MILLIONAIRE TO PAY HOSPITAL EXPENSES FOR GENUARIO BOY

A HEART WARMING STORY

John W. Smith, Resident Director of Heart Center, announced that the Smiths have agreed to pay hospital expenses for a five-year-old boy, Genuario Ruiz, who is suffering from heart disease.

The boy, who was admitted to the center last week, has been under treatment for the past three days. He was discharged on Wednesday with a clean bill of health and will be returned to his home in Miami.

Smith stated that it was a heartwarming story for him and his wife, who have just returned from New York where they attended the annual fund-raising gala for the center.
