ters all--will match their counterparts against each other July 13 in a "Big Back-of-the-Neck" match at the Garden City Casino. The "Queen of the Range" crown. The competition will be held in the afternoon at 70 Park Place, New York.

An entertaining program, of course, will be featured. The match has been arranged by Public Service's Home Economics Department, including a fashion show by the "Queen of the Range" and a singing demonstration by Mrs. Dora Lucas, nationally-known food authority and a singing beauty and group singing; and with Walter Herlihy, radio and television personality, as master of ceremonies.

Three well-known home economists, Miss Elizabeth Gradstein, College of Agriculture, New Jersey State University, Newark; Mrs. E. M. Elcan, New York, home director, Consumer Service, General Foods Corporation, New York; and Mrs. E. M. Elcan, Chairman, Department of Home Economics, New Jersey College of Education, Newark.

Now that the shouting has subsided to a muted murmur after the captains of industry and the generals and the admirals have had the rest of us in regular homage to the Wright brothers on the occasion of the 50th anniversary of their exploit over the sands of Kitty Hawk, the year-long celebration passes unheeded, but not into limbo.

Preliminary plans, financed by a \$25,000 contribution, are well under way for a memorial building to house the National Air Museum, created by act of Congress in 1946, as a bureau of the Smithsonian Institution.

Borough Seniors Are Eligible for NJC Scholarships

NEW BRUNSWICK — High school seniors from New Jersey are eligible to compete for scholarships to be awarded for the 1954-1955 year by New Jersey College for Women, the women's college of the State University, it has been announced by Dean Margaret T. Corwin.

New Jersey girls are eligible for certain scholarships offered exclusively to residents of the State; the Elizabeth Rodman Vanhook Scholarship, which, combined with a State University Scholarship, will cover tuition, board and room. This combination scholarship is valued at approximately \$1,100 annually, or \$4,400 for the four undergraduate years when the holder maintains a record satisfactory to the Scholarship Committee.

Also open only to residents of New Jersey, with certain limitations, are the Bonnie Wallace Clever Scholarship with an annual value of \$500, and a potential value of \$2,000 if renewed each year until graduation; the Curtis White Bailey Scholarship of \$200, also renewable to a total of \$800; and the Lippincott Scholarship of \$200, with a potential four-year value of \$800 and the potential of a Argubham Memorial Scholarship of \$100 to \$200, renewable annually until graduation.

Also, scholarships in varying amounts have been offered to New Jersey girls for the past two years by the New Jersey State Federation of Women's Clubs, and it is expected that funds again will be available for the 1954-1955 year.

For the freshman year only are the N.J.C. Alumnae Scholarship of \$100, the Daughters of the American Revolution Scholarship in Home Economics of \$100, and the Sears-Roebuck Foundation Scholarship in Home Economics in varying amounts.

In addition, there are the State University Scholarships covering tuition and certain other expenses which are available to entering students from each county of New Jersey (subject to the appropriation of the necessary funds by the State Legislature).

Also open to both New Jersey and out-of-state students are the Richard W. Hoeber Scholarship of \$500 annually, renewable to a total value of \$2,000; the Mary and Bertha McGinnis Scholarship of \$500 annually, renewable to a total value of \$2,000; and a number of General Scholarships in various amounts.

Scholarships which are renewable are awarded when the holder maintains a record satisfactory to the Scholarship Committee of the College. Awards are made on the basis of financial need, general character and scholarly ability as determined by high school records and by tests administered by the College Entrance Examination Board.

March 1, 1954, is the final date on which scholarship applications will be received. Application forms and information may be obtained from the Admission Office, New Jersey College for Women, New Brunswick, N. J.

Established in 1918 as the co-educational women's college of Rutgers University, New Jersey College for Women has enrolled 1,100 students this year. Primarily a liberal arts college, it also offers professional and pre-professional courses in such fields as home economics, journalism, interior decoration, costume design, physical education, teaching, pre-medicine, pre-medical technology and pre-nursing.

Fire Co. 2 Will Install Officers

The installation dinner of Fire Co. 2 and the auxiliary of the company will be held on Jan. 16 at the Llewellyn Fire Hall with a caterer serving a full course dinner from 7:30 p.m. which will be followed by dancing with Dot Quackenbush and her orchestra.

WASHINGTON NEWS

Washington, D. C. — During the annual of the Truman administration, President Eisenhower has asked the Secretary of Defense, the Chairman of the Atomic Energy Commission and the Administrator of the General Services Administration if they will kindly give more defense contracts to areas where there is considerable unemployment, and also give new defense contracts to the areas which are available to entering students from each county of New Jersey (subject to the appropriation of the necessary funds by the State Legislature).

Also open to both New Jersey and out-of-state students are the Richard W. order and the Eisenhower version. Under the original directive, Government procurement officers were permitted to pay more for goods where there was a life labor, while the new rules require that diverted contracts must be let at "prices established through the competitive buying procedure."

Within hours the opposition of the South was being voiced by such leaders as Governor James Byrnes of South Carolina, who vigorously opposed the Eisenhower campaign, and Democratic Senators George of Georgia, Maybank and Hill of Alabama. Perhaps even more jarring to the administration was the objection of its own Senate Majority Leader William F. Knowland, of California, whose state also stands to lose under the new policy.

Why President Eisenhower chose to poke this particular hornet's nest just in advance of that January 13 "harmony" meeting in which Democratic leaders are to have a preview of the state-of-the-union message and a chance to commit on it, is not clear at this writing.

But we are equally confident that just how the New England manufacturers can meet Southern prices and pay higher wages. And if they can do it for the Defense Department, they haven't been competing with the Southern mills all along? Or will this idea get lost again for the third time?

CAN DO!

One of the best money-saving ideas we have heard of yet actually to be put into operation by the U.S. Air Force, and practically right now!

By next June 25,000 airplanes on foreign bases will have been replaced by natives of the various countries and transferred home. During 1955, an additional 10,000 will be "replaced," all 35,000 to be assigned to military units in the new Air Force units as they are organized.

Some indication of the potential savings is seen in the fact that the Air Force has already ordered a contract for 10,000 airplanes for half the Air Force's pay, and for less than a third of the cost of the new Air Force units.

1954 Recreation Program Opened in Local Schools

The 1954 Winter recreation season in the borough schools opened Monday and will continue until March 15. The program is under the direction of the Board of Recreation, headed by President, Mrs. George Kimmerly.

The daily schedule, from 7 to 9 p.m., includes: Monday, Kimmerly High School; Tuesday, Kimmerly High School; Wednesday, Kimmerly High School; Thursday, Kimmerly High School; Friday, Kimmerly High School; Saturday, Kimmerly High School; Sunday, Kimmerly High School.

Tentative School Budget Is \$757,950; Total to be Raised By Taxes Increases \$55,386

A tentative budget of \$757,950, of which \$55,386 is to be raised by taxes, was submitted by the Board of Education at its meeting Tuesday night.

This represents an increase of \$55,386 in the amount to be raised by taxation as compared with last year. The amount raised by taxes last year was \$544,665.50.

Board members said almost the entire increase can be attributed to the increase in the salaries of teachers and school employees.

Following is a complete breakdown of the 1954 tentative budget:

Administration, \$2,000; supervision, \$2,500; instruction, \$34,500; maintenance, \$1,200; auxiliary agencies, \$250; fixed charges, \$200; total, \$35,450.

The tentative budget also includes an increase of \$700 and manual training, \$2,500. Under general expenses, the following increases are noted:

Administration, \$200; supervision, \$2,500; instruction, \$1,800; maintenance, \$2,500; auxiliary agencies, \$250; fixed charges, \$200; total, \$5,250.

The tentative budget also includes an increase of \$700 and manual training, \$2,500. Under general expenses, the following increases are noted:

Police Chief Seeks 12 Additional Men Over 3-Year Span

Chief Ryan Vandervalk yesterday asked the Borough Commissioners for 12 additional men for the Police Department to be recruited over a period of three years.

In his 26th annual report to Mayor Louis Bay and the other commissioners, Vandervalk pointed out the need for more men in addition to what have to be appointed to replace officers about to retire.

He said at present the police department is understaffed and at times, patrol coverage of the Borough is inadequate. There are 14 full-time officers on the force now.

Vandervalk also requested that a detective be appointed to the force and that a prosecutor be assigned to the Borough. He also requested that a uniform system of payment markings be followed and the regulation of parking.

Fire Company 3 Auxiliary Hold Joint Ceremonies

The newly elected officers of Fire Co. 3 and the Auxiliary were sworn in at an installation party at the Fire Station on Saturday night.

Fire Chief Louis Bay welcomed the group and installed the officers.

A gift was presented by the Auxiliary to the new officers. The gift was a set of fire extinguishers. The gift was presented by the Auxiliary to the new officers.

Public Raises No Objections To \$757,950 School Budget; Election Slated For Feb. 9

No objections were raised to the \$757,950 school budget Tuesday night at a public hearing conducted by the Board of Education.

The budget, which reflects a rise of \$55,286 to be raised by taxation over last year, will now be presented to the citizens on the Feb. 9 school ballot for their approval.

The board members were crowded with interested citizens at Tuesday's session. However, most persons who spoke only had praise for the work of the School Board in preparing the budget.

In the report it was shown that Hawthorne ranks as one of the lowest in cost per pupil with a figure of \$252; with the following figures being presented for comparison: Plain Lawn, \$261; Glen Rock, \$265; Ramsey, \$282; Wayne, \$284; Rutherford, \$286; Verona, \$286; Verona, \$286.

SPENDING THAT HURTS

Now that the nation is talking about budgets, debt-calling, appropriations and economy, it might be a good time to mention the demand of Eugene W. Cassin, that the US Information Agency be abolished. This, he says, would not only save the taxpayers more than 60 million dollars a year but would put us in a position where we "can once again commence to make friends among the people of other lands."

"Actually," says this former reporter, news editor, world traveler and founder of Cassin Films, writing in the January one-hundred fold "And he de-

We gather from Mr. Cassin's article that actual US propaganda expenditures are difficult to determine and have gotten beyond the control of Congress. He estimates that the USIA has cost the taxpayers four hundred million dollars. And while expenditures have increased five-fold since 1945, "anti-Americanism" has increased more than a hundred fold. QUESTIONS AND ANSWERS

Q—I have a permanent National Service Life Insurance policy. Would it be possible for me to change it to a term policy?

A—No. Permanent plan policies may not be exchanged for term policies under the law. However, NSLI term policies may be converted to permanent plans.

Q—I want to take medical insurance training under the Korean GI Bill. Does VA consider it on-the-job training or as classroom training for purposes of the monthly allowance?

A—Medical internship is considered as full-time institutional training. For GI Bill allowance purposes, the training must be approved by a Council on Medical Education and Hospitals of the American Medical Association.

Q—I served continuously in the armed forces, without a break, since 1940, and I am just now getting my discharge. Would I be allowed to take the maximum of four years of training under the World War II GI Bill?

A—No. The reason is that the World War II GI Bill training program, for nearly all veterans, comes to an end on July 25, 1956—about two and one-half years from now. But you would be entitled to the maximum amount of training under the Korean GI Bill, which is 36 months.

Q—I am a World War II veteran who recently became disabled, and I plan to apply for the VA pension which is payable for total and permanent non-service-connected disabilities. I have a wife and two children. Will I receive a larger pension because of these three dependents?

A—No. Pension rates for non-service-connected total disabilities are not affected in any way by the number of dependents you may have. The rate is \$51 a month with or without dependents, increased to \$75 when you are the head of a household.

Q—What steps must I take to get a VA pension?

A—You must be a World War II veteran who served at least 90 days of active service, and you must be totally and permanently disabled. You must also be a U.S. citizen and a resident of the United States.

ECONOMIC HIGHLIGHTS

President Eisenhower's press conference of January 15th, his first this year, was an interesting one—not only because of what he had to say about current issues, but because it clearly revealed his philosophy of government and his attitude toward the world's number one job.

The President, naturally, said that he thought that his program, as laid down in the State of the Union address and following messages on specific problems, was right, even though parts of it, notably the flexible farm price support plan, may be politically unwise in this election year. Then he said significantly, that he will not exert any unusual pressure on Congress to adopt his program. No part of it, he continued, will be presented as "must" legislation. In sum, the chief executive voiced the position that he had done his duty in proposing a broad program and that the rest is up to Congress.

What this means is that Mr. Eisenhower believes in a strict interpretation of the Constitution, at least so far as the division of powers, prerogatives and responsibilities between the executive and the legislative branches are concerned. And that makes quite a change from the Roosevelt-Truman attitudes. Mr. Roosevelt, especially, worked to make the Presidency dominate the government in all its branches. The "must" label was always attached to important legislation which he desired. He and his lieutenants did not hesitate to use the pressure in order to overcome Congressional opposition.

Q—Am I a partner in a manufacturing business? I plan to retire this year. What is the maximum I can earn per year and still receive my social security checks?

A—Your question is not clear. If you are retired from any industry, there is no restriction on any income you may have from investments.

HAPPY 1974 TO YOU!

No, this isn't a mystery. A Happy 1954, of course. But here's a wish—and a way—for happiness every year from now on. For wouldn't it be nice to be sure that in 1974 you'll have the security you dream of?

You can, you know. By signing up today, where you work, to have in U. S. Savings Bonds on the Payroll Savings Plan. And without effort, without work or will power, you'll save a bigger sum each year than you've ever saved before on your income.

Ask any of your friends now on the Payroll Savings Plan. They'll tell you that it is the way you can save easily and surely. Because the money is saved for you, before you get your salary. You don't have to save much at a time, either. Just a couple of dollars a week. Or as much as you wish. For the secret is that you save systematically, and consistently. And the U. S. Savings Bonds you accumulate on this easy Plan now bring you an average of 3 1/2 percent. And without effort, without work or will power, you'll save a bigger sum each year than you've ever saved before on your income.
