## HAPPY WONDER BAKERS TO PLAY AT ST. ANTHONY'S BALL

Takes Place in High School Easter Monday Night, April 13—Pinedale Trio To Render Popular Songs

### SPECIAL PRICE FOR STUDENTS

The Entire Church Fund Committees Are Asked To Be Present Friday Evening—Patron List Grows

St. Anthony's drive for funds is now in the final stages after having been under way sixteen weeks. In the meantime close to 500 tickets of the drive have been placed in circulation under the direction of the president of the Holy Name society, Bernard Van Rasy, who is also chairman of the drive ticket committee.

Plans have also been made for the charity ball to be held in conjunction with the drive as a final climax on Easter Monday night, April 13th at the high school.

The committee in charge of the charity ball has arranged to have the Happy Wonder Bakers on stage, from station WABD make its first personal appearance in the State.

They will also have, as an added attraction, their featured vocalist Loretta Thomas. The general chairman is also happy to announce that the committee has secured the Pinedale Trio, one of North Jersey's most popular singing units.

The personnel of the floor show is not yet completed, but will be the early part of next week. William H. O'Grady, general chairman, when interviewed yesterday said that the type of floor show to be exhibited will be of the highest class and that there will be nothing objectionable from a family standpoint.

There are 300 student tickets at a special price of 35 cents, and the committee urges the students to get them as soon as possible from Mr. O'Grady, the student ticket chairman, as they will not be on sale at the door.

A 1000 Chevrolet Deluxe coach will be given away to the person holding the lucky ticket, at the stroke of midnight.

Dominic Male, chairman of the ball ticket committee, stated yesterday that he has over 500 general admission tickets at 50 cents.

The approximate amount of \$3,000 paid each year for compensation insurance by the Holy Name society, which is the charity ball, he said, would be taken out of the 200 Patron tickets.

(Continued on Page 5)

By making the changes suggested, Mr. Oetzel pointed out that a saving of \$700 in insurance could be made, plus \$1,800 payment to the number of men, a total of \$2,500 a year. The suggestions submitted by Mr. Oetzel to the committee as well as others will be taken under advisement.

## WPA WORK STARTS AT DISPOSAL PLANT

Work on the cleaning of the broken stone in the filter bed of the sewer disposal plant began in earnest yesterday when a gang of WPA men dug out one corner, revealing the condition of the stone and the pipe underneath.

About 30 men were working on the job yesterday and more will start today.

Mayor Robert Mulford inspected the work late yesterday afternoon and noted the poor condition of the filter bed was in which has probably been some of the cause of the poor operation of the plant. An engineer from the sewerage commission will inspect the plant today.

## WHIRLIGIGS TO RECEIPTS TAX

Behind The News' Wire Tells Of Possible Tax On Transactions

TRENTON, April 1 (Special) Painters Taxes—that's the kind the worried Assemblymen are looking for. The Joint Emergency Relief Committee is struggling every day at Trenton, trying to frame a tax plan that will get the money painlessly and efficiently, without undue squawking. The first few plans proposed to collect \$35,000,000 from about six industries. The protest was so loud and so widespread that one by one, the affected industries were released, in "hope" that other sources of money could be found.

Then, it began to dawn on the minds of the Assemblymen and Senators that so small a group of industries would stand for carrying the entire burden. Some of the State's largest and most important industries came to realize that even they, powerful as they are, could not escape paying a fair share of the new tax.

Over the "Crepesque" frequently is a reliable distributor of news and opinion, when the regular telegraph lines are busy. In the past few days, the "Independent" legislators have been hearing rumors and that any attempt to put a levy tax on them, would be a failure.

(Continued on Page 5)

## PASSAIC COUNTY REPUBLICAN LEAGUE MEETING ON MONDAY

Petitions Filled Out At Session In Home of Raymond Rhodes—Ninth District As Yet Undecided

FILLING COMMITTEE SLATE

County Clerk Lloyd Marsh, Republican Leader, Addressed Gathering—Exhibition Safety Motion Picture Will Be Feature of Evening

At a meeting of the county committee members of the Regular Republican club was held Wednesday night at the home of Raymond Rhodes and candidates' petitions filed for all but the ninth district.

At a previous meeting of the committee, held two weeks ago, County Clerk Lloyd Marsh, republican leader of the county addressed the members and election officers, and promised that he would speak publicly in the campaign for all regular Republicans.

Final reports were made Wednesday night on the card party that had been held on March 15 and over \$180 was cleared. Over 500 people attended.

On Monday, a meeting of the Hawthorne unit of the Passaic County Republican League will be held at the Town Club and every candidate for county committee will be present. Charles K. Barton, candidate for State senate, and Harry Page, candidate for sheriff, will speak.

An exhibition of a safety motion picture will be a feature of the evening. All Republicans are invited to attend. Refreshments will be served and the entertainment committee will have a surprise for all attending.

The candidates for county committee that have filed their petitions are: First district, Mrs. Louise Bay and William Vander Vliet; second district, Job Brown and Mrs. Minnie Newell; third district, Walter G. Penney and Mrs. Ethel Garrison; fourth district, Mrs. Estelle Gill and David Dougherty; fifth district, Mrs. Nellie Hopper and Edward Latta; sixth district, Mrs. Bernice Fontanella and Walter Vandenberg; seventh district, Mrs. Ellen Sheppard and John Barton, a brother of Charles K. Barton, candidate for secretary; eighth district, Mrs. Lillian Rowland and James Boardman; ninth district to be decided before Monday and tenth district, Mrs. Mae Farman and Herman Langenberg.

Since these students have entered college principal L. R. Johnson has kept in touch with them and has written from three to six letters to each member who is now in college. In this way he has been able to encourage pupils to greater effort where necessary and especially to give commendation for the splendid results which the great majority of these pupils have attained during their first semester's work.

On their first college reports they received 233 marks. Of these 14 were A's or fifteen percent; 88 were B's or forty-two percent; 77 were C's or thirty-three percent; 10 were D's or six percent; and only 9 were F's, representing failure, or four percent. In other words the graduates of the Hawthorne high school who are now in college were able to pass ninety-six percent of all the work taken. Almost fifty percent of their marks were B or better.

So far as marks are concerned they are doing as well or better as the college level than they were (Continued on Page 5)

# Hawthorne

[By Frank J. Greb-Lasky]

Where is all the chatter about a pension drive for pensioners coming from? We have heard talk like this around our towns, read it in newspapers and magazines, but who is doing this talking?

It is members of the American Legion! It is veterans under the Legion! Just who is promoting the idea that the organized World War veterans are going to demand pensions?

Now, honestly, have you heard any member of the Legion advocating pension? Has your Post or any other Post you know of passed a resolution favoring pension? Have you heard one responsible Legion leader urging pension for all veterans? Have you ever heard the subject discussed with any great interest in your Legion Post?

Well, but that the answer to these questions from practically every Legionnaire is "No." The Legion first thinking of pension isn't doing any of this talking about pension. It is the veterans outside of the Legion.

Where does all this pension talk come from, anyway? It isn't hard to guess. It comes from the same old forces which were active in the "No-Longer" during the war, and have formed the backbone of the Economy League and similar anti-veteran organizations ever since the war. They are trying to make the country afraid of the Legion and the veterans by shouting that a demand for pension will be the next Legion Post.

The record of the Legion on the question of pension is clear for anyone to see. The Legion has always fought vigorously for compensation for the disabled veteran, the widows and families of the fallen, but it never advocated pension for disabled veterans. Everything for the war disabled and dependent, nothing for the rest of us, always has been the Legion's program. In its campaign for payment of the incorrectly termed "bonus" the Legion was asking only for full payment for war services, nothing which remotely resembles a pension or any kind of gratuity for all veterans.

The Legion might do. And these good intentions have turned their guns on what they imagine the Legion might do. And these good intentions have turned their guns on what they imagine the Legion might do. And these good intentions have turned their guns on what they imagine the Legion might do.

## You Can't Get Behind "Eight Ball" Microphone; Any Side Is In Front

Post No. 199

Musicians at WOR getting acquainted with the new Western Electric microphone which looks like a large, round, black, and shiny ball. It is not ruled by its leaders, but by the men in the rank and file of the Legion Post. That's where the power to decide what policies the Legion will advocate actually rests. The National Convention merely carries out the orders of the members, as expressed through their elected delegates.

A new stream-lined microphone which looks like a large, round, black, and shiny ball. It is not ruled by its leaders, but by the men in the rank and file of the Legion Post. That's where the power to decide what policies the Legion will advocate actually rests.

The American Legion never has been a self-seeking organization. Its program of civic and patriotic service, its achievement for communities, states and the nation, prove beyond question its real devotion to the welfare of the United States. The charge that it is about to demand pension for all veterans is a demand for a pension for all veterans, which is a demand for a pension for all veterans.

The Legion was ever relevant to ask for payment of the incorrectly termed "bonus" the Legion was asking only for full payment for war services, nothing which remotely resembles a pension or any kind of gratuity for all veterans.

The Legion might do. And these good intentions have turned their guns on what they imagine the Legion might do. And these good intentions have turned their guns on what they imagine the Legion might do.

## SPECIAL TAXES REPRESENT \$45 OF EVERY \$100

20 Cents of Every Dollar Collected Diverted or Squandered

"Deduction of President Thomas A. Henry of the American Automobile Association, that 'motor vehicle ownership is not a measure of taxability for general revenue' was endorsed today by S. J. Leary, Secretary of the New Jersey Petroleum Industries Committee. Mr. Leary said his organization would support President Henry's suggestion that the nation's 800 automobile dealers be used to collect 20 cents on every gallon of gasoline we sell. At the same time we are forced to take this money we collect from our customers to finance roads being used for other purposes for which our customers should not be asked to pay."

"President Henry has proposed a 20-cent tax on gasoline, which would mean that the average driver would pay 20 cents more for every gallon of gasoline he buys. This would mean that the average driver would pay 20 cents more for every gallon of gasoline he buys."

The advantages of the new microphone have already become apparent as a result of tests made by the Legion Post. That's where the power to decide what policies the Legion will advocate actually rests.

The Legion was ever relevant to ask for payment of the incorrectly termed "bonus" the Legion was asking only for full payment for war services, nothing which remotely resembles a pension or any kind of gratuity for all veterans.

The Legion might do. And these good intentions have turned their guns on what they imagine the Legion might do. And these good intentions have turned their guns on what they imagine the Legion might do.

## OVER THE TOP

Wm. B. Mawhinney Post No. 1593, V. F. W. By "SNOOP"

Well comrades don't forget May 15th is the date set for our Spring Dance at Lafayette Hall, no come and get your ticket and get them sold as soon as possible. Chairman Hank Master is looking for a big crowd out at the dance and the next meeting, so let us get behind him and his committee.

Don't forget next Tuesday night is meeting night, come out, contact a member and bring him along. Come early as there is a very little room left at the meetings now. If you have a boy in the drum and bugle corps get him out Friday as they have both drum and bugle instructors at the meeting every Friday night now. Those leaving the house and have not yet been to the meeting as yet do so at the Post House on Sunday morning. Don't lose track of the fact that the play the ladies are going to put on for the men is in the making, keep this in your mind and have the play on the night it is announced. Remember also the dance St. Anthony's is putting on at the high school, with the Wonder Bakers Orchestra—more about this next week.

Did you see the boys go after the spaghetti that the boys and the boys prepared for the boys? Well, it was a very nice special for the supper. Well, it was a very nice special for the supper. Well, it was a very nice special for the supper.

Well, I guess you comrades heard what our comrades said about his house. "That house will be well kept and then he will live on some according to his figure, but he is only one of us there is several of us in the house, but he will not be in the house as a lot of people think."

Now comrades, I have heard a lot of students on that play, those Princeton students on that play, those Princeton students on that play, those Princeton students on that play.

What we ought to do is to plan an American Day in Princeton and have all Veterans Organizations and Ladies auxiliary take part in it and show them what true Americans are. I am sure the American Day will be a success.

## ORGANIZING TUNA CLUB AT FORKED RIVER

Sportsmen of Four States Join To Bring Back Record

Forked River, N. J., March 31.—Sportsmen of four states met here this week, established headquarters in the famous trophy room at the hotel and organized the Forked River Tuna Club.

The avowed purpose of the new club will be to encourage novices in the more sporty practices of the game fishing off this picturesque old fishing port and to bring in better anglers and equipment.

Another Week of Work-outs For Home MANAGER PLEASED

**Powers and McCarthy Staging Hot Fight For First Base**

Sebring, Fla.—Another week of off training for Newark Bears will commence their home debut on Thursday (April 9). For the remainder of their stay here, Manager Oscar Vitt has mapped out plenty of hard work for his charges. The players are now battling for permanent berths and the fight now is the survival of the fittest.

Vitt has an abundance of excellent material and more is expected from the New York Yankees, before the Bears start their fight for the International League flag at Ruppert Stadium, Newark, Thursday, April 16. Les Powers and John McCarthy are leading realists for the first base job, with Powers being the favorite. Both can hit, throw and field and their work has been satisfactory to Vitt.

BOY SCOUTS OF AMERICA,  
TROOP NO. 5

The Boy Scouts, Troop No. 5, meet every Wednesday evening at 7:30 in Washington school, Missouri avenue and North 17th street with the aid of the troop committeemen, John Pomidor, Sr., John Tritone and Daniel Van Ewzen. The Troop held a card party Friday evening, March 27. They had a very nice turn out and there was plenty of refreshments for all. The prizes were colored linen table cloths. Winners of prizes for non-players are as follows: Mr. Charles Buono, Miss D.

The door prize, a beautiful pot of tulip, was awarded to Mrs. Lauwe. The committeemen and boys thank all who attended and helped make it a success. The proceeds will go for troop equipment.

3, June 6. It has been timed by motorists at running speeds of nearly fifty miles per hour. It is noted for its deadly enmity to rattlesnakes which it kills and eats

**WPA GEODATIC  
SURVEY GIVES  
MANY BENEFITS****Engineers Begin In Nine  
Counties To Establish  
Boundaries**

Princeton, April 7.—Engineers began in nine counties to day to acquire their colleagues with the benefits offered by the Works Progress Administration's geodetic survey, designed to establish exact, indisputable boundary descriptions, and to coordinate local surveys into a body of data for state-wide application.

These professionals acquired the information they will rely at a special meeting called here by Harvey Brook, president of the New Jersey Association of County Engineers.

Professor Philip Kline, Technical Advisor to the survey and Arthur Nock, State Superintendent, explained the system of establishing bench marks from which to reckon elevation, and survey monuments reckoned from true (not magnetic) north, from which to begin boundary descriptions. At present elevations 70, a new building are established, and the data used is discarded. This is because there is no coordinated body of engineering tables applicable to the whole state into which such information might be fitted.

Under the system to be established by the Works Progress Administration, and the State Department of Conservation and De-

velopment, upon this data will be coordinated and presented in a permanent file at the State House, Trenton.

Neither may horizontal measurements be coordinated without such a system as the survey, now 45 per cent complete, is establishing.

Existing descriptions of property may begin from a landmark now existing and whose former location may be in dispute. Other present descriptions start from a latitudinal and longitudinal intersection reckoned from magnetic north, which shifts unpredictably, some times four minutes a year.

The new survey establishes all monuments by reckoning from true north which is fixed. Thus, the relationship between any two property boundaries anywhere in the state—no matter how far apart—may be established.

For lack of such inconsistent measurements, titles are encumbered with legal proceedings, and costly buildings are erected on sites of disputed ownership.

The visiting engineers were welcomed by Mr. Nock and accompanied by Professor Kline who pointed out the ease with which existing aerial photographs of New Jersey may be reduced to exact county maps by the control of known elevation, and survey monuments reckoned from true (not magnetic) north, from which to begin boundary descriptions.

**CHAIN STORES  
GIVES AID TO  
PEACH GROWERS****Two and One-Half Million  
Cases More Than  
Last Year****Undeveloped Market Can  
Be Reached Only By  
Advertising**

Washington, D. C., April 7.—Chain store organizations of the East and Middle West have extended a helping hand to California farmers when they pledged co-operation to western peach growers in a nation-wide campaign to increase the sale of canned peaches, and thus relieve California growers of a large surplus which has threatened to surfeit the market.

Because nature smiled on the Pacific peach orchards, the farmers this spring found themselves faced with a surplus of fruit to the tune of six million cases of fruit on their hands and a new crop coming in.

By means of the chain store organizations, the surplus can be reached by the millions of people who are now buying canned peaches, and thus relieve California growers of a large surplus which has threatened to surfeit the market.

## The Hawthorne Press

AND THE NORTH HALEND NEWS  
Published Every Thursday by  
**HAWTHORNE PRESS, Inc.**  
463-465 Lafayette Avenue  
HAWTHORNE, N. J.  
JOSEPH MISSONELLE, Bus. Mgr.  
E. G. MADISON, Editor  
Telephone Hawthorne 3-3331

Returned to second-class matter November 21, 1924, at the Hawthorne Branch, Paterson, N. J., post office, under the Act of March 3, 1879.  
Subscription price, \$2.00 per year in Advance and Bergen County, N. J., \$2.50 per year.  
THURSDAY, APRIL 16, 1936

### HAWTHORNE'S RELIEF PROBLEM

Despite the passage of the "Luxury" Tax the Mayor and Commissioners will have to adopt some plan which will take care of the unemployment situation. Our own Governor Harold C. Hoffman has already re-latered this tax is inadequate and other additional means will have to be found to take care of the Relief situation. The placing of the relief problem back on the already over-taxed local governments will destroy what ever faint hope of the local governing bodies of recovering. The Commissioners should form a definite plan in regard to this matter. The WPA is providing the bare necessities of life for many of our borough residents. This is the only thing which has been advanced to keep the idle brain and man power from deteriorating. The men are complaining of being under-nourished and being forced to wait many weeks before they are paid, instead of on schedule. They have already requested the Hon. George N. Siegel to visit Hawthorne's projects and aid them in their struggle to regain some of the pride which was once theirs. Every day the Commissioners are receiving requests to cut streets through, to relieve over-flowing cess-pools, and requests for new sewers. The solving of the local relief problem will tax the local commissioners to the utmost and will require considerable planning. This is one of the many serious problems facing the commissioners along with others.

### BOARD OF HEALTH

One of the local boards who is doing a constructive piece of humanitarian is the local Board of Health. It has unlimited power but under the skillful guidance it has acquitted itself quietly and squarely on all of the issues confronted by it. This is due considerably to the leadership of its president, Victor Verbruggen, also a prominent Rotarian. He is not a politician and never will be one, but he knows his Board of Health business. He and his board have made an inspection of the various units in the borough and within a short time his voice will be lifted on health issues which will require careful and necessary decisions. "Vic" will guide them as conscientiously as he has in the past and always knows what he is doing. He is a high type of official who is working without compensation for the improvement of the health of his community.

### NEW RECORD FOR CHEVROLET

Highest for Any Month in History of Company  
Detroit, April 14—Chevrolet sales in March, 1936, were the highest for any month in the history of the company. It was announced here today.

### FRANK E. CARR NAMED DEPUTY

To Act As Assistant Director, Department of Finance  
Newark, April 15—Frank E. Carr, recently named Assistant Director, Department of Finance, was this week appointed to succeed Milton Ledlow as Deputy State Director, Department of Finance.

Wednesday, Prayer meeting at the church.

### FARM THEORY EXPLODED IN 1934 RELIEF

Low Prices For Produce and Heavy Debts to Blame  
The economic depression upon the farm has been a disaster to the millions of farmers who have been forced to sell their produce at low prices and to pay heavy debts to the banks and merchants. The theory that the farm problem could be solved by increasing production has been exploded in 1934.

### FORT'S VOICE NEVER HEARD

Should Not Be Elected As Delegate Says Eickler  
I note that Franklin W. Fort has been elected as a delegate to the National Centennial Exposition. It is a pity that his voice is never heard.

### PLAY THIS "HUNCH" IF YOU WOULD PROFIT

ADVERTISE! Mr. Merchant... it's your one best bet to "step up" your business in 1936. Talk to people "in print" and tell them what you have to tell... what you can offer them in the way of economies... and give them "reasons why" it will pay them to trade with you. If your offers have any merit at all, you will get immediate PROFITABLE response.

### NEW RECORD FOR CHEVROLET

Highest for Any Month in History of Company  
Detroit, April 14—Chevrolet sales in March, 1936, were the highest for any month in the history of the company. It was announced here today.

### FRANK E. CARR NAMED DEPUTY

To Act As Assistant Director, Department of Finance  
Newark, April 15—Frank E. Carr, recently named Assistant Director, Department of Finance, was this week appointed to succeed Milton Ledlow as Deputy State Director, Department of Finance.

### CENTENNIAL EXPOSITION TO OPEN JUNE 6

To Run Only During 1936  
Declare Manager Webb  
Dallas, Texas, April 15—The \$25,000,000 Texas Centennial Exposition which opens here June 6 will run only during 1936. Manager William A. Webb declared today.

Demand For Products Exceeded Expectations During First Quarter  
Detroit, Mich., April 15—The demand for products of the State of Michigan during the first quarter of 1936 has exceeded expectations, according to a report from the Michigan Department of Commerce.

All Edible Eggs Are Not... Produced by Old Biddy  
Ask for eggs in a store, and it is taken for granted that you mean fresh eggs. It is, however, not always so. In the case of the "Old Biddy" brand, the eggs are not fresh but are "repacked" eggs.

## THREE SCREEN STARS, GABLE, HARLOW AND LOY IN "WIFE VS. SECRETARY" AT LOCAL THEATRE

Myrna Loy, Clark Gable, Jean Harlow in "Wife Versus Secretary"

The film focuses on a wife who thought she would have to fight for a man who had shared complete happiness with her for seven years. But she regrets to consider the man's responsibility and the power of an alluring social climber. The story speeds through conquest, divorce and marriage, and is finally resolved in a grim feminine duel between the ex- and the new wife of a society doctor.

These two stars haven't been seen together since the memorable "When Ladies Meet," and on seeing the new picture one wonders why, for here is certainly the outstanding comedy-romantic team of the talking screen.

Adapted from the successful stage play of the same name, "Petitcoat Fever" concerns a young millionaire operator in an ice-bound Labrador town. He is so lonely that, when he meets a girl, he falls in love and she makes a forced landing to hold him prisoner rather than face another Arctic night alone.

"Rhodes, the Diamond Master" The CB production bringing Walter Huston to the Warner Theatre on Wednesday, April 23 and 24, is a picture of the past. It tells the English story of a man who, through his own efforts, becomes a millionaire. He is a man of the past, a man of the past, a man of the past.

"The Sign of the Cross" The Sign of the Cross, a picture of the past, a picture of the past, a picture of the past. It tells the story of a man who, through his own efforts, becomes a millionaire. He is a man of the past, a man of the past, a man of the past.

"The Sign of the Cross" The Sign of the Cross, a picture of the past, a picture of the past, a picture of the past. It tells the story of a man who, through his own efforts, becomes a millionaire. He is a man of the past, a man of the past, a man of the past.

## AL JOLSON, "THE SINGING KID" FEATURED ON SILVER SCREEN AT WARNER THEATRE SAT.-MON.

Al Jolson in "The Singing Kid"

Al Jolson's pictures have always been big box office successes. He is a man of the past, a man of the past, a man of the past. He is a man of the past, a man of the past, a man of the past.

"The Sign of the Cross" The Sign of the Cross, a picture of the past, a picture of the past, a picture of the past. It tells the story of a man who, through his own efforts, becomes a millionaire. He is a man of the past, a man of the past, a man of the past.

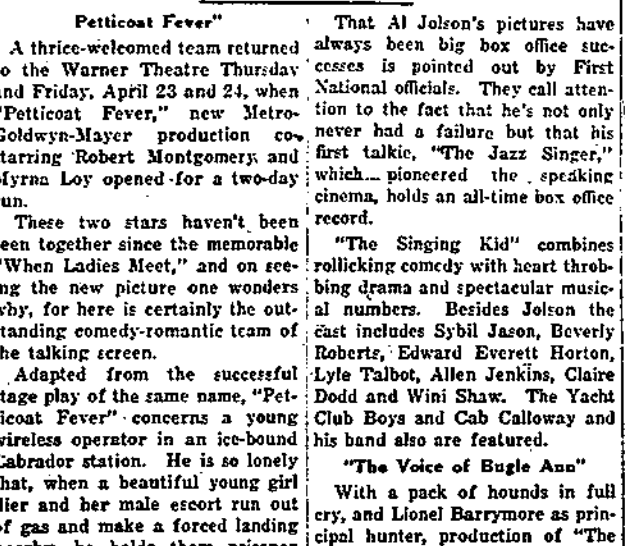

"The Sign of the Cross" The Sign of the Cross, a picture of the past, a picture of the past, a picture of the past. It tells the story of a man who, through his own efforts, becomes a millionaire. He is a man of the past, a man of the past, a man of the past.

## Hawthorne Solves Graft Mystery

The taxpayers of Hawthorne are surely appreciative of the solving of the mysterious leak which has drained the finances of the borough. The men who conducted the trial which resulted in the conviction of the involved parties should be a great source of satisfaction to Commissioner of Public Safety John C. Houman, Borough Clerk Johnny Shea whom was really the man who brought about the investigation; Chief Ryan Van Dervalk who assisted in the trial; Martin K. Fowler, the financial expert. The fact that many of these men were very fortunate to escape the arm of the law in the first investigation was not enough to daunt them in their endeavor to cheat the taxpayers. The principals were citizens who had not felt the depression, and were steadily employed, and had no reason whatever to commit such a crime. The taxpayers do not know and never will know what suffering was endured on the part of Commissioner John C. Houman. There is also rumored that John Shea was taken for a ride and beaten within an inch of his life. How many of the taxpayers know this? It does not seem possible that it became necessary for a Commissioner to have a light installed in front of his house on account of the constant threats. Many of the people of the Borough are disgusted with the light sentence, whereas some of them are satisfied with the convictions. The taxpayers are in a way to blame for it themselves. They do not attend the meetings, and ask what is going on. How many men offer themselves for election to office at the proper time. Most of the men that run have to be forced by friends to make the run. The greatest evil is the costly campaigns which are necessary because a taxpayer is not interested in electing unless a worker drags him to the polls. The list of the bills which are submitted should be published monthly as a check. These commissioners realize now if they ever did that co-operation is vital if we expect to keep things running smoothly in the borough. The presentment of the last Grand Jury should serve as a warning that ignorance will be no excuse. It is hoped with the solving of this mystery that Hawthorne will never reach the head-lines as far as scandal is concerned for the rest of its days.

## Marsh Versus Roegner

The coming primary aside from the local contest of leadership, should be doubly important in view of the spirited battle between our County leader Lloyd Marsh and John J. Roegner, independent candidate for State Senator. The Republicans of this borough should realize that any state aid or political patronage will have to come through our State Senator. Roegner's attempt to gain a foothold in Hawthorne by his political meeting at Hawthorne Fire Company No. 4, was surely an indication of the terrific beating he will receive in the borough.

There were about seventy-five members present, the greater majority of them being members of the Italian-American Civic League. "Ben" Ricciardi, the Democratic boss of the Sixth district was one of the chief enthusiasts. His influence will be of little benefit in trying to offset dyed-in-the-wool Republicans, such as "Teddy" Piccone, Sam Bruno, Fire Chief Charles Buono, Acting Borough Clerk George Grillo and Frank Caminetti, whom are loyal to County leader Lloyd Marsh. The regular organization has a strong organization in each district. "Jack" Roegner proves he is not a sport when he exclaims he will back his friend Judge Gardner in the event of his most certain defeat in the primary.

Roegner has always received the support of the organization and it has elected him to office time and again. This is his way of showing his appreciation. Where were all these so-called party leaders when the Democratic war-hacks left County leader Marsh and the Republicans without even representation on the County Board of Freeholders. Lloyd was no "Dictator" when he and his loyal workers took the Republican ghost which was the only thing left of the party and nursed it back so that it swept the entire county in the last election. The County leader went about with his beaming smile and now that victory is in the midst, he is besieged by ingrates who all wanted to be on the ticket. Lloyd has proven himself a fearless, honest and sincere leader. He has guided the Republican party in a straight and accurate course. It should be the duty of every Republican in the Borough to come out and vote for the entire Republican organization ticket on primary day. The candidacy of Harry Page for sheriff is a strengthening factor on the ticket. He leaves every meeting with a host of satisfied Republican voters. The County leader and his entire ticket will sweep the primaries. His next task will be to prepare for the coming November election, when the party will have

## A Midsummer Night's Dream

At The Warner Theatre

Shakespeare's greatest comedy will

be shown at the Warner Theatre,

Ridgewood, on Tuesday and Wed-

nesday, May 12 and 13, due to the

unfolding efforts of Manager

Frank Costa to bring to this vi-

sual the first in screen enter-

tainment. It will be the first

showing in this district and it

seats will be reserved as a record

showing is expected. Reservations

will be made immediately with

the manager, telephone Ridgewood

4-1224. There will be two por-

tionances daily, at three o'clock

in the afternoon and at 8:15

at night.

The plot, so familiar to most

adults, centers around a pair of

lovers who find their road to re-

mance beset with obstacles be-

cause the girl's father is deter-

mined she shall marry another

suitor, who he, in turn, beloved by

another maiden of ancient Athens

where the action takes place. Tak-

ing the girl's father is deter-

mined she shall marry another

suitor, who he, in turn, beloved by
