Concerned Citizens of Hawthorne, Inc.

June, 1972

Dear Neighbor:

On May 19, 1972 we inserted a paid advertisement in the newspapers, wherein we set forth our objections with respect to the application of Melbury Heights, Inc., making a variance to usual zoning, open space, and tree laws, on the Melbury Tract.

In that advertisement, we set forth our opposition to that proposal. We sought out comment on an important public issue.

We wish to state most emphatically that advertisement did not intend either directly or indirectly to malign Mr. Mead, to attack or destroy the character, reputation or integrity of Mr. Mead, S. Mead, the attorney and president of Melbury Heights, Inc. We did intend to call attention to what we believe is a serious and important issue, and we believe the public has a right to know about it.

The advertisement was controlled and signed by only two of the 15 signers.

We believe that Mr. Mead and the members of this group have been fellow neighbors in this community for many years. In an effort to continue and improve the relationship of confidence in our community, we offered to Mr. Mead a meeting. Mr. Mead decided to decline our request. Mr. Mead's action is a matter of concern to us, and we believe the public has a right to know about it.

In this spirit, Mr. Mead has voluntarily agreed to withdraw the signed notices started in community with that advertisement.

Dr. Henry J. Lomax, President
Mr. Alexander R. Zales, Vice President
Ms. C. S. Robinson, Secretary/Treasurer
