PEOPLES BANK
OF HAWTHORNE

Only 4% of the total deposits are needed to assure the re-opening of the Bank under the proposed plan of re-organization. It is expected that the Citizens' Committee will accomplish this during the next week.

The Citizens' Committee is asking you to endorse this movement by depositing a consent slip. The re-organization of the bank is enthusiastically working for the interest of every citizen in the community.
Important Notice to all Depositors of the Peoples Bank of Hawthorne

Seventy-five per cent of the depositors of the bank have signed the consent slips for the re-organization of the institution. This amount is sufficient to assure the re-opening of the bank as soon as details can be completed.

However, the Citizens’ Committee is anxious to receive additional consent slips, so that the campaign will be able to reach the 100% mark. If you have not signed, we will appreciate your consent at the bank.
