FUR STORAGE
with famous Ban Tea 10 way protection

The most comprehensive Fur Storage Plan ever offered.

No matter what the climatic condition of your fur or the length of the season. Ban Tea prevents:

1. Frizzing and static electricity
2. Drying and waste from moisture
3. Indications of corruption or contamination
4. Aromatic decomposition of natural scents
5. Mold or mildew growth
6. Allowing fur to get out of shape
7. Aromatic decomposition of artificial scents
8. Damage caused by improper heating or freezing
9. Varnishing or rusting of metal buttons
10. Odors from perspiration or animal feces

Each item is thoroughly inspected and wrapped in non-cellophane paper to prevent dust and dirt from getting in. A duplicate copy of your receipt for each item is kept by us. A repair of lost or damaged fur is included with Storage Plan.
