His Company. Also, Anniversary Waltz, Once More With Feeling, The Gabebo, and The Reluctant Debutante. Her last Broadway play was Love Me Little opposite Donald Cook, with whom she also appeared in the television series, Too Young to Marry. She is now in her fourth year as a star of the daytime TV series, Dark Shadows.

Her book, "The Bennett Playbill," co-authored with Lois Kibbs, covers five generations of the renowned family. It is now in its second printing.

Early in the 1960s, she published a beauty book, "How to Be Attractive." If any woman ever was a living example of the advice she offered, Joan Bennett is exhibit "A." Petite, with a lovely figure, she has a sparkling beauty that is impressive. Diet, exercise and whatever else has been necessary, have blessed Joan Bennett with a look of eternal springtime.

A new law establishes educational and home loan benefits for wives and children of prisoners of war, and servicemen missing in action for more than 90 days. It also provides for educational benefits for men still in service who have served 181 days of active duty rather than the previously required two years.

Start Your Own Greenhouse

A flower pot, plastic fruit or vegetable bag, and an aluminum pie pan is all a 4-H'er needs to make a little greenhouse to start germinating seeds indoors for his flower garden this summer.

Seeds started in March and April will be ready to plant outdoors by mid-May, says Henry D. Hoogmoed, Passaic County 4-H agent. Directions for making a miniature greenhouse are as follows:

Place a curved piece of broken pottery over the hole of a 5-inch flower pot.

Cover the pottery with sand or dry leaves for drainage and fill the pot with soil to within a half inch of the rim.

Submerge the pot in water almost to the rim. Remove it when moisture shows on the soil surface.

Sow the seeds thinly on the moist soil and cover with sifted soil or sphagnum moss.

Cover the pot with the plastic bag. See that the bag has a few holes in it for air circulation. Place the pot in the aluminum pie pan and add a half inch of water.

As soon as the seedlings break through the soil, remove the plastic bag and place the pot in a sunny window.

Turn the pot several times each day to keep the seedlings from stretching toward the light. A 65-degree temperature is about right for seed germination.

When two sets of true leaves appear, transplant to individual pots.

According to Hoogmoed, Unit 3 of the 4-H Flower-Growing project tells more about starting seeds indoors and includes dates to start different kinds of plants.

More information on the 4-H youth program can be obtained by contacting the Passaic County Extension Service, County Administration Building, 317 Pennsylvania Avenue, Paterson.

Golden Harvesters

The regular business meeting of the Golden Harvesters was held on Monday at 1 p.m. The meeting was presided over by our President, John Tomscho. There were 142 members present and one visitor, Mrs. O'Grady was at the piano.

The door prize was won by Mrs. Carrie Ferro.

The sick as reported by Edna Compretelli are Catherine Hubbs, Mae Arnot in Valley Hospital, Catherine Wirtz and Theresa Faulkner in Saddle Brook Hospital, Theresa Weber, Theresa Simone, Alice Lenhart and Andrew Van Nimwegen at home.

We will have our birthday table for April birthdays on Monday.

Refreshments for April will be in charge of Mrs. Elsie Oddo with Mrs. Alexander Gould, Doyle Del Gaudio Gerrish and Lancorda as her committee.

Marion Peroutti, rides chairlady, is taking reservations for the Mystery Ride on May 11.

Immunization Clinic Today

The regular monthly Immunization Clinic for Infants and Pre-School Children will be held today at 3:15 p.m. at the Board of Health, 445 Lafayette Avenue.

The usual Small Pox Vaccinations, D. P. T. Inoculations and Boosters, Sabin Trivalent Vaccine will be administered.

Measles vaccine will also be available for residents unable to pay for this service. If there is a history of allergies please consult your family physician.

Studded Tires Must Come Off By April 15

Director Ronald M. Heymann reminded motorists that studded tires are not permitted on New Jersey's roads after April 15th.

Drivers who continue to use studded tires after that date face a $25-$50 fine for violation of the regulation. Heymann warned drivers not to wait until the last minute to change because garages and tire dealers will be busy.

The Division is continuing its study of tire safety and road wear during winter usage. The study results from the State Department of Transportation's complaint that studded tires are causing excessive road wear damage.

GOLDEN O

The recent meeting of the Golden Circle of Hawthorne with Adelpha Mertz presiding was attended by 104 members. Visitors were Hilda Freerks, Marie Reich, Hildegard Stier, and John Tomshe. The door prize was won by Alice Hilton.

A trip to the Easter Show at Radio City, and dinner at the Mountainside Inn, Clifton, will go on sale at the next meeting.

First National Bank Approves Name Change

Effective April 1, The First National Bank of Passaic County will be known as the First National Bank of New Jersey. The change of name was approved by the stockholders, Tuesday, March 23rd, at the annual stockholders meeting at First National's Administration Center in Totowa.

Along with the name change approval, a new director was named to the board. David L. Templeton, executive vice president of the bank, became the nineteenth director. Eighteen other directors were also reelected to the board at the Tuesday meeting.

Some of the highlights of his a e ss were:

Total resources reached a new high of $463,594,605, an increase of 12.6 per cent over 1969.

Demand deposits rose 11.1 per cent to $205,134,223 and time deposits increased 14.5 per cent to $216,374,512.

Passbook savings interest rates were raised to 4½ per cent.

A new office was opened in Glen Rock, marking our initial expansion into Bergen County.

Capital funds increased in 1970 from $26,969,853 to $29,015,560. This was caused by an increase in the capital stock outstanding from 661,500 shares of $10 par value stock to 694,575 through a 5 per cent stock dividend on February 9, 1970 and the increase of surplus and undivided profits.

Surplus increased from $13,-005,000 to $14,054,250 and the growth of undivided profits from $6,969,853 to $8,015,560.

On December 7, 1970 the Board of Directors voted to pay another 5 per cent stock dividend to shareholders of record February 1, 1971.

Mr. Peterson also discussed with the stockholders the economic outlook for 1971. He said: "While the economy at the end of 1970 continued to be weak and the gap between actual production and potential production of goods continued to widen, there is now evidence of an improving picture. The recovery, now under way, will be moderate in comparison with the recoveries from earlier recessions of the post war period. This time, the road back to full prosperity will be longer even though the pace may now seem brisk as the economy moves up from the strike-pinched first of 1970."

Re-elected directors for the year along with David L. Templeton were:

F. Raymond Peterson, Chairman; Donald M. Benjamin, Thomas J. Brogan, Thomas S. Butler, Frank J. Davies Sylvan Geismar, R. Stuart Feefor, Erwin O. Kraft, President; William S. Little, Frank V. McBride, Robert A. Mills, Frederick Neuburger, L. A. Pierce, Robert W. Siebert Bart M. Stevens, Oscar T. Storch, Joseph R. Weny, William Zester.

Cecil Gordon Receives Medal Of Cancer Society

The American Cancer Society's highest National Divisional award, the "Bronze Medal," was presented to Cecil A. Gordon of Paterson during ceremonies commemorating the 25th Anniversary of the Society's New Jersey Division at the Marriott Motor Hotel, Saddle Brook.

Presentation of the award, given annually to one outstanding volunteer in each Division throughout the country, was made by William B. Lewis, Chairman of the Board of Director of the American Cancer Society. It highlighted the 25th Anniversary Celebration, which paid tribute to the Division's 25 year record of service to New Jersey's citizens in the fight against cancer.

The "Bronze Medal" was given to Gordon in recognition of the more than 20 years he has been an ACS volunteer, serving in various capacities, including Division president.

Gordon is president of the Cecil A. Gordon Advertising Associates, inc., Paterson A past president of the Division, Gordon is currently chairman of the Division's Public Information Committee.

He began his service with the Passaic County Unit and served as president of the unit from 1960-63. He has been on the Division Board of Trustees since 1962 and is presently a member of the Division's Executive, Finance, Nominating and Crusade Committees.

In addition to his work for the American Cancer Society, Gordon is a former president of the New York University Club of New Jersey, a member of the Board of Temple Emanuel, Paterson, and a former member of the Paterson Rotary Club.

Gordon and his wife, Ruth, have four sons.

Following the presentation, Arthur I. Holleb, M.D., Senior Vice President for Medical Affairs and Research, American Cancer Society, addressed a capacity crowd of nearly 450 volunteers, commending them on their dedicated efforts on behalf of the Society during the past 25 years and urging them to continue their support of the Society's programs of research, education and service to the cancer patient.

Where has all the money gone?

It just goes.

You shake your head.

You see it slip out of your hands and you worry.

Instead of worrying, why not do something about your money? Save some. Painlessly.

Join the Payroll Savings Plan where you work.

Your money will add up faster than ever before, because now there's a bonus interest rate on all U.S. Savings Bonds. Now E Bonds pay 5½% when held to maturity of 5 years, 10 months (4% the first year). That extra ½%, payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970... with a comparable improvement for all older Bonds.

Get a grip on your money the Payroll Savings way. It's an easy way to see your money grow instead of go.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

At far right is Darrell Coover, Washington, D.C., Chairman of the Special Kiwanis International Committee on Public Relations. During the meeting, Johnson reported to President Nixon on the progress of Kiwanis' Operation Drug Alert program.

Kiwanis Club In Drug Alert

T. R. Johnson, president of Kiwanis International, in a mid-February visit to the White House, reported to President Nixon on the progress of Kiwanis' Operation Drug Alert program. Operation Drug Alert, a campaign to inform the community of the nature of the nature of the drug problem, how to cope with it, and how eventually to eliminate it, is being carried on by Kiwanis clubs throughout the United States and Canada. Operation Drug Alert is closely allied to the attack on drug abuse called for by the President himself and kicked off with National Drug Prevention Week last spring.

Word of the White House visit was received here by Jack Miller, president of the Kiwanis Club of Hawthorne.

H. S. Students Participate In Opera Festival

Eighteen Hawthorne High School students joined more than 800 other students from North Jersey high schools in presenting the 23rd annual Operatic Festival held at Union High School, Union, N. J., on March 27th. The Festival was sponsored by the New Jersey Music Educators Association through their Committee on Opera in Music Education.

The Operatic Festival combined the talents of an 800 voice chorus, an orchestra of 105 pieces, student soloists, two ballet troups and ensembles in a concert presentation of Verdi's opera "Aida." The program also featured David Griffith, tenor, from the Metropolitan Opera, as guest artist.

Conducting the Opera Chorus was Mr. Peter E. Franks, of South Plainfield High School. The orchestra was directed by Mr. Gerard Matte, of Union High School.

Hawthorne High Student participating in the Operatic Festival were Ellen Spages, Janet Pendlebury, Alice Kott, Linda Desmet, Ruth Everett, Jim Templeton, Nancy Iacobelli, Janet De Jong, Sandra Meeter, Carol Lembo, Cathy Allen, Robin Thaler, Jackie Meeter, Holly Cassells, Jeff Klevit, Glenn Smits, Tom Fivehouse, Bruce Weber and under the direction of Mrs. Evelyn S. Hartmann, choral director, and Mr. Robert Spallina, band director.

COLLEGE CAMPUS

JERSEY CITY—Two Passaic County residents have been elected president and vice president of the St. Peter's Class of 1972.

George J. Theiller, 35 Washington Ave., Hawthorne, was chosen president, and Louis S. Saco, 20 Montclair Ave., Clifton, succeeds Theiller in the post of vice president.

George is a member of SPUR Society (Business Honor Society) and Sigma Omicron Beta Fraternity. Last year he was elected vice president of the junior class, business manager of the Men's Glee Club and WSPC, Radio Disc Jockey. He also participates in intramurals.

He is an accounting major and the son of Mr. and Mrs. Leo Theiller.

Saco also is a member of the radio station staff and is majoring in biology. He is the son of Mr. and Mrs. Louis Saco.

High School Student debaters from throughout the nation will gather at Seton Hall University in South Orange April 16 and 17 for the annual tournament sponsored by the Brownson Debate Society.

Approximately 100 teams are expected to participate in the invitational meet.

Participants will compete on the question, "Resolved: That the federal government should establish, finance, and administer programs to control air and water pollution in the U. S." Winners will be awarded prize trophies.

Kiwanis Korner

By HARVEY B. WRIGHT

Mr. Joseph Broeckhart, Past President of Kiwanis, introduced Mr. Robert Donat as the principal speaker at Tuesday's meeting. Mr. Donat, a representative of Public Service Electric & Gas Company, demonstrated, via film, the multitude of benefits that can be derived by additional lighting of our homes, businesses and public areas. He proved, with statistics, how light, properly planned and timed, has reduced crime and auto accidents substantially in cities and suburban areas. "Light is the cheapest night watchman money can buy," he said. Thieves generally operate in dark or dimly lit areas and Mr. Donat prevailed upon the audience to "Light a Light," and help reduce crime. Public Service appears to have hit a nerve with the burglar set by coining the slogan "Turn On a Light and Turn Off a Thief."

Dr. Raymond Ploch, after a lucrative term as "King" turned his duties (and, cash) over to Charlie Lambentz. Charlie promptly set out to increase the financial position of Kiwanis.

Mr. Nelson Struck reminded all members to bring their returns for the theatre party.

Next week's program chairman is Mr. Lewis Stallman, who will present members of the Key Club, headed by John Pisciattano, Ralph Picarello, Mike Horan and Tim Cupo, who will discuss their attendance at the convention in Atlantic City.

Mr. Kirker wishes to advise members that there are only 14 dinner seats available for guests and these are on a first come, first serve basis.

SMALL BUSINESS ADVISOR

DON'T LET SHOPLIFTING RUIN YOU

Ronald J. Orlick, ACE Counselor Small Business Administrator

Recent studies show that shoplifting is increasing rapidly and has become a serious problem, both to big and little stores. Where the margin of profit is narrow, shoplifting can wipe out a store completely, or hurt it badly.

In its current annual report, the National Retail Merchants Association calls attention to the rising incidence of shoplifting in retail stores. Individual stores in New York, for instance, have reported losses as high as 5 per cent of sales.

One key to reducing shoplifting losses is to know what methods are used by the shoplifter, and to be aware of the kind of person that usually steals by this method. The best protection against shoplifting is a sales force trained to watch for these lawbreakers and to apprehend them in the act of shoplifting.

Professional shoplifters are often sleight-of-hand artists. They frequently snatch items from counters and pass the merchandise to confederates without detection. They sometimes come equipped with coats that have hidden pockets and slits or zippered hiding places. Shoplifters are also adept at palming small items with the cover-up aid of loose kerchiefs, gloves or other materials.

The professional shoplifter sometimes prepares to ply his trade by arranging special hooks or belts on the inside of his or her coat. Some slip merchandise into packages or boxes that have a hinged top, bottom, or end. Ticket switching, changing the price tag to one with a much lower amount, is another method used by shoplifters.

Juvenile offenders make up about 50 per cent of all shoplifters. Youngsters sometimes steal for "kicks" or because they've been dared to do so. They may enter the store in groups. To discourage juvenile shoplifters, the retailer should "crack down" and prosecute any lawbreaking, making the offenders pay through proper legal channels.

A significant number of shoplifters are housewives who steal because of a momentary impulse and temptation. Many are first offenders, who are prevented from becoming habitual shoplifters after being caught early in this crime.

Thefts by kleptomaniacs stem from psychological compulsions. Drunkards and vagrants are probably the most clumsy shoplifters and easiest to detect. Drug addicts are more desperate than vagrants and may be armed. The professional shoplifter is most difficult to detect and apprehend.

All shoplifters can be discouraged from stealing if they see that the store personnel are really alert. Employees must watch the merchandise and people entering and leaving the store. They should be especially alert to persons who wear loose coats or bulky clothing. They should also watch people who carry large purses, packages, umbrellas and shopping bags. Since shoplifters sometimes work in teams—one of whom attracts the clerk's attention away from the partner who picks up the merchandise and makes a quick exit—store personnel should be alert to this type of procedure used by shoplifters.

First National Bank Approves Name Change

Effective April 1, The First National Bank of Passaic County will be known as the First National Bank of New Jersey. The change of name was approved by the stockholders, Tuesday, March 23rd, at the annual stockholders meeting at First National's Administration Center in Totowa.

Along with the name change approval, a new director was named to the board. David L. Templeton, executive vice president of the bank, became the nineteenth director. Eighteen other directors were also reelected to the board at the Tuesday meeting.

Some of the highlights of his a . e ss were:

Total resources reached a new high of $463,594,605, an increase of 12.6 per cent over 1969.

Demand deposits rose 11.1 per cent to $205,134,223 and time deposits increased 14.5 per cent to $216,374,512.

Passbook savings interest rates were raised to 4½ per cent.

A new office was opened in Glen Rock, marking our initial expansion into Bergen County.

Capital funds increased in 1970 from $26,969,853 to $29,015,560. This was caused by an increase in the capital stock outstanding from 661,500 shares of $10 par value stock to 694,575 through a 5 per cent stock dividend on February 9, 1970 and the increase of surplus and undivided profits.

Surplus increased from $13,000,000 to $14,054,250 and the growth of undivided profits from $6,969,853 to $8,015,560.

On December 7, 1970 the Board of Directors voted to pay another 5 per cent stock dividend to shareholders of record February 1, 1971.

Mr. Peterson also discussed with the stockholders the economic outlook for 1971. He said: "While the economy at the end of 1970 continued to be weak and the gap between actual production and potential production of goods continued to widen, there is now evidence of an improving picture. The recovery, now under way, will be moderate in comparison with the recoveries from earlier recessions of the post war period. This time, the road back to full prosperity will be longer even though the pace may now seem brisk as the economy moves up from the strike-pinched first of 1970."

Re-elected directors for the year along with David L. Templeton were:

F. Raymond Peterson, Chairman; Donald M. Benjamin, Thomas J. Brogan, Thomas S. Butler, Frank J. Davies Sylvan Geismar, R. Stuart Keefer, Erwin O. Kraft, President; William S. Little, Frank V. McBride, Robert A. Mills, Frederick Neuburger, L. A. Pierce, Robert W. Siebert Bart M. Stevens, Oscar T. Storch, Joseph R. Weny, William Zester.

Cecil Gordon Receives Medal Of Cancer Society

The American Cancer Society's highest National Divisional award, the "Bronze Medal," was presented to Cecil A. Gordon of Paterson during ceremonies commemorating the 25th Anniversary of the Society's New Jersey Division at the Marriott Motor Hotel, Saddle Brook.

Presentation of the award, given annually to one outstanding volunteer in each Division throughout the country, was made by William B. Lewis, Chairman of the Board of Director of the American Cancer Society. It highlighted the 25th Anniversary Celebration, which paid tribute to the Division's 25 year record of service to New Jersey's citizens in the fight against cancer.

The "Bronze Medal" was given to Gordon in recognition of the more than 20 years he has been an ACS volunteer, serving in various capacities, including Division president.

Gordon is president of the Cecil A. Gordon Advertising Associates, inc., Paterson A past president of the Division, Gordon is currently chairman of the Division's Public Information Committee.

He began his service with the Passaic County Unit and served as president of the unit from 1960-63. He has been on the Division Board of Trustees since 1962 and is presently a member of the Division's Executive, Finance, Nominating and Crusade Committees.

In addition to his work for the American Cancer Society, Gordon is a former president of the New York University Club of New Jersey, a member of the Board of Temple Emanuel, Paterson, and a former member of the Paterson Rotary Club.

Gordon and his wife, Ruth, have four sons.

Following the presentation, Arthur I. Holleb, M.D., Senior Vice President for Medical Affairs and Research, American Cancer Society, addressed a capacity crowd of nearly 450 volunteers, commending them on their dedicated efforts on behalf of the Society during the past 25 years and urging them to continue their support of the Society's programs of research, education and service to the cancer patient.

At far right is Darrell Coover, Washington, D.C., Chairman of the Special Kiwanis International Committee on Public Relations. During the meeting, Johnson reported to President Nixon on the progress of Kiwanis' Operation Drug Alert program.

Kiwanis Club In Drug Alert

T. R. Johnson, president of Kiwanis International, in a mid-February visit to the White House, reported to President Nixon on the progress of Kiwanis' Operation Drug Alert program. Operation Drug Alert, a campaign to inform the community of the nature of the nature of the drug problem, how to cope with it, and how eventually to eliminate it, is being carried on by Kiwanis clubs throughout the United States and Canada. Operation Drug Alert is closely allied to the attack on drug abuse called for by the President himself and kicked off with National Drug Prevention Week last spring.

Word of the White House visit was received here by Jack Miller, president of the Kiwanis Club of Hawthorne.

H. S. Students Participate In Opera Festival

Eighteen Hawthorne High School students joined more than 800 other students from North Jersey high schools in presenting the 23rd annual Operatic Festival held at Union High School, Union, N. J., on March 27th. The Festival was sponsored by the New Jersey Music Educators Association through their Committee on Opera in Music Education.

The Operatic Festival combined the talents of an 800 voice chorus, an orchestra of 105 pieces, student soloists, two ballet troups and ensembles in a concert presentation of Verdi's opera "Aida." The program also featured David Griffith, tenor, from the Metropolitan Opera, as guest artist.

Conducting the Opera Chorus was Mr. Peter E. Franks, of South Plainfield High School. The orchestra was directed by Mr. Gerard Matte, of Union High School.

Hawthorne High Student participating in the Operatic Festival were Ellen Spages, Janet Pendlebury, Alice Kott, Linda Desmet, Ruth Everett, Jim Templeton, Nancy Iacobelli, Janet De Jong, Sandra Meeter, Carol Lembo, Cathy Allen, Robin Thaler, Jackie Meeter, Holly Cassells, Jeff Klevit, Glenn Smits, Tom Fivehouse, Bruce Weber and under the direction of Mrs. Evelyn S. Hartmann, choral director, and Mr. Robert Spallina, band director.

SMALL BUSINESS ADVISOR

DON'T LET SHOPLIFTING RUIN YOU

Ronald J. Orlick, ACE Counselor
Small Business Administrator

Recent studies show that shoplifting is increasing rapidly and has become a serious problem, both to big and little stores. Where the margin of profit is narrow, shoplifting can wipe out a store completely, or hurt it badly.

In its current annual report, the National Retail Merchants Association calls attention to the rising incidence of shoplifting in retail stores. Individual stores in New York, for instance, have reported losses as high as 5 per cent of sales.

One key to reducing shoplifting losses is to know what methods are used by the shoplifter, and to be aware of the kind of person that usually steals by this method. The best protection against shoplifting is a sales force trained to watch for these lawbreakers and to apprehend them in the act of shoplifting.

Professional shoplifters are often sleight-of-hand artists. They frequently snatch items from counters and pass the merchandise to confederates without detection. They sometimes come equipped with coats that have hidden pockets and slits or zippered hiding places. Shoplifters are also adept at palming small items with the cover-up aid of loose kerchiefs, gloves or other materials.

The professional shoplifter sometimes prepares to ply his trade by arranging special hooks or belts on the inside of his or her coat. Some slip merchandise into packages or boxes that have a hinged top, bottom, or end. Ticket switching, changing the price tag to one with a much lower amount, is another method used by shoplifters.

Juvenile offenders make up about 50 per cent of all shoplifters. Youngsters sometimes steal for "kicks" or because they've been dared to do so. They may enter the store in groups. To discourage juvenile shoplifters, the retailer should "get tough" and prosecute any lawbreaking, making the offenders pay through proper legal channels.

A significant number of shoplifters are housewives who steal because of a momentary impulse and temptation. Many are first offenders, who are prevented from becoming habitual shoplifters after being caught early in this crime.

Thefts by kleptomaniacs stem from psychological compulsions. Drunkards and vagrants are probably the most clumsy shoplifters and easiest to detect. Drug addicts are more desperate than vagrants and may be armed. The professional shoplifter is most difficult to detect and apprehend.

All shoplifters can be discouraged from stealing if they see that the store personnel are really alert. Employees must watch the merchandise and people entering and leaving the store. They should be especially alert to persons who wear loose coats or bulky clothing. They should also watch people who carry large purses, packages, umbrellas and shopping bags. Since shoplifters sometimes work in teams—one of whom attracts the clerk's attention away from the partner who picks up the merchandise and makes a quick exit—store personnel should be alert to this type of procedure used by shoplifters.

Letters To The Editor

111 Parmelee Avenue
Hawthorne, N. J.
March 30, 1971

Dear Editor:

As a concerned citizen of the United States, I feel that something should be done to protect our soldiers, who protect our lives, everyday.

The verdict handed down to Lt. William Calley angered many people. Anyone who knows someone that has served in Vietnam has probably been told that age and sex make no difference in this war. Women and children, even toddlers kill.

So many of our boys have lost their lives at the hands of these people. In Vietnam it is survival of the fittest. Why are so many boys on drugs over there? Certainly not because it's a nice place to be, but because they want to escape the fear they have of losing their lives.

I don't condone mass murder, as I am sure the other angered citizens do not, but feel that these boys were taught to kill the enemy. They were issued an order, which they followed, and now they will have to pay with a man's life, one of our own. Let's not let one man be the scapegoat of the entire Army.

I appeal to all organizations and citizens, who are sitting in the comforts of their home, not in warm mud to their hips, to get together and sign petitions, showing their disapproval of this verdict, and sending them to their local Congressman.

Sincerely,
ELAINE MENEVE
(Mrs. A. Meneve).

Gentlemen.

Today in the mail, I received a letter, sent, I presume, to all the townspeople, from Dominic Mele. In this letter, Mr. Mele revealed something previously unknown to me. Although aware that the land now known as Blasberg's Farm was sold to a real estate developer, I was ignorant of the fact that the tract would be used for garden apartments and that it was sold only on such a pretext!

I sincerely hope that the citizens of Hawthorne are cognizant of the outcome such an act would result in. Even at this time, without the added burden of an increased population, (which would result from such construction), the public is reluctant to appropriate funds for much needed improvements throughout the borough. Think of what would happen if the expected 210 apartments were built! I plead with the voters of Hawthorne to reflect honest, sincere desires for the betterment of OUR town in the upcoming commissioner's election.

It is clear that certain important facets of the real estate transactions were not made public even though they had direct bearing on the future of Hawthorne. Don't cast your vote with "rubber stamp" motives! Don't allow this town to be sold out for a BUCK! Don't allow real estate interests to over-tax our present system, and I further urge the people of Hawthorne to be more receptive to the needs of our borough in the future. Give a DAMN.

Yours truly,
KENNETH GENTNER

Editor's Note: The tract of land you refer to has been zzoned for one-family homes, according to the Boro Master Plan of 1970.

Rhodes Is Main Speaker At GOP Dinner

Final plans for the 36th Annual Installation Dinner Dance of the Hawthorne Unit of the Passaic County Republican League, to be held Saturday, April 3rd, at the Brownstone Inn, have been completed.

Raymond L. Rhodes, former Passaic County Republican Leader and former Passaic County Treasurer, will be the principal speaker. Donald R. Reenstra, local attorney, will be the Master of Ceremonies. Guests of honor will be Mayor Louis Bay, 2nd, Commissioner Arthur A. Brokaw and Commissioner Harold S. Floyd. The new officers will be installed by Passaic County Leader, Frank Davenport.

The Dinner Committee, under the direction of Chairman Al Crowley, has arranged for a pleasant, enjoyable evening for all. Music will be by the La Sala Brothers Orchestra. A few tickets are still available. Anyone interested in going can obtain them by calling 427-2047 while they last.

Volunteers were called to action at 5:29 a.m. Saturday morning for a fire in the roof of the old railroad station on Diamond Bridge Avenue. All four companies responded. (Staff photo).

Mangiafico Cited By Optimist International

The highest award made at the club level by Optimist International will be received by the Optimist Club of Hawthorne and its president of last year.

The announcement was made by Harold Almerini, current club president. Such recognition is given for exceptional leadership and accomplishment and is only awarded to the president of a club that has also qualified as an HONOR CLUB.

Notification of these honors for outstanding work as a community service organization came from Charles C. Campbell, President of Optimist International. The award, an engraved Accutron gold wrist watch, the Presidential Citation and Honor Club Medallion that is attached to the club banner.

Almerini said, "We are very proud to learn of winning these awards, and particularly proud of our distinguished past president, Lt. Vincent J. Mangiafico, who headed the club when this activities record was achieved Out of of more than 2895 clubs ours was one of only 139 to receive the Distinguished President watch.

Almerini stated there will be a special ceremony held by the Optimist Club of Hawthorne on April 6 at Kings' Lounge, 166 Goffle Road, Hawthorne to present the award to Mangiafico.

YES Undertakes Spring Campaign

At the beginning of March, some of the volunteers of the Youth Employment Service of Hawthorne met to map out their Spring Campaign.

Their plans center about a letter campaign to the various businesses in Hawthorne to canvass for jobs for the youth. In addition, a memo card is planned to remind homeowners that the Hawthorne Y.E.S is able to furnish applicants for such jobs as yard work, light housekeeping and baby sitting on a regular, occasional or one-time basis.

Several weeks ago, the volunteers held a one-day drive at Hawthorne High School to register new applicants. If any boy or girl between the ages of 14 and 19, residing in Hawthorne, neglected to apply at that time, he or she may do so in person on Tuesdays or Thursdays between 3 and 5 p.m. at the Hawthorne Youth Employment Service office, located at the YMCA on Warburton Avenue.

the dimmer side...

A tape player and eight tapes were reported stolen from Elliott Courter, 3rd of 39 First Avenue at 9:30 a.m. March 26. The theft occurred sometime during the night.

All four fire companies responded to a brush fire in the vicinity of 50 Mountain Avenue at 12:13 p.m. March 29. Patrolmen Alfred Soder and Robert Beattie were detailed.

Another brush fire was reported at 9:45 p.m. Monday at Brockhuizen Lane near the cemetery on Goffle Road. Fire Chief Bay and Company No. 3 extinguished the blaze.

Katherine Farina of 120 Lafayette Avenue, complained of severe back pain as the result of an accident at 1:25 p.m. Monday. She was transported to Paterson General Hospital in the VFW Ambulance.

She told police she was stopped in a line of traffic when she was hit.

Alice Glouse of 276 Highland Avenue, Passaic, the other driver, said she saw the car in front of her stopped, jammed on her brakes, but could not stop in time.

Patrolman Soder investigated.

Applications for Summer Rec. Close April 9

All interested applicants — both male and female — must be a college graduate or at least attending college. Applicants are asked to write a letter detailing all eductional and recreational experiences relative to directing a playground and recreational activities.

Letters should be addressed to Joseph A. Foyle, Secretary Board of Recreation, 115 Diamond Bridge Avenue, Hawthorne, New Jersey 07506.

—Did you know that taxable valuations of real property in New Jersey increased from $9.1 billion in 1961 to $36.7 billion in 1970; that of the latter total, 63% was residential, 31% commercial and industrial, 1½% farm and 4½% vacant land? The tabulations were compiled by the State Division of Taxation, reports the New Jersey Taxpayers Association.

James Aldi Elected Borough Fire Chief

Eight votes spelled victory for James Aldi, Jr., who was elected fire chief of the Borough of Hawthorne in the election held Tuesday.

Aldi became the first new fire chief in 12 years in his 52-44 victory over Fire Chief Louis J. Bay.

The upset victory has brought responses of harmony from both Aldi and Bay. Aldi said "I have great respect for Chief Bay and will work hand in hand with the Combustibles Chief."

Bay, who is head of the Fire Prevention Bureau, a position which he will retain, stated "I will work closely with the new chief."

The newly elected chief also thanked all the men who came out to vote and those who worked in behalf of his campaign. He continued, "I will stick by all the men in my department and will live up to my platform. I hope I will be able to successfully follow in the footsteps of Chief Bay."

Aldi has been Assistant Chief of Fire Co. 4 for the past eight years. He will be succeeded by Bill Martone. Larry Carlo will move up as Captain and Gene Caufield will become lieutenant.

He is a member of the New Jersey Fire Chiefs Association and is president of Singer Interstate Carriers, Inc., Passaic Avenue and J. Aldi and Sons Warehouse. A resident of this borough for 48 years, he lives at 144 Cornell Avenue.

Holly Conover Wins In Peace Poem Contest

A nine-year-old Hawthorne girl's thoughts on peace have won her first prize in the Second Annual Poems for Peace contest sponsored by the Peace Center of Bergen County, 396 Cedar Lane, Teaneck, N. J.

Holly H. Conover, daughter of Mr. and Mrs. Dorsey Conover of 339 Rea Avenue, placed first in the Fourth Grade (North) Division. A student at Lincoln School, Holly read her poem before a group assembled for the awards ceremony March 28 at the Central Unitarian Church, Paramus. She was awarded a certificate and a pin.

The full text of the poem is printed on page four.

Dominic Mele Discusses Future of Blasberg Tract

Protection of the welfare of landowners and residents of Hawthorne is a primary goal of Commissioner Aspirante Dominic Mele, the Independent Candidate made clear today.

"I am pledged," he stated, "to use every effort at my command to insure that any subdivision of property within this borough is achieved in an orderly manner and will full concern for the welfare of the adjoining landowners and residents."

Mele said, "Such an approach is especially crucial in connection with the proposal to construct garden apartments or town houses on the controversial 21-acre Blasberg tract. The tract, which represents prime residental property, should be a matter of deep concern to the people of Hawthorne, and it is my intention to discuss its future course in detail with the Borough's voters as the campaign develops."

The candidate pointed out "Many members of the community are completely unaware at the present of the 'potential danger to the entire climate of living which present negotiations for the tract might create should they be permitted to go through."

Many, many citizens of Hawthorne simply do not know," he says, "that the Blasberg tract has been sold to a real estate developer, contingent upon the premises being re-zoned for garden apartments or town houses."

"This transaction is set in motion without consideration for adjacent landowners and neighbors, without concern for the future of Hawthorne itself. I think it's important to set the record straight, inform the people—and elect a man who will stand—and vote—against it." Mele added.

According to candidate Mele, the potential developer of the Blasberg tract would construct a minimum of ten apartment units per acre—this would constitute a minimum of two hundred and ten apartment units. "It would mean a large influx of people. Do you know what it would cost the taxpayers to service the educational needs of the children who would live there, for example? Or what it will cost the taxpayer for municipal services for this many additional families? It can create problems in every direction—and every one of them will come right back to the loyal Hawthorne citizen and taxpayer!"

Mele expressed himself as being "appalled by the fact that this issue has been so clouded up to now. I intend to shed all the light possible upon it from now on, so that before this campaign is over every citizen of Hawthorne will know what the Blasberg tract is—and what its fate can mean to the future of this town."

"I believe that every candidate owes it to the voters to be clearly heard on this issue—and to make a firm and uncompromising stand. I am categorically opposed to garden apartments or town houses on the Blasberg Tract," Mele concluded.

Louis Gorcica Outlines His Campaign Platform

Lou Gorcica, candidate for Commissioner in the Borough election, has outlined some of the priorities of his campaign. He called for "reform in government, support for the police department, improved sanitation, new educational directives, senior and junior citizen recreation" and urged "rejection by the public of a projected multi-family apartment structure in some 20 acres of land in the borough."

Gorcica said "the town cannot afford the high influx of people, such as occurred in the Rock Road multi-dwelling project; without increasing taxes and destroying our present over loaded school system. With no increase in public officials, no increase in schools, no increase in police protection, no increase in sewers and no increase in our water supply, we would be placing a strain on the overburdened services supplied by the borough and the presently undermanned and over-extended police department which has to cope with the ever increasing cases of breaking and entering in the borough."

The candidate suggested that Hawthorne eventually reform its governmental structure into the traditional American system of an elected mayor-council system. "This is more familiar to our citizens and promotes better representation," he said.

"In Prospect Park, a community one-fourth the size of Hawthorne, representation is on the basis of one representative per thousand people. Based on this concept, Hawthorne should elect 20 councilmen. This would give a fair balance of public opinion and would end the multi-hat role of planning board, commissionership, executive and legislative functions."

Gorcica added that the communities senior citizens and teenagers are the two most neglected groups in the borough. "Senior citizens on a fixed budget are pressured by the high cost and heavy taxation. Some forms of relief should be promoted, such as using the twenty acres on the hill for senior citizen facilities. Also a recreation center should be considered since a lack of proper and directed recreation allows the teens to fall prey to the use of illegal stimulants. All citizens should become involved by letting their feelings be known at the polls in May," he said.

Mrs. Pamela Vander Brink Cites Neglect In Schools

Mrs. Pamela Betty Vander Brink, candidate for Commissioner in the Borough of Hawthorne, in reply to an editorial in a local paper said she would not discredit the performance of the present administration on keeping taxes down. However, she commented that the town has no extensive welfare problem thus creating no need for additional revenue.

Mrs. VanderBrink added that other areas of public service have been neglected by the administration. "Schools are in a deplorable condition. Boarded up windows, poor plumbing and overcrowded conditions are typical. The high school has on several occasions come close to losing credit over the past years. Also referendums are constantly defeated by a wary public who sees needless fringe benefits attached to each proposal. The educational system is run like a business monopoly rather than a public service." Mrs. Vander Brink added that the community desperately needs a school expansion program. But if it should include impractical supplements the public should reject the proposal.

Mrs. Vander Brink concluded that under the present conditions the community will wait several years before it can handle the present school population. However, by that time an increase of school age children will prolong our educational degradation. She cites that in her own district she could account for an additional twenty preschool children on her own block. It is these children who will suffer from our neglected school system. Mrs. Vander Brink suggests "the community provide long range plans for their third rate school system in a first rate town by going to the polls next month and repudiating the present administration.

Easter Bunny Will Be Here Saturday

The annual Easter bunny visit co-sponsored by the Hawthorne Jaycees and the Little Folks Shop of Hawthorne will be held on Saturday, April 10, between 11 a.m. and 2 p.m. in the parking lot adjacent to the Raymond Rhodes Building at the corner of Lafayette and Diamond Bridge Avenues.

The Easter bunny will talk and visit with the children and pass out gifts to all children present. All the gifts have been donated by the Little Folks Shop.

LETTERS TO THE EDITOR

118 North Watchung Drive
Hawthorne, New Jersey
April 7, 1971

The Editor
Hawthorne Press, Inc.
463 Lafayette Avenue
Hawthorne, N. J. 07506

Dear Editor:

As chairman of the planning board of Hawthorne, I feel it is necessary to respond to statements made by Mr. Dominic Mele, Mrs. Pamela Vander Brink and Louis H. Gorcica who in their zest for the office of borough commissioners are apparently completely unaware of zoning procedures or municipal government.

I speak particularly of the allegation by Mr. Mele that the Blasberg tract will be re-zoned and the implication by Mrs. Vander Brink that the incumbent commissioners sought to rezone the Passaic Avenue area to industrial. Both statements are completely untrue and the residents of Hawthorne should know this immediately, lest their statements and invendoes grow into mammoth fairyland stories.

Alloted space in your columns prevents me from tracing the complete history, but I am sure that Mayor Louis Bay II, Commissioners Arthur Brokaw and Harold Floyd will spell it all out in chapter and verse during the present commissioners' campaign.

I do want to emphasize, however, that the planning board of Hawthorne, of which Mayor Bay and Commissioner Floyd members, have no plans, intentions or thoughts of changing the zoning in either of these areas. And Commissioner Brokaw has assured me he is in complete accord with his fellow commissioners.

No proposals have been received for changing the Blasberg tract from A-residential or to change the zone area of Passaic Avenue. Any statements made by candidates, and particularly by Mr. Mele, regarding the intention of the present Board of Commissioners to permit garden apartments, town houses or any other form of multi-dwelling on the Blasberg tract is purely a campaign hallucination and has no basis in fact. The history of the Master Plan and Zoning Ordinance clearly shows that the Commissioners of Hawthorne and the planning board never intended to permit garden apartments or any other multi-family dwellings on the Blasberg tract.

When Mr. Martin Mandon, a private developer, wants to do with the Blasberg tract is Mr. Mandon's expectation. Nothing has come before the planning board and if it does the board will steadfastly oppose a zoning change. Mayor Bay, Commissioners Floyd and Brokaw have already gone on record that they are strongly opposed to changing the zone for anything other than one-family homes.

I feel that each member of the planning board, as well as the three borough commissioners, have worked diligently and untiringly toward promoting the orderly developments of our borough, and in the consideration of the master plan together with the zoning ordinance revision, have performed a considerable service to the people of Passaic County's finest community.

The insinuations by Mr. Mele's public relations writers in a campaign circular is an insult to a great effort and integrity of the Planning Board and, I might add, to the intelligence of the people of Hawthorne.

Very truly yours,
ANTHONY ROSS
Chairman Hawthorne Planning Board.

Mayor Bay Challenges Mele To Debate on Public Platform

Mayor Louis Bay II, speaking before 300 residents at the 36th annual GOP installation dinner, challenged opposition candidate Dominic Mele to debate anytime, any place where "Mele can't hide behind the desks of a Ridgewood publicity firm."

The veteran Hawthorne official accused Mele of spending thousands of dollars to hire a public relations firm to develop "phony issues" in his behalf.

"I'll debate him any time, just he and I, and we'll let the voters judge whether Dominic Mele or an out-of-town organization with Madison Avenue techniques seeks office in the Borough of Hawthorne," the mayor said Saturday night.

Bay, who is seeking reelection with Commissioners Arthur Brokaw and Harold Floyd, accused Mele's PR firm of putting "outlandish and untrue" words in the mouth of their client.

Dramatically holding in his hand a circular recently distributed in Mele's name, Bay charged that the information contained therein "comes very short of lying."

"I would say it is a little stronger than being careless with the truth" the mayor declared.

He referred particularly to what he described as the "Mele PR contention" that garden apartments or townhouses will be erected on the 21-acre Blasberg tract.

"This is an absolute untruth," the mayor said. "This has already been zoned by the borough of Hawthorne as one family residential and we have the official records and documents to prove it. The only way that tract will be changed from one-family homes is in the courts, if it ever is changed, and not by the commissioners of Hawthorne. Furthermore, the residents of Hawthorne can rest assured that their commissioners will fight to the utmost any legal action to change the zone."

Mayor Bay said when a consultant firm recommended the re-zoning of the Passaic Avenue area to industrial the commission listened to the objections of the residents there and abided by the wishes of the people, retaining the original zoning and rejecting the industrial recommendation.

"Your commissioners are long-time residents of Hawthorne. We're proud of our town with its low tax rate and multiple services and we respect the wishes of the townspeople." Mayor Bay said. "So it also will be with the Blasberg tract."

Mayor Bay also charged Mele with an "absolute untruth" when the opposition candidate alleged the municipal pool was forced to close a number of days last year because of alleged pollution.

"The fact of the matter is that the pool was closed for a few hours because of a fire in a nearby factory and it was felt it would be in the best interests of those using the pool to close it while the fire was being extinguished" the mayor said.

The mayor said if Mele accepts his debate challenge he has some pertinent questions to ask the school commissioner "face to face without the counsel of his public relations firm."

"I would like to know why, as a school commissioner Mr. Mele did not attend an important meeting of the school board committee and the Lincoln School group, called to discuss expansion of Lincoln School" Mayor Bay said "I would like to ask him about his statement that he abstained from voting on a recent school budget at a board meeting because he said he didn't know enough about it. I would like to ask him why he pledged in his most recent school board campaign to do all within his ability to resolve the problem in the elementary schools and if he were elected borough commissioner does he plan to hold both jobs in Hawthorne."

The mayor said there is a big difference between serving as one out of nine school commissioners than one of three borough commissioners.

"This is not a popularity contest," Mayor Bay emphasized. "This is a contest to determine who is the most qualified to run the borough of Hawthorne. I ask the people of this fine borough to consider that the weeks ahead."

Upsala Players Have Eventful Barrabas Tour

EAST ORANGE — A traveling thespian troupe from Upsala College has returned to campus convinced that all the world is truly a stage and they were merely players.

During a four day tour of the Upsala production of the Lenten drama, "Barrabas," the Workshop 90 drama group encountered a series of unusual experiences as the 21 players performed on various sized stages in New Jersey and Connecticut.

Included among their off beat experiences were:

A performance at a Bergen County church turned out to be the first part of a drama-volleyball doubleheader.

A geyser of water came through the floorboard of a vehicle while they were traveling ina driving rainstorm.

A performance was given in a Connecticut community theatre which the local citizens acquired in 1957 after the Board of Education denied permission to produce William Inge's "Picnic" in a high school because an actor appeared bare chested.

Scenes were presented at two Sunday morning worship services at which the pastor of the Connecticut church rearranged the pews for an unconventional religious-drama service in-the-round.

Because of a small stage and a large cast, the leading man almost fell into the first row as he took his curtain call bow at a Hawthorne church.

In a trip to Hawthorne the cast managed a small stage for their last performance of "Barabbas." The stage of the First Reformed Church was so small for the large cast that leading man Gary Jolly of The Bronx had to battle his way through the ensemble for his curtain call and almost made it off the front of the stage as he took his bow.

"I kept thinking of a little old lady I saw in the audience and I said to myself: 'I better be careful or I'll wind up in her lap,'" commented Jolly, a six-... Director Robert ..., who has been on extensive tours in his acting days, said the Upsala trip was an artistic success and the troupe survived admirably.

"After all," he pointed out, "adversity has been part of the theatre since time immemorial."

Houghton Choir to Present Concert At Gospel Church

The Houghton College Choir will present a concert at the Hawthorne Gospel Church this Sunday evening at 7 o'clock.

The choir's fifty members are chosen from almost 1200 students of Houghton College. Under the direction of Professor Donald Bailey, the choir regularly presents concerts during Easter recess tours throughout the United States.

The choir's repertoire includes sacred music by classics European composers such as Johann Schein and Franz Liszt. In addition, there is a wide variety of contemporary works including: a new work by Dr. William Allen, composer-in-residence at Houghton College; the Double Alleluia from Richard Felciano's Sunday," a work for organ, electronic tape, and male chorus; and Jean Berger's "Brazilian Psalm," called by Professor Bailey "one of the outstanding choral pieces of our time." In their performances, the choir often uses experimental techniques, such as the deployment of choir members throughout the auditorium to achieve different effects of overall choral sound.

An increasing number of young people from the North Jersey area have enrolled in Houghton College. Many of them will be present on Sunday night. The Hawthorne Gospel Church is on Route 208 in Hawthorne, New Jersey.

HUD and VA in January approved a reduction from 8 to 7½ per cent in interest rates on GI home loans guaranteed by VA.

United Givers Presents Awards To Volunteers

A retired Passaic educator and a businessman in Paterson were winners of two major Passaic Valley United Fund awards presented at last Thursday's annual Awards Dinner at Wayne Manor.

William B. Cruise of Passaic, former principal in the Passaic school system, became the first winner of the new Emil S. Halter Award for "sustained dedication to the United Fund and its agencies.

Bennett Weil, president of General Office Equipment Co., Paterson, and chairman of this year's United Fund Campaign in North Haledon, was presented with the Joseph J. Masiello Award as the most outstanding volunteer worker in the Campaign.

A third award, the John C. Barbour Award, went to Campaign Chairman James L. Hamilton, manager, E. I du Pont de Nemours & Co., Pompton Lakes Works, as it was announced the United Fund Campaign raised $752,021, the largest amount to date raised by the Fund for its 40 beneficiary agencies.

The dinner honored volunteers and contributors to the United Fund Campaign and was attendeed by more than 400 persons, including agency personnel and representatives of business firms and employee groups participating in payroll plans of giving. Special recognition was given the 25 Pacesetters, business firms whose combined corporate and employee gifts totalled $425,260 of this year's Campaign achievement.

Also honored were the chairmen of the United Fund Campaign in Gorfield, North Haledon and West Paterson, communities exceeding their goals, along with National Firms solicitaton and Area IV in the Campaign odganization. Mayor Richard Vzotcky, Joseph Kobyiarz and Police Chief Carmine J. Perrapato were cochairmen of the Campaign in Garfield; Charles Putlo headed the West Paterson campaign, and Mr. Weil was chairman in North Haledon. Heading the National Firms section was John R. Burkett, American Cyanamid Co., Wayne. Douglas Ebocker United Textile Workers of America, was chairman of Area IV which comprises Haledon, Hawthorne, North Haledon and Prospect Park.

The chairman of the next United Fund Campaign, William H. O'Briend, was introduced as valunteers began looking ahead to the next drive which will open in the fall.

Funds raised each year to help support 40 health, welfare and youth activity agencies which serve more than 150,000 Passaic Valley residents each year. The Campaign is conduct throughout Passaic County and in Garfield and Wallington in Bergen County.

J. Palmer Murphy, vice president, New Jersey Bank, N.A., was chairman of the dinner and served as master of ceremonies. Musical entertainment was provided during the evening by The New Disciples, a folk and gospel rock group from the Paterson Corps of The Salvation Army, a United Fund agency, and by Accordionist Ed Walters of Clifton. George Rodrigues of Boy Scout Troop 49, Our Lady of Fatima Catholic Church, Passaic, led the Pledge of Allegiance, and Major Wiltam Hulteen of the Salvation Army delivered the Invocation.

Pitch, Hit Throw Contest Planned Here By Jaycees

All boys, aged 9 through 12, in the Hawthorne area soon will have an opportunity to test their baseball skills in a nationwide competition that will culminate with eight boys competing for national championships at the All-Star Game in Detroit on July 13.

Registration for the competition—the Official Major League Baseball Pitch, Hit and Throw Competition (PH&T) began in this area on April 1.

Now in its second year, PH&T is sponsored by Major League Baseball in conjunction with Phillips Petroleum Company and locally by Reinauer Brothers, Inc., Hackensack, N. J.

Registration will continue through May 20 and local contests will be held during the week of May 22-28, according to Vincent Rupolo of the Hawthorne Jaycees, chairman of this event.

Mr. Rupolo said that the competition is also open to boys living in nearby communities and that a good turnout is expected.

Each boy competes with boys of his own age in three events —pitching for accuracy, batting for distance and throwing for accuracy. Winners are determined on the basis of total scores.

Local winners will advance to district contests on June 5-6. Winners from there will go to division competition to be held at a major league ballpark on June 12-13, 19-20, 26-27

The eight boys who will go to the All-Star Game to compete for four national championships with four representing the National League and four the American League will be picked from the highest scorers among the division winners

The eight finalists, in addition to competing before the All-Star Game and once, will be the guests of the sponsors, with their parents, for the trip to Detroit and they'll all have box seats for the game. The boys also will meet many of the All-Star players at the ... and at a banquet in their honor the preceding evening.

Winners and runners up at every level ... winners will receive ... plaques and ... At the division level, each participant from this area will compete in a junior size baseball uniform loaned for the purpose.

They also will be feted at a banquet with major league stars and taken on a sightseeing tour of the city.

Mr. Rupolo said that when PH&T was launched last year more than a quarter million boys participated in all of the ... This year the number is expected to exceed a half-million.

He said a number of changes have been made this year, mainly to facilitate registrations. Last year, registration locations were limited to Phillips 66 stations. This year, in this area, registration forms will also be available at the Hawthorne YMCA, 190 Warburton Avenue.

Baseball Commissioner Bowie Kuhn, in a statement issued in connection with PH&T, said the competition has transformed the widespread popularity of baseball among boys into a nationwide physical fitness and youth development program.

While most boys, he said, play baseball simply for enjoyment, it is a maturing experience. "PH&T has given a new dimension to that experience."

For further details contact Vincent Rupolo at 427-9684 or Robert Cummings, director of the Hawthorne YMCA at 427-8858.

AUTO RACING SCENE

By HANK NAGELHOUT

In less than two weeks, the ... will rise again for the 20th consecutive year of stock car racing at the Nazareth, Pa., half mile speedway. It will all begin again on Sunday afternoon, April 18th, first race at 2:15. There will be many old time favorites and this year especially, many new and rising stars to show their best against experience that is hard to beat. All race programs at Nazareth will be geared to give the race fans the most competitive racing possible. The car specifications, hardly changed for 1971, ground rules and other innovations, are a sure shot guarantee that entertainment will be first and always the aim of drivers, owners and track management. The Stock Car Program, Modified and Sportsman, will be supplemented by Figure "8" competition.

In addition to the half-mile track at Nazareth, the 1 1/8 mile dirt track will host many events this season. The world renowned drivers of the United States Auto Club will compete in three divisions, namely: Dirt Championship Cars 100 miler on Sunday afternoon, June 20, USAC Late Model Stock Cars 100 miler Saturday night, June 26 and a combined ARDC and USAC midget 100 mile race on Friday night, July 2. The speedway will present, as an opening program on April 10th, a mammoth Destruction Derby. Both tracks are located at the junction of Route 191 and 248 in Nazareth, Pa.

Orange County Fair Speedway, Middletown, N. Y., will be in operation a week from Saturday night, April 17, starting its 52nd season. The 5-eighths mile track will feature the modified, limited and semi-late model stock cars each Saturday night with a 7:00 start. Strong competition should come in the modified division this season with the regular competing against up and coming limited drivers graduating to the modifiedranks. Local fans will have many area drivers to follow in each division, especially in the growing Semi-Late Models, where several drivers from North Jersey will be competing. Spectacular racing should be seen the entire season at Middletown.

Dick King, Chief Steward for the USAC Championship Division and for the "Schaefer 500" at Pocono, has announced that key race officials from across the country have been appointed for the July 3 500-mile race for Indy type cars and drivers at Pocono International Raceway. They will be joined by a full staff of USAC officials to conduct all racing activities for the two weeks of practice and qualifications for the "Schaefer 500" at Pocono and for the running of the event itself "We couldn't be happier with the staff we've assembled for this race," commented King. "They are, without question, the most knowledgable group that could be brought together for an event of this nature. Ticket information and tickets for the "Schaefer 500" at Pocono can be obtained by writing P. O. Box 500, Mt. Pocono, Pa. 18344 or through the more than 350 Ticketron outlets in the East and Canada.

In the past 25 years, America's building industry has provided housing for more than 35 million families, according to James J. Leone, president of the Builders Association of Northern New Jersey.

College Campus

Anne ..., of ... Prospect ..., Hawthorne, has been named to the Dean's List for the fall semester at the University of Delaware, Newark, Delaware.

Miss Patricia Ann Duffy of Hawthorne has been awarded a half-tuition scholarship to the Katharine Gibbs School in Montclair for its Advanced One-Year Secretarial Course.

Miss Patricia A. Duffy, who will graduate in June from Hawthorne High School, is the daughter of Mr. and Mrs. Charles B. Duffy of 256 Rea Avenue.

The Gibbs School, founded in 1911, is noted for training young women for careers in business.

Waltraut Witte, of Hawthorne has been named to a new President's Advisory Board at Tombrock College, West Paterson. She is an alumna of Tombrock.

Sister Rose Claire, president of the college, called this "a summit plan, enabling the college to develop a wider understanding of its educational importance through an association with a group of leaders from diverse fields."

Newark College of Engineering has announced it has received approval from the State Board of Higher Education to establish a new program leading to a Bachelor of Techaclogy degree.

The program will begin in September, 1971, and the College is now accepting applications.

Three Hawthorne residents have been named to the Dean's List for the Fall 1970 term at Stevens Institute of Technology.

They are John R. Scharing, Jr., of 135 Cornell Avenue, a freshman; Richard J. Minich, 13 Birchwood Road, a sophomore; Albert J. Leone, 36 Breen Avenue, a senior.

Earth Week

April 22, 1970, marked the first nationwide observance of Earth Day.

Wisconsin Senator Gaylord Nelson and California Congressman Paul McCloskey, Jr., have introduced a Congressional resolution designating the third week of April as "Earth Week." The National Governors' Conference has unanimously adopted a resolution recommending that each Governor proclaim the third week in April "Earth Week" in his state.

On Earth Day last year some 2,000 communities, [illegible] schools and [illegible] college campuses took time out to seek ways they could clean up that part of the country they call home.

Preserving our environment through the wise use of our natural resources will not happen because of an Earth Day, Week or Year. It's a full time, round-the-clock job. But a special commemorative week can be extremely valuable as the focal point for the year's activities; a goal the public can focus upon and therefore important.

You can help by writing your governor and urging him to declare April 19-25 as Earth Week in your state. And then hook up with the activities planned for your area if there are none planned, you've got a job.

LETTER TO The Editor

April 1, 1971

Dear Mr. and Mrs. Missonellie:

I would like to thank you so much for the terrific publicity which you gave Washington School last week.

It was appreciated not only by the staff, but most of all by the children involved.

Sincerely,
MRS. MARGARET NOVICKI

PEACE POEM

When I was a child, I thought a lot.
I couldn't understand why some kids fought,
for anything or anytime—
Yelling and screaming, this is mine, mine, mine!
But I shared my things and we'd have fun,
So I figured piece was sharing something with someone.
But one day we went to Calvary and everywhere I looked I saw.
I was afraid of this peace, so I crossed my middle man over my heart and hoped this peace was not contagious!
I said to my parents, "Let's leave quickly!"
When we were home, I looked in my dictionary.
It said: "Peace noun homonym: quiet; calm;
Life is happiest when one has peace of mind and interesting Things to do."
At last I knew!
Peace is sharing and caring.
Peace is my loving, gentle Mommy, and my brave and honest Daddy.
Peace is learning and enjoying and living.
Peace is our nucleus, when it dies, so will we.

Broadway Bank Marks Gains in 1970; Has Election

PATERSON — At the annual stockholders meeting of Broadway Bank & Trust Company; Martin Sukenick, Chairman of the Board and President, told the stockholders that Broadway Bank reached an all time high in 1970, of $86,000,000 in assets. Gross earnings were $6,948,835, resulting in net income (before securities gains or losses and extraordinary items) of $842,115 or $4.20 per share as compared to gross earnings of $5,869,948 and net income of $711,628 and $3.56 per share for the prior year. This is an increase of 17.9 per cent. Deposits averaged $45,364,000 for savings and time deposits and $19,999,000 for demand deposits, on a daily basis, for a total of $65,363,000 as compared with $61,386,000 in the prior year. This represents an increase of 6.4 per cent. Sukenick added that based on the earnings for January and February 1971, it is projected that the earnings of the first quarter of 1971 are running well ahead of the first quarter of 1970.

In keeping with the Bank's long term plans for growth, Mr. Sukenick told the stockholders that the Bank has filed applications for two new branches, in Kinnelon and Little Falls. He also stressed the emphasis being put on the Bank's personnel. "We think, the stockholders should know that we are working as hard on our long range personnel plans as we are our expansion plans. In order to have an intelligent and profitable expansion program, we must have well motivated personnel with the skills necessary to carry out the Bank's long range plans."

Mr. Sukenick stated his opinion that banks throughout the country might find it difficult to maintain their present rate of growth in earnings, primarily because of the impact of the lowering of the prime interest rate. The present prime rate of interest is 5¼% and could have a detrimental effect on many major banks. He indicated that Broadway Bank would be minimally affected, as the bulk of Broadway Bank's loans are Installment Loans.

Midland Park and Pompton-Wayne, our existing Banking Centers, have been extremely successful and have contributed much to the increased earnings of 1970. The Midland Park Banking Center is located in the Midland Park Shopping Center, Godwin Avenue and Goffle Road, Midland Park. The Pompton-Wayne Banking Center is in the Pines Plaza Shopping Center on Route 23 in Pompton Plains. Both Banking Centers are open Saturdays.

Talking of the [illegible] and the future, Mr. Sukenick mentioned on the Paterson Personal Banking Center. "We have introduced a new concept in banking in New Jersey. The Paterson Office has been converted into two separate banking departments: one for the retail customer and one for the corporate customer. By doing this we are able to give each of our customers the best of our financial knowledge, as well as our personal attention.

At the stockholders meeting the following members of the Board of Directors were re-elected:

Martin Sukenick, Chairman of the Board, John P. Africano, William E. Lee, Carnie P. Bragg, Robert Dalzell, Jr., S. Thomas Dudiak, Abe J. Greene, George Kent, Nathaniel Kent, Joseph A. Lazzarra, Jacob Moskow, Francis Pandullo, William B. Stern, Morris Yurmer.

the dimmer side...

Police reported 80 cartons of cigarettes, valued at $297 were stolen from Schweigert's Confectionery, 232 Lafayette Avenue, as the result of a break and entry. The front door was forced open to gain entry.

Patrolmen John Bechtle and John L. Shannon, Jr., investigated.

VFW to Elect Officers April 13

The William B. Wawhinney Post 1593 VFW will hold nominations of officers, for the coming year, on Tuesday April 13th. The election of new officers will be held on Tuesday, April 27th.

Plans are being made to hold installation of officers on May 8th. Commander Frank Trancaviglia urges all members to attend these meetings to vote in the best interest of the post.

M. V. Stations Will Be Closed April 9 and 10

Director Ronald M. Heymann announced all State inspection stations and motor vehicle agencies will be closed on Good Friday, April 9, and Saturday, April 10, for the Easter holiday.

All facilities will reopen Monday, April 12.

Due to fewer service days offered in April, motorists are advised not to wait until the last minute to have their cars inspected.

Waiting times are usually shorter during the second and third weeks of the month. Avoid peak loads on the first and last weeks of the month, during lunch hours, and during commuter morning and evening rush hours.

Consumer Beware

"Watch Out" are the watchwords of careful consumers. We need positive protection against fraudulent commercial practices, education, information and the awareness of the intricacies of today's marketplace. You cannot afford to miss the program offered by the Passaic County Extension Service on April 15, 1971, at the County Administration Building, 317 Pennsylvania Ave., Paterson. A competent resource person in the field of consumerism will help you understand your economic ABC's. Get the information you need to spend your money as wisely and efficiently as you earn it.

Find out where to go when you think you have a complaint —and how to file a complaint.

"Watch Out" for yourself.— You, the consumer, is the biggest factor in consumer protection.

Advanced registration is required. For further information, contact Mrs. Adele R. Collier, County Home Economist, County Administration Bldg., 317 Pennsylvania Ave., Paterson.

No More Cavities

The Public Service Company of Colorado announced that children of the future may never need braces for their teeth or have to worry about cavities. Experiments are currently being done with a laser beam to treat teeth to prevent decay. Used with the proper intensity, the laser seals tiny passageways through which agents of tooth decay penetrate the enamel on teeth. Experimental tests are being done on animals and extracted human teeth. Clinical trials on human subjects are at least two years away, but tests will soon begin on teeth which are scheduled for extraction. Electricity may also be used to straighten crooked teeth and diseased bone. The possibility of negative electrodes stimulated bone production is being explored. It is believed that positive electrodes are associated with diminished bone formation. Experiments have shown that pressure produces type of electricity in bones which may be the reason for pressure reshaping bones.

WEDDINGS

MARTEL - LAWRENCE

Miss Barbara Lawrence was united in marriage to Joseph L. Martel, III, at the First Methodist Church of Elizabeth City, North Carolina on March 13.

She is the daughter of Mr. and Mrs. Nelson C. Lawrence of 165 Buena Vista Avenue and Mrs. Hilda Felio of Florida. The groom is the son of Mr. and Mrs. Joseph S. Martel, Jr., of 772 Gald Road, Paramus, N. J.

Rev. Seawell officiated at the double ring ceremony. A reception was held at Sun Set Manor Restaurant, Norfolk, Virginia.

Given in marriage by her father, Mrs. Martel wore a white crepe gown with dotted swiss bodice and sleeves. Her train was dotted swiss also. Her shoulder length veil fell from a small cap.

Maid of honor was Miss Jean Clegg of Hawthorne, and best man was Mr. Harry Asdoorian, brother-in-law of the groom.

Following a wedding trip to Florida, the couple will reside in Norfolk, Virginia.

A graduate of Hawthorne High School, the bride attended Paterson State and was employed as a clerk typist with Mutual Services offices prior to her marriage.

The groom is a graduate of Paramus High School and is currently serving in the U.S. Navy aboard the U.S.S. Shipjack, stationed in Norfolk, Va.

A New Sauce For Easter Hams

There seems to be no cookbook recipes for Easter ham. This holiday favorite is so easy to prepare that it's assumed everyone already nows how to bake it, or can follow the simple directions most packers print on the label. Meanwhile, recipes abound for popular Easter side dishes of candied sweet potatoes, hot cross buns and pumpkin pie. Together with cooked green vegetables (now often served with sliced almonds) or a fresh salad, these and baked ham comprise the traditional American Easter dinner.

But a really good raisin sauce, a favorite cutting board companion of baked ham, has long been neglected. Probably because the delicate flavor and consistency of this sauce is difficult to create with unvarying success. And the secret of a really good raisin sauce is the number of ingredients included beside raisins.

Now a new instant golden raisin sauce is available in 12 oz. tins in foodstores under the label "SOLO." It's a blending of golden bleached raisins, apricots, pineapple and spice seasoning.

Before baking, simply cover the ham completely with new "SOLO" Golden Raisin Sauce. The delicate blending acts as a glaze, sealing in the natural ham juices while adding its own distinctive flavor.

Solo Golden Raisin Sauce can also be transferred from the opened tin into a saucepan. The heated sauce is placed on the table in a sauce bowl and spooned over the ham slices before serving.

Reheated ham slices take on an exciting new flavor via a Solo Golden Raisin Sauce saute. Place slices in a pan, add a quantity of Golden Raisin Sauce slightly more than would ordinarily be sufficient for sauteing, heat through and serve.

Another unusual sliced ham entree with a distinctive gourmet character is Stuffed Ham Slices.

STUFFED HAM SLICES

- ¾ cup chopped celery
- 2 tbls. chopped parsley
- ¼ cup butter
- 1 12 oz. can Solo Golden Raisin Sauce
- 4 cups dry bread cubes
- ½ tsp. ground marjoram
- 2½ inch ham slices, center cuts
- 1½ tsps. lemon juice
- dash of ground cloves

Cook celery and parsley in butter until tender. Add 3/4 cup Solo Golden Raisin Sauce, bread cubes and marjoram. Mix well. Spoon over top of one ham slice. Place second slice over the first ham slice. Combine the remaining Golden Raisin Sauce, lemon juice and ground cloves. Spread this over the two ham slices. Pour small amount of water in baking pan and bake in a slow oven (325°) for one hour. Yields: 6 servings.

President Nixon accepts a ship's barometer from Kiwanis International President T. R. Johnson, Denver, Colorado, (right) at the conclusion of a White House meeting between the President and Kiwanis officials. At left is Representative Donald G. Brotzman of Colorado. At far right is Darrell Coover, Washington, D.C., Chairman of the Special Kiwanis International Committee on Public Relations. During the meeting, Johnson reported to President Nixon on the progress of Kiwanis' Operation Drug Alert program.

Kiwanis Club In Drug Alert

T. R. Johnson, president of Kiwanis International, in a mid-February visit to the White House, reported to President Nixon on the progress of Kiwanis' Operation Drug Alert program. Operation Drug Alert, a campaign to inform the community of the nature of the nature of the drug problem, how to cope with it, and how eventually to eliminate it, is being carried on by Kiwanis clubs throughout the United States and Canada. Operation Drug Alert is closely allied to the attack on drug abuse called for by the President himself and kicked off with National Drug Prevention Week last spring.

Word of the White House visit was received here by Jack Miller, president of the Kiwanis Club of Hawthorne.

COLLEGE CAMPUS

JERSEY CITY—Two Passaic County residents have been elected president and vice president of the St. Peter's Class of 1972.

George J. Theiller, 35 Washington Ave., Hawthorne, was chosen president, and Louis S. Saco, 20 Montclair Ave., Clifton, succeeds Theiller in the post of vice president.

George is a member of SPUR Society (Business Honor Society) and Sigma Omicron Beta Fraternity. Last year he was elected vice president of the junior class, business manager of the Men's Glee Club and WSPC, Radio Disc Jockey. He also participates in intramurals.

He is an accounting major and the son of Mr. and Mrs. Leo Theiller.

Saco also is a member of the radio station staff and is majoring in biology. He is the son of Mr. and Mrs. Louis Saco.

H. S. Students Participate In Opera Festival

Eighteen Hawthorne High School students joined more than 800 other students from North Jersey high schools in presenting the 23rd annual Operatic Festival held at Union High School, Union, N. J., on March 27th. The Festival was sponsored by the New Jersey Music Educators Association through their Committee on Opera in Music Education.

The Operatic Festival combined the talents of an 800 voice chorus, an orchestra of 105 pieces, student soloists, two ballet troups and ensembles in a concert presentation of Verdi's opera "Aida." The program also featured David Griffith, tenor, from the Metropolitan Opera, as guest artist.

Conducting the Opera Chorus was Mr. Peter E. Franks, of South Plainfield High School. The orchestra was directed by Mr. Gerard Matte, of Union High School.

Hawthorne High Student participating in the Operatic Festival were Ellen Spages, Janet Pendlebury, Alice Kott, Linda Desmet, Ruth Everett, Jill Temmpleton, Nancy Iacobelli, Janet De Jong, Sandra Meeter, Carol Lembo, Cathy Allen, Robin Thaler, Jackie Meeter, Holly Cassells, Jeff Klevit, Glenn Smits, Tom Fivehouse, Bruce Weber and under the direction of Mrs. Evelyn S. Hartmann, choral director, and Mr. Robert Spallina, band director.

High School Student debaters from throughout the nation will gather at Seton Hall University in South Orange April 16 and 17 for the annual tournament sponsored by the Brownson Debate Society.

Approximately 100 teams are expected to participate in the invitational meet.

Participants will compete on the question "Resolved: That the federal government should establish, finance and administer programs to control air and water pollution in the U. S." Winners will be awarded prize trophies.

VA has selected hearing aids for purchase during contract year 1971 for issue to 7,000 veterans.

Kiwanis Korner

By HARVEY B. WRIGHT

Mr. Joseph Broeckhart, Past President of Kiwanis, introduced Mr. Robert Donat as the principal speaker at Tuesday's meeting. Mr. Donat, a representative of Public Service Electric & Gas Company, demonstrated, via film, the multitude of benefits that can be derived by additional lighting of our homes, businesses and public areas. He proved, with statistics, how light, property planned and timed, has reduced crime and auto accidents substantially in cities and suburban areas. "Light is the cheapest night watchman money can buy," he said. Thieves generally operate in dark or dimly lit areas and Mr. Donat prevailed upon the audience to "Light a Light," and help reduce crime. Public Service appears to have hit a nerve with the burglar set by coining the slogan "Turn On a Light and Turn Off a Thief."

Dr. Raymond Ploch, after a lucrative term as "King" turned his duties (and cup) over to Charlie Lambentz. Charlie promptly set out to increase the financial position of Kiwanis.

Mr. Nelson Struck reminded all members to bring their returns for the theatre party.

Next week's program chairman is Mr. Lewis Stallman, who will present members of the Key Club, headed by John Pisciattano, Ralph Picarello, Mike Horan and Tim Gupo, who will discuss their attendance at the convention in Atlantic City.

Mr. Kicker wishes to advise members that there are only 14 dinner seats available for guests and these are on a first come, first serve basis.

SMALL BUSINESS ADVISOR

DON'T LET SHOPLIFTING RUIN YOU

Ronald J. Orlick, ACE Counselor
Small Business Administrator

Recent studies show that shoplifting is increasing rapidly and has become a serious problem, both to big and little stores. Where the margin of profit is narrow, shoplifting can wipe out a store completely, or hurt it badly.

In its current annual report, the National Retail Merchants Association calls attention to the rising incidence of shoplifting in retail stores. Individual stores in New York, for instance, have reported losses as high as 5 per cent of sales.

One key to reducing shoplifting losses is to know what methods are used by the shoplifter, and to be aware of the kind of person that usually steals by this method. The best protection against shoplifting is a sales force trained to watch for these lawbreakers and to apprehend them in the act of shoplifting.

Professional shoplifters are often sleight-of-hand artists. They frequently snatch items from counters and pass the merchandise to confederates without detection. They sometimes come equipped with coats that have hidden pockets and slits or zippered hiding places. Shoplifters are also adept at palming small items with the covert aid of loose kerchiefs, gloves or other materials.

The professional shoplifter sometimes prepares to ply his trade by arranging special hooks or belts on the inside of his or her coat. Some slip merchandise into packages or boxes that have a hinged top, bottom, or end. Ticket switching, changing the price tag to one with a much lower amount, is another method used by shoplifters.

Juvenile offenders make up about 50 per cent of all shoplifters. Youngsters sometimes steal for "kicks" or because they've been dared to do so. They may enter the store in a gang. To discourage juvenile shoplifters, the retailer should "get tough" and prosecute any lawbreaking, making the offenders pay through proper legal channels.

A significant number of shoplifters are housewives who steal because of a momentary impulse and temptation. Many are first offenders, who are prevented from becoming habitual shoplifters after being caught early in this crime.

Thefts by kleptomaniacs stem from psychological compulsions. Drunkards and vagrants are probably the most clumsy shoplifters and easiest to detect. Drug addicts are more desperate than vagrants and may be armed. The professional shoplifter is most difficult to detect and apprehend.

All shoplifters can be discouraged from stealing if they see that the store personnel are really alert. Employees must watch the merchandise and people entering and leaving the store. They should be especially alert to persons who wear loose coats or bulky clothing. They should also watch people who carry large purses, packages, umbrellas and shopping bags. Since shoplifters sometimes work in teams—one of whom attracts the clerk's attention away from the partner who picks up the merchandise and makes a quick exit—store personnel should be alert to this type of procedure used by shoplifters.

Joseph Werner Shares Spotlight With Eugene List

Joseph Werner, son of Mr. and Mrs. George Werner, Buena Vista Avenue, was featured in a surprise appearance, sharing the encore spotlight with the celebrated concert artist, Eugene List.

List appeared as guest artist with the North Jersey Symphony Orchestra under the baton of Walter Schroeder, playing the exciting Tchaikowsky Piano Concerto No. 1 in B Flat Minor. The internationally renowned artist, who has played more than two thousand concerts all over the world, was the first American judge at the International Tchaikowsky Competition in Moscow, and also the subsequent competitions. He has also played for the Emperor Haile Selassie, and was guest artist at the White House during the administrations of Roosevelt, Truman and Kennedy. His name became a household word when he performed for the Big Three at Potsdam.

List is teaching at the Eastman School of Music, Rochester University, where Joseph is a second year student under his tutelage. The teacher has graciously asked Joseph to appear with him on several programs, and surprised the enthusiastic audience Saturday evening, by playing with the Werner youth an arrangement for four hands of the "William Tell" overture by Gottschalk. Mr. Liszt, at the bass, entrusted the difficult and brilliant treble score to Joseph. Their performance brought another ovation, in which the artist responded with the virtuoso selection "Fireworks," by Debussy.

Mr. Liszt was the gracious weekend guest of the Werner family. He enjoyed the many Hawthornites who welcomed him, and enjoyed a solitary peaceful walk through Goffle Park, commenting later on the peace and beauty of the community, and the wonderful memories of the friends he made here.

Glen Motors to Receive Toyota National Award

Glen Motors, the Toyota dealership in Hawthorne, has been named to receive Toyota's Annual National Customer Service Award.

The announcement was made jointly by Toyota Motor Sales, U. S. A., Inc., at the company's headquarters in Torrance, Calif., yesterday, and by Toyota Motor Distributors, Inc., in Lyndhurst, N. J.

The annual awards are presented by Toyota to those dealerships which have maintained a high level of service supervision and customer relations throughout the previous year.

In a communication to Frank D. Lolthum, President of Glen Motors, Toyota congratulated Glen Motors for having excelled in supporting the Toyota tradition of backing a quality product with a quality parts and service program.

The communique read, in part:

"Toyota is a firm believer in the axiom that our product is only as good as the men who stand behind it. The Annual National Customer Service Award was established to recognize the dealerships who best exemplify the post-sale service which over a quarter of a million Toyota owners in the United States have come to expect."

Kiwanis Korner

By HARVEY B. WRIGHT

Program Chairman, Lew Stallman, in respect to the Holy Season, gave his evening over to Mr. Donald Reenstra, who in turn, presented Rev. Nevin B. Webster of the First Reformed Church of Hawthorne as our guest speaker. Rev. Webster had visited the Holy Land last year, made detailed studies of the places where Christ walked, and took many impressive pictures. His description of the areas, their place in Biblical history, and the profound impact it had upon him and others was unbelievably beautiful. The Kiwanians, normally, an exuberant group, sat in awe as Rev. Webster skillfully wove together a truly wonderful story. When it was over, the impression upon the group was deep and obvious.

Mr. George Moesch celebrated his birthday during the week and his ears were bent by the usual rendition. Billie Sutherland passed out cigars, and we naturally felt that he was helping George celebrate, until we found that Billie was a new grandfather. For those of you who thought Billie was too young to be a father, think harder.

Mr. Stallman, pre-empted by Don Reenstra, will now return this week with his Hawthorne High School Key Club group and give a detailed report on the recent convention at Atlantic City. Dr. Raymond Ploch will install the officers of the Key Club.

Kai Olsen Elected To Dealers Group

Hawthorne Kitchens President Kai Olsen was recently elected to active membership in the American Institute of Kitchen Dealers. The AIKD was formed approximately seven years ago of conscientious businessmen to create a strong, self-regulating agency to further and protect the American consumer.

Hawthorne Kitchens is located at Fifth and Utter Avenues in the borough and specializes in design, planning and installation of complete kitchen cabinets, appliances, accessories and wall furniture.

The firm is presently building a new kitchen display floor which will include more than a dozen complete kitchen setups, which will be ready May 1.

Hawthorne Kitchens is also equipped to design, supply equipment for and install bathroom vanities, and build cabinetry for children's rooms, libraries, dens or rec rooms.

William Gulino Is Metropolitan Millionaire

William Gulino of 69 Parmlee Avenue has become a Metropolitan Millionaire for the 11th consecutive year. He will join with other members of the Millionaire Club for a conference in the Bahamas.

A Metropolitan employe for 27 years, Gulino is a member of the Passaic-Bergen Life Underwriters, Metropolitan's President's Club and the company's Honor Club. He is a former president of the Paterson Fidelians and a member of the Italian Circle, the Franklin Club, Columbus Circle and the honor guard of St. Anthony's R. C. Church in Hawthorne.

Beethoven, Bach, Beatles at Library

What can you say about a library that has Beethoven, Bach and the Beatles? The Director of Hawthorne Library, Thomas J. Jardula, feels "the library to today must change with tomorrow, so he added a collection of contemporary music." The records include such famous individuals and groups as James Taylor, Neil Diamond, Chicago, Jackson Five, Temptations and many more. The theme of Hawthorne Public Library record collection is "yesterday, today and tomorrow." The director added "We hope the people of Hawthorne will be dropping in to pick up their favorite musical sounds.

The library has also records of international flavor representing over thirty countries, and special records for children that includes a paperback book which follows the story."

Memorial Day Parade Planned

A meeting of the Joint Memorial Day Committee, was held recently at the Mawhinney Post 1593 V.F.W. to make plans to conduct the Annual Memorial Day Parade and services on May 31, 1971 at 2:30 p.m.

The parade will form on Rea Avenue, west of Lafayette Avenue and take the usual route to the Borough Monument. Services will be held here after the parade.

Co-chairmen are Commander Frank Francaviglia of the William B. Mawhinney Post 1593 V.F.W. and Commander John McAuliffe of the Hawthorne Post 199 American Legion.

Plans of the Queen will be published when finalized. Any unit that has not been contacted and wishes to be in the parade, is asked to contact Commander Francaviglia or Commander McAuliffe at their post homes; or call Edward Van Treuren, secretary (427-7607).

The Truth about Slimming

If you have *absolutely* no willpower, then you can't help yourself, nor can we.
But if you have a weight problem and *really* want to do something about it, then we'll make sure that you slim and *stay* slim.
To say "I used to have a good figure" won't solve your problem. A good figure is not a matter of age—look at successful actresses who are over fifty and sixty years old. How do they do it? They *want* to do it. That's how.
But you are not them. You are you. You are *different*. Someone loves you. Be glad.
Don't go through life looking your worst. You want people to be pleased looking at you. You want to be *happy*.
So call us. We are experts. We have been helping women to slim and *stay* slim all over the world. We *guarantee results* to those who really want them.
Our installations are unique; our methods and equipment are test proven. We spent a million dollars making sure you'd like them when you come in. We have spent twenty years *making sure*.
We'll give you a visual tour of our entire facilities including our *carpeted fitness area, Hydro-Swirlpool, Turkish steam room, Finnish sauna, Sun-Ray booths.* No charge or obligation.
And if your husband needs to relax, bring him along. We have a special program for him too.

Reenstra Denies Involvement In Sale of Blasberg Tract

Donald R. Reenstra has denied reports linking him with the sale of the Blasberg property. "I was shocked by an article in a bi-weekly paper which stated that I was involved in the alleged purchase of the Blasberg tract," he stated.

"I can categorically state that I have no interest in the Blasberg property in any way. My only connection with Mr. Mandon is that I have been associated with him in a purely legal capacity for about a year and a half," Reenstra added.

"He, of course, is an attorney privately engaged in real estate development for approximately 30 years. I did not represent him on this matter. Any connection that he may have with the Blasberg property is purely his own business and no concern of mine," he concluded.

The contract between Martin and Edna Hamstra and Martin S. Mandon to sell the Blasberg property for $502,500.00 has been the topic of controversy because of a clause which states "this contract is contingent upon premises being rezoned for garden apartment units or town houses and building permits being obtained for a minimum of ten units per acre."

However, as the issue continued to be brought up, each of the six candidates for election has come out against re-zoning the Blasberg tract for multi-dwelling units. The area is presently R-1 zone (one family homes).

The only mention of Reenstra's name in the contract is in the portion which states that the closing shall be held at the office of Mandon and Reenstra, 1350 Rt. 23, Wayne, New Jersey.

Dinise Heads Vander Brink Campaign

Mrs. Pamela Betty Vander Brink, candidate for the office of Commissioner, has announced the appointment of Louis Dinise as her campaign manager.

Mr. Dinise, a partner in the law firm of Gallo and Geffner of Hackensack, N. J., said he is interested "in promoting good government locally and as a parent, he concurred with Mrs. Vander Brink's position on the deplorable conditions of the present school system."

He added "the time has come for the people of Hawthorne to elect an official with foresight who will present sound, economically feasible plan for school expansion that will stay abreast of our needs."

BULLETIN

Gorcica Withdraws From Race

Louis H. Gorcica of 167 Passaic Avenue announced last night that he is withdrawing from the Commissioners contest due to pressing business commitments.

The former candidate also said that he would support Dominic Mele in his campaign.

Mr. Gorcica stated he is in favor of a change in government in Hawthorne "to insure better representation of the people in order to prevent situations such as occurred in the attempted rezoning of the Passaic Avenue area to industrial. It was obvious that the Commissioners were not aware of the feelings of the citizens on this matter and did nothing to change the plan until a lawyer was hired to present their side of the issue. The entire matter could have been avoided were there enough representation to enlighten town officials of the will of the people."

Mele Wants Improved Services

Calling himself "A strong advocate of the improvement of essential services in the Borough of Hawthorne," Dominic Mele, Independent candidate for Commissioner in the May 11th election, has come out unequivocally for increasing police and fire protection as well as stringent enforcement of existing laws on pollution of air and waterways.

On the latter he says, "We have the power to improve our situation. The laws are on the books. It's simply a matter of seeing that they're stringently enforced. Any number of violations are going on right under our noses. I, for one, pledge myself to a course of straightforward action in the matter of correcting pollution violators—our present situation can be greatly improved!"

A former fire chief of the town himself, Mele has long been concerned with the efficiency of the fire and police departments. "The important protection they afford every citizen of Hawthorne is more necessary as each day passes. It's up to us to see that these departments are adequately staffed—with an increase in personnel—so that they are ready to meet the needs of the community. I know from personal experience, for I have been involved in working with members of these departments—that Hawthorne is fortunate in the calibre of the men who represent the fire and police departments—but we must back them up, must do our share to see that these standards are kept high. As a Commissioner I shall do all in my power to accomplish this."

The Mele campaign, which is headed by chairman Robert J. Passaro, is emphasizing, according to Mele, "the necessity for infroming the voters of the issues today. Once they know the problems—they'll answer at the polls."

Bruce M. Donnelly suffered lacerations of the mouth and nose, following his second auto accident on Monday. Aiding him at left is Patrolman Daniel O'Dell and at right Patrolman Alfred Soder. (Staff Photo)

Double Trouble

Bruce M. Donnelly, 27, of 158 South Avenue had more than his share of misfortune on April 12.

At 4:44 p.m., Donnelly was involved in an auto accident in front of 576 Lafayette Avenue. The driver of the car in front of Donnelly, Alfred Groos of 144 Pasadena Place, stated, "I was stopped in traffic. A car going north behind me did not stop and struck my car in the rear."

Donnelly stated that "the car in front of him slammed on his brakes. "I applied my brakes and slid into him." He was driving a car owned by Loraine J. Molpole, 9 Palm Terrace, Ringwood.

Patrolman Robert Beattie, who witnessed the accident, issued Donnelly a careless driving summons.

At 11:44 that evening, the 27-year-old Hawthorne resident was driving a different car on Rea Avenue near First Avenue. Here Donnelly was involved in another mishap and suffered lacerations of the mouth and nose and was transported to Paterson General Hospital by ambulance. He received another careless driving summons, this time from Patrolman Daniel O'Dell.

Three parked vehicles were damaged, owned by James R. Haywood of 57 Rea Avenue; James M. Finamore of 53 Rea Avenue and Package Craft, Inc. of Garfield, New Jersey.

Kiwanis Club Nominates Slate

Nominations for the 1971-72 year were presented as follows: Billie Sutherland, president; Donald Reenstra, first vice president; Harvey B. Wright, second vice president; Julius Miller, treasurer; Joseph Broeckaert, Wilbert Klepper, Jr., John Pasquale 3rd., James Rogers, Clifford Hut, Sr., Charles Lambertz, Dr. Raymond Ploch, Lewis Stallman, man, and Nelson Struck.

Mr. Lewis Stallman, program chairman, presented delegates of the Key Club who reported on the convention in Atlantic City. Mr. Eugene Meyers of Hawthorne Auto Sales was presented with a plaque for his support of this project.

Mr. Fred Everett of Everett's Market, 157 Westervelt Avenue was the winner of the color TV set for the raffle held by the Charles F. Kenyon Youth Fund and sent a donation for the fund.

Candidate's Night Set For April 28

A Candidates' Night for the May 11th Commissioners' election will be held April 28 at 8 p.m. at the Hawthorne High School auditorium by the Borough Jaycees.

Master of ceremonies will be Terry Hayden, past president of the Ridgewood Jaycees, who has had considerable experience in moderating such activities.

Chuck Thompson of the local Jaycees is chairman for the event and stated that all six candidates have received written invitations.

The format will be a five-minute opening talk by each candidate with a three-minute rebuttal. A question and answer session will follow.

The evening will conclude with a two-minute summation by each contestant.

Mr. Thompson announced that the order of speaking will not be determined until that evening, at which time candidates will draw lots.

Brokaw Compares Boro Taxes With Six Surrounding Towns

Finance Commissioner Arthur A. Brokaw said in a campaign speech that Hawthorne's residents are paying less taxes and enjoying more than any of six surrounding municipalities.

Brokaw, seeking election with Mayor Louis Bay II and Commissioner Harold Floyd, cited figures to prove his point at a meeting of the Independents for the Mayor Bay Team.

He pointed out that on a house assessed at $30,000, a Hawthorne resident is paying a total of $954 in taxes. For the same house in Fair Lawn, the taxes are $1,224; in Glen Rock, $1,439; Ridgewood, $1,69; Wyckoff, $969; North Haledon, $1,047 and Paterson, $1,782. Brokaw emphasized that these are communities touching on Hawthorne's borders.

"In the last four years, this administration has kept its pledge to the taxpayers and continued its pay-as-you-go" policy of financing capital improvements from current revenues. "Commissioner Brokaw said, "We have not placed a financial burden on the future of the young people of Hawthorne."

Commissioner Brokaw said that 20 years ago the borough was One Million Three Hundred Thousand dollars in debt on permanently funded bond issues. But, he added, in 1968 the last payment on municipal debt was made and the borough is now debt free.

"In the past four years we have been able to provide two tax reductions in the local municipal tax rate while still providing essential services," Commissioner Brokaw continued, "And it is of special interest to note that over $67,000 was appropriated in 1971 for recreational purposes, while still bringing about a six point reduction in the tax rate for municipal services. We also have absorbed a $100,000 a year increase in garbage and trash disposal costs since 1967."

Brokaw said also that it was through the efforts of the Mayor Bay Administration that the borough has been able to secure state and county funds of $215,000 for the Goffle Hill Road improvement project which will be completed this year. The borough also has received $20,000 of state funds for the Passaic Avenue improvements which also will be completed this year, he said.

"This just didn't happen," Brokaw continued. "It required the teamwork of three commissioners who put their resources together to help their townspeople. Without one cooperating with the other, it would be like a football team with a quarterback who calls one set of signals for his linemen and another for his backfield."

Brokaw said funds coming from outside the borough bring about a substantial saving to the taxpayer, reducing the local share of the cost of the projects.

The finance commissioner said the Bay Team's investment program during the past four years enabled the town to realize over $200,000 in interest income to help offset budget expenditures. This money, he said, was earned on short term investments not immediately needed to meet monthly commitments. He also noted that after adoption of the 1971 local municipal budget the current fund surplus amounted to over $425,000.

"Finally, I would like to say that at the recent municipal budget hearing for the public not one single objector appeared and no questions were asked concerning any portion of the budget," Brokaw stated.

Salary Ratio Discontinued For Boro School Administrators

The salaries of school administrators who have reached maximum level of the salary guide will no longer be computed by ratio.

Formerly an administrator's salary was based on a teacher's salary with the following ratio: 1.35 for an elementary school principal; 1.4 for vice-principal; 1.6 for high school principal and 1.85 for the superintendent of schools.

Of the eight administrators, six have reached maximum; while Joseph Livatino, vice principal of the high school and William La Russo, principal of Washington School, will remain on the guide in order to catch up in salary with those on maximum level.

With the discontinuance of the salary ratio, administrators will receive the same salary increase as teachers derive from negotiations.

The School Board voted to change the next scheduled meeting from May 11 to May 18 because of the Commissioners election of the second Tuesday of that month.

Expansion Chairman Carl Chirico introduced a resolution to begin bonding proceedings for an elementary expansion program. The Board named Louis S. Korb as accountant; Neil S. Greydanus as architects and Hawkins, Delafield and Wood as legal advisors and stated that the School Board attorney shall receive no compensation for this program.

Several Events Planned For Nat'l Library Week

In observance of National Library Week from April 18-24, a program will be held Tuesday, April 20 at 8:15 p.m. at The Franklin Elementary School. The special will consist of "The Magic Suitcase" presented by Public Service and a talk by Thomas Jardula, Director of the local library, on, "What Hawthorne Library Is Doing For You." A question and answer period will follow.

An open invitation to all borough residents has been extended by the library staff and the Library Board of Trustees. Admission is free and refreshments will be served.

The entire week is scheduled with events including a supper party for pre-school children who have completed the 13-week storyhour Monday and Wednesday; an open house at the library on Thursday; a storyhour for children who did not participate in the weekly program on Friday at 10 a.m. and two films "Steadfast Tin Soldiers" and "Doughnuts" on Saturday at 10 and 11 a.m.

FOR FOUR GENERATIONS

Four generations were present to celebrate the first birthday of Dina Oricchio yesterday. Pictured from left are the baby's mother, Mrs. Dennis (Joyce) Oricchio of 18 Birchwood Road; the maternal great-grandmother, Mrs. Josephine Farnese, of 29 Mercer St., Paterson, and maternal grandmother, Mrs. Carmen (Phyllis) Latrecchia of 50 Arlington Avenue, Hawthorne. On the father's side grandparents are Mr. and Mrs. Dominic Oricchio of 180 Beech St., Paterson, and great grandparents, Mr. and Mrs. Angelo Latrecchia, 204 E. 25th St., Paterson.

OBITUARIES

JOHN W. NEWMAN

John W. Newman, 67, of 1062 Lafayette Avenue died April 9 in Paterson General Hospital after a short illness.

A resident of this borough for 60 years, he retired last year as a textile engraver for Celco Engineering Laboratories Co., Mahwah. He was a member of Hawthorne Gospel Church.

Surviving are his wife, the former Marie Van Der Hoek; a son, John, Jr., and a daughter, Mrs. Neil (Mary Ruth) Bezuyen and a sister, May Newman of Hawthorne.

HELEN HOCKENBERRY

Mrs. Helen (Fairbanks) Hockenberry, 73, of 9 Third Avenue died April 9 in St. Joseph's Hospital, Paterson, after a long illness. Her husband, Watson, predeceased her in April 1963.

She resided here 33 years and was a member of the Golden Circle. She belonged to the Church of the Messiah, Paterson and was active in all phases of church activity.

Surviving are one son, Theodore (Ted) of Hawthorne; a daughter, Mrs. June Papendick of Haledon; a brother, U. D. Fairbanks of Ramsey and a sister, Mrs. Walter (Carol) Statham of Hawthorne.

WILLIAM J. FREELAND

Former Hawthorne resident William J. Freeland, 70, of 8441 47th St. N., Pinellas Park, Florida died suddenly March 5.

Prior to moving to Florida seven years ago, he lived in the borough for 30 years and was a charter member of the Adoration Society, St. Anthony's R.C. Church.

He was an employee of the General Hospital, Pinellas Park, X-Ray Department. Mr. Freeland was a member of the Sacred Heart Catholic Church, Pinellas Park and the Knights of Columbus, Our Lady of the Highway Council, Little Falls, N. J.

He is survived by his wife Mary to whom he was married for 47 years; two sons William E. Freeland, Montesano, Washington and Raymond E. Freeland, Little Falls, N.J.; one daughter, Marian Freeland Gibson, Pinellas Park, 11 grandchildren and nine great grandchildren.

Jehovah group Will Attend Convention

Jehovah's Witnesses of the two Hawthorne Bible groups are completing arrangements to attend their upcoming convention on the week-end of April 16-18, at the Franklin High High School, Franklin, N. J. "Everyone is loking forward to the refreshing spiritual benefits." commented Mr. Lynch, presiding minister.

"The opening session will present model classes of the Theocratic Ministry School and Service Meeting, classes which are held weekly in every congregation. The first provides instructions in public speaking and Bible reading, whereas the second is designed to develop the service capabilities of the congregation," Mr. Lynch explained. The Service Meeting theme will be "Asume Responsibility for Feeding the Sheep."

Saturday morning a talk on the meaning of dedication to God and Christian baptism will be given, following which baptismal candidates will be immersed in a nearby pol. "The evening session," observed Mr. Lynch, "will have timely information on extending and enriching the benefits of home Bible study."

On Sunday at 3 p.m., M. L. Holien, District Supervisor for Jehovah's Witnesses, will deliver the public address "What is Behind the Spirit of Rebellion?".

"The whole program has been prepared to encourage and strengthen all in attendance," said Mr. Lynch. "I'm sure," he added, "that those other than Jehovah's Witnesses who plan to attend will receive a fine spiritual blessing as well."

St. Anthony's Knights of Columbus Council 5920, Hawthorne, held their annual Communion Supper on Sunday, March 28. Among over one hundred attending were (l. to r.) Frederick Conforti, Grand Knight; Al Anderson, District Deputy; Congressman Robert A. Roe, Guest Speaker; Mayor Louis Bay, 2nd; and Joseph Carr, General Program Chairman. ... Non-Public School To Get State Aid Applications

TRENTON — Application forms to determine eligibility for state aid will be mailed by the State Department of Education to some 800 non-public schools during the first week of May, according to John R. Flynn, special assistant to State Education Commissioner Carl L. Marburger.

Flynn, who has been directed by the Commissioner to take charge of the implementation of the program, said that the applications will begin the process for determining school eligibility.

"We will have the question of eligibility settled by July," Flynn said. He added that eligibility will be determined under criteria defined by the law.

Schools receiving applications for the determination of eligibility will be expected to have them returned to the Department of Education by the first week in June. The non-public school aid law goes into effect on July 1. Some $9.5 million has been appropriated by the State Legislature for non-public school aid.

Flynn said the department's program is on schedule and that the state would begin issuing contracts for secular education services during the first week in July.

The first payments of state aid will be made to the schools on Nov. 30. The law requires payments on the last day of November, March and June. First payments will reimburse textbook costs. Later payments will go toward teacher salaries.

Flynn said that an eight-member advisory council met on April 6 to begin assisting the department in establishing policy. The department had invited representation from a number of other non-public education groups, but had not received replies. The council will be enlarged as replies are received.

Members of the council at present are Dr. Philip Anderson of Montclair Academy, Rev. John Bloh, New Jersey Catholic Conference; Richard Fischer, Cooperative Lutheran Schools; Nicholas Huizenga, Eastern Christian Junior High School; Msgr. Joseph Tuite, Archdiocese of Newark; Raymond Milam, Urban Schools Development Council; Peter Dugan, Englewood superintendent of schools, and Assemblyman Richard J. Vander Plaat.

Rides Available To Baptist Church

Starting Sunday, April 18 the Sunday School of the First Baptist Church of Hawthorne will initiate a new program to reach the young people of the community. The School will provide a pick-up service for those who have no transportation. If you have or know of someone who needs a ride to Sunday School, simply call 427-3068 or 427-6411.

For the young adults, nursery facilities will be provided during the Sunday School hour so those with small children will be able to attend this session.

It's That Time of Year Again

SPRING—It's that time of year again, when Americans reach into their home arsenals and launch their campaigns of chemical warfare against household dirt and garden pests. Don't let your efforts lead to tragedy, warns the National Society for the Prevention of Blindness, by allowing an eye to become the unintended target of household chemicals.

"Though eye injury is always a threat when chemical cleansers are within children's reach, modern packaging—particularly the aerosol and other spray containers—makes them especially attractive to children," says Wilfred D. David, M.D., executive director of the National Society.

"Accident reports confirm that adults too often neglect safety precautions regarding accessibility of home chemicals to children," says Dr. David. "They may also ignore the simplest precautions for themselves—such as failing to note which way an aerosol nozzle is pointed before they spray."

The Society urges this emergency treatment if caustic chemicals enter the eye: Flood the eye with water immediately, continuing for about 15 minutes. Hold the head under a faucet or pour cool water into the eye from a glass, pot, etc. Do not use an eye cup. Then call a doctor.

"Another danger of aerosol containers is their propensity for explosion," says Dr. David. "The National Commission on Product Safety has reported that pressure can build up in the cans causing them to explode with the force of hand grenades, shooting metal shrapnel. They are especially dangerous if overheated."

Never throw empty aerosol cans on a trash fire, warns the Society. Even empty glass bottles thrown on a fire can explode and shower potentially blinding fragments.

Safety goggles or glasses are strongly recommended by the Society for yard work and gardening, particularly if chemical pesticides or fertilizers are being used, or if pruning or mowing are on the agenda. U. S. Public Health Service figures indicate an estimated 100,000 injuries a year are caused by power mowers; and safety goggles are especially important for protecting the eyes from small stones and other objects thrown up by power mowers.

Safety goggles, or safety glasses (and sunglasses) made up in your prescription, can be obtained from your local eye specialist or optical house.

National Library Week

National Library Week is to be observed April 18-24. Its purpose is, "To create a better-read, better-informed America by encouraging lifetime reading habits and stimulating greater library use." Books have a singular importance unequalled by any other method of human expression. They are the storehouse of the knowledge and wisdom that perpetuates civilization from one generation to the next. An education is impossible of attainment without resort to the knowledge that is accessible nowhere but in the great books that have been produced over centuries. It is no coincidence that suppression of books is a first act of any despot who fears the wisdom of human experience as recorded in books that can be found in virtually any library.

National Library Week serves to remind us that we are indeed a wealthy nation—wealthy because we possess two vital ingredients of liberty—thousands of libraries where the world's knowledge is stored and freedom of the press to utilize that knowledge for the advancement of mankind.

Hawthorne, N. J.

Dear Editor:

I feel impelled to respond to the Letter to the Editor written by Anthony Ross, in his capacity as Planning Board Chairman.

Firstly, let us put the issue in its proper perspective. Dominic Mele informed the people of Hawthorne of a proposal, as contained in a written Contract of Sale, whereby a large 21 acre tract of land, referred to as the Blasberg Tract, was sold to a real estate developer "contingent upon the premises being rezoned for garden apartments or town houses."

Since the property involved was one of the largest prime residential tracts left in Hawthorne, Mr. Mele felt that the people of Hawthorne should be informed of this proposal prior to the election of Borough Commissioners, since the Borough Commissioners to be elected would ultimately be called on to pass upon the merits of the proposal. This is one way voters can determine where a particular candidate stands in relationship to an issue important to the people of Hawthorne.

Mr. Mele took a strong stand in opposition to this proposal to build garden apartments or town houses. He called upon the other candidates to likewise take a stand on this proposal.

The fact that the other candidates speak out in agreement with Mr. Mele in opposition to this proposal is welcomed by us.

The point, which should not be overlooked, is that Mr. Mele made the people of Hawthorne aware of this proposal.

Secondly, to blame the formulation of this issue on public relation writers is completely false and misleading. Upon seeing a local news item indicating that the Blasberg Tract was sold for $500,000.00, Mr. Mele asked me to search the County Records in order to ascertain if anything could be found on record regarding this transaction.

Mr. Mele was suspicious of the fact that garden apartments might be involved in the Blasberg land proposal because of the fact the contract purchaser of the Blasberg Tract was also involved in the Rock Road Apartments in Hawthorne.

A Contract of Sale was found in the County Records which did provide for the contingency about garden apartments and town houses.

Instead of criticism, Dominic Mele should be commended for having the foresight to dig out this proposal and bring it to the attention of the people of Hawthorne.

Very truly yours,

ROBERT J. PASSERO
Campaign Chairman

Dear Editor:

I am a former resident of Paterson and moved to Hawthorne because of the many good things I heard about the town from my friends who live here.

It was one of the best moves I've made in my life. The people of Hawthorne are friendly, the streets are safe in day and night. I enjoy watching the many recreational activities in the town and, most importantly, this is a well-governed community with its low tax rates and many services.

However, as of late, I have become concerned about the commissioners' election which will take place in a few weeks. I am concerned about some of the statements three of the candidates are making in the press. One of them believes we should have 20—that's right—20 councilmen governing this town. Maybe he comes from New York City, but how ridiculous a proposal that is!

Another candidate seems to be running for the school board. Her candidacy comes two months too late since the school board election was held in February and the Board of Commissioners' election has to do with only municipal services, not educational.

Still another candidate has come up with an improvised piece of fiction about garden apartments on a piece of land known as the Blasberg tract. I suspect this is just another attempt to make a false issue where there is no true issue since the mayor and commissioners and the planning board have indicated very firmly in this matter, even to the extent of going to the courts to keep it as a one-family zone which it is today.

I am confident the people of Hawthorne will not buy these types of candidacies. Mayor Louis Bay II, Commissioner Arthus Brokaw and Harold Floyd are sound governing officials. They have helped make Hawthorne the well-respected town it is. They deserve re-election.

As one who appreciates Hawthorne and the friendly suburban living, I can see no reason for a change in the composition of the governing body. I am sure other residents of the town feel the same way and I urge them not to be swayed by the three candidates with way out ideas that simply are not in keeping with the character of Hawthorne.

Yes, my move to Hawthorne was a wise one, as I am sure it has been for others. May my judgment and that of many others be further justified with a resounding victory for Mayor Bay, Commissioners Floyd and Brokaw. Hawthorne needs their leadership.

Yours truly,

DOMENIC N. SALLEROLI

Dear Editor:

Opening his campaign for re-election in Hawthorne, Mayor Bay challenged Dominic Mele to a debate to see who is best qualified for office. The Mayor's experience as an administrator cannot be disputed and his ability to debate are well known. He is a master at side-stepping issues and getting off on a rhetorical tangent until the original question is lost. However, Mr. Mele is not Stephen Douglas nor Mayor Bay, Abraham Lincoln. The Mayor says this is not a popularity contest, but it isn't a debating contest either. The voters are not interested in a demonstration of the art of campaigning.

Whether the Blasberg Tract has been zoned for one family houses or garden apartments, population growth will force a new priority—the need for additional services and grade schools "up on the hill" and the high school will be inadequate despite its recently completed addition.

We have suffered for years with inadequate school facilities. The needs of our children have been budgeted, debated and referendumed to death. We want straightforward answers and forthright action on the part of the responsible officials. Hawthorne is not "Shangri-la," despite its low tax rate. You get what you pay for, and Hawthorne's children are educationally underprivileged and we live with all the attendant ills of poorly planned industrial growth in our backyards.

The Mayor failed to comment on Mr. Mele's proposal for a tax revaluation of industry in the borough "to insure that they are paying their fair share." What does the Mayor consider "their fair share"? These industries are making money here, our landscape is pockmarked and our pure air defiled with the ugliness of their operations. It may be that their "fair share" is considerably more than they are paying.

We have an ordinance to control pollution which is being violated every day. The air along Wagaraw Road in the vicinity of the Hawthorne Pool is unfit to breathe much of the time.

In regard to the Passaic Avenue re-zoning proposition, the 6th District Association, an organization of neighbors formed solely to protect our neighborhood, petitioned our Commissioners. We had legal counsel and the fact of the approaching election tipped the scales in our favor. We are aware, however, that "eternal vigilance" is the price we must pay to keep our B-residential zoning.

Abraham Lincoln once said, "you can fool some of the people some of the time, you can fool some of the people all of the time, but you can't fool all of the people all of the time."

I am an uncommitted voter.

Sincerely yours,
EDNA H. STRAUSS

Dear Editor,

We would like to thank Mr. Raymond L. Rhodes for accepting the Honorary Chairmanship of the fund drive for the Muchachos Junior Drum and Bugle Corps.

Mr. Rhodes is a busy man with always enough time to help others.

Secondly, we'd like to thank all the people who are so generously responding to his plea for assistance in this fund raising drive.

We're all proud to be members of this fine corps and we sincerely hope that we have and can continue to make you proud of us too.

Tips on Social Security Given

Andrew J. Gessner, social security manager in Paterson, N.J., has some tips that may help save you time and trouble when you apply for your social security benefits.

A telephone call to the social security office is a good first step. The office can answer your questions and tell you how to apply and when to do it.

When you apply bring your social security card, proof of your age, and your last year's income tax withholding statement. (If you are self-employed, bring a copy of last year's income tax return and evidence of payment of the self-employment tax).

If your wife also is applying for benefits, she should bring evidence of her age and her social security card if she has one.

The best evidence of your age is a birth or baptismal certificate made within five years of your birth. However, of these are not available, other documents may be used. Generally, the older the document the better.

If you have children under 17—or youngsters between 18 and 22 who are full-time students—bring their birth certificates and records of their social security numbers.

It's generally a good idea to apply about three months before you retire. Don't delay because you don't have any of the required documents or information.

According to the Finast Record, published by First National Stores, Inc. "Walking a fine over-all body conditioner, brings nearly every muscle into use and helps to maintain better posture and a trimmer figure. Walking is also an excellent way to relieve nervous tension. A long walk can be the perfect time for meditating, planning, or enjoying your surroundings. Undertake walking gradually, starting with short walks before attempting long hikes. Check with your physician for advice on an exercise program suited to your age and physical condition. Learning to walk properly may sound like child's play, but there are rules to follow. Hold your head squarely above the shoulders, your abdomen flat, and your back straight. Keep toes pointed straight ahead and take long, easy strides. Protect your feet with shoes that give good support, fit properly, and allow ample room for socks or stockings."

Playhouse on The Mall

The musical comedy "Mame," which has the largest advance theatre party sale in the history of the Playhouse on the Mall, Bergen Mall, Paramus, will open at that theatre on Friday, April 23, to run through May 16. Charlotte Fairchild will star in the title role. "Mame" was one of the longest running musicals in the history of the Broadway stage.

This ebullient heroine, as "Auntie Mame," has been delighting Americans since 1954, first as the central figure of Patrick Dennis's best-selling novel, then in an immensely popular play, then in an acclaimed movie, and then in the musical comedy more briefly entitled "Mame" that triumphed on Broadway from 1966 through 1969 and is now coming here.

The story of the musical revolves around a lovable, wealthy playgirl of the 1920's who suddenly inherits the guardianship of a small nephew and has eighteen years of adventure making him into a man. The play is embellished with songs by Jerry Herman, composer-lyricist of "Hello Dolly." Jerome Lawrence and Robert E. Lee wrote the book.

Through 18 years and an equal number of stunning costumes, the musical follows Mame's and her nephew's confrontations with one situation after another.

Steve Britt will portray the 10-year-old nephew. Isabell Sarrell will be seen as Agnes Gooch. Others in featured roles will include Delph Lawrence, Ed Herlihy and Robert R. Kaye.

John Bowab will direct the production; musical director will be Robert McNamee. Diana Baffa will be the choreographer. Robert Conley and Frank Desmond will create the sets, and Leon Di Leone will design the lighting.

Ladies Auxiliary Wm. B. Mawhinney Post No. 1593

The regular meeting of the Ladies Auxiliary to the William B. Mowhinney Post 1593, VFW, was held at the Post Home, 46 Royal Ave., with 28 members present, and President Nellie Sasowski presiding. Hannah Van Saun and Elsie Campbell are reported recuperating at home.

Russell Gould, Senior Vice Commander of the Post, was introduced into the meeting. He and Pearl Neuman, co-chairmen of the recent Corned Beef and Cabbage Supper, thanked all who helped make the affair a success.

Post Chaplain John Aitken and Auxiliary Chaplain Dorothy Van Der Wall will conduct a joint Memorial service at the Post Sunday, April 18th at 8 p.m.

Election of officers for the coming year was held with the following results: President, Betty Kilheart; Senior Vice President, Anne King; Junior Vice President, June Titman; Treasurer, Beatrice Mauer; Chaplain, Dorothy Van Der Wall; Conductress, Grace McConville; Guard, Barbara Boyd; Trustee, three years, Nellie Sasowsky; two years, Florence Boyd; one year, Bertha Reade. District No. 1 delegates, Nellie Sasowsky; Charlotte Francaviglia; Jane Gould; Beatrice Meuer; Mary Struck. Alternates, Anne King; Dorothy Kenyon, Florence Boyd, Barbara Boyd, Grace McConville and Martha Gundersen.

There will be a joint installation May 8th. Installing officer will be Mary Struck; installing conductress, Florence Boyd.

Woman's Club Elects Mrs. Keeler New President

Mrs. Peter Scullion presided at a recent meeting of the Woman's Club of Hawthorne, at which time a new slate of officers for the year 1971-72 was elected, as follows:

President, Mrs. Reinard Keeler; 1st Vice President, Mrs. Andrew Montano; 2nd Vice President, Miss Dorothy McClane; Recording Secretary, Mrs. Richard Fox; Corresponding Secretary, Mrs. William E. Weisse; Treasurer, Mrs. Horace Linsley; Federation Secretary, Mrs. Peter Scullion.

Members on the Nominating Committee were Mrs. John Komjian, chairman; Mrs. Alfred Motta, Mrs. John Brush, Mrs. Frank Incremona and Mrs. R. W. Ramsey.

Mrs. Keeler and Mrs. Scullion will attend the State Convention in Atlantic City on May 11th to 14th.

Seven members attended the 11th District Achievement Day on March 30th and Mrs. John Brush won a first and two second ribbons for her beautiful plants and arrangements.

Drama Day, April 5th, was attended by Mrs. Scullion, Mrs. Brush, Mrs. Motta and Mrs. Linsley, who enjoyed the six plays presented.

The 11th District Spring Conference will be held on April 19th and anyone wishing to attend should contact Mrs. Scullion by April 10th.

On April 28th a bus will leave Hawthorne at 9 a.m. for the headquarters of the New Jersey State Federation of Woman's Clubs at New Brunswick. All Clubwomen and friends of the 11th District are invited. The chairmen of the 11th District will be the hostesses (Mrs. Andrew Montano is the 11th District Transportation Chairman and Mrs. Horace Linsley is the 11th Diertict Education Chairman). The only cost is the bus. Those who plan to attend should contact Mrs. Montano.

The next meeting of the Woman's Club will be on Thursday evening, April 22nd at Franklin School. A President's Tea is planned at this time. Mrs. John Komjian is the chairman assisted by the past Presidents of the Hawthorne Club. The program will be Music by Mrs. Hartmann and a High School Choral Group.

Miss Dorothy McClane spoke about the annual dinner, June 3rd, which will be held at the Brownstone.

After the last meeting a delightful program was presented by Mrs. Madeleine Linsley of North Haledon. She painted a beautiful picture of red and white roses and demonstrated Impasto painting in acrylics. Members of the Hawthorne Junior Club were guests and very much enjoyed the program. Mrs. Linsley is a member of the Ridgefield Art Association.

Legion Ladies Name Winners

A meeting of Unit 190 of the Hawthorne Post, American Legion was held with President Catherine Cravella presiding.

The Essay Contest on the subject "The Price of Freedom" was won by the following students: High School, Brent Sjaardema; Elementary School, 1st, Denise Lopez and 2nd, Christopher Pinzone.

It was announced that the delegates for Girls' State were selected as follows: Diane Decouninck, Susan Decker, Gail Karram and Linda Carr. Kathleen Kilhaney, Linda Johnson, Debora Beckman and Lynn Reading were selected as alternates.

The tallies, priced at $1.00, for the upcoming card party, Saturday, May 15th, were made ready for distribution by chairladies Mabel Reese and Evelyn Perkins. All donations of prizes and books of trading stamps will be greatly appreciated. For additional tallies and information please call either of these ladies.

Y.E.S. Cake Sale Is Tomorrow

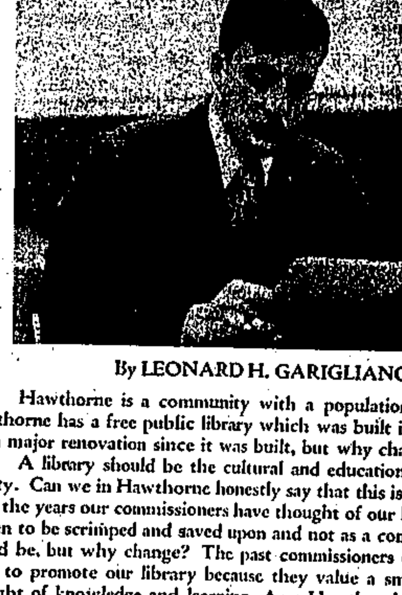
WHY CHANGE?



By LEONARD H. GARIGLIANO

Hawthorne is a community with a population of nearly 20,000. Hawthorne has a free public library which was built in 1931 and has not had a major renovation since it was built, but why change?

A library should be the cultural and educational center of a community. Can we in Hawthorne honestly say that this is true of our library? Over the years our commissioners have thought of our library as a financial burden to be scrimped and saved upon and not as a community center as it should be, but why change? The past commissioners of Hawthorne have failed to promote our library because they value a small tax saving over the light of knowledge and learning. As a Hawthornite I am ashamed of our library and its non-existent capabilities. We must do something to improve our library which falls way below the state's standards.

Before the acquisition of our new library director the library lay stagnant since its inception. Any innovations in our library are due directly to the new director and not the over zealously thrifty members of the board of directors of our library, but why change? Our library has been allowed to remain as it was when it first opened, the students of our town rarely even bother to come to our library because of its poor facilities. The Hawthorne Library has only two full time employees for a town of 20,000. Why change?

Our library lacks such things as a concrete program for the elderly and very young. It lacks space, which could include a conference and meeting room. It has no exhibition space to speak of. It has no telephone reference service. It has no children's library or librarian. And it has no microfilm reference facilities. We have no facilities for a stereo or movie entertainment. All of these things are essential to a modern library.

The current administration has failed to supply our library with a sufficient budget, or monies for expansion. We could be receiving state aid for this expansion if our town fathers thought it necessary. But again why change? I will tell you why. We the people of Hawthorne who are interested in education and learning demand a leader who will serve the best interests of all Hawthornites. We need someone who will not allow our library to continue to be the laughing stock of North Jersey and lay stagnant for another forty years.

Water Pollution Survey Begins In Borough

Kicking off a campaign for clean water are, from left, Norman W. Hopper, Robert Davenport, Mayor Louis Bay II, Frank S. Campana and Thomas Jardula.

Frank S. Campana of 60 Summer Street has been selected by Robert Cummings, President of the Hawthorne Jaycees as chairman of the Water Pollution Campaign.

The intentions of the program is to survey the amount of pollution in and along the Hawthorne water beds.

Its purpose is to inform, educate, persuade and to seek passage of effective laws which would be beneficial to this problem.

Hopefully, the Jaycees will become a motivating force behind the citizen of Hawthorne for the improvement of this problem.

The program has the full support of Mayor Louis Bay II; Robert Davenport, President of the North Jersey Water Commission; Health Inspector Norman Hopper and Library Director Thomas Jardula.

Programs planned for the public in the near future will consist of lectures and films on Water Pollution to be shown at the Hawthorne Public Library.

Dates, and time for these events will be published at a later date.

YMCA Events

The Hawthorne YMCA is offering a six-week swim instruction program for boys and girls ages 6-12. The swimming lessons begin on Thursday, April 29th. The bus leaves the Hawthorne YMCA at 4 p.m. and returns at 6 p.m. Instruction is given in the Paterson YMCA swimming pool, which has been reserved for the Hawthorne YMCA.

The YMCA Progressive Method of teaching is used, which allows both beginning and advanced students to progress according to their ability.

Further information may be received by contacting the Hawthorne Family YMCA, 190 Warburton Avenue, 427-8858.

The Hawthorne Family YMCA will offer another six week course in tumbling for children ages 4-6 starting Saturday, April 24th. Those children who have completed the first six week course may sign up for the advanced class, which will meet from 11:30 a.m. until 12:30. The beginner class will meet from 10 a.m. until 11 a.m.

The class size is limited, so sign up early.

Henry Mallon Is Elk of the Year

Henry Mallon has been chosen Elk of the Year by Hawthorne Lodge 2260. This is the second time Mallon has received this honor.

An Elk for nine years, he has been successful as house chairman and worked on the ad journal and the New Year's Eve party.

A Hawthorne resident, Mallon has worked for Curtiss Wright for 32 years. He has been married to the former Pearl Burtt for 32 years and they have two children, Bob and Paula.

The Elks Softball Team, led by Chairman Dave Moore, is holding the annual beefsteak at the Lodge Hall this Saturday. The team opens their season in the Bergen-Passaic Elks League on Sunday in a game with the Passaic Valley Lodge.

Mele Questions Tax Rate For Hawthorne Industry

Dominic Mele, Independent candidate for Commissioner, has released the following statement:

"Recently, Arthur A. Brokaw issued a press release patting himself and the other Borough Commissioners on the back for what he calls 'Hawthorne's favorable tax rate.'

"He compares, for example, a $30,000 home in Hawthorne for which the homeowner pays $954 in taxes with a $30,000 home in Wyckoff for which the homeowner pays $969, or $15 more in Wyckoff. (He conveniently gives you no comparison with Prospect Park.)

"I ask the people of Hawthorne to look at the facts behind the figures. I believe that in doing so, you will conclude with me that our taxes in Hawthorne are much too high for the poor services we receive.

"According to 1970 tax records on file, Hawthorne has 112 industrially taxed properties, including such giant industries as Interchemical. Hawthorne has 253 commercially taxed establishments. Wyckoff has little, if any, industry.

"I pledge in my platfrom that I would urge a revaluation of major industries in the Borough to insure that they are paying their full share of taxes to this Borough.

"I checked the records regarding the land assessment of the 22.22 prime industrial acres on which Interchemical is located.

"In 1962 and 1963 this 22.22 acre industrial site was assessed at only $80,700 and less. Since 1966 this assessment for land was increased to $580,000. In other words, as recently as 1963, the land assessment was only 6 per cent of what it is now."

Mele referred to other borough facilities:

An excellent volunteer fire department at very little expense to Hawthorne; an excellent but clearly understaffed police department. (With the recent rash of burglaries, these men have had to work seven days a week and without compensation for the extra time); St. Anthony's Parochial School which saves the taxpayers of Hawthorne the expense of paying for another school; a completely inadequate recreational program; library facilities lacking in books and other educational devices so sorely needed by our young; and once-a-week garbage collection during a good part of the year. "In this day and age, it is not only an absurd situation, but also an unhealthy one. Don't be fooled by the argument that they are saving you taxes by doing this—if you follow that argument, they can do away with garbage collection completely and say that they have saved you even more taxes—but at the expense of everyone's health," he continued.

"The people who live on Washington Avenue, for example, have been plagued for 14 years with raw sewerage emanating from the sewers in that area. At times, they can't even use their toilets. It has meant sewage in the street; washing machines, sinks and toilets unable to drain, and offensive odors, making it impossible to sit outdoors or open windows on warm summer nights." This sewage system was designed in 1912 for the capacity envisioned at that time.

Inquiries from State agencies asking what Hawthorne was going to do have resulted in no effective action," Mele said.

"Many of our roads are county roads, cared for and maintained by the county," the Independent candidate added.

"Brokaw brags that there is a surplus balance remaining in the budget of $425,000. He fails to tell you that this administration has used $485,000 from prior years' surplus in this year's budget. In other words, at the end of last year we had a budget surplus of $910,407. This administration, to make the 1971 tax picture appear favorable to the voters, took $485,000 and applied that sum to this year's budget. This amount of money constitutes 25 per cent of the total general revenues from which this year's budget is made up."

Mele questioned what the taxes would be if the $485,000 surplus monies earned over a large number of years was not used in the 1971 budget, or if St. Anthonys School was not there, or even if Interchemical's land was assessed in prior years at what it has been assessed since 1966.

Thomas J. Jardula, Director of the Hawthorne Public Library, is pictured with headphones as he tries out the new stereo-record player center at the library. The equipment arrived Tuesday morning. A cassette-tape center has also been ordered. (Staff photo)

Commissioner Harold Floyd Cites Accomplishments in Public Works

Borough residents benefited from more than $1.3 million worth of municipal projects sponsored by the Hawthorne commissioners during the past four years and will reap further benefits with new funds coming into the borough, Commissioner Harold S. Floyd, director of public works, said today.

Floyd, who is seeking re-election with Mayor Louis Bay, II and Commissioner Arthur A. Brokaw, said the achievements were brought about because of the teamwork of the three incumbents.

"We work as a team to help the people of Hawthorne," said Floyd, a licensed professional engineer and a graduate of Rensselaer Polytechnic Institute. "And everybody knows you don't break up a winning combination by bringing off the bench an untested player who could fumble the ball and lose the game for not only his team but for the taxpayers fo Hawthorne."

Floyd, who is manager of construction engineering for one of the largest engineering firms in the nation, cited the following accomplishments during his term over the past four years:

Improvement of nine miles of streets at a cost fo $270,636., eight miles of which are finished with state aid; three additions to the sanitray sewer systems for a total of $39,673.; additional daily water supply amount to 682,000 gallons; improvements made at the Goffle Hill Road booster pump station; reconstruction of the power supply line for the Wagaraw Well Field and construction of a 3 million gallon storage tank which will provide for greater water storage.

In other areas where improvements are currently being made or will begin shortly, Floyd cited the following:

Awarding of contract for the reconstruction of Goffle Hill Road including curbs, paving, drainage and sidewalks, with state, county, and local funds.

Receiving of bids on May 5 for the reconstruction of Passaic Avenue including curbs, paving, drainage, etc.; and construction of a filter plant at the Wagaraw well field, to be completed in 1971.

Bids to be requested for the Garden Avenue and Fairview Avenue sanitary sewer systems; reconstruction of Llewellyn Avenue and the final stage of May Street.

Federal aid is anticipated in the near future for the Goffle Hill Sanitary sewer project north of Cider Mill Road, for which a survey and engineering study have been completed and easements are currently being obtained.

Application has also been made for State aid for the reconstruction of Fourth Avenue.

Commissioner Floyd emphasized that these are only a few of the projects accomplished and planned for completion.

This has all been done and will continue to be done on a "pay-as-you-go" policy because we feel that bonded indebtedness is a mortgage on the future of our young people.

Commissioner Floyd went on to say, "We want to continue to do our job for the best interests of the people of Hawthorne. We ask the voters not to consider the bench warmer, but to re-elect the Mayor Bay team. It has the background to score for home owner and tenant alike."

Floyd added that the team candidates have accepted the invitation from the Hawthorne Jaycees to attend the Candidates' night to be held on April 28 at 8:00 p.m., at the Hawthorne High School auditorium and urge residents to attend.

Jaycees Will Show Film On Pollution

The public is cordially invited to attend the viewing of the film "How to Make a Dirty River," an N.B.C.-TV film depicting the condition of the Passaic River. The film will be shown at the Hawthorne Public Library, lower level, Monday, April 26, at 7:30 p.m. The showing of the movie will be followed by a talk given by Mayor Louis Bay II, Commissioner of the Passaic Valley Sewerage Board.

The program is being sponsored by the Hawthorne Jaycees and headed by Frank J. Campana, chairman of the Water Pollution Project. The campaign has the full support of Mayor Louis Bay II and Thomas Jardula, director of the Hawthorne Public Library. Seating capacity for the viewing of the film will be limited to 25 people.

Daylight Savings Time April 25

Daylight Savings time will go into effect this weekend Borough residents are reminded to advance their clocks one hour at 2 o'clock a.m., Sunday, April 25.

All public offices and official proceedings and other business in the borough will be regulated according to Daylight Savings time.

Library Director Calls Charges "Unwarranted And Vicious"

Thomas J. Jardula, Director of the Hawthorne Public Library said he was "shocked beyond belief that Mr. Leonard H. Garigliano and his vicious attack on the public library has brought such untruths to the people of Hawthorne," referring to an advertisement by Garigliano of the Community Information Group, which appeared in last week's issue of this newspaper.

"It is a sad state of affairs when the library has to be dragged like an animal in the election as a pawn to get votes. I feel this kind of attack brings people to the point of being afraid to become involved in government. Right now I am talking about the Library Board of Trustees who serve as a non-paying and non-political group who devote their time to the people of Hawthorne. The Board of Trustees over the years has always and I am confident will always keep the best interests of the library for the people," Jardula continued.

The director refuted comments by Garigliano as follows:

"The mass exaggeration of the library to be the laughing stock of North Jersey" is ridiculous to the point of being absurd. We have an excellent overall budget and one of the finest book budgets in Passaic County. We have concrete programs for the young, pre-school program and summer programs for the school-age. As far as no major renovation, there is there is a complete new area on the lower level that was added in 1969 which is being used for the children's library, as well as the children's story-hour. As far as students using the library heavily compared to other communities; come anytime after school and you will see our children from the public schools, St. Anthony's School, Eastern Christian School and other schools that Hawthorne students attend using the facilities. To say there is no telephone service is another untruth, we give much information by phone. If Mr. Garigliano would have sought the truth, he would have found more than two full-time people at the library with a qualified part-time staff to cover the evening hours and Saturday."

Mr. Jardula said that it was unfortunate that "this unwarranted and vicious attack on our library comes at a time known as National Library Week, a period dedicated to honor library boards and library staffs for their devotion and dedication to better understanding through books and other educational material."

In conjunction with this national observance, the director presented a program Tuesday evening at Franklin School on "What Is Hawthorne Library Doing for You?"

He explained that he wanted residents to realize that the library is changing for the need of the community. He listed the following services now available: A pre-school program, a summer enrichment reading program for elementary school students, a stereo listening record player, renewal over the phone for senior citizens, assistance to organizations who need films, educational films for children on Saturday, telephon information, new paperback collection, record collection of rock music.

"Service is the key to a good community library," the librarian added, "The library is a place to pick up newspapers, magazines, books or just listen to records."

Mr. Jardula concluded that he is proud and honored to work in the Hawthorne Public Library, proud to work with the Board of Trustees and library staff and proud to work for the people of Hawthorne, who have a fine community.

the dimmer side...

A Paterson man was arrested on Friday on charges by both the Hawthorne and Prospect Park police departments for indecent acts.

Adefonso Santiago, 24, of 365 Marshall Street, Paterson was apprehended by Detective Sgt. Robert Mohal and turned over to Hawthorne on a charge of committing an unlawful indecent act and to Prospect Park on a charge of assault.

At 8:04 a.m. that day a 19-year-old Hawthorne girl had reported to police headquarters that she had been approached by a man asking directions. The girl stated that while she was giving directions, the man made an indecent gesture toward her. The complainant obtained a partial registration of the man's license number.

A similar offense occurred later in Prospect Park. An 18-year-old girl reported that she was assaulted by a man fitting the description given by the Hawthorne girl. This complainant obtained a full license plate description.

Santiago was remanded to Passaic County Jail in lieu of $500 bail.

Police reported a break and entry into Martone's Friendly Service, 366 Lincoln Avenue sometime between 10 p.m. Monday and 6 a.m. Tuesday.

A total of $108.75 in cash was stolen. An investigation revealed that someone had broken the glass in the bay door; but since the door could not be opened, access was gained by climbing through the window.

Patrolman Ronald D'Argenio investigated.

Marnick's Shell, 92 Lafayette Avenue, was broken and entered sometime between 9 p.m. Tuesday and 6:35 a.m. Wednesday.

Entry was gained through window on rear of building.

A cigarette machine, pried open and an undetermined amount of coins taken.

An investigation was made by Patrolman Alfred Soder.

Between 9 p.m. Tuesday and 7:10 a.m. Wednesday, K and L Texaco, 184 Lafayette Avenue was broken and entered, according to police reports.

Entry was made through a side window and an undetermined amount of money was stolen.

Patrolman Arthur Iannacone investigated.

Two incidents involving stolen tape players were reported over the weekend.

At 4:18 p.m. Friday, Peter J. Monaco of 3-05 29th Street, Fair Lawn, an employe of La Favorite Rubber reported a tape

Police Recover Stolen Tape Players

Members of the Hawthorne Police Department look over confiscated tape players and tapes in connection with Friday's arrest of five youths. Pictured from left are Lt. V. J. Mangiafico, Police Chief Walter J. Vandenberg and Patrolman Richard C. Short.

After two weeks of intensive investigation, Hawthorne police arrested two borough residents, an 18-year-old and a 19-year-old, and three Hawthorne juveniles on charges of possession and sale of stolen property.

The five were taken into custody on April 16, following the investigation by Patrolmen Richard Short, Andrew Turco and Carmine Terrizzi and Lt. V. J. Mangiafico.

Nine stereo players, four speakers and approximately 100 car tapes with a total value of between $800 and $900 were recovered.

The three juveniles were released in the custody of their parents pending juvenile court action. The other two were released on $500 bail with action scheduled for April 29 in Municipal Court.

Police Chief Walter J. Vandenberg warns local residents to be careful in purchasing such items, since possession of a stolen tape player is a high misdemeanor.

"Boy Friend" A Hit at Meadowbrook

It's a smash—it's a hit! "The Boy Friend" at the Meadowbrook Theatre Restaurant in Cedar Grove should break all records in attendance.

The cast is so good that one performer can scarcely be said to be more outstanding than another. Joan Bennett, as Madame Dubonnet, head mistress of a girls' finishing school in Nice, brings a polished performance with charm and zip to spare. Her songs are delivered mostly spoken but come over well.

Peter Pagan, as Percival Brown and Madame Dubonnet's (Kiki) lover, exudes the same British magnetism that brought audience applause in the recent "There's A Girl In My Soup" with Van Johnson. From time to time, surrounded with dancing young madcaps, he must fall into step with them. Obviously not a dancer himself, his pretensions are quite in character and quite delightful.

Gail Johnstone, as Polly Brown, is a pretty little daughter who falls instantly in love with the messenger boy, Tony. Her fluttery grace as she experiences both the heights and disappointments of her heart's desire, is enchanting.

Tony, whose new-found love is just as exciting, is played by Geoffrey Webb, who also did the choreography. As would be expected, his every movement and stance express great talent as a dancer. English-born, he is convincing as the disguised son of Lord and Lady Brockhurst.

Jack Fletcher comes through in the role of the British lord, as a hilarious snickering oldster who practically drools over all the enchanting females. His characterization is really something to see.

And enchanting is certainly the word for all the young ladies at the finishing school. Leland Palmer in Maisie with so many wonderful lines. Her wheedling and cavorting from boy to boy is as cute as can be. In addition, Miss Palmer is a dancer extraordinary. With Denny Shearer, the two do a Charleston that should out-Charleston every Charleston for time to come.

Eileen Shannon as Fay is another accomplished dancer. She also does the Carnival Tango with John Montgomery, a dance that becomes breath-taking in its gusto.

Virginia Seidel is one of the cutest little misses to be seen on stage. Her piping voice, like those of all the girls is entrancing, especially when she does the Boop, Boop-a-Doo song.

Connie Danese, who appears for the third time in successive shows at the Meadowbrook, apparently is being typed as a sex symbol. As the French maid, Hortense, she gives her all in a sparkling performance. She also proves that she can belt a song with the best of them.

Lady Brockhurst is done by Travis Hudson, a buxom woman with all the embellishments required of a powerful and dominating wife.

Dennis Edenfield is the third young male actor, and is another dancer of talent. The three suitors of the gals add strength and fun in their performances. Lewis Rosen appears as the garcon.

Stuart Bishop and Geoffrey Webb co-directed the musical. Larry Aumen again does wonders with the sets. Donald Yap conducted the music with aplomb, supporting a score that is melodic and fully enjoyable.

The Boy Friend presents a rare opportunity to see a musical comedy of top Broadway quality. It will run through May 16th.

Gail Johnston (left) portrays Polly Brown and Connie Danise (right), the French maid in the production of "The Boy Friend" at the Meadowbrook.

Playhouse on The Mall

George Brown, producer at the Playhouse-on-the-Mall, Bergen Mall, Paramus, today released the balance of the schedule through June.

Following the musical, "Mame," April 23 through May 16, William Shatner will star in the Tennessee Williams hit comedy "Period of Adjustment," May 18 through May 30. Shatner drew large audiences when he appeared here last June in "The Tender Trap."

From June 1 through 13, Hugh O'Brien will star in "A Thousand Clowns," by Herb Gardner, a comedy about a rebellious non-conformist.

"Two For The Seesaw," by William Gibson, will run from June 15 through 27, starring Dana Andrews. It tells the story of an Omaha lawyer, adrift in New York while being divorced by his wife, and his love affair with a girl from the Bronx.

William A. Reid Retires from P. S. After 52 Years

William A. Reid of 1C7 South Avenue, Hawthorne, who was employed in the Passaic Electric Distribution Division of Public Service Electric and Gas Company, has retired on pension after completing 52 years of service.

Reid was born in Paterson and attended schools there. He started with Public Service as a lineman's helper on March 4, 1919 and subsequently held various positions until being promoted to engineer in the Division Distribution Engineering Department.

One of Reid's hobbies is astronomy and he was past president of the Bergen County Astronomical Society.

Honor Group Visits Preaknes Hospital

Any trace of a generation gap seemed to disappear when, on Wednesday, April 14th, The National Honor Society, of Hawthorne High School visited the Geriatrics Ward of Preakness Hospital. The students brought baked goods such as cookies, cakes and brownies and cheerfully served them to the patients along with juice and conversation. Smiles and laughter were in abundance with everyone.

The students were: Alfred Weisse, David Bosland, Deborah Nuss, Lauren Jehlon, Denise Schutzenberger, Sally Levine, Pamela Fourgerel, Ruth Everett, Robin Rahner, Karen DeMeester, Pat Hutcheson. The sponsor of the trip was Mr. Donald A. Romeo, Director of Guidance, at Hawthorne High School.

Snow Tires Should Be Taken Off In Warm Weather

WASHINGTON, D. C. — As warmer weather begins to melt the snow and ice of the winter, skiers put away their skis, skaters put away their skates and sledders put away their sleds. The question is: Why don't more motorists put away their snow tires?

The Tire Industry Safety Council advises motorists who continue to use snow tires during warm weather months that they are practicing false economy. By driving on dry pavements, the life of the tire is greatly reduced because of excessive heat build-up and accelerated tread wear. The tire may have been used next winter, but will now have to be replaced.

"Heat is a tire's worst enemy," says Ross R. Ormsby, Chairman of the Council. "Sustained high-speed driving on these extra duty, deep-tread tires in warm weather results in much greater heat build-up than in conventional tires with normal tread design and thickness."

"Running such a tire under these conditions easily raises temperatures above the critical level of about 250 degrees," Ormsby said, "and the tread begins to wear rapidly."

According to the Council, snow tires used during the summer will be near useless when winter returns. With little, if any, tread remaining they will be unprepared when snow and ice conditions set in, and drivers are reminded that many states require that all type tires have sufficient tread depth.

The Council recognizes it might be economical for motorists to leave snow tires on their vehicles if there is only 1/8th inch of tread depth remaining. When the tire is then worn to the 1/16th inch level, it should be removed as it is no longer any value as a snow tire or conventional tire.

Federal law now requires all tire manufacturers to place "wear bars" on all new passenger car tires. The bars, officially known as "tread wear indicators," serve as a warning to motorists when the tires are worn to the danger point. The "wear bars" appear as smooth, narrow bands running across the face of the tire tread when it is worn to the 1/16th level.

Tires which have been removed for storage should be placed flat in a cool, dry area, away from sunlight and electrical equipment. The tire's air pressure should also be reduced to about ten pounds to avoid unnecessary pressure on the heads and cords.

Many states require safety studded snow tires to be removed from vehicles after a certain date. Legal removal

SMALL BUSINESS ADVISOR

PEOPLE KNOW-HOW CAN BOOST SALES

Ronald J. Orlick, ACE Counselor Small Business Administration

The biggest challenge your salespeople meet each day is "the customer." They must greet the customer, establish a friendly relationship, inspire confidence in themselves and your store, and describe your product or service in such a way that the customer wants to buy.

Easy? Not a bit. Why? Because no two persons are alike and, unless your sales help recognize this and treat each person as an individual, your profit line will move steadily downward.

Basically your customers fall into six main categories. By learning how to treat these customers your employees will find it easier to close sales.

The six different types of prospects your sales people will meet are:

The Decisive Type—This man likes to make decisions and has a great deal of confidence in himself. Very often he feels that he knows more than the sales person does . . . and sometimes he's right! When your people meet this type of prospect they should never try to better him in an argument, but rather let him continue to think he knows it all. Just let him talk . . . eventually he'll sell himself.

The Impulsive Type — This customer is impatient and acts quickly. He always seems to be in a hurry. In general he will not sit still long enough for a detailed description of your product or service. Your sales help should be brief and put their points acros quickly. Since he tends to act on impulse; rush him. Because he's a man of action, he'll like men of action.

The Unfriendly Type — This man will antagonize others by his lack of response. Since he's used to people disliking him, encourage your employees to give him the best treatment of which they are able. They should strive to cultivate his friendship and eventually he'll buy. The secret is to have patience.

The Deliberate Type — Here you have the exact opposite of the impulsive buyer, and your employees must be able to recognize and trust him accordingly. This customer will want all the details before making a decision to buy. He should be given as much time as your sales people can spare.

The Friendly Type —This customer finds it easy to talk to salespeople. The only trouble is he'll speak about everything . . . home, family, friends . . . rather than the product or service you're trying to sell him! Your sales help should be friendly in turn, but steer him back to the business at hand.

The Indecisive Type — The potential buyer does not like to make decisions without first consulting him wife or someone else. He takes a long time to make up his mind and does not like to be rushed. Your sales people can best handle this prospect by subtly making his decision for him. But be careful . . . at no time should the customer's pride be hurt, nor should he be aware that your people are lending him to take a specified action.

A business is only as good as its sales force. Whether answering a phone, writing a letter or greeting a prospective customer, we are all salesmen. The important question is, "How good a salesman are you"? The answer to that question spells the difference bewteen success and failure. Make sure your sales people know the right answer!

YES Cake Sale Is Tomorrow

On Friday, April 23 at 2 p.m., the volunteers of the Youth Employment Service of Hawthorne will hold a Bake Sale at the Grand Union on Lafayette Avenue. The proceeds will benefit both the Youth Employment Service and the Hawthorne Y.M.C.A.

THE DRIVER'S SEAT

When passing another car, remember that it is moving too. The Allstate Motor Club recommends that you don't cut back in front of it until you can see its headlights in your rear-view mirror.

During fiscal 1970, 3 out of 4 workers hired in the Job Opportunities in the Business Sector program were black and 1 out of 8 was Spanish-surnamed. On the average, they had 23 week unemployment prior to participation in the program, 10.3 years of school, and an annual income of $2,100.

Teaching Self-Reliance

What with so many stories of the cop-outs and drop-out among our youth today, it is always good to cite examples of those young people who can be proud of their accomplishments.

In the field of professional sports, whether football, basketball, baseball, or others, keeping the athletes in top physicl condition is a prime requisite—and an absolute must if the team is to be a winner. All sorts of means and methods are used—but one favorite device among the "pros" is a mechanical monster called the Marcy Circuit Trainer. Looking for all the world like an updated 1984 version of an ancient torture rack, the Circuit Trainer stresses and strains every muscle in the body—fifteen bodies at a time.

One aggressive group of student athletes—at the Lynwood High School, in Lynwood, California, decided that the Trainer was just what they needed to build a winning team. The team drooled, the coaches drooled, but there was only one rub; the price tag on the trainer equipment, while a small matter to the big professional teams and colleges, was something else again for a suburban school—around $2,700. What to do? Ask the School Board for the money? Rise more taxes? Ask their dads? Nothing doing—it was just too much.

Then the students learned that they could obtain $1.00 boxes of candy, in case-lot amounts, for 50c a box—which meant 50c profit for every box sold. So the youngsters got busy; and in just five days they sold 5,400 boxes. With the proceeds they bought themselves the Marcy machine.

The Marcy people of Glendale, California have been so impressed by the zeal of the students that they now make the 50 per cent off dollar-candy-boxes available to any public school—and, we understand, a number of schools have used the do-it-yourself method of obtaining the prized equipment.

Not a bad idea. It's never too early to teach self-reliance, and High School is a good place to start.

Letters To The Editor

20 Parmelee Ave.,
Hawthorne, N. J.
April 16, 1971

The Editor
Hawthorne Press
463 Lafayette Ave.,
Hawthorne, N. J.

Dear Sir:

I read with interest in your paper a copy of a letter by Mr. Domenic N. Salleroli who said he moved to Hawthorne from Paterson and it was one of the best moves he's ever made in his life.

The letter pleased me very much because I represent the older generation and like a number of us, live on a fixed income. I have lived in Hawthorne for many years and I, too, think Hawthorne is a great town. I attribute its greatness to the fact that it is well run by Mayor Louis Bay II, Commissioners Arthur A. Brokaw and Harold Floyd.

Mr. Salleroli apparently is a much younger man than I but, there is some significance in that, as far as he and I are concerned, there is no generation gap.

Mr. Salleroli, of the younger generation, must pay taxes as I do, of the older generation. Young and old alike want dollar for dollar's worth. We don't want the last of the big spenders, as one of the insurgent candidates appears to be.

Some of the proposals made publicly by Mr. Dominic Melo (or his publicity writers) are so utterly ridiculous and expensive that they made Diamond Jim Brady look like a Gay Nineties welfare client. I, as an old-time resident of Hawthorne, certainly could not place Hawthorne in the hands of Mr. Mele and his press writers. I am glad that Mr. Salleroli, of the younger generation, feels the same.

And when you read Mr. Mele's proposals in press doesn't it make you wonder whether his role as a school commissioner these many years might be a factor in the costly condition of our school system and the year-in and year-out hassles that we read about in the paper?

Can we afford this man to do the same to our municipal government?

Very truly yours,
JOHN ARTHUR HARRIS

Dear Mr. Missonellie:

On behalf of the Passaic Valley United Fund, I would like to express our appreciation for the excellent coverage you gave us during our recent fund drive.

As Public Relations Chairman this year, I want you to know how much your assistance is appreciated by me, but more important by those who have benefited directly from your efforts on behalf of the United Fund.

Mr. Missonellie, thank you again for your assistance, and I look forward to working with you during our next fund raising campaign.

Sincerely,
LEE A. VAN GORDEN, Jr.

YMCA Events

The YMCA Partner Membership Drive was kicked off last Thursday by Donald Reenstra, Campaign Chairman. The kick-off meeting took place in the Hawthorne Family YMCA. This year over fifty campaign workers will be calling prospective givers.

When a person joins the YMCA as a Partner Member he or she become a non-participating member, who contributes financially to support the expansion of program services for youth within the Hawthorne Family YMCA. The fee for a Partner Membership is a voluntarily determined by the individual, and it is tax deductible.

Canoe Class

The Hawthorne Family YMCA is conducting a six (6) week Canoe Course for boys and girls 14 years of age, and older, starting Tuesday, April 27th.

Lewis Stallman, an experienced canoeist and Hawthorne High School Math teacher, and Robert Cummings, Executive Director of the "Y," who held a canoeing instructors certificate from the American Red Cross, will be the instructors.

The class will receive instruction in water safety and basic canoe skills. Members of the class will meet at the Hawthorne Family YMCA. They will be transported by car to the instruction area on the Ramapo River in Oakland. The class sessions will start at 4:30 p.m. on Tuesdays. The first class session will consist of class room work and a swimming test to be conducted at the Paterson YMCA. Transportation will be provided.

Anyone interested in joining the canoe class must be able to swim 100 yards and tread water for ten minutes.

Further information may be obtained by contacting the Hawthorne Family YMCA, 190 Warburton Avenue, 427-8868.

Jolly Seniors

By VITA WITHERS

Meeting on April 14th was opened in the usual manner by President Lillian Vanderbeck with 50 members present.

We are all set for our dinner and theatre party to see "Mame" on April 29th. Bus will leave from in back of the Municipal Building at 5:45 p.m. Tickets for our ride to Memory Town, U.S.A. in the Poconos are now on sale, for May 19th. Guests are welcome. There will be a choice of either a hot or a cold luncheon served buffet style.

Gary Keuhen, feeling some better, was welcomed back after a stay in the hospital. Vicki Steele's husband, George, was taken sick and rushed to Barnert Hospital.

We now have a theme song written just for the Jolly Seniors by our member Edna Compatelli to the tune of "You Are My Sunshine." We were led in singing this by our Chadlain Carrie Nydam and Edna. Copies are being made and will be distributed to the members.

On our sick list are Helen Morrison, Josephine Terhune, Theresa Faulkner, Mary Daw, Betty Comstock, Germaine Priels, Elizabeth Baines and Andy Van Nimwegen. Sunshine Lady, Peal Vernooy is sending cards to all of our sick and shut-ins.

Interest rates on home loans guaranteed by VA were reduced from 7.5 to 7 per cent on February 18, the third reduction in recent months.

Mini Gourmet Course for Girls Completed

A 6-week Mini-Gourmet Cooking Course was recently completed by 12 and 13 year old girls under the supervision of Mrs. Ronald Brain and Mrs. Allon Darvas, the American Home and Youth Cooperation chairmen of the Junior Woman's Club of Hawthorne respectively.

The girls learned the fundamentals of preparing a full course dinner and compiled recipe books. Arlene Baker was awarded a cook book for having the best recipe booklet.

The Juniors will hold their next meeting at the home of Mrs. William Robinson, 88 Second Ave., on Wednesday, April 28 at 8:15 p.m. On the agenda for the meeting will be the election of officers for the coming year. Plans will be finalized for the Art Show and Sale to be held May 1 at the Hawthorne Library grounds.

By HARVEY B. WRIGHT

Mr. Donald Berhout, program chairman, presented Mr. Gary De Heer as the principal speaker last night. Mr. DeHeer is first vice president of the Boys Club of Hawthorne and his talk was titled "Boys Club—Past, Present and Future." With him was Lt. V. James Mangiafico and Patrolman Richard Short of the Hawthorne Police Department who are also heavily involved in Boys Club work. He started the group by stating the Boys Club was born of necessity and was first organized in the early part of World War II as a means of communication and messenger service (by bicycle) in the event of air raids. Shortly thereafter the group was re-aligned to conform with charters governing such clubs and that the Hawthorne club was formally chartered for N. J. in 1947. He pointed out that while recreation is supplied, the basic intent is to provide boys with a place to meet and that various vocational and athletic programs are offered. He thanked all local residents and business people for the financial help they have given in the past. To Messrs. De Heer, Mangiafico and Short go our sincere thanks for their efforts this far and best wishes for their continued success.

Next week's program chairman, Mr. Wilbert Klepper, Jr., has managed for Mr. Theodore Van Natta, a former resident, graduate of local schools, and an artist of renown, to appear and speak to us. Ted has perfected a technique of painting with oil on velvet. He currently resides in Oak Ridge, N. J. with his wife and four children. Once again it promises to be a very interesting and educational evening.

NATURAL GAS HAS NO ODOR.

Public Service has the odor added. Its purpose is to make even the smallest gas leak detectable long before it could cause any problem. ☐ If you should smell gas — or think you smell it — telephone Public Service. Our servicemen are on call every hour of the day, every day of the year. They will track down the leak and stop it. ☐ Of course, there's never a charge for the investigation . . . and certainly never any reason to be embarrassed should the suspected leak turn out not to be a leak. ☐ So please — if you think you smell gas — don't hesitate to call. Holidays. Weekends. Nights. Anytime.

SO HOW COME IT SMELLS?

Fire In the Home—Here's What You Should Know

TRENTON—What would you do if a fire occurred in your home tonight?

If you haven't a carefully prepared answer to that question, you and your family are taking an unwise gamble. Fires in homes take more than 6,000 lives each year, according to the National Fire Protection Association figures.

"Planning ahead for fire emergencies in the home would prevent most of these tragic deaths," says Mr. Edmond D. Duffy, Jr., Coordinator of the Accident Prevention and Poison Control Program of the New Jersey State Department of Health.

He urges every family to prepare—and rehearse—a careful plan for escape. Here are a few pointers to follow:

1. Figure out at least two routes to the outside from every room in the house, especially bedrooms. Allow for blocking of stairways or halls by fire.

2. Particularly for nighttime fires, remember that closed bedroom doors will hold back flame and smoke, allow extra time for escape.

3. For upper floor escape, use any available porch and garage roofs, ladders, or trees as ways down to safety. Be sure exit windows work easily, and especially that they are low and large enough to get through.

4. Pick an outside assembly point where the family will meet, and be sure everyone understands the rule "once out—stay out."

5. Know how to call the fire department, by street box or neighbor's phone, and do this as quickly as the house is clear of people.

6. Always remember that it's people, not possessions, which are of prime concern. Concentrate on getting everybody out of the house quickly; don't waste presious time trying to save valuables.

Landscaping Architects Stress The Functional

Landscaping architecture should stress more of a functional purpose than a hands-off attitude, the Architects League of Northern New Jersey was told.

Introduced by Hugh Romney of Hawthorne, program chairman, speaker Paul Friedberg, a landscape architect and member of the New York City Art Commission told architects of Bergen, Hudson, Passaic and Sussex Counties at the Fireside Inn, Rochelle Park, that landscaping should make people comfortable and want to use the facilities.

"We are inolved sensually with things," he said. "Architects do have a sense of humor and fantasy, but they can also lose those qualities. We must remember that we are doing this for people and not just for the sense of design."

Friedberg recalled that he once designed a flower bed adjacent to a fountain. Children began using the fountain as a wading pool. The chlorinated water splashed into the bed, killing the flowers.

"It was suggested by the New York City Housing Department that we fence off the fountain to prevent wading and thus save the flowers," Friedberg said. "But instead we bricked over the floral bed and permitted the wading to continue. The area lost little in design and the children continued an activity they found enjoyable.

Driedberg suggested multipurpose planning for landscaped areas. He cited an amrhitheatre that doubles as a spray pool in summer and a basketball court that is also an extended play area.

He disdained fences as keeping people out rather than providing the desired security. Friedberg integrates taboo areas into the overall scheme of the area he is landscaping and draws the interest center to another activity, thus preventing damage to flower beds. Many people have the mistaken impression the landscape architect deals mainly with placing flowers and shrubs on lawns. Not so, according to Friedberg.

COLLEGE CAMPUS

Miss Nancy L. Montano, daughter of Mr. and Mrs. Andrew Montano, 86 Brookside Avenue, Hawthorne, has received from Carroll W. Brewster, Dean of Dartmouth College, a Citation Report signed by H. W. Eldredge, Professor of Sociology, for her excellent work in Urban Studies, commenting "For hard work and clear expression of most reasonable thoughts."

The citation stated that members of the faculty are invited to submit Citation Reports when a student's work is sufficiently distinguished to merit special recognition. Such citations are rare, and relatively few are submitted each term.

Nancy is a graduate of Hawthorne High School and is an exchange student from Mount Holyoke College at Dartmouth. She will graduate from Mount Holyoke College in May.

Kathleen Stephen of 27 Sherman Avenue and Paul Puglise of 438 Goffle Road, have attained Dean's List grades at St. Francis College, Loretto, Pa. Miss Stephen is a science biology major and Mr. Publise is a junior physics major.

Miss Jill Williams of 548 Goffle Hill Road, Hawthorne, was among students from The Berkeley Schools who participated in College Week in Bermuda.

Students from The Berkeley Schools of East Orange and Ridgewood, N. J., The Berkeley School of Westchester, White Plains, N. Y., and The Berkeley-Claremont Schools of New York City and Hicksville, N. Y., were guests at the Elbow Beach Surf Club from March 27 to April 3.

College Week officially opens on a Sunday with get-acquainted dances at which students have the opportunity to meet visitors from participating colleges. Beach parties, a "limbo lunch," cruises of neighboring islands and a College Week queen contest are other highlights.

The students were chaperoned by faculty members of their respective schools.

Miss Williams, daughter of Mr. and Mrs. Franklin Williams, is a graduate of Hawthorne High School.

The Montclair State College Alumni Association is planning an Alumni Weekend this spring instead of its traditional Alumni Day, according to an announcement by the co-chairmen of the committee in charge, Erik Engel of Bloomfield and Mrs. William Shadel of West Paterson.

The expanded program will include a dinner for all alumni on Friday evening, April 30, at the Robin Hood Inn, starting with cocktails at 7 p.m. The annual Alumni Citation Awards will be made at the dinner, and live entertainment will be furnished by the Middle Eastern Band, Adighe Circassian Folk Dancers, and Pixie Dixies, an all-girl jazz band.

Saturday, May 1, will open with registration and coffee at 9:30 a.m. in Grace Freeman Hall. Among the day's highlights will be tours of the campus, the association's annual business meeting, and a luncheon in Grace Freeman, at which reunion classes—those ending in 1 and 6—will be recognized. Two sports events, a tennis match with Rutgers-Newark at 11 a.m. and a baseball game with Central Connecticut at 12 Noon, are scheduled for May 1, and the MSC Players will present the final performance of its spring production, "A Cry of Players," that night.

Alumni are also invited to participate in the dedication of the Music Building, to be named for Dr. Edna McEachern, first chairman of the music department, that afternoon at 3:30.

Assisting Mr. Engel and Mrs. Shadel in making arrangements for Alumni Weekend is Dr. Lillian Calcia, 301 Rea Avenue Extension, Hawthorne.

HHS HAPPENINGS

Susan Labarre has been selected for Girls Citizenship Institute to be held at Douglass College in June. She is sponsored by the Woman's Club of Hawthorne. Marie Di Piano is alternate.

Helen Goemaat was selected for Citizenship Institute by the Junior Woman's Club. Linda Joynson is alternate.

The following have been named delegate to Girls' State: Linda Carre, Diane Deceuninck, Susan Decker and Gail Karram and alternates: Debra Beekman, Linda Joynson, Kathleen Kilhaney and Lynn Rending.

Claudia Kreb and Tom Metzler were selected by the faculty for the "I Dare You" leadership award.

Deborah Naas was one of 14 girls to be admitted to Stevens Institute of Technology for the 1971 Fall semester. Deborah plans to major in physics and looks forward to continuing her studies on a graduate level in astro-physics.

Miss Elizabeth Poole of the English Department, has been appointed Interim Director for the State of New Jersey of the International Thespian Society.

Miss Janice Golonka has undertaken the organization of an Organic Chemistry Club as an outgrowth of student interest in this field.

With the completion of the renovated facilities, the high school will eliminate the staggered session schedule for 1971-72.

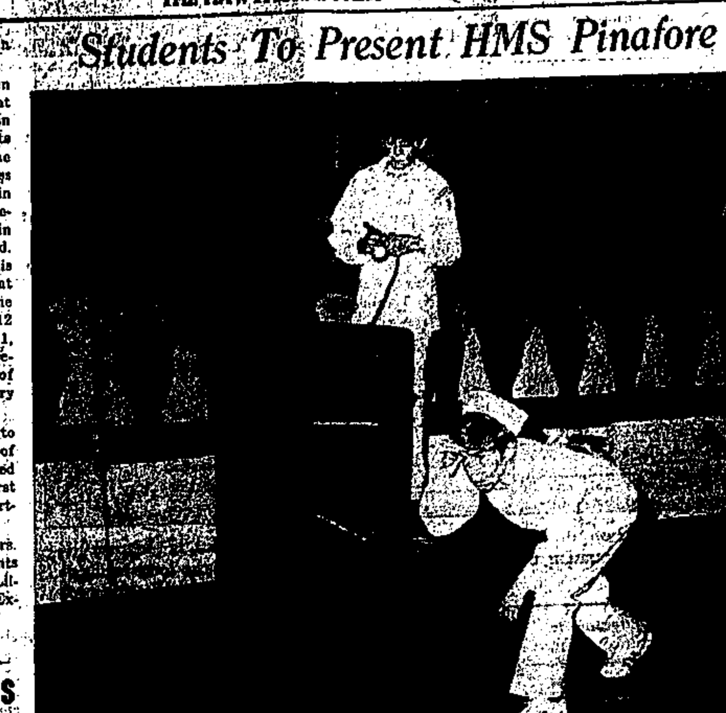
Students To Present HMS Pinafore



Danny O'Connor, who plays the lead of Ralph Rockstraw in "HMS Pinafore," looks out to sea. Standing, tying knots is his twin brother, Peter. Both boys are sixth graders

The operetta "HMS Pinafore" by Glibert and Sullivan will be presented by the students of the fifth, sixth, seventh and eight grades of Roosevelt School this evening at 8 p.m.

The musical, based on the trials and tribulations of sailors in love, is being staged by the students under the direction of vocal teacher, Miss Enid Aylem.

Student directors are Ellen Sanford and Cynthia Zauner. Rosanne Vita is piano accompanist and musical director. Miss Saemen, special education teacher, is assisting directors. Pat Shovan and Lisa Siletti are art directors, leading students in painting scenery designed by Mrs. Kathe Grau, are teacher.

The cast includes Cynthia Bowers, Gary Buchman, Steven Blanchard, Danny O'Connor, David Peccini, Louise Sulzer, Anthony Gallardo.

Eighteen Receive State Grants

The following Hawthorne students have been named recipients of state scholarships: Linda Axamethey, 12 Emeline Drive; George Carfagno, 135 Van Winkle Avenue; Joseph Chapin, 30 Parmelee Avenue; Carol Baumerich, 51 Mountain Avenue; David Besland, 136 Grand Avenue; Nancy Driesses, 297 Diamond Bridge Avenue; Ruth Everett, 520 Goffle Road; John Fearns, 124 Lincoln Avenue; Kenneth Gurak, 193 Fifth Avenue; Thomas Hock, 95 McKinley Avenue; Margaret Hurley, 80 Elberon Avenue; Claudia Kreb, 285 Van Winkle Avenue; Lee McQuillin, 44 Karwin Avenue; Patrick Paventa, 68 Franklin Avenue; Robin Rahner, 126 Tenth Avenue; James Vander Wall, 120 Tuxedo Avenue; Carol Van Dongen, 124 Westervelt Avenue and Jill Windt, 11 Ninth Avenue.

The scholarships are worth $500 a year for four years; or five years if the student is enrolled in a five-year undergraduate program.

The State Scholarship Commission, which administers the program, selected the winners using a formula that takes into consideration academic achievement and financial need as required by law.

Awards were made to 5,352 New Jersey students, out of 20,878 who submitted applications.

Lincoln School Plans Orientation

Parents of children registered in the 1971 kindergarten class at the Lincoln School are invited to a pre-kindergarten parent orientation program to be held at 2 o'clock on Friday, April 23, at the Lincoln School. Selected speakers, including our kindergarten teacher, will discuss the program of instruction at the kindergarten level as well as general information.

deck missing from his car. The item was valued at $95.

Patrolmen Robert Beattie and Arthur Iannacone investigated. The left vent window was broken.

The other tape player was stolen from the automobile of John Aridus of 106 Lafayette Avenue who told police the incident occurred while his auto was parked overnight. The report was made at 12:25 p.m. April 17.

Value of the tape deck was listed at $100 and $7 each for two tapes. Patrolmen Charles Mabey and Robert Beattie investigated.

Kenneth Silvester of 12 Minerva Avenue reported at 8:25 p.m. Friday that the bedroom in his home had been ransacked while the family was out. About $350 in assorted jewelry was stolen.

There was no evidence of forced entry. Patrolman David Baker responded to the call.

Police reported a break and entry into the home of Herbert Green, 18 Minerva Avenue over the weekend. A gold bracelet valued at $160 was stolen.

Patrolmen Andrew Turco, John Bechtle and Carmine Terrizzi investigated. The wing nuts in the cellar window had been pushed out to gain entry.

Patrolman Andrew Turco assisted by Ptl. John Shannon apprehended two out-of-town residents for possession of less than 25 grams of marijuana under the N. J. Controlled Dangerous Substance Act at 12:39 a.m. April 19 in the vicinity of Rt. 208 and Goffle Road.

Taken into custody were Carol Gottschalk, 19, of 204 Maple Drive, Wyckoff, and Ronald De Marco, 20, of 263 Franklin Avenue, Ridgewood. Both were released on $500 bail pending court appearance April 29.

At 7:56 a.m. April 16, a report of a break and entry into the Lincoln Delicatessen was made by Horst Nowak. About $650 in currency and cash was missing.

Lloyd Ruby will be defending his 1970 Trenton "200 championship when he takes on Indy-car newcomers Mark Donohue and stock car great Cale Yarborough in The Trentonian "200" national championship at the 1½-mile Trenton Speedway Sunday afternoon. In addition to Ruby, Donohue and Yarborough are Al and Boby Unser, Mario Andretti, Joe Leonard, Mike Mosley, Roger McCluskey, Wally Dallenbach, Gordon Johncock, Art Pollard, Gary Bettenhausen, Johnny Rutherford, Steve Kristiloff, Billy Vukovich, Bentley Warren and many more, all vying for the 26 starting spots. Practice begins at noon, followed by time trials at 1:30. Tickets are available by phoning (609) 587-6551.

At Pocono International Raceway a total of $40,350 in contingency money plus nearly $60000 in awards for the driver who wins the pole position have already been posted for the running of the July 3, "Schaefer 500" at Pocono creating the possibility of a half million dollar purse for the running of the East's first 500-mile race for Indianapolis cars and drivers. Added to the base purse of $250,000 guaranteed by Pocono International Raceway will be the $1,00 entry fee for each car. $50,000 in lap prize awards for the race leaders, contingency awards from the major manufacturer, Marlboro Championship Trail awards, and numerous other incentives to be announced in the immediate future. Contrary to rumors currently in circulation, there is still a good selection of choice seats for the race. Contact P.O. Box 500, Mt. Pocono, Pa. 18344 or any Ticketron outlet.

At Middletown, N. Y., Saturday night, the feature event for the modified stock cars was won Long Island, N. Y., followed by by Ron Schwendenmann from Pee Wee Griffin, Dick Pendell, Corky Cookman and Charlie Shire. The limited stock feature saw Eddie Davis first, followed by Dick Yeomans, Harold Montayne and Nino Marcello. The semi-late model division had many local contenders including Russ Meyers and Ted Widmer from Hawthorne. Meyers placed third and Widmer fifth in the feature event. The event was won by Brian DuBois, followed by Dave Gibson, Meyers, Norm Banach and Widmer. Other area drivers including Jimmy Tait, George Koeck and Jerry Wilson had mechanical problems forcing them to sit out their feature events. Racing resumes Saturday night, first race at 7 o'clock.

Harmony Speedway, a half-mile dirt track near Phillipsburg, off Route 22, opened for the season last Friday night. The program consisted of modified stocks, limited sportsman and semi-late model stocks. Opening night saw Will Cagle taking the modified feature, followed by Bobby Bottcher, Del George, Fred DeGroot and Bob Pickell. Action will continue at Harmony with two days of racing starting this week. The Friday night show will be at 7:30 and a second day of racing on Sunday will be on tap starting at 1:30.

The 1971 stock car racing season opened at Nazareth Speedway, Pa. Sunday afternoon with Stan Ploski winning the 30-lap main event for the modifieds. Veteran Frankie Schneider finished second, Danny Mitchell was third and Paul Balongrach fourth. The Sportsman feature went to Joe Breslin followed by Ken Linstaun and Joe Murry. In the 20-lap Figure "8" race, Carl Voelker of Long Island took the 16-car race. Racing will continue each Sunday with a triple header show of modifieds, sportsmen and Figure "8" racing at 2:15.

The 22nd edition of auto racing gets off the ground this weekend at Wall Stadium, Belmar, as it opens its doors for a two-day warmup period. The annual open house at the Route 34 track is scheduled for Saturday and Sunday afternoons from 1 to 4 p.m.

Many drivers including modified champion Bob Russell and Jim Hoffman have new cars ready for testing on the one-third mile asphalt oval. Competitive auto racing returns to the Shore track Saturday night, May 1, with a combination stock car and three quarter midget show on the agenda, gates open at 6 p.m. with the program getting underway at 8:00.

Fishing Contest Being Planned In Ridgewood

Members of the Cooperative Savings and Loan Assn. of Ridgewood and the Wortendyke Field and Stream Assn. are planning their Fifth Annual Fishing Contest. The weekend of May 22nd and 23rd has been selected for the contest which will again be held at the Wild Duck Pond County Park on E. Ridgewood Avenue in Ridgewood.

One thousand trout will be stocked by the sponsors for the two-day contest with prizes awarded to the children catching the stocked fish. As in previous years, the prizes have been donated by local merchants and nationally known manufacturers of sporting equipment. Each day will feature three grand prizes awarded to those catching the three largest trout. All youngsters up to the age of 16 are eligible to enter the contest.

On Saturday the 22nd, the north end of the pond will be reserved for handicapped children. Members of Wortendyke Field and Stream Assn. will be available to help those children unable to handle the fishing tackle themselves. The grand prizes on Saturday will be awarded to handicapped children only. Any parent of a handicapped child who wishes further information may call Carl Sundberg at the Cooperative Savings and Loan Assn. in Ridgewood.

Medical Building Planned

Robert D. Cerfolio, M.D., announced plans to erect a medical-professional building at the corner of Diamond Bridge and Lincoln Avenues in Hawthorne. Dr. Cerfolio, a surgeon, indicated the building would be a two-story structure of colonial-contemporary design. While majority interest in the property is held by Dr. Cerfolio, John Soldoveri and Peter Gostkowski, members of the Rhodes Agency, also have an interest in the property.

The property is part of the area from Warburton Ave. to Diamond Bridge Avenue, designated in the Borough's new comprehensive zoning ordinance as Neighborhood Commercial. Action for the zone change was initiated by property owners of this area over two years ago.

The corner property proposed for the medical-professional building was acquired by the present owners from Mr. and Mrs. Cornelius Murphy. The sale was handled by the Raymond Rhodes Agency.

Gorcica Backs Mele, Vander Brink

Lou Gorcica, who withdrew as candidate for commissioner in Hawthorne, clarified his withdrawal by stating that he would support Dominic Mele and also Mrs. Pamela Betty Vander Brink.

He stated that in his opinion Mrs. Vander Brink was representative of the views of the residents of Hawthorne. Gorcica added that Vander Brink's desire for improved education, crime prevention, recreation, drug control, governmental reform, library improvement and senior citizen needs are realistic issues for the community.

Gorcica concluded "The people of Hawthorne must give the mandate to Mele and Vander Brink if they are to rid Hawthorne of the present administration who measure their success by the number of terms in office, as memorial to mediocrity.

It's time for a change — a change for the better. A time for fresh new approach to the problems of Hawthorne. A time for us all to get behind Mele and Vander Brink."

Two Decline Invitations For Candidate's Night

Both Independent Candidates for Borough Commissioner declined invitations to attend last night's Candidates' Night held at Hawthorne High School.

Dominic Mele stated he was declining for the following reason:

"Aside from the fact that I will be otherwise engaged that evening, I can see no useful purpose in engaging in a debate that was instigated by Mr. Bay."

In a letter sent to the Jaycees and this newspaper, Mele continued:

"The election for Borough Commissioner of Hawthorne is not a contest as to whom is the best debater. Rather, the people of Hawthorne will be called upon to select those candidates whose concepts of government and platform proposals meet with their approval.

"Rather than appearing before a relatively small crowd I have, during this campaign and will continue to do so until the election, brought my position to all the people of Hawthorne by means of informative fliers and by appropriate press releases regarding my position.

"A debate tends to emphasize form rather than substance and is therefore not relevant as to whom is the best qualified candidate."

Mrs. Pamela Betty Vander Brink declined because she wanted the Jaycees "to meet certain conditions to insure a fair and impartial opportunity to express her position."

Mrs. Vander Brink had requested that the opening speech by the candidates be according to position on the ballot and that each candidate's campaign manager be permitted to select citizens from the audience, in turn, to pose questions to the candidates.

Both of the above condition were refused by the Jaycees. Mrs. Vander Brink said "The ground rules as set down by the Jaycees would not permit a fair and impartial expression of her position."

Mrs. Vander Brink also sought a boycott of all candidates "in fairness to the people of Hawthorne, until a fair and equitable format can be agreed upon by all candidates."

The Jaycees reported that program format had been announced in the initial invitations sent out on April 12.

Chuck Thompson, chairman of the event, has made public their letter responding to Mele's statements:

"The letter we received from you dated April 22, 1971, stated that "I can see no useful purpose in engaging in a debate which was instigated by Mr. Bay." The candidates night, which was instigated by the Hawthorne Jaycees, gives the candidates an opportunity to speak to all interested citizens no the issues the candidates feel are important. Also, the interested citizens have an opportunity to see who they will be voting for at the polls, and the public has an opportunity to ask hte candidates questions face to face. The Jaycees, who have been hosting candidates' nights in communities throughout the State, have always considered this a very important service to the community.

He continued, "We, the Hawthorne Jaycees, felt all the candidates would wish exposure, would want to express their views, and listen to the concerns of the citizens through questions raised from the floor. Honestly, we are surprised that we were wrong."

"The Jaycees are a non-political group, and we do not support candidates. We only wanted to present you and the other candidates an opportunity to speak to the citizens of Hawthorne."

Getting A Jump On the Picnic Season

The Hawthorne Boys' Club got an early start on the picnic season with their second annual barbecue for club members on April 21.

About 200 members, including 25 directors, feasted on 100 pounds of hamburger, 100 pounds of hot dogs, soda and ice cream which was all supplied by donation from local merchants.

Highlight of the event was the presentation of awards for pool table tennis and basketball foul shooting contests. Winners were as follows: pool, Mark Joustra, 13, of 688 Goffle Road; Joe Donofrio, 15, of 5 Mawhinney Avenue; table tennis, Brian Kuiken, 10, of 38 Pasadena Place; Bob Russo, 16, of 105 Sith Avenue; bassketball, Fred Soder, 12, of 64 Rea Avenue and Charles Rider.

Presentation of trophies was made by Lt. V. J. Mangiafico, President of the Board of Directors, Gary De Heer of 5 Faber Drive; Bill McDougall, 20 Hutcheson Avenue and Joe De Flora, 79 Forest Avenue.

The boys were served by the directors with Nicholas De Salvo in charge of the barbecuing.

Controversy Over Library Sparked at Meeting

Hawthorne's public library was the topic of controversy at last week's meeting of the Board of Commissioners.

Leonard Garigliano said he was there "to give a rebuttal to the statements made by Mr. Jardula, Library Director, in Wednesday night's newspaper.

The former School Board candidate stated that he wanted to read the state minimum standards for a library and show that this borough facility does not even meet the minimum.

He began by reporting that for a town our size, the library should have 40,000 to 50,000 volumes, but has about 26,000. He added that this library should have eight full time qualified personnel, but has three full and eight or nine part-time.

The Mayor questioned Garigliano whether he had ever sought aid that was not there. "I sought books that were not there," Garigliano answered.

The college senior continued his report by stating that the library should have 90 periodicals, but only has 50.

"Why do we need the other 40?" Mayor Bay asked, "which ones should we have that we don't have?"

Garigliano said he couldn't answer that question. "I don't set the standards."

"No, you just want to come up here and quite frankly mouth out and don't know what you're talking about," the mayor answered.

Nick Sasso of 13 N. 11th St., said he was forced to get a card in the Paterson Library because Hawthorne did not even meet state standards.

Mrs. Edna Strauss of 84 Passaic Avenue said "There have been many improvements since Mr. Jardula became the director. This facility is now much more encouraging. I do use the library, but it can be improved.

"If anyone thinks I believe the library should stay the size it is, they are mistaken. We are already getting ready for expansion with federal funds."

The mayor added that the Borough took over the library several years ago to keep it in a non-political vein. "I now resent the political vien it has been thrown into, because of the election."

"If anyone thinks the library is a laughing stock, then I say he is a laughing stock," the mayor added.

The mayor told Garigliano "You have a right to your beliefs, but you do not have a right to lie."

The youth answered "my article was the absolute truth to the best of my knowledge. I said there was no expansion, not that there was no renovation."

The mayor then said he would open the library "right now and show those of you present the facilities."

"Better than go to our library," Nick Sasso answered. "Pick any town our size and compare our library to theirs. Look at the library of Lincoln Park, a town of 5,000."

The mayor remarked that six months ago no one was making an issue over the library.

Terrizzi Says Mele Is Caught In Own Mousetrap

School Commissioner Anthony Terrizzi charged today that Dominic Mele violated a trust with the borough's voters when Mele failed to tell the people of Hawthorne before last February's school board election that he also would run for the post of borough commissioner.

Terrizzi described Mele's candidacies in the two elections as a "flim-flam" on the voters and said the opposition candidate is caught "in his own mousetrap."

"In his school board campaign Mr. Mele pledged he would work to solve the Lincoln School expansion problem" said Terrizzi. "But less than three weeks after he was elected Mr. Mele announced his candidacy for the position of borough commissioner. If successful, Mr. Mele would have two alternatives. The first is to keep both elective positions which certainly will not give him sufficient time to keep his pledge as a school board candidate."

Terrizzi, school board mem-

Brokaw Says Mele's Proposals Would Cause 10 Pt. Tax Rise

Finance Commissioner Arthur Brokaw charged today that two campaign proposals made by Dominic Mele would result in a 10 point increase in the borough's tax rate.

Brokaw, who is seeking reelection with Mayor Louis Bay II and Commissioner Harold Floyd, said an all year double garbage collection for Hawthorne, as proposed by Mele, would cost an additional $70,000 and the addition of six more policemen to the force would result in a cost fo $75,000 for a grand total of $145,000, representing on those two items alone a 10 point tax jump for the town.

"The fallacy of Mr. Mele's thinking—or that of his brain trust which seems to be coming up with all of these ideas in his behalf—is that we now have twice a week collection from May through October," Brokaw stated. "I ask whether it is worth another $70,000 and the attendant tax increase to have double collection during the cold, winter months."

Brokaw pointed out that in 1969, the last year of a three year garbage contract, Hawthorne's taxpayers paid $90,000 a year for garbage collection. In 1970, when the new contract went into effect after bidding, the cost rose to $200,000 a year.

"This is a condition that is existing in every municipality in New Jersey and yet Mr. Mele wants to add to the high cost of garbage collection in Hawthorne," Brokaw stated.

Referring to Mele's proposal for six more policemen, Brokaw said that would entail additional salariess, fringe benefits, another police car and other costs.

"We have provided for two more policemen in our budget for this year," Brokaw stated, "and I think it can be said in all candidness that under Mayor Bay's direction Hawthorne has a strong, efficient no-nonsense police force. I merely ask that voters whether they think the force would be the same under Mr. Mele's guidance from his friendly, neighborhood butcher shop."

Brokaw emphasized that the commissioners, through their teamwork, have been able to reduce the municipal purposes tax rate by six points. Hawthorne's overall tax increase (10 points) is the lowest in Passaic County and this is because of increases in the county and school board budgets over which the borough commissioners have no control, Brokaw said.

"Place Mr. Mele in office," Brokaw said, "and Hawthorne's tax rate will inflate higher than the cost of meat."

the dimmer side...

A break and entry was reported on Sunday by Charles H. Anderson, 14 Lee Place. The event occurred sometime from Tuesday, April 20. An undetermined amount of assorted antiques were stolen.

Patrolman David Baker investigated with a follow-up continued by the Detective Bureau.

A break and entry into the home of Esdra Breur of 60 Braen Avenue was reported to police at 9 p.m. April 21.

Several articles of jewelry were stolen. Entry was gained through the rear of the premises.

Sgt. George Gordon and Patrolmen John Bechtle and Thomas Pomray investigated.

William F. Cole, 49, of 22 Kaywin Avenue escaped injury when his brakes failed and his vehicle struck a porch and iron railing at 709 Lafayette Ave.

The driver told police he was going north on Lafayette Avenue, about 15 to 20 mph, when traffic stopped.

Cole said he applied his brakes, they failed and he swerved to avoid hitting the car in front. His vehicle hit the porch and iron railing of a home owned by Alfred Di Domenico. Patrolman Steve Pataki investigated.

Mele Charges Team With Rubber Stamp Philosophy

Dominic Mele, this week issued the following press release:

Recently, Harold S. Floyd, running for Borough Commissioner in Hawthorne, issued a press release wherein he said, "We work as a team." Mr. Floyd concluded his article with the statement, "We ask the voters not to consider the benchwarmer, but to re-elect the Mayor Bay team.

Apparently, Mr. Floyd regards this election as some type of ball game. If that be the case, Floyd should know that most ball players retire when they have played too long. Perhaps, after 28 years of one administration, it is time for a new face on the ballfield.

Floyd refers to the three incumbents as "team"—I ask Mr. Floyd to tell the people of Hawthorne when either he or his two partners last cast a vote different from the other two.

I call this approach to government the "rubber stamp philosophy" wherein no one dares dissent and wherein no one rocks the boat.

The nature of man is such that from time to time he disagrees with his wife, his friends, and even his Church leaders.

Apparently, the three incumbents have such "team work" that they never disagree with one another.

I believe in the concept of government wherein a commissioner always casts his vote according to what he feels is right, even if it means disagreeing with his colleagues. As our Supreme Court said concerning the form of government which we have in Hawthorne: "The paramount philosophy of the Walsh Act was to promote efficient government upon the premise that it would be better induced by holding the members of the commission to an independent responsibility rather than party responsibility."

Thus, the purpose of our commission form of government is to encourage independent responsibility by the commissioners involved. I intend to further that concept as a Borough Commissioner.

Clarion Wins Scholastic Award

The Clarion, Hawthorne High School newspaper, was one of the winners of the 1971 School Press Project sponsored by the National Tuberculosis-Respiratory Disease Association and the Columbia Scholastic Press.

The school newspaper editors and their advisor, Mr. Harold Pomper, will be honored at the Florentine Gardens Restaurant in River Vale on May 12.

Adjustment Board Grants Nine Variance Applications

Property Administration Associates, Inc., (Highmount Development Corp.) of Surrey Place, Hawthorne, was granted a variance at Monday's Board of Adjustment meeting because of two lots that are split between North Haledon and Hawthorne.

The attorney for the applicant explained that his client was trying to obtain a subdivision to created propored lot 9, 10 and 18; not needed a variance for 9 and 10 since a portion of proposed lot 10 was in North Haledon; while a portion of proposed lot 9 was in Hawthorne.

On proposed lot 18, he needed a variance for the depth.

Although one Board member had misgivings about granting a variance for a sign 5 foot by 2 foot by 9 inches that would read "Explosion."

Rudolph Simone said he could see no objection to the sign, but questioned whether the word "Explosion" would create a problem to a driver travelling past the 510 Lafayette business establishment.

James Evers, attorney to the Board, said that the Board could only rule on whether or not to grant permission for a sign, but could have no say on what the sign read. He advised the applicant that should the police department deem the sign hazardous to traffic, it would have to be replaced.

The approval was granted unanimously to Mrs. Lorraine Ambrose for Explosion.

A variance was also granted to Ambrose Construction of the same address for a sign 5 feet by 2 feet by 9 inches on concrete base 10 inches above

Carlo Barbieri, 79, of 125 Hillcrest Avenue, died April 22 in Mountain View Nursing Home, Wayne, after an illness of three weeks.

Born in Italy, he resided here for the past 22 years. He retired 72 years ago as a silk worker.

Mr. Barbieri was a communicant at St. Anthony's R. C. Church and a former member of Italian Societies in Paterson. His wife, the former Rosalinda Grimaldi, died in 1978.

Survivors include three sons, Mario of Wyckoff; Chester of Medford and Louis of Hawthorne and two grandchildren.

Ladies Auxiliary Wm. B. Mawhinney Post No. 1593

Nellie Sasowsky presided at the regular meeting of the Ladies Auxiliary to the Wm. B. Mawhinney Post #1593, VFW, at the Post Home, recently. In the absence of the regular officers, Bertha Reade acted as Conductress and Martha Gundersen as Trustee. Marion Grassey substituted as Guard.

Donations were made to the Passaic County Heart Fund, and to "Ranch Hope," a home for delinquent boys in South Jersey. This is the Department President's special project for the year.

The Post and Auxiliary held a joint Memorial Service Sunday night. Post Chaplain John Aitken and Aux. Chaplain Dorothy Van Der Wall were in charge. Twelve auxiliary members were present. Americanism Chairman Charlotte Francavilla presented the Post with an outdoor American flag to replace the one that had been stolen.

Pearl Neuman was appointed Buddy Poppy chairman. June Titmas was elected Senior Vice President to replace Anne King. Jane Gould was elected Junior Vice President. There will be a joint installation of Post and Auxiliary officers at the Post on May 8th. Installing Officer for the ladies will be Past President Mary Struck, with Past President Florence Boyd as Installing Conductress.

President-elect Betty Kithcart has appointed the following officers: Secretary, Mirtle Lutz; Patriotic Instructor, Eliz abeth Fontanella; Historian, Mary Struck; Color Bearers, Marion Grassey, Ruth Ann Francavilla, Martha Gundersen and Bertha Reade; Flag Bearer Pearl Neuman; Musician, Dorothy Kenyon.

Several members will attend District #1 Loyalty Day services at Lakeland Regional High School, Wanaque, on May 2 at 2 p.m. President Sasowsky and Membership Chairman Beatrice Meuer will attend the Department Incentive Awards Dinner in New Brunswick on May 14th. The auxiliary exceeded 100 per cent membership.

Hospital Chairman Elizabeth Fontanella and Assistant Chairman Bertha Reade will take nylons, jewelry and cards to Greystone on May 15th.

Hawthorne High School students Gina Amendolagine (left) of 298 Diamond Bridge, and Mike Pezzuti, 295 Fourth Ave., both Hawthorne, compare two castor bean plants being used for genetic research at the Rutgers College of Agriculture and Environmental Science with Richard H. Merritt, associate dean.

The plant on the left is a mutant and the one on the right is normal. These plants demonstrate how the mutation of a single gene profoundly affects plant behavior. Such mutations interest scientists who study plant development.

The students were among 2,600 from 94 New Jersey high schools who visited the college April 23 during its annual Science Day. Tours of departments and talks April 23 by professors gave these science-minded young people a broader view of research and careers in the agricultural, biological and environmental sciences.

Frank Silvia Addresses Men's Fellowship

Mr. Frank Silvia of World Wide Vision, presented a film and talk on the activities of World Wide Vision in Vietnam, to the Men's Fellowship of the First Baptist Church of Hawthorne.

The film entitled "The Love of a Friend," showed the many aspects of the work World Wide Vision is doing in Vietnam. The depots, plus many other activities armed services programs. Mr. Silvia stated that World Wide Vision has spent over one Million five hundred thousand dollars in its programs to help desperation and maintaining of over 90 schools, hospitals, nurseries, food and medical supply ties in conjunction with the titute, the handicapped, the displaced persons and in particular, the very young children. All of this could not have been accomplished without the cooperation of the Vietnamese people who volunteered their services as doctors, nurses, teachers, clerks and workers.

Mr. Silvia pointed out that the Vietnamese are a proud people who do not want charity, but are willing to work to help each other. Mr. Silvia who presently resides on May Street, with his wife Joyce and their two children, will leave in September for Vietnam, where he will participate in the orphaned children section of World Wide Vision.

Upon his return he plans to meet with the Men's Fellowship to show pictures of his work and tell of his personal experiences in Vietnam.

Jolly Seniors

At 12:00 noon on April 21st a delicious luncheon was served. Most all food, hot and cold, was donated by members, including a large filled cake for dessert. Milton Vernooy and Jeanne Swann, our mascot, cooked the meats to order. Later trays of food was delivered to a number of our shut-ins. Thanks are extended for donations, also to the workers and helpers for making our luncheon such a success.

A short meeting was held with 53 membebrs and two guests present. We will have our first aid equipment shortly. Instructions will be given to us. All members wishing to receive these instructions, please contact Marion Roberts immediately.

Vicko Steele's husband is still in the hospital. On the sick list are Elizabbeth Balnes, Josephine Terhune, Germaine Priels, Theresa Faulkner and Andy Van Niemwegen. Mary Dow, Rita Wilson and Gary Keuhen were intoday after having been on the sick list.

Benny Borgmann To Be Honored By Oldtimers

Bernhard "Bennie" Borgmann of 60 Parmelee Avenue, Hawthorne is to be the guest of honor at the Thirty-third Annual Awards Dinner of the Basketball Oldtimers of America in Brooklyn's Farragut Manor, Friday evening.

Bennie was selected by such former cage greats as Henry "Dutch" Dehnert and Nat Holman of the Original Celtics, Joe Brennan of the Brooklyn Visitation Club and later, coach at Manhattan College and St. Francis College of Brooklyn, John "Red" Conaty, another Vissie star, and John "Honey" Russell, of Livingston, N. J. and not only an ex-American League pro cage star but also a former major league baseball player.

Borgmann played 26 years from 1920, more than 3,000 games with clubs across the nation from Paterson, N. J. to Fort Wayne, Ind. but mostly with the New Jersey Club. He was recognized as the most consistent and accurate long-shooting star of the sport.

Pictured at the trophy presentation of the Boys Club were, front row from left Lt. V. J. Mangiafico; Tim Joustra, 11, accepting for his brother, Mark; Brian Kuiken, 15; Fred Soder, 12. Second row, Gary De Heer, director; Joe Donofrio, 15; Bob Russo, 16; Bill McDougall of 50 Hutcheson Avenue, Board member and Joe De Flora, 79 Forest Avenue, Board member. (Staff photo)

Mayor Proclaims Pitch, Hit, Throw Competition

The youth of America, on so many occasions in the recent past, have been maligned by undue focus on the controversial acts, albeit sometimes justified, of a few of their members.

Rather than condemn either their generation or their isolated acts, those who condemn might be wise to consider more persuasive and constructive approaches.

The paths of such approaches, by which youth is guided, encouraged, challenged and served, are many and diverse.

One such program, dedicated to the development of pre-teen boys, is the official Major League Baseball Pitch, Hit and Throw Competition (PH&T). It offers to all boys aged 9 through 12, the opportunity to benefit from many types of experience that will contribute to their development and maturity.

PH&T needs and deserves the support of all people and institutions of the Borough of Hawthorne.

Now, therefore, I, Louis Bay, 2nd, of the Borough of Hawthorne do hereby proclaim the period of May 22 through May 28 as PH&T Week in this Borough and I urge all eligible boys to register to take full advantage of its potential for bettering their lives and the future of all our citizens.

IN WITNESS WHEREOF I HAVE HEREUNTO SET MY HAND and affixed the seal of the borough of Hawthorne this twtnty-first day of April, 1971.

LOUIS BAY, 2nd, Mayor
Borough of Hawthorne.

This Is Caballeros Week Marking 25th Anniversary

In observance of the 25th anniversary of the Hawthorne Caballeros, Mayor Bay has proclaimed April 25 through May 1 as Hawthorne Caballeros Week.

The Mayor's proclamation cited the group as a continuing source of pride and honor to the citizens of the Borough and stated that they have "promoted a singular and unique spirit of unity and common purpose."

The text of the Mayor's statement publicly acknowledged and congratulated the Cabs on their 25th anniversary and their immeasurable contribution to the honor and good name of the Borough of Hawthorne.

Festivities commemorating the anniversary will begin Friday evening with an open house at the American Legion Hall for Caballeros, their wives, girl friends and former members of the Cabs.

Saturday afternoon a parade will be held at 1:30 p.m. with eleven participating drum and bugle corps in addition to the Caballeros and Muchachos; seven colorguard groups; the Fire Departments of Hawthorne, Wyckoff and West Paterson, the Hawthorne Police Dept.; the W. B. Mawhinney VFW Post; the Hawthorne Elks Lodge, the Girl Scouts and the Boy Scouts.

The line of march will begin at the Municipal Pool on Wagaraw Road and proceed up Lafayette Avenue, terminating at the American Legion Post on Legion Place. A gala dinner dance will wind up the celebration at the Teamsters Hall in West Paterson. Guests will have cocktail hour and a full course dinner. All tickets were sold in advance.

During the past 25 years, the Caballeros have been honored 11 times as the American Legion Drum and Bugle Corps National Champions; 21 times as the New Jersey State Champions; the Canadian Champions in 1956 and 1957. The first place winners in the National Dream Contest of 1970 and as world champions named by the Drum Corps Association.

Seven of the A. L. National titles were won consecutively; a record not even closely associated by any other drum Corps in history.

The Cabs' accomplishments include over 250 first place honors since the first group of Caballeros paraded in service uniforms on Memorial Day 1946.

Their Spanish style uniform was adopted in 1947 and has become a familiar sight all over the U. S., Canada and even Cuba, where the Corps appeared on a good will tour, sponsored by the U. S.

The Executive Committee for the Anniversary is Director James Costello, honorary chairman; Joseph Campos and William Duborow, co-chairmen and committee members Clayton Shunk, Tom Raclowski, George Hayek, Bob Costello, Joseph Butera, Peter Bishop, Stanley Ellis, Bill McCullom, Fd Ford, Ralph Silverbrand, Bob Murray, James Russo and Joseph Scarber.

AN EDITOR'S TRIALS

If you stop to think about it, every community, large or small, gains its sense of identity and purpose through the the pages of its local newspaper. If you want to find out anything or let other people know about some event, service or product, it's a pretty fair bet that the pages of your local newspaper can lend a hand; even ex-subscribers seem to think so.

A letter published in the Hayti, Missouri. Herald, makes this point and illustrates, as the editor put it, "... one of the better days in the life of a weekly newspaper publisher." The letter says, "Dear Editor: Please send me a free copy of your newspaper containing the obituary of my aunt. Also publish the enclosed clippine of the marriage of my niece. And I wish you would mention in your columns, if it doesn't cost anything that I have two calves for sale and our church is having a chili supper Friday night and the tickets are only 75 cents. As my subscription has expired, please stop the paper as I can't waste money on newspapers.—Ex-subscriber."

About the only comment that can be made here is that some days just start out bad, and once in awhile they don't get any better!

Letters to the Editor

195 Hawthorne Avenue
Hawthorne, N. J.

Dear Sir:

Before I go to the polls, I would like to publicly ask Mayor Bay what has been done in the past year about the air pollution by industry on Wagaraw Road which is different to our recreational facilities and Franklin School.

Those of us who use the facilities raised heck last year, hoping you would listen, but our complaints fell on deaf ears. I don't remember you making any kind of a public statement acknowledging the situation. Did you think it would all dry up and blow away?

You are after all, a vice president of a chemical company. Surely you are knowledgeable enough to be aware of the problem. What have you, an elected official, a servant of the people, done for us, the people of Hawthorne, who must breathe this foul air, to God knows what detriment of our health. At a time when the whole nation is desperately concerned about pollution in any manner, how can you justify your silence?

Hawthorne is a good place to live, and you have done an efficient job here up to a point. But I am aghast at your do-nothing attitude over these many years on this particular issue. Is there a reason, is there something we don't know? Isn't it time you told us?

"By the way, I have spent the last few years carting my four highschoolers back and forth to the Fair Lawn and Ridgewood libraries to do their term papers and research. Because of the insufficiency of the Hawthorne Library, I have been forced to pay $6 a years for a card in the Federated Libraries (to which our library doesn't belong) which entitles me to use most of the area libraries. I must admit, the Library is showing signs of life recently, but it is still far from adequate.

In my humble opinion, this town just doesn't seem to give a darn about its young people. After all it is youth who need an adequate Library, it is youth who mainly uses the pool and tennis courts, it is youth who goes to Franklin school in that mucky air, it is youth who uses Education facilities; it is youth who needs a Community Center because they get in trouble out of sheer boredom. Yes, we have a low tax rate, but could it be the well-being of our children is the price tag?

Dear Citizens of Hawthorne:

My name is Leonard H. Garigliano. I am a senior at Seton Hall University majoring in political science.

In connection with my school studies, I have taken an active interest in the manner in which our local government operates. In fact, I was encouraged by my professors and close friends to enter the recent Board of Education race, which I did.

Recently, I took it upon myself to investicate and study the quality of Hawthorne's library. I, at my own cost and expense, placed an ad in a local newspaper setting forth what I thought were valid criticisms of the library. I think I speak for most of the youth of Hawthorne in pointing out the shortcomings of the library.

At the April 21 Hawthorne Borough Commissioners' meeting, I was shocked at the audacity of Mayor Bay who took personal offense at my article and called me a liar.

I am not a liar and I am not going to sit back here up to a point. But I am aghast at your do-nothing attitude over these many years on this particular issue. Is there a reason, is there something we don't know? Isn't it time you told us?

"By the way, I have spent the last few years carting my four highschoolers back and forth to the Fair Lawn and Ridgewood libraries to do their term papers and research. Because of the insufficiency of the Hawthorne Library, I have been forced to pay $6 a years for a card in the Federated Libraries (to which our library doesn't belong) which entitles me to use most of the area Libraries. I must admit, the Library is showing signs of life recently, but it is still far from adequate.

In my humble opinion, this town just doesn't seem to give a darn about its young people. After all it is youth who need an adequate Library, it is youth who mainly uses the pool and tennis courts, it is youth who goes to Franklin school in that mucky air, it is youth who uses Education facilities; it is youth who needs a Community Center because they get in trouble out of sheer boredom. Yes, we have a low tax rate, but could it be the well-being of our children is the price tag?

The Hawthorne Press,
To the Editor:

On Thursday, April 22nd, 1971, a political paper expounding the virtues of the present administration of Hawthorne, N.J. by Mr. Harold S. Floyd was circulated throughout this community accompanied by a photo copy of a letter sent to the governing body of our borough expressing the thanks and appreciation of the Sixth District Association for the favorable response to our petition for revision of Ordinance #1176 which would have placed our neighborhood in an Industrial Zone.

This photo copy was circulated without the knowledge of our Association and we feel that the use of courtesy correspondence such as this for political propaganda is somewhat less than good manners and does not reflect the situation in question in its entirety.

As for Mr. MacFarlan's contention that this letter proves without a doubt that a lawyer was not needed we would remind him and those for whom he is campaign manager that we did indeed have advice of counsel and although legal action was not necessary we did not know this at the time the aforementioned Ordinance #1175 was advertised and presented for final reading on September 14th, 1970.

Although members of our organization are candidates for office we have rigidly held to the articles of our By-Laws, (which first and foremost indicate that we are NON-POLITICAL) and have refrained from publicly endorsing any candidate. We regret that we as an organization have become involved in a situation that was not our desire and certainly not of our making.

Dear Editor:

I have been a resident of Hawthorne for over 50 years and, prior to my retirement, principal of Hawthorne High School for 20 years.

I have had occasion to work closely with the town administrators, local organizations and lending citizens and have always received their utmost cooperation. There has always been in evidence on the part of the town commissioners a desire to serve the town to the best of their ability.

Over these years I believe Hawthorne has been blessed with an intelligent, honest, forward looking administration. Mayor Bay II from his many years of experience has the accumulated "know how" to produce efficiency in the working of his office. During these years he has had the help of hard working fellow commissioners who produced "results" for the town.

In the past few years he has been joined in administration by Commissioners Harold S. Floyd and Arthur A. Brokaw, two men of proven ability. The record of advances they have brought about in all the borough's projects speaks for itself.

There are many difficult problems still ahead that require the greatest intelligence in solving. What Hawthorne needs is a continuation in office of officials who are experienced and can bring this town continued services at low costs within the ability of the people to pay.

For this reason I urge my neighbors and friends to support the qualified candidates, Mayor Louis Bay II, and Commissioners Harold Floyd and Arthur Brokaw.

Yours truly,
GEORGE J. GEIER

Dear Mr. Missonelle,

The recent denial to attend the Jaycees' sponsored Candidate's Night by Mr. Dominic Melo and Mrs. Pamela Vander Brink should not go unanswered. As a former Jaycee president and as a present School Board trustee, I have refrained from active involvement in this Commissioners' campaign, because of my position in both organizations. However, the remarks of these two candidates have cast doubts about the fairness and impartiality of the Jaycees.

Mrs. Vander Brink calls the format "unfair and partial." This is the same format used in the two candidates nights held by St. Anthony's and the combined PTO's in the recent School Board election, except that the Jaycees have extended the opening remarks and these remarks would be in the order selected by lot at the Candidate's Night instead of in ballot order.

The Jaycee format for selection of order of speakers is candidates Night is to make the evening fair and impartial. The format was not selected to meet the needs or requirements of any candidate.

Mrs. Vander Brink also wished to allow only questions from the audience through campaign managers. If you are a citizen who did not know Campaign Manager personality, you would not be allowed to ask a candidate a question under Mrs. Vander Brink's format.

This Candidate's Night is for the citizens of Hawthorne. Every citizen has a right to be heard and the Jaycees feel that the citizens should not be limited by any Candidate's Campaign manager.

Mr. Melo has called Candidate's Night a "debate instituted by Mayor Bay." The Candidates' Night was started by the Jaycees alone. We are not affiliated with Mayor Bay or the other Commissioners.

This is not a debate, but rather a night which allows citizens to know candidates. It is the same Candidates' Night which Mr. Melo participated in during the recent School Board election.

The insinuations against the Jaycees are unwarranted as any citizen who knows our organization can attest. The recent events have made me angry.

The Jaycees are a service organization and all the Jaycees did was to try to provide a service to the community and every citizen of Hawthorne know that the Jaycees are not political. For once they become a political arm, they could not serve the entire community.

Sincerely yours,
RAY HALLOCK.

Editor,
Dear Sir:

I have been a resident of the Borough of Hawthorne for the past four years. Prior to moving to Hawthorne I lived in Essex County for 10 years and during that time I saw the taxes on my home increase from $50.00 a year to $2400.00 at that point to moving at all you can be sure that I made some investigation as to the best place for me to live.

I have done business in all the municipalities of Passaic County for the past 40 years and from my business experience I found that Hawthorne was the place where I would like to spend the rest of my remaining years.

It is letter is addressed to the candidacy of Mr. Dominic Melo, who at the present time has something to say as a member of the Board of Education over the expenditure of $3,000,000.00 per year. It now appears that he is not satisfied with this expenditure but now wants to participate in the expenditure of $600,000.00 that the Board of Commissioners will spend.

As a lawyer I have watched the Board of Education for many years and I fail to find any outstanding contribution of Mr. Melo on that Board. If his performance as a Borough Commissioner would match that of a school commissioner then I am afraid there are sorry days ahead for our Borough. I can see nothing constructive in what Mr. Melo did to solve the school expansion problem nor has he shown any progressive leadership. I admit he shakes a good hand and waves heartily to folks as he walks down the street but that is not leadership. Mr. Melo sells good meat as my wife patronizes his store. I am satisfied with the meat he sells but I would not be satisfied with any further authority that he may be given to govern our Borough.

He is backed by a former candidate who recommends 20 Councilmen to run our Borough and if this is progress then we would have the largest Council in the State of New Jersey.

What Hawthorne really needs is a continuation in office of officials who are not only friendly, but who are experienced and can bring this town continued service, at low costs within the ability of the people to pay.

For the above reasons I urge my neighbors and friends to support qualified candidates, who, in my opinion, have done an outstanding and will continue to do an outstanding job, that is, Mayor Louis Bay II, Commissioners Harold Floyd and Arthur Brokaw.

Yours truly,
GEORGE TIERNEY

Golden Harvesters

There were 148 members and three guests at the Monday meeting of the Golden Harvesters, with President John Tomshe presiding.

The guests welcomed were Mrs. Ricci, Regina Dempski and Joseph Libby.

After a long absence due to illness Mary Dowd was welcomed back, and was the winner of the door prize.

The sewing table with Ann Del Gaudio in charge ate busy making flowers for Mothers Day to be given to one of the local hospitals.

Next Monday we will honor our May celebrants. Chairman for the month for refreshments is Tillie Sytsma, assisted by Ann Roecner, Anna Jamieson, Martha Earl, Jennie Van Houten, Pansy Hewitt, Lillie Moore.

Sunshine Lady Edna Competelli reported the following on the sick list: Andrew Van Nieuwaeen, Mae Arnot, Theresa Simone, Catherine Hubbs, Harry Lane, Elizabeth Baines, Marie Cateline, Catherine Wints, Viola Lawrence, Betty Comstock, Elva Ortman, Russell Dean, Theresa Faulkner, Emma Hinkley.

Water Pollution Film Successful

The NBC-TV film "How to Make a Dirty River" that was shown at Hawthorne Public Library last Monday was successful in bringing a message to the people of Hawthorne, what could be done by them to fight water pollution. Mayor Bay was unable to attend because of a previous enangement, but arranged for Mr. Lubetkeen, Chief Engineer of Passaic Valley Sewerage Commissiol, to be guest speaker. Also present was Mr. Norman Hooper, Hawthorne Board of Health Inspector.

After the film Mr. Lubetken answered several questions asked by Hawthorne residents, one of them being the problem of back-up sewerage at Washington Street. He explained how it was caused and what is being done by the Commission to solve the problem.

Mr. Campana, Hawthorne Jaycee Chairman of Water Pollution, and Mr. Jardula, Director of Hawthorne Public Library, are grateful to the Hawthorne people who attended and showed interest.

Children's Plays Are Scheduled At Mall Theatre

George Brown, president at the Playhouse on the Mall, Bergen Mall, Paramus, has announced the schedules of two plays for children during May.

On Saturday, May 1, at 11 a.m. and 2 p.m., the Yates Children's Theatre will present a new musical production of "Hansel and Gretel."

On Saturday, May 15, at 11 a.m. and 2 p.m. the Yates group will present the ever-popular "Pinocchio" in musical form.

Tickets are now available for both productions at the Playhouse on the Mall box office. All seats are reserved.

ber, said it has been his experience that most members of the Board of Education average three or four nights a week on school board matters.

"How," Terrizzi asked, "does Mr. Melo expect to spend all the time necessary on school board matters when he is occupied with the duties of the borough commissioner which also requires several nights a week? Which position will he neglect the most; the school board or the borough commissioners' job? There are only seven days in a week, and obviously Mr. Melo doesn't have the time to handle both jobs with an equal amount of ability and enjoyment." I might add that I am Chairman of the Building and Grounds Committee of which Mr. Melo is a member. We have held three committee meetings since February 9th and Mr. Melo has failed to attend any of these meetings."

Terrizzi said the other alternative for Melo is to quit his job as school board member.

"And if Mr. Melo did that it would be a direct violation of his pledge to the voters to help solve Hawthorne's expansion problem in the school system," Terrizzi said. "Whichever course he takes Mr. Melo has got himself caught in a monstrous which he set himself by trying to fool the voters."

Scholarships

There are more than 150,000 scholarships and grants available for college bound students. Many of these go unused because students are not aware of them. Broadway Bank & Trust Company will offer those students and their parents custom selected lists of sources for college education financial assistance. This new service, called "Scholarship Search," matches a questionaire that is filled out by the student or his parents, to a huge central computer data bank, which contains more than 150,000 possible sources to whom the applicant can apply for assistance, based on background, location, religious affiliations, prior family military involvement, family, social, fraternal and labor organization memberships, and a great number of other factors. Financial sources include such diverse groups as unions, fraternal organizations, foundations, local, state and federal funds, military auxiliary organizations, industrial groups, corporations, educational institutions, etc.

Financial need is not a deterrent in applying for financial aid for many sources. For example, an American Indian living in New York State, desiring to pursue a career in agriculture can apply to Cornell University for a tuition grant. Any student fortunate enough to have the surname "Leavenworth" can apply to Yale for a $500 annual tuition grant thanks to a fund established by a Yale graduated who wanted to perpetuate his family name. Many of the sources seek out applicants desirous of pursuing a career in some specialized field, ranging from medicine to agriculture. The grants awarded range from $100 to full tuition, room and board.

The cost of processing the application will be $20. A full refund will be made to any applicant where less than ten sources are available. Processing time generally takes a week to ten days to complete. The resulting list and suggestions on applying for scholarships are mailed directly to the applicant's home.

Broadway Bank is the first bank in the area to offer such a service. It had only been offered through high school guidance counselors, previously. The Bank is hopeful that this program might be of value to the schools in the area, and welcomes any inquiries. Robert Osur, Vice President of Marketing added, "It is our aim to supply the students with the largest possible choice of scholarship funds available. Working with the schools in this area would go a long way in making this possible."

The Vander Graff Generator is displayed by Darlene Stately, who is experiencing 150,000 to 200,000 volts going through her body. She is 13 years old and lives at 67 N. 10th Street. (Staff photo)

Proclamation

SENIOR CITIZENS' MONTH

WHEREAS, it has become traditional that the month of May be designated as Senior Citizens' Month throughout our nation, and

WHEREAS, this year's observance is made more important and more meaningful by the calling of the second White House Conference on Aging next November by the President of the United States; and

WHEREAS, the State of New Jersey will participate to the fullest extent in the White House Conference on Aging and to that end the Governor of our State has called a State Conference on Aging during the month of May; and

WHEREAS, it is most fitting that all citizens honor our revered Senior Citizens and, in keeping with the theme of this year's observance, "Toward A National Policy On Aging," give sympathetic ear to those among us who have contributed in such great measure to the growth of the community, the State and the Nation;

NOW, THEREFORE, I, Louis Bay, 2nd., Mayor of the Borough of Hawthorne, do hereby proclaim the month of May, 1971 as Senior Citizens' Month in the Borough of Hawthorne and I do hereby exhort all citizens to whole-heartedly join in paying tribute so richly deserved and to exert all effort to duly honor our older residents.

GIVEN, under my hand and the Seal of the Borough of Hawthorne this twenty-first day of May of Our Lord, One Thousand Nine Hundred and Seventy-One.

LOUIS BAY, 2nd., Mayor

Borough of Hawthorne.

Mr. Theodore Van Natta was introduced by Wilbert Klepper, Jr., program chairman. Mr. Van Natta demonstrated his technique of painting with oils on velvet. Members marvelled at his speed, attention to detail and overall ability in the field of art.

The finished work was awarded to Jim Terwilliger, a visiting Kiwanian from the Paterson club and the owner of Vescelius Florist.

John Young, 38, and Wilbert Klepper, Sr., 37, celebrated their birthdays. Mr. Morris Miedik, Lt. Governor of Division 15, N. J. Kiwanis was welcomed as our guest.

The golf team representing our club consists of John Young, James Rogers, Harvey Wright and Nelson Struck and will play in a match at Forsgate on June 9.

Nelson Struck is program chairman for next week.

Pictured at the presentation about Vietnam were from left Steve Piscitelli, Ronald Keller and Ken Veltkamp

Former Hawthorne High School student Steve Piscitelli, presented a special program on Vietnam for the Hawthorne seniors. Steve spent 10 months in Vietnam before being seriously wounded by a Vietcong bobby trap. Steve talked to the seniors about his personal experiences in Vietnam and showed them V. C. uniforms, weapons and booby traps that were used by the enemy.

Some of the seniors were dressed in V. C. and Marine uniforms to demonstrate the combat troops on both sides. Slides were shown depicting actual combat with the Viet Cong, villages and hamlots of Vietnam in addition to the people in their cultural habitat.

The program concluded with a question and answer session between Steve and the seniors. Many of the questions dealt with the feelings of the troops about the war plus the people's feelings toward us and the conflict.

Students indicated that the program was very beneficial and informative because Steve was able to bring out personal experiences along with first-hand information about the war and the people of Vietnam.

As the assembly concluded, the seniors felt a more personal involvement in the war and were able to see the closeness and affect the war has on every American both young and old.

School officials compliment Mr. Piscitelli on his presentation and volunteering his time to present this assembly to the Hawthorne High School seniors.

College Campus

HACKETTSTOWN, N. J.— Miss JoAnn Condarci, daughter of Mr. and Mrs. Joseph Condarci, 113 Hawthorne Ave., Hawthorne, has been invited to attend Centenary College for Women's conference for incoming students Saturday, May 1, on the campus.

The major purposes of this conference for matriculated members of the class of 1974, said Judson Betts, director of admissions, are to facilitate understanding the programs offered at Centenary and to focus attention on methods of achieving individual goals.

Group discussions will be conducted concurrently at 11 a.m. and 1:30 p.m. on art, dance home economics, merchandising music, nursery school education paramedical programs, physical education, radio-television, theater arts, secretarial and transfer programs.

Activities will include registration and coffee with the faculty at 9:30 a.m., a welcome by Dr. Edward W. Seay, president of the college at 10:30; a program by the performing groups —dance, music, theater—and a talk by the president of Student Government Association following the afternoon group discussions.

Donna Rose Criscenzo of 195 Hawthorne Avenue, has named to the Dean's List at Douglass College.

Miss Criscenzo is a freshman at the Women's College of the State University. Freshmen must average grades of 1.8 or better to attain this distinction.

Woman's Club Has Presidents Reception

Last Thursday the Presidents' Reception was given by the Woman's Club of Hawthorne in Franklin School. Special guests of honor were Mrs. John W. Rock, First Vice President of the New Jersey State Federation of Women's Clubs; Mrs. George T. Strakosch, State Chairman of Public Relations; and Mrs. William Griffin, Jr., State Program Assistance Chairman. Thirty-seven Presidents of the Clubs in the 11th District attended, as well as several of the 11th District Chairmen.

The Musical Program was presented by the chorus and a cappella choir of Hawthorne High School under the very able direction of Evelyn S. Hartmann, Director of Music Education. Seventy teenagers took part in this program. There were two soloists. One was Ellen Spages who sang "One Kiss" from New Moon by Oscar Hammerstein 2nd, and the other soloist was Glenn Smits who sang "The Lord's Prayer" by Malotte. Both of these young people were wonderful.

The past Presidents of the Hawthorne Club made the arrangements for the evening including the present President, Mrs. Peter Scullion, assisted by Mrs. Edward J. Ackerman, Mrs. Kenneth Hauger, Mrs. Horace Linsley, Mrs. Robert Meneve, Mrs. Andrew Montano and chairman Mrs. John Komjian. There were ample refreshments taken care of by Miss Dorothy McClane, Mrs. Alfred Motta, Mrs. Frank Ineremona, Mrs. Gordon Francisco, and Mrs. Reinard Keelen. Mrs. John Brush supplied beautiful floral pieces.

On Wednesday, April 28th, members will visit the State Federation, Headquarters in New Brunswick. A tour will be conducted by Mrs. Donald T. Bixby followed by luncheon.

The next meeting of the Woman's Club will be at the home of Mrs. Louis Bay on Thursday, May 6th. The program will be presented by Mrs. Horace Linsley, 11th District Education Chairman. Her guest will be Mr. Carl Chirico of the Hawthorne Board of Education who will speak on school expansion and show slides.

Space Parade At Roosevelt

The Space Parade of Roosevelt School's PTA Fair is just around the corner. Grammar school students grades K to 6 are invited to participate by creating their own space costumes. Those participating should be in front of the school at 1:30. Final judging will be at 11:30.

PTA officials requests that anyone wishing to make donations of old books, used toys, games, attic treasures for the fair may drop these items off at the school gym on Friday between 3:30 and 5 p.m.

Bell Laboratories scientists at Murray Hill, N. J., believe that it will someday be possible to carry 1 million simultaneous telephone conversations on a single laser beam.

Curtain Call at High School 7 & 8

On Friday and Saturday May 7th and 8th, the student council of Hawthorne High School will sponsor "Curtain Call" in the school auditorium at 8 p.m.—donation $1.50. "Curtain Call" is a variety show in which over 150 talented students will salute Broadway, starting from the Vaudeville era through 1970.

Among the highlights of this extravaganza will be soft shoe and other dance routines, an old fashioned melodrama, skits, song solos, choral medlays, and scenes from current stage hits

"Curtain Call" promises something for everyone in an evening of enjoyable entertainment.

Jaycees Sponsor Anti-Pollution Poster Contest

Hawthorne Jaycees are sponsoring an anti-water pollution poster contest for all the students in Hawthorne. All posters must be delivered to the Hawthorne Library by Thursday, May 6. The winners will be announced on Friday, May 7, with the first prize a transistor radio, and second and third prizes will be games.

Frank Campana, chairman of the water pollution surey, Thomas J. Jardula, Director of Hawthorne Library, and Bonnie Murray, senior at Montclair State and a Hawthorne resident, will be judging the contest. The winning posters will be on display at the Hawthorne Library and the Grand Union Supermarket.

Nationwide direct distance dialing was introduced in Englewood, N. J., on Nocmber 10, 1951.

Hawthorne Resident Visits Russia With N. J. Bankers

Richard Beekman, of 41 Ravine Drive West, Hawthorne, president of Citizens First National Bank of Ridgewood, is one of twelve New Jersey bankers who left April 25th on a two-week banking and industrial visitation to Russia. The trip is in response to an invitation extended by Russian bankers who addressed the New Jersey Bankers Convention last May.

Upon arrival in Moscow, they will visit the United States Embassy to be briefed on relationships between our country and the Soviet Union, particularly from an economic standpoint. It is anticipated that the mission will meet with policy making officials of the Grosbank, and the Bank for Foreign Trade of the U.S.S.R.

Later in the tour they will make a comparative study of operating techniques and methods of banks in Kiev and Leningrad and will visit a collective farm in Sochi.

They will return by way of Paris, where they will visit the United States Embassy for a review of our economic relationships with France and a discussion of the Common Market.

As guests at the headquarters of a French bank, they will have the opportunity for further comparative study of bank operations.

The cultural environment has not been overlooked, and in Moscow they will tour the Kremlin, visit the Armory Chambers evoking the illustrious past of Czarist Russia, and ride the Moscow Metro with its unique artistic stations and almost silent trains.

In Kiev they will have an opportunity to visit St. Sophie's Cathedral and the Pecherskaya Lavre Monastery.

Leningrade will provide equal opportunity for sightseeing and their visit there will conclude with a theater party and special Farewell Dinner.

Beckman, a recent past president of the Bergen County Bankers Association, is presently a member of the New Jersey Bankers Director-Management Committee.

Western Electric engineers have developed a Portable Conference Phone which can amplify a telephone call to an audience of 50 people.

Hospital Receives Donation From Junior Women

The Junior Woman's Club of Hawthorne made its second contribution to the "Hospital Happenings" fund for the Greater Paterson General Hospital with its donation of $50 to the fund co-chairmen.

Mrs. Alex Cantilina and Mrs. Francis A. Gilpin, who established the community fund for the hospital's expansion, received the check from Mrs. J. C. Schuh of Robertsan Avenue, club president. The money represents a portion of the proceeds of the club activities, a fair and a "Monte Carlo Night" which benefited several philanthropies.

Last year the Juniors held a cocktail and splash party specifically for the "Happenings" fund. Mrs. Cantilina and Mrs. Gilpin noted that the club members handled all arrangements on their own, without soliciting the chairman's help. The two women are available to aid hostesses interested in sponsoring "happenings" in their homes for the construction of the regional medical center on the Hamburg Turnpike in Wayne.

Earlier this year, a $1,000 check was presented to Stephen D. Germond, president of the hospital board of trustees. The co-chairmen said they are working to collect the second $1,000 during the hospital's centennial year and the start of its second century of service to North Jersey residents.

Hawthorne sends the highest number of patients to the hospital after Paterson and has given the largest percentage of community pledges and contributions to the expansion program.

YMCA Events

The Hawthorne Family YMCA is offering one more six week Pre-School program before school closes and the summer program begins. The groups meet for two hours, once a week at the YMCA. The boys and girls, ages 3 through 5 participate in group games, singing, story telling, marching, crafts, lettering and numbering.

The groups meet as follows: Tuesday morning class, 9:30-11:30; Wednesday morning class, 9:30-11:30; Wednesday afternoon class, 1-3; Thursday morning class, 9:30-11:30.

Further information may be obtained by contacting the Hawthorne Family YMCA, 100 Warburton Ave. 427-8858.

YMCA Plans Partner Membership Drive

A planning session was held recently for the YMCA Partner Membership Campaign of 1971. An organization of 50 volunteers is currently raising funds to allow the YMCA to expand its program services. Pictured from left are Robert R. Cummings, Executive Director of the Hawthorne Y; Donald Renstra, Partner Membership Campaign Chairman nd David Pavlin, chairman of the YMCA.

Summer Garbage Begins May 1st

Mayor Louis Bay, 2nd., Director of the Department of Public Safety and Affairs, has made arrangements with Schaper Disposal Works, borough garbage collector, to start the summer collection of garbage on Monday, May 13, 1971, for a five-month period terminating Saturday, October 2, 1971.

The Mayor and Commissioners desire to inform the citizens that on both collection days in each section of the Borough, any garbage, refuse, or debris placed in containers not over sixty pounds, will be picked up by the garbage collectors. This double collection of everything to assist the citizens in getting rid of all refuse twice weekly has been made possible by having same included in our contract with this firm.

All garbage and refuse should be put out the night prior to the collection day in order to avoid not having same picked up on the collection day.

In the districts where year-round collection is made on **Monday**, the summer collection day will be **Thursday**; where the collection is made on **Tuesday**, the summer collection day will be **Friday**; where the collection is made on **Wednesday**, the summer collection day will be **Saturday**; where the collection is made on **Thursday**, the summer collection will be **Monday**; where the collection is made on **Friday**, the summer collection day will be **Tuesday** and where the collection is made on **Saturday**, the summer collection day will be **Wednesday**.

YES Volunteers Elect New Slate

Mrs. Arthur Megalos presided at a recent meeting of the volunteers of the Hawthorne Youth Employment Service. At this time, a new slate of officers for the year 1971-1972 was elected. The results were as follows: Mrs. Joseph O'Sullivan, President; Mrs. Lester Weir, Secretary; and Mrs. Edward Millbrook, Treasurer.

In addition, the following volunteers were chosen chairmen of the various committees: Mrs. Joseph Boyle and Mrs. Henry Van Ry assisting as chairmen of fund raising; Mrs. Arthur Megalos, publicity, and Mrs. Peter Scullion in charge of volunteers. Mrs. Albert Bortollo is the new office manager.

YM Honors Boro Juniors With Service Award

The Hawthorne Junior Woman's Club was honored Wednesday night by the YWCA at the annual meeting of the Northern Passaic Valley YMCA. The Hawthorne YMCA, which is a branch of the Northern Passaic Valley YMCA, recommended the Junior Woman's Club for the "Outstanding Service of the Year Award." Peter Vandervoort, President of the Northern Passaic Valley YMCA presented the award to Mrs. Shelia Schuh, President of the Junior Woman's Club. Each year the award is given to an individual or group, who has given outstanding service to the YMCA.

The Junior Woman's Club accepted work with the YMCA as their major project this year. When the award was presented the following contributions were cited.

Mrs. Carole Darvas, Chairman of the Junior Woman's Youth Committee, was responsible for initiating and stimulating interest in the YMCA. Mrs. Darvas has also served on the YMCA Steering Committee, acted as the advisor to the weekly Jr. Hi-Y program, worked with youth during many special events and trips and she is now serving as a Team Captain for the Partner Membership Campaign.

Mrs. Shelia Schuh organized all the women in the club to help as aids with the four weekly Pre-School groups.

Mrs. Elaine Meneve was chairman of the Hawthorne Ball, which prdouced $900.00 for the YMCA. Mrs. Meneve also instructed a Ceramics Class for YMCA youth.

Mrs. Eddie Ann Lozzi has conducted a Women's Physical Fitness Class and a Teen Dance Class. Mrs. Lozzi is also serving as a Team Captain for the YMCA Partner Membership Campaign.

All the members of the club worked hard to make the Hawthorne Ball a success. Everyone was involved as Pre-School aids. The club has made a commitment to work on the 1971 Partner Membership Campaign, and all the members have been very supportive of all the efforts made by the YMCA.
