State School Board Group Seeks To End Budget Vote

A call to action has been issued to school budgets by the State School Board Group. The group is urging the state legislature to take action to end the budget vote for school districts.

Carl Cillico: "This is an opportunity for the education system to be reformed. We must work together to ensure that our schools are properly funded and that our students receive the education they deserve."

Paul Engelhardt: "We cannot afford to continue with the current system. It is time for change."

Hawthorne Teachers Group Attacks Incorrect Facts

The Hawthorne Press

This special issue is being made possible by the Hawthorne Press to awaken the community to its responsibility to become aware of the need for representation on the school board to make the vote of the public really count.

Is This an Adequate Standard of Living?

A teacher in the Baltimore School System who earns

- $1,000.00 for 10 months makes $250.00 per month
- $2,000.00 for 10 months makes $250.00 per month
- $3,000.00 for 10 months makes $250.00 per month
- $4,000.00 for 10 months makes $250.00 per month
- $5,000.00 for 10 months makes $250.00 per month

A teacher has two additional months in the summer to supplement his income.

A teacher does not even work 40 hours per week. A usual schedule is five classes per day, five days per week.

After three years in one school system, a teacher's annual income is not sufficient for any professional or personal improvements he desires.

Do you, as a Baltimore taxpayer, have a comparable standard of living?

On the number of contracts renewed by the Board last year for the staff:

- 2 MEMBERS REACHED OVER $1,000
  - 30 RECEIVED OVER $10,000
  - 40 RECEIVED OVER $10,000
  - 40 RECEIVED OVER $10,000
  - 20 RECEIVED OVER $10,000
  - 25 RECEIVED OVER $10,000
  - 25 RECEIVED OVER $10,000

This is not the exact breakdown, but close enough to indicate the general trend. The Board awards contracts to teachers based on merit, experience, and other qualifications. The teachers earn more money as they gain experience and achieve higher positions.

The standard of living for teachers is an important issue, and the Board should strive to improve it. Teachers are the backbone of our education system, and they deserve better compensation.
