

APRIL

INDEPENDENTS' vs ORGANIZATION

PASSAIC COUNTY'S LEADING WEEKLY ** THE VOICE OF THE TAXPAYER

THE HAWTHORNE PRESS

VOL. XVIII, No. 28 HAWTHORNE, N. J. THURSDAY, APRIL 3, 1943 PRICE FIVE CENTS

QUESTION BOX

When is an Independent not an Independent? We ask this question of Louis the Second. He files as an Independent candidate and when the "organization" let Harrison out in the cold, Louis Bay "immediately" becomes the third man on the controlled organization ticket.

Is it true that our Supervising principal is sticking his neck out on that famous essay contest run by the politicians? Just a question of listening to the wrong men who are motivated by their own selfish interests.

Was this famous essay contest approved by the Board of Education or not? We hear the matter was never brought up for a vote. How about an explanation on this subject.

Who is "shooting a bullet vote on the hill?" (and also the flats). Must be a nice feeling for his running mates.

BOND APPEAL

MADE BY E. V. HARING

Earl V. Haring of the Hawthorne war savings staff appeals to borough residents to continue their loyal support of the Bond campaign in the following statement issued yesterday:

"Bonds are facts here as well as cold at home, particularly when we are trying to reconcile our ration points or accumulate funds for tax payments. However, the premium we must pay for victory makes it imperative that we not only listen to stupendous budget figures, but do our share towards producing the means needed for the successful prosecution of the war. We are one of thousands of towns that must invest to provide the six-billion-dollar per month being spent for war. This fact alone adds up to 12 billion dollars required by

Widow's name are multiplied when the settlement of her husband's estate is added to them. Approach The Citizens Trust Company, 140 Market street, Paterson, as your Executor.

Interest In Independent Voters' Mounts

HONOR ROLL FUND REACHES \$1,600 BOND APPEAL

With approximately three-quarters of the borough covered in the Honor Roll Fund drive of Hawthorne Post No. 150, American Legion, Treasurer Donald Alexander announces that the collection to date is approximately \$1,600. Members of the post continued the canvass yesterday, stating that residents have contributed most generously to this undertaking. Chairman of the committee for the collection is Post Commander Thomas E. Hinds.

Commander Colinet very shortly will announce the appointment of a building committee in conjunction with the honor roll committee to get construction under way when the weather permits. This handsome tribute to the men and women in the armed forces will be constructed on the grounds next to the police station on Lafayette avenue. It has been designed by Architect John Sharp.

A donation of \$10 was made by the post to the citizens' committee which has been handling the fund-raising for the men entering the armed forces. The committee has been doing a fine job under Chairman Mrs. Lenore Seifer but the fund from which the steel trench mirrors are purchased for the men has become somewhat depleted.

The committee includes Mayor Robert E. Robertson, Chairman, Mrs. Lenore Seifer, Post Comdr. Thomas E. Hinds of the legion, Council V. V. Ryan of the V.P.W. and Miss (Continued on page 4)

Hawthorne Endorsed For Boys Fire Chief By Company No. 1

Fred Haskamp, assistant chief of Fire Company No. 1, has received the endorsement of the fire company for the position of borough fire chief in the coming election on Apr. 6.

Mr. Haskamp who resides at 605 Lafayette avenue with his wife, the former Myrtle Haskamp and three children, has been active in the affairs of the fire department for the past 13 years and he has been due to his energy and interest in departmental affairs that his company has endorsed him for chief.

During his membership in Fire Company No. 1 he has served as second lieutenant for one year, first lieutenant for one year, three years as captain, one year as president.

(Continued from page 4)

NON-POLITICAL CANDIDATES STRIKES POPULAR APPEAL

Interest is growing daily in the candidacy of the three independent candidates, Ordway, Taylor and Kirkman, who are willing to give time and effort, if elected, toward making Hawthorne a better place in which to live. Contrast these men, their qualifications, personal history and record with the qualifications and political records of the incumbents, who are purely tools of professional politicians. The very fact that they call themselves "organization" less the next question "Whose Organization?" Surely, not the organization of the poor taxpayer, but the organization of some political party which must survive by controlling public offices.

The independent candidates on the other hand owe a duty to no one but the taxpayers themselves. He can think for himself purely in the light of what will benefit the independent candidate in the May election, "Home Rule for the Home Town."

RED CROSS SUBSCRIPTION REACH ALFWAY MARK

Mrs. Russell G. Ackerman, chairman of the war fund drive of the American Red Cross in the borough, reports total subscriptions of \$5,170.12 in Hawthorne so far. This is more than half of the quota of \$10,000 set for the borough and, according to Mrs. Ackerman, the captains and workers will continue in the drive until the quota is reached.

Explaining that the local committee (Continued on page 4)

JACK SANDS DONATES VICTORY GARDENS

INDEPENDENT VOTERS RESPOND TO WAR MEASURES

A glaring lack of leadership was displayed by Mayor Robertson at the last meeting of the Borough commissioners when he failed to declare an emergency on the question of allowing patriotic Borough citizens to use Borough owned lands for Victory Gardens.

When the fact is taken into consideration that Borough owned lands are being used as a public dumping grounds for the refuse of the garbage collector in the absence of the Mayor to deny permission to local residents use of this idle land.

The Mayor should wake up to the fact that our country is at war and food will win the war and feed not only our boys but those brave nations who are helping the cause.

When hunger faces our citizens we feel sure that they won't be able to eat legal phobias that are belated about in the Commissioner's meetings.

After reviewing the action of the Mayor, the Independent candidates for Commissioners, James A. Kirkman, Paul B. Ordway and John W. Taylor contacted John Sands well known local realtor to help this most worthy cause. As a result of the conference with Mr. Sands the above mentioned were able to secure the permission of that he owns for the Victory Gardens. Any local residents may apply to either the candidates or the (Continued on page 4)

Two Local Students Win Awards

Chaire Verne Simone of Hawthorne High School won two gold pins at the National War Time High School Art Exhibit which opened Saturday, March 20th under the auspices of L. Bamberger & Co. in co-sponsorship with Scholastic Magazine. Miss Simone's winning pieces were fabric designs. Miss Fernander's display was "on" oil painting.

The "best of show" award was given to Kenneth Licht of the Dwight Morrow School, Englewood for nine comic sketches. Besides the \$100 war bond prize given by L. Bamberger and Company, the student will receive a four year scholarship at the Taylor School (Continued on page 16)

QUESTION BOX

Why all the scurrying around by the organization? When the Independents first were mentioned it was greeted with scorn. "You couldn't beat the organization" you know. With many of their staunchest supporters going over to the other side the "annular politicians" are now up a tree with one of their group openly playing the game for himself alone.

The Independents have gained great strides in this campaign. The movement is gaining supporters weekly and the people of the Borough are welcoming the opportunity to vote for men who have voted independently in the past. You couldn't see the hand writing on the wall could you boys?

Is it true that one of the organizations strongest districts is slipping into the Independent column?

They tell me that \$2000. is a lot of money.

IMPROVEMENT ASSOCIATION ELECTS OFFICERS

"At the annual meeting of the Hawthorne Improvement Association held last week at the VFW Home on Royal Avenue, the following were elected as officers of the association for the year:

For president, Louis Cuelo; for vice-president, Herbert T. James; for secretary, Sydney Sargent; for treasurer, Cornelius Andriaga.

"After the reviewing of the work done by the association during the past year, President Burke turned over the gavel to President Cuelo, who, in his opening remarks, stated that he hoped the members would continue to serve as well in their respective capacities as they did in the past."

"He stated that the association had done some fine work and that there would be equal opportunities for all."

(Continued on page 4)

You can make sure that your estate will be a real benefit to your heirs. The Citizens Trust Co., 140 Market street, Paterson, will help you in this.

DEFENSE FACTS

Released by National Defense Committee of the New Jersey Press Association

Operating on a voluntary basis, the War Production Board

Shown to be successful in New Brunswick, where collections have more than quadrupled since December, 1942, the can-for-can campaign plan whereby an empty can is exchanged for every new can of food purchased, will be extended throughout Passaic county, it was announced today by the General Salvage Section of the War Production Board.

Operating on a voluntary basis, the can-for-can plan probably will be extended to other counties and municipalities in New Jersey after the arrangement gets under way in Passaic county. Excellent cooperation from housewives in New Brunswick has made the plan an outstanding success there, it was said.

Francis C. McCrane of Passaic, regional chairman for Bergen and Passaic counties, said that arrangements have been made with the beverage industry to launch the campaign in the latter county. He said that at a recent meeting of beverage industry representatives of the two counties, the industry notified the WPB that it was willing to accept the plan.

Further plans for the plan extension will be mapped at a meeting of local salvage chairman to be held next Tuesday night. In New Brunswick, first major collection of prepared tin cans were collected during October, 1942. In November, the collection increased to 1,242 gross tons and in December it went up to 3,541 gross tons. For January the collection jumped to 15,754 gross tons and for February it totaled 22,851 gross tons.

The per capita collection was considered high inasmuch as the city's population is approximately 38,000.

TRENTON, N. J.—A new rule and regulation, requiring all automobiles in the State to have the upper half of their headlights blacked out will go into effect in New Jersey a week from today, April 1.

Since the dim-out rules have been in effect only those automobiles operated in the dim-out zone were required to comply with the ruling. Police in these areas, however, complained to Leonard Dreyfus, State Civilian Defense Director, that the rule was difficult to enforce because so many drivers were stopping in the dim-out zone.

Dreyfus pointed out that only a dim-out zone can be established in the dim-out zone must have the upper half of the headlights blacked out but will be permitted to drive with the high-beam lights. In the dim-out zone, however, they must drive with low beam lights.

In cooperation with the State Department of Motor Vehicles arrangements have been made to have the blacking out of the headlights part of the regular inspection procedure.

The dim-out rules for all types of lighting have been in effect in the coastal area since last June under orders from Lt. Gen. Hugh A. Drum, Commanding the Eastern Defense Command.

There were other proposals to build it, that have excavating equipment, heavy trucks and thousands of workers would be required, and that there is no assurance the necessary materials could be spared from the war production program.

Entries from this county will compete for a \$500 grand national award, a northern regional award of \$200 and ten sectional awards of \$100 each from a scholarship fund provided by the A. & P. Tea Company, Sampson explained. The fund also provides two \$25 war bonds as prizes for high ranking New Jersey participants, he added.

Awards, to be made this fall, will be based on grades achieved in a five-unit extension course in production and marketing and a report on project work completed during the year, Sampson said.

Passaic County registrations must be completed within the next two weeks, he said. Legislation cards may be turned in to the agriculture instructor or to any member of the northeast regional committee including Dr. A. J. Pratt, extension horticultural specialist at Cornell University, Ithaca, New York; H. A. Leonard, assistant county agent, Farm Bureau Office, South Plainfield, and E. H. Nodine, assistant state club director, Amherst, Massachusetts.

Scholarship Plan To Boost Wartime Harvest Launched

Passaic County farm youngsters are eligible to compete this year in a \$5,000 wartime food production and marketing contest sponsored by the War Production Board.

Thousands of telephone calls—more than 63,000 in the shipped alone—helped to build this contest, named for the inventor of the telephone.

When you think of the millions of calls being made each day to speed completion of war equipment all over this country, it is any wonder that telephone lines and switchboards are crowded? Telephone facilities are being increased to relieve this situation because war requires the materials.

To help make more room on the wires for important messages, please place unnecessary calls, particularly to Washington, D. C. and other war busy centers.

U. S. Steel Reports 1947 Production 20 Per Cent Greater Than World War I Peak

By VIRGINIA VALE

United States Steel Corporation's Annual Report for 1947, showing production of 20 per cent greater than in the peak year of World War I, was announced today.

The report states that the company's production of pig iron, steel and other products in 1947 was 20 per cent greater than in 1917.

The report also states that the company's production of pig iron, steel and other products in 1947 was 20 per cent greater than in 1917.

The report also states that the company's production of pig iron, steel and other products in 1947 was 20 per cent greater than in 1917.

CRACIE ALLEN sets an example for all radio and movie stars to shoot at. Asked to pose digging in a Victory Garden at a huge department store in New York, she arrived right on time—though she'd been up late doing a benefit—like the clothes she was to pose in, complimented the store because she wasn't mobbed by photographers.

"Sometimes when we're traveling we hardly get a chance to eat, because people want to talk to us," she said, then added, "But if it weren't for the radio, I might not be here today."

Danny Kaye, one of the most amusing men on the stage, has reported to the Samuel Goldwyn studio that he is going to be a comedian.

Beautiful Crazy Patch Quilt Made From Scraps of Silk and Thread

MANY an old-time art is being revived today and the art of making old-fashioned crazy patch quilts is one that fits into our times. All you need is scraps of silk and odds and ends of embroidery.

This colorful patchwork may then be used for a new cover for a computer. Another idea is to cover a worn blanket with it.

Incidentally, broadcasting may be used for a new cover for a computer. Another idea is to cover a worn blanket with it.

ASK ME ANOTHER?

A General Quiz

1. What is a philippic?
2. In army slang, what is a cavalryman called?
3. A quick medicine is often called a what?
4. In mythology, what was the name of the three-headed dog that guarded the entrance to Hades?
5. What is the difference between the "army of the U. S." and the "U. S. army"?
6. What is meant by the political term "log rolling"?

The Answers

1. A speech abounding in invective.
2. A cavalryman is "bowlegs."
3. A quick medicine is "kissin' foot."
4. Cerberus.
5. "Army of the U. S." applies to all draftees and those who have enlisted "for the duration plus six months." "U. S. army" refers to our regular army.
6. Log rolling is combining to assist another in a political enterprise, in consideration of assistance in return.

1. A speech abounding in invective.
2. A cavalryman is "bowlegs."
3. A quick medicine is "kissin' foot."
4. Cerberus.
5. "Army of the U. S." applies to all draftees and those who have enlisted "for the duration plus six months." "U. S. army" refers to our regular army.
6. Log rolling is combining to assist another in a political enterprise, in consideration of assistance in return.

1. A speech abounding in invective.
2. A cavalryman is "bowlegs."
3. A quick medicine is "kissin' foot."
4. Cerberus.
5. "Army of the U. S." applies to all draftees and those who have enlisted "for the duration plus six months." "U. S. army" refers to our regular army.

Two Local Students
(Continued from page 1)
of Fine Arts of Temple University. The three honorable mentions and a \$25 war bond each went to Rita Robin of Arts High School, Newark for a statue of a welder; Thomas Parial of Irvington High School for an oil painting of a village street and John Good of Cranford High for a landscape water color.
When the presentation of prizes takes place next Saturday, 100 students will receive gold pins for the excellence of their work. In addition each student whose work has been selected for hanging will receive a Certificate of Merit.
Forest Grant is Chairman of the Jury of Awards composed of Boris Blat, donor of the scholarship; George V. Sotter, Kurt Wiess, Orland Ruchland, Ruth Loh and Fanny Fern Fiszwater. The prize will be well known schools.

LEGAL NOTICE

Notice is hereby given that the annual meeting of the shareholders of the Hawthorne Building and Loan Association Liquidating Corporation will be held on the 16th day of April 1941, at 9 o'clock, P. M., at the office of the Association, 450 Lafayette Avenue, in the Borough of Hawthorne, Passaic County, New Jersey, for the receiving of reports and the transaction of such other business as may come before the meeting.

QUESTION BOX

Why is the "proverb man" covering a lot of ground these days? — Answer "what a campaign."

Is it true they are going to move the "White House?"

Who typed out the resignation handed to the for poundmaster Mr. Knapp and what typographical error was made?

Please don't take my marbles away from me? guess who?

How many members of Borough Advisory Board participate in Bore Insurance "Spills?"

It is beginning to look as if the real people in the town are going to express themselves in no uncertain terms to May. These people are the backbone in any town and are welcoming the opportunity to vote for men of an independent nature. Is it the trail out for the politician who makes "politics his business?"

Why was it necessary for the Borough Commissioners to appoint that out of town dog catcher? This is a small item but indicates the trend of thought. Even the leadership is transferred out of the Borough limits.

What no proves this week?

What is the intelligent question asked by the (Continued on page 4)

Editor's note: The names are mislabeled when the settlement of the Hawthorne estate is added to them. Appear The Citizens Trust Company, 140 Market street, Paterson, as your Executor.

Proves To Be Political Turncoat

Unopposed Elections
Unopposed elections—a familiar pattern in our town—can have but one effect on the structure of our local government and that is complacency on the part of those holding office. Properly analyzed they should be regarded as no election at all or should we say, election by default. Once in office this "Appointment" office holder, having no election night, becomes snug and secure. Since he owes his "election" to the "machine" and not to the taxpayer—you guess to whom he owes his allegiance, certainly not to the taxpayer. Competing elections, though costly to the politician, certainly make for better government, far wiser over is elected will owe his allegiance to the taxpayer.

QUESTION BOX

It is hard to conceive any man who is willing to accept the backing of an organization to go out in the field and espouse his own cause. Does that individual have no confidence in the man he is running with or is it an obsession to be called the Mayor of Hawthorne?

It is beginning to look as if the "Organization ticket" is rapidly going independent, with all the candidates working independently for themselves. Is this the crumbling of the political house of straw?

The answer to the "Appointment" campaign managers statement by the Independent candidates was one of the highest tributes that could be paid them. No "character, assassination, fabrications or lies."

When will the professional politician learn his lesson that a campaign of mud slinging never elected any one?

What has caused the state of confusion among the "Organization workers?" One minute the orders are push this candidate and the next minute push this one. It looks as if the Independent voters are going to push the whole organization political setup out of the picture on May 11th.

They say inconsequential is a big word which means, "not a whole lot." Might it be possible that the words might be transposed after the election?

NATIONAL AFFAIRS

WASHINGTON, D.C. — One of the new post-war ideas is contained in the suggestion of U. S. Treasury Secretary Morgenthau that the United States should stick up 2 billion dollars for an international banking plan to stabilize world currency on a gold standard.

A few news men in Washington are rash enough to attempt to explain the gold standard, but this writer is not going to go out of the limb with them. However, Mr. Roosevelt seems to know all about it. On January 31, 1934 he proclaimed the gold dollar to be 15 5/16 grains, equivalent to 235 per cent of the previous value of gold was \$20.6 per fine ounce. The President has authority to change the value of gold. It will be remembered that he also exercised the power to call in all the gold money in the United States. Mr. Roosevelt stabilized gold in the United States. At least that was what the country was told.

The United States government has loaned billions of dollars to Latin American governments and other nations. Our Government is also doing its part in ways that reach around the world. All the news of the present day indicates

that the United States is going to have a rough time in stabilizing itself without continuing to play Santa Claus to all the world after the war, by putting up its gold—needed at home—to match chips and promises in international stabilizing.

SYNTHETIC RUBBER

The rubber program is "all set and coming through" is the prediction of Rubber Director Jeffers. He thinks that he will have everything "all set" about July 1. If so, he will resign and return to his big job on the railroad. Jeffers doesn't furnish particulars, but he exudes with optimism.
