School board accepts audit:

**Surplus of $85,000 revealed**

A surplus of about $85,000, revealed by the annual audit of the School Board of Education, was reported by the board at its meeting last Tuesday night. The audit, conducted by the independent auditors of the school system, showed that the budgeted revenue for the year was $1,075,000, while the actual revenue was $1,160,000. The surplus was attributed to several factors, including reduced expenditures and increased revenue from state aid.

Letters

Cutbacks in state funds

One editor

When the State of New Hampshire, via Manchester, announced the State's budget cuts, New Hampshire newspapers immediately began cutting back on staff and production schedules. The New Hampshire Times, for instance, reduced its daily production schedule to three days a week. Some newspapers, such as the Concord Monitor, cut back to only a single weekday edition.

The editor for the New Hampshire Times, in a recent letter to the editor, expressed his concern for the future of the newspaper industry in New Hampshire. "The cuts have been severe," he wrote, "and we are not alone in our struggle. Newspapers across the state are facing similar challenges due to the economic climate.

A note of appreciation

The Strawberry Festival was held in West Newbury on Saturday, and it was a great success. Many people came out to enjoy the festival, which featured live music, food, and crafts.

Upset over blasting

One resident of West Newbury expressed concern over the blasting activities near his home. The blasting is part of a construction project for a new highway, and the sound is disturbing his peace of mind. He believes that the project should be redesigned to minimize the noise impact.

A thank you

A resident of West Newbury wrote to express his gratitude to the volunteers who helped clean up the town over the weekend. "Thank you all for your hard work," he wrote. "It's much appreciated.

Youths arrested for theft of three cases of beer

Several youths were arrested in West Newbury on Saturday night for the theft of three cases of beer. The youths were caught by police officers who were called to the scene by a nearby居民.

The arrest was made at 10:30 p.m. on Main Street, and the youths were transported to the West Newbury Police Station.

Bears capture Group 2, Section 1 state championship

By Steve Hunter

Leading 15-7 in the third quarter, the Hawthorne Bears (6-1) were in position to seal their first-ever state title. The Bears defeated Millville 35-14 for the Group 2, Section 1 championship at Bell Howell Field on Saturday afternoon.

The win was a testament to the team's hard work and dedication. "We've been working all year," said Hawthorne head coach Mark Lessard. "We've been practicing hard, and it's paid off."

The Bears started the game with a bang, scoring two touchdowns in the first quarter to take a 14-0 lead. "We had a lot of energy," said Hawthorne wide receiver Mike Johnson. "We were ready to go."

The Millville Thunder, who entered the game with a 6-1 record, could not keep up with Hawthorne's offense. "We were a little bit too far behind," said Millville head coach John Vito. "We didn't have enough gas in the tank."

In the second quarter, the Bears extended their lead with a series of touchdowns. "We were just playing our game," said Hawthorne quarterback Michael Peralta. "We were just clicking on all cylinders."

A strong defense and solid special teams also played a key role in the Bears' victory. "Our defense was on point," said Hawthorne head coach Mark Lessard. "They didn't give up a lot of points."

The win was a huge accomplishment for the team and the community. "This is a great day for Hawthorne," said Hawthorne mayor Paul Leyden. "We're proud of our team."

By Mary Caroline

The junior varsity boys' basketball team was defeated by the
team from the neighboring school. The game was
held on a very cold day, and the players were
cold and tired. However, they fought hard and
managed to make a comeback in the fourth
quarter. The final score was 43-39. The
seniors played well, and the team

Driver, passenger found guilty

by Marc Moshofsky

A fleet man was shot and killed outside his home after pulling into his driveway. A man in his car was also shot and killed. The suspect was identified as a 24-year-old man from Woodbridge, New Jersey. The suspect was arrested and charged with murder.

A spokesman for the New Jersey State Police said the suspects were known to each other and had a history of violence. The victims were identified as John Doe, 25, and Jane Doe, 24.

Under the Gavel

Although some work was done after the court adjourned after the trial on Tuesday, the trial was continued for today. The next hearing is scheduled for January 10.

The case stems from a shooting that occurred on Monday night in the borough of Bergenfield. The suspects were identified as John Smith, 25, and Jane Smith, 24.

Bozo leaf collection concluded for season

by John Smith

Following a last ditch effort to clear the borough of leaves, Bozo was forced to admit that he was not able to get all of the leaves out of the season. The leaf collection program has been in place for over 20 years, but this year was particularly challenging due to the heavy rainfall and the lack of sunlight.

As a department manager for Public Service Park in Bozo, the efforts of his team were slowed down by the weather. The leaves that were collected were then tied up and left on the streets.

The borough residents were shocked by the sight of the leaves scattered on the streets. The Borough Council was forced to make a last ditch effort to get the leaves collected before the season ended.

Bozo, the borough's leaf collection driver, decided to take matters into his own hands. He personally collected all of the leaves in his district and even went door-to-door to ask residents to help.

With the help of his team and the residents, Bozo was able to clear the borough of leaves. The effort was praised by the Borough Council and the residents.

“Bozo has never let us down,” said Mayor Smith. “He always goes above and beyond to get the job done. This year was no exception.”

The year now promises a flurry of activity.

As we prepare to welcome a new year, our thoughts turn to the events that took place in our community in 1977. This year promises to be particularly busy as we prepare for the celebration of the bicentennial of the United States. The bicentennial will be marked by a variety of events, from parades to concerts, that will take place throughout the year. We are excited to see how our community will come together to celebrate this important milestone.

The new year also brings with it a number of important events. The annual Christmas tree lighting will take place on December 1st, followed by the annual Christmas parade on December 2nd. These events are always a highlight of the holiday season in our community, and we look forward to seeing everyone come out to celebrate.

In addition to the seasonal celebrations, there will be a number of important civic events taking place in the new year. The annual town meeting will be held on January 15th, and we encourage all residents to attend and take an active role in the decision-making process.

We are also excited about the development of a new community center, which will provide a hub for community events and activities. Construction on the center is scheduled to begin in the spring, and we look forward to seeing it complete by the end of the year.

As we look forward to the new year, we are reminded of the importance of coming together as a community to support one another. Whether it's through civic events or individual acts of kindness, we can all play a role in making our community a better place to live.

We wish everyone a happy and healthy new year!
Garbage crisis dumped on Carbone

North Side residents have joined forces and are demanding the new mayor to clear up their garbage crisis. They have been picking up garbage for weeks, as the city has failed to collect it.

"We've been dealing with this for months," said one resident. "We're fed up." The city has repeatedly failed to collect garbage in the area, leading to a growing frustration among residents.

Mayor Carbone has not addressed the issue, leading to more protests and calls for his resignation.

Counsel, magistrate, prosecutor selected

The appointment of a new counsel, magistrate, and prosecutor was announced today. The new individuals will take over the roles vacated by their predecessors.

"We are pleased to welcome these new members to our team," said the mayor. "They bring a wealth of experience and expertise to the roles."
