for a single day? As you know, it puts you under absolutely no obligation. And it may save you literally hundreds of dollars we'll get to that a little further on. By a Test Drive we mean more than a once-around the-block "cpin."

We want you to test the power that rocketed Ford to a 500-mile stock car record at Indianapolis . . . the GO that won the grand prize at NASCAR's Daytona Championships. We want you to feel how this Ford :cat pays off in your kind of driving: in traffic, passing on the highway, getting going at traffic lights. We'll put either a Ford Six or a mighty V-8 with up to 225 h.p. at your disposal.

We want you to drive and listen-drive

And it may Now-what you've been waiting for How can you save hundreds of dollars by taking a Ford Test Drive? Some other things that contribute to that smooth, silent, luxury-car ride are things which Ford's leading competitor certainly can't boast: Ball-Joint suspension with wide base control arms for better steering, more stabilized wheel alignment . . . shock absorbers that are mounted to the frame rather than the body. Simply by proving to yourself that there really is a fine car in the low-price field. You see, the reason a Ford does not cost hundreds of dollars more than it does, is Ford's huge production and the huge volume which we Ford Dealers sell. But enough of this talk. Come in. And you do the driving and the talking. Bring the family, too.

"Sure," you'll say as you drive along the road. "Feels pretty good—but after all, this car is new." Well sir, when you come in from your drive we'll show you why Ford will stay like new for a long, long time. We'll show you how Ford has five cross-

State Rejects Board of Ed's Expensive **Building Program** Trenton this week to discuss with the commissioner in charge of building several proposits for building several propocals; for school expansion. Among the plans discussed and discarded was that of renovating the municipal building to use again as school facilities. Neil Greydanus, school architect, said that conversion would mean tearing out everything and remodeling, at great cost, and in the long run this would only be a stopgap for a short period of time. Also discussed was the con-struction of a junior high school on board property on Bamford Ave., near Vreeland Ave. Board members feel, it is reported, that it the property is not large enough to carry, out a proper building A third idea was the modern-GEN.
