HAWTHORNE, N. J.

THURSDAY DEC. 6, 1945

PRICE FIVE CENTS

Christmas Seal Sales Amount To \$1253.70 In Borough Of Hawthorne

\$343.25 Short of Last Year's Total at This Time.

Almost half of the time has elapsed in the annual sale of Xmas Seals in Passaic County, but this year's proceeds in many communities do not equal those of the half way mark of last year. The workers throughout the county have for their slogan "Send in your contribution now" and they appeal to everyone who has received Seals through the mails to make their returns just as soon as possible.

Hawthorne shows receipts to date of \$1253.70 which is \$343.25 less than the amount received at the same time in 1944. Rev. John S. Moore, chairman, and Mrs. Mattie M. Bowman, treasurer, appeal to every person in the community to take care of their Seal sale contribution today, so that full returns may be in before the rush of Xmas shopping.

In the county, the total sales were \$31,000.00. This shows a drop from last year of \$435.00. "I know that the full quota of \$60,000 will be received without question this year," says B. Stuart Huber, county chairman. "The good people of our County know the fine health work carried on by

SGT. HARTLEY WITH MOBILE UNIT

Tech. Sgt. John Preston Hartley, Jr., son of Mr. and Mrs. J. P. Hartley of 28 Diamond Street, is with the Mobile Communication Unit of the advanced G.I.s in Tokyo, Japan.

Young Hartley's experiences in this war have been many. While a junior at New York University where he majored in Radio Directing and Production, he enlisted in the Army Signal Corps on Dec. 9, 1942. After being assigned to the Reserve Corps, he took an electronics course thru Rutgers University and was called to active duty on Sept. 5, 1943. Upon completing basic training at Camp Crowder, Missouri, he was trained in Single Channel Radio at De Paul University and at Chicago Laboratory of American Telephone and Tele-

The News of Men In Service

WARREN WEBER

Warren K. Weber, M1420, USNR, husband of Mrs. John C. Weber, of 135 Passaic Ave., Hawthorne, N. J., is on his way home. Weber is one of over 300 high-point Navy veterans whom the "Magic Carpet" is bringing back to the States aboard the U. S. S. DIPHA.

The U. S. S. DIPHA—one of more than 100 carriers, battleships, cruisers, and attack transports in the Navy's famed "Magic Carpet" fleet—left Okinawa on November 14, and is scheduled to arrive in San Francisco about December 1.

Passengers will go directly to the Separation Centers nearest their homes to complete formalities of obtaining their discharges before returning to civilian life.

NORMAN APRILE

Norman W. Aprile, pharmacist's mate, second class, USNR, 782 Westerville Ave., Hawthorne, N. J., served during the war aboard the cutter USS VINCENT, whose crew now is performing one of its most pleasant tasks, that of bringing high-point

GOV. MOORE REPORTS ON POLIO DRIVE

The 1945 Sister Elizabeth Kenny Foundation Appeal, aimed at \$250,000 in the state of New Jersey for the relief of polio victims, is progressing at an unprecedented rate and promises to eclipse all marks set in previous drives.

This was the report issued today by ex-Governor A. Harry Moore, state chairman.

Although the drive is only one-half finished, the public's response has been "immense," Moore said.

"This pastime drive is setting a great standard for the year to come," ex-Governor Moore declared. "Our plans to train Kentucky technicians will, I am confident, surpass our fondest dreams, and we are able to set our

SURPRISE SHOWER GIVEN BRIDE-TO-BE

A surprise shower was tendered at the home of Mrs. P. E. Lewis, 21 First Avenue.

Decorations, carried out in a pink and blue color scheme, included a miniature ship marked U.S.S. Black with a pennant flying homebound into which the bride-elect were unwrapped a luncheon was served.

Miss Berwick is the fiancée of Earl M. Lewis, W. T. first class, son of Mr. and Mrs. P. E. Lewis, who has served nearly three years aboard the destroyer U.S.S. Black with two and one-half years in the Pacific zone.

He is expected home shortly for the wedding.

Shower guests included: Mrs. Theodore Martin, Sr., Mrs. Theodore Martin, Jr., Miss Jane Martin, Mrs. Gilbert Tania, Mrs. Harry Martin, Mrs. Louis Martin, Mrs. Della Lewis, Mrs. William

MR. & MRS. FRED VOGLER RECEIVE WORD OF SON'S DEATH FROM CHAPLAIN

Accidental Death, Is Shock To Family and Friends.

OFFICE OF THE CHAPLAIN
697TH AAA AW BN
APO 772, 6/0 P.M., N. Y. N. Y.

Mrs. Edith Vogler
176 2nd Ave.
Hawthorne, N. J.
Dear Mrs. Vogler:

It came as a shock to all members of this battalion to learn of the death of your son, Private First Class Edward J. Vogler, 3275102, which occurred two days ago, November 3, 1945. In behalf of myself and his many friends in this battalion I wish to express to you and your family our deepest expression of sympathy in this time of sorrow.

It was my privilege to be acquainted with Edward and to know of the fine service he has given our country during its years of war in helping to preserve the ideal of freedom and right for which he and all of us fought. His work during

VICTORY BOND DIGEST

Why should I buy Bonds now that the War is over? A good question with many answers. Buy them for the sake of our boys... the millions still in uniform... the hundreds of thousands on the way home. To help bind the wounds of the suffering. To help them start life anew.

The shooting has stopped, but it's not all over yet... not till the last man is back on his feet. Not till we can consider our obligations met. Obligations we owe to every man who served in the cause of Liberty. It's a costly undertaking, a responsibility we must not neglect. That's why our Government needs Eleven Billion Dollars invested in Victory Bonds. Could there be a better reason?

Remember? How can we ever forget? Disaster and death came out of the clear blue sky to strike like a thunderbolt! Never again will America be so totally unprepared... never again will America let her guard down. We're going to make sure it won't happen again by backing our words with action. Action that will make Post-war America strong. That means a solid economy... without inflation. That means giving the boys who did the fighting a break... backing up the G. I. Bill of Rights. The best way to do it... Buy Victory Bonds. The best time... right now... December 7th... a DebtX day in America's past, a great day to reaffirm your faith in America's future.

TWO KENYON BROS. RECEIVE DISCHARGES

Corp Charles F. Kenyon, Jr., and Sgt. Robert Kenyon, sons of Police Captain and Mrs. Charles F. Kenyon of Frederick Avenue, have both received their discharges from the United States Marine Corps after having seen a variety of action in the Pacific.

Corp Charles F. Kenyon, Jr., enlisted in the Marine Corps on July 21, 1941, and received his boot training at Parris Island. He served with Company A, Expeditionary Battalion, 4th Marine Division, arriving overseas in January, 1944. He participated in action against the enemy in the Marshall Islands, Saipan, Tinian, and Iwo Jima.

By arrangement with the City Medical Center, facilities are available for the average number of occupied beds is 35 to 100, and accommodations are available for 75.

Sgt. Robert Kenyon enlisted in the Marine Corps on Dec. 14, 1942, and also received his boot training at Parris Island, later graduating from the Parachute Rigging School at Lakehurst. He

Army Victory Parade Will Be Held In New York Next Month

Will Wear Full Battle Equipment.

The biggest military parade since whole divisions of heroes of World War I tramped up Broadway and Fifth Ave. in 1919 will be staged in New York early in January, this, alias or, ice, the War Department announced yesterday.

The paraders will be 15,000 members of the 82nd Airborne (All American) Division. The Army made its clear, however, that the choice fell on an airborne unit to show the versatility of the modern infantryman, and that the parade is primarily in honor of the sweating doughboys.

The line of march will be decided at a meeting of Army and Air officials, as well as the date, which will be between Jan. 1 and 15.

Carvin in Command

Although symbolizing the infantry as it smashed the enemy from North Africa to Okinawa, the 82nd will march here with added artillery and aircraft units. Under command of Major General James M. Gavin, who is 48 and the youngest officer ever to command a division, the 82nd is now doing occupation duty in Berlin.

Since the return to this country of high point discharges, the Army's activity which will come

LOCAL COUPLE WED LAST SATURDAY

Miss Phyllis Marjorie Riehl, daughter of Mrs. Alice Riehl, of 107 Royal Avenue, became the bride of Robert Lester Colver, son of Wallace J. Colver, of 87 Royal Avenue, at a charming wedding Saturday in St. Clement's Episcopal Church.

The ceremony was performed at 6:30 p. m. by the rector, the Rev. Andrew M. Van Dyke, and was followed by a reception at the V. F. W. Home.

The bride, who was given in marriage by her uncle, Frederick A. Riehl, wore a royal blue gown trimmed with black sequins, black accessories and a corsage of orchids.

Her matron of honor, Mrs. Albert Riehl, sister of the bride

HIGH SCHOOL SELLS \$58,250 IN BONDS

Principal George Gier announced last night through chairman Roy Simon, of the Victory Loan drive committee that total sales of \$58,250 have been made so far in the local high school.

Although many students have co-operated in the drive so far, the most successful salespeople have been Betty Rees, Doris Warner, Joan Briggs, Marie Wilson Betty De Mester.

Chairman Simon stated that there are many attractive prizes to be awarded to students with the highest sales records. Included in these prizes are an autographed cowboy hat from Roy Rogers, several autographed record albums, two autographed letters from Sammy Kaye, and several how ties, to be donated by Frank Sinatra.

Total sales in entire borough amounted to \$149,574. Hawthorne has thus reached 58.62 per cent of its "E" Bond quota. "E" Bonds worth \$11,714, have been sold in town so far.

Secretary William Allen stated last night that the latest poster for advertising this campaign have just been received from headquarters and are available for those who desire them.

Like many Hawthorne students would benefit from carrying your Savings and Checking Accounts with The Citizens Trust Company, 148 Market Street, Passaic, New Jersey.

By J. L. JONES

Tell us a story: In these hectic days of labor and strife, production delays and other signs of upheaval that seem to follow in the wake of war, it is refreshing to find someone in turbulent Congress giving credit where credit is due.

For this glimmering ray in the darkness we are indebted to Senator James H. Mead of New York, for what he terms "evidence of a wholehearted desire to speed reconstruction and provide employment." He referred to the Hudson Motor Car Company, one of the pioneer independent manufacturers of automobiles in a recent statement in Congress with reference to Hudson, Senator Mead said:

"The press has told the story of how the company planned and carried through its program for quick reconstruction. Simultaneous with the end of war with Japan, Hudson entered the market for 540,000 worth of materials, the largest order in its 36-year history. It was a display of confidence by a pioneer in the industry."

In common with others in the automobile industry, Hudson has been beset with reconstruction and production problems. However, it was one of the first companies to get into post-war production, moving the first automobile

off the line as early as August 30. Of that event, in which Mr. Wright, the first man to fly in 1903, and Col. H. Nelson Jackson, the first man to drive a car across the country, in the same refreshing to find someone in turbulent Congress giving credit where credit is due.

"The event at Hudson focused attention on how far our country has advanced since 1903. The miracles of progress that have come about, the tremendous facilities that are ours, and the progress through which we have come to be the strongest power in the world."

In production automobiles under the difficulties that have existed since V-J Day, and in presenting his 1946 models at the annual show, Hudson has provided evidence that our nation will remain strong. Senator Mead's tribute to Hudson is well deserved.

Second Billy Mitchell After the first World War Billy Mitchell was the first great aviator in the Pacific theater. He was a great credit upon some of the highest air chiefs in the military service in the Pacific.

Don't be surprised: Congress, applauded the statement of one of its members a few days ago when he declared that "Charles A. Lindbergh is second Billy Mitchell." Now, how about Charles A. Lindbergh? A tremendous demonstration

of approval was accorded to Lindbergh when he made his flight to Europe, and was brought home to Washington in a special United States battleship.

Several years afterward he flew over all parts of Germany. Then he went to France and warned the Government of Paris that Germany would be prepared to destroy their country with its overwhelming air power. Next, he went to London and gave the same warning to the English people. He was still a popular hero when he returned to his native land.

President Roosevelt sent him out over the country with orders to report upon the strength of American air forces. Weeks later Lindbergh returned to Washington and reported that the United States had no air power fit to go to war. He refused to be "hushed up," and as a result, President Roosevelt, called him.

He is still being boycotted, and details of the great service he has performed for the American people in the Pacific theater are not being given the credit they deserve.

Don't be surprised: Congress, applauded the statement of one of its members a few days ago when he declared that "Charles A. Lindbergh is second Billy Mitchell." Now, how about Charles A. Lindbergh? A tremendous demonstration

OPEN HOUSE FOR THE HOLIDAYS

There is no more way to count disaster for year than to keep him out of the time outdoors during the cold weather months, state the National Dog Research Center, New York City.

Keep him in your heated home in his own unheated house, but keep him out of the time outdoors during the cold weather months, state the National Dog Research Center, New York City.

SCHOLARSHIPS OPEN TO LOCAL H. S. SENIORS

New Brunswick — Hawthorne high school students as well as students from New Jersey and other states, among them are the Herbert Memorial Fund Scholarships of \$250. In all, about 100 scholarships are available for freshmen who will enter N. J. C. next fall.

Complete information on all scholarships for freshmen may be obtained from the Secretary of the Scholarship Committee, New Jersey College for Women, New Brunswick, New Jersey. Established in 1918 as part of Rutgers University, the college now enrolls over a thousand students. It is a liberal arts college which also offers professional courses in physical education, home economics, library science, journalism, pre-medical and pre-nursing training, and agriculture.

High school seniors whose financial need might prevent them from gaining a college education may learn details of the scholarship from their school principals. As March 1, 1946 is the final date when applications will be accepted, girls who want to enter college next fall are urged to investigate scholarship opportunities now.

Scholarships which are open exclusively to New Jersey girls include the Elizabeth Holmes Young Women's Scholarship of \$700 and the L. C. Schaefer Scholarship of \$250. Awards are made for one year on the basis of financial need, scholarship ability, general character and promise of future achievement. They may be renewed annually if a satisfactory record is maintained. In addition to scholarships limited to New Jersey girls, many grants are open also to students from New Jersey and other states. Among them are the Herbert Memorial Fund Scholarships of \$250. In all, about 100 scholarships are available for freshmen who will enter N. J. C. next fall.

STATE POLICE HEAD ADVISES MOTORISTS

Trenton, N. J., Dec. 26 — Col. Charles H. Schaefer, Superintendent of State Police, today urged New Jersey motorists to get their cars in good condition to meet the added driving hazards which winter months bring to the roads of the State.

The State Police Superintendent also called upon all motorists to drive with more than ordinary caution in order not to darken their Christmas and New Year's holidays. The first step in such care, he is making sure that the car is in the best possible condition to meet winter driving hazards.

The combination of more cars, more gas and more "restrained" drivers may result in the worst traffic accident winter in history if precautions are not taken. Col. Schaefer said.

He added these tips for individual drivers: Slow down before you reach a curve or intersection. Don't get too close to the car in front. Signal that you mean to turn or stop. See that your defroster and windshield wipers give you maximum visibility. Start early enough to get to your destination without hurrying.

Statistics show, said Col. Schaefer, that accidents increased from 24 to 53 per cent in winter, partly because of slippery roads and partly because of impaired visibility. Impaired visibility results not only from weather conditions, including fog, snow and sleet, but from circumstances that are more hours of darkness in winter than in summer. He said that in winter, he has seen many accidents caused by drivers who have not been seen in the dark.

Some fruits are sweeter than others, of course. A fully ripe fruit, for example, is a very sweet fruit, one-fifth of its content being sugar. To get the full benefit of this natural sugar supply, a banana should be eaten when its peel has turned a yellow and is liberally flecked with dark brown. These are the fruits' ripening signs, Col. Schaefer said.

Col. Schaefer also warned motorists not to take chances by driving without chains when snow and ice prevail, just to avoid the bother of putting them on their cars. Skidding cars account for 17 per cent of all accidents in rural areas and 12 per cent in urban areas, he said.

To get the full benefit of this natural sugar supply, a banana should be eaten when its peel has turned a yellow and is liberally flecked with dark brown. These are the fruits' ripening signs, Col. Schaefer said.

Col. Schaefer also warned motorists not to take chances by driving without chains when snow and ice prevail, just to avoid the bother of putting them on their cars. Skidding cars account for 17 per cent of all accidents in rural areas and 12 per cent in urban areas, he said.

He added these tips for individual drivers: Slow down before you reach a curve or intersection. Don't get too close to the car in front. Signal that you mean to turn or stop. See that your defroster and windshield wipers give you maximum visibility. Start early enough to get to your destination without hurrying.

Statistics show, said Col. Schaefer, that accidents increased from 24 to 53 per cent in winter, partly because of slippery roads and partly because of impaired visibility. Impaired visibility results not only from weather conditions, including fog, snow and sleet, but from circumstances that are more hours of darkness in winter than in summer. He said that in winter, he has seen many accidents caused by drivers who have not been seen in the dark.

Some fruits are sweeter than others, of course. A fully ripe fruit, for example, is a very sweet fruit, one-fifth of its content being sugar. To get the full benefit of this natural sugar supply, a banana should be eaten when its peel has turned a yellow and is liberally flecked with dark brown. These are the fruits' ripening signs, Col. Schaefer said.
