## Borough Assessed Valuation Rises More Than \$7,000,000 In Six Years, Report Reveals

A report from the Passaic County Board of Assessors reveals that the assessed valuation in the borough has risen more than \$7,000,000 in the last six years. The report shows that the assessed valuation in 1929 was \$100,000,000 and in 1934 it had risen to \$107,000,000. The increase is due to a combination of factors, including the construction of new buildings and the revaluation of existing property. The board of assessors is pleased with the increase and believes it reflects the growth and development of the borough. The report also shows that the assessed valuation in the county as a whole has risen by more than \$100,000,000 in the same period. The board of assessors is expected to meet again in the near future to discuss the report and to make any necessary adjustments to the assessed valuation for the coming year.

## SCHATMEYER NAMES NEW COMMITTEES

Mayor Schatmeyer has named new committees for the Passaic County Board of Assessors. The committees will be responsible for the assessment of property in the county. The committees are: the Real Estate Committee, the Commercial Committee, the Residential Committee, and the Industrial Committee. The mayor said that the committees will be made up of representatives from the various sectors of the county's economy. The committees will meet regularly to discuss the assessment of property and to make any necessary adjustments. The mayor is confident that the committees will do a good job of representing the interests of the county's taxpayers.

## 183 Bunker Seal Drive Opened By Bernard Shanley

The 183 Bunker Seal Drive has been opened by Bernard Shanley. The drive is a new road that has been built to provide access to the Bunker Seal area. The drive is now open to traffic and is expected to be a popular route for motorists. Bernard Shanley, the mayor of Passaic, said that the drive is a significant improvement to the county's road system. He said that the drive will provide a more direct route to the Bunker Seal area and will help to reduce traffic congestion in the area. The drive is expected to be a popular route for motorists and will help to boost the local economy.

## Passaic County Taxpayers Will Save \$3 Million Under Tax Cuts Gov. C of C

Passaic County taxpayers will save \$3 million under the tax cuts proposed by Governor C of C. The tax cuts are part of a package of measures designed to stimulate the economy and to reduce the state's budget deficit. The tax cuts will apply to a wide range of property and will result in a significant reduction in the amount of taxes paid by Passaic County taxpayers. The county board of assessors is expected to meet in the near future to discuss the tax cuts and to make any necessary adjustments to the assessed valuation for the coming year. The county board of assessors is confident that the tax cuts will be a significant benefit to Passaic County taxpayers and will help to stimulate the local economy.

**THERE ARE NO CLOTHES DRYERS IN KOREA!**

Modern living conditions have made the clothes dryer an essential part of the household. In Korea, however, there are no clothes dryers. This is because the climate is so hot and humid that clothes do not need to be dried. Instead, they are washed and then hung up to dry naturally.

**Editorial...**  
**Kaiser Seals and You**  
After a period of no real action here since the signing of the armistice, the Kaiser's seal is now being used by the German government to seal its communications with its agents in this country. This is a clear indication that the Kaiser is still active in the world and is still trying to influence our people. The seal is a symbol of the Kaiser's power and is a reminder of the damage he has done to the world. We must be on our guard against his influence and must stand firmly for the principles of democracy and freedom.

**CIVIL DEFENSE TEST TERMINED SUCCESSFUL BY CD FORMERS**  
The annual civil defense test, which was held in Hawthorne, N. J., on March 15, 1934, has been terminated successfully by the former members of the Civil Defense Force. The test was held in a large hall and was attended by a large number of people. The former members of the Civil Defense Force were praised for their excellent work during the test. The test was a success and it is hoped that it will encourage more people to join the Civil Defense Force.

**Can Hawthorne Afford It?**  
The Hawthorne community is faced with a difficult problem. The local business community is struggling to survive in a time of economic depression. The local government is also facing a budget deficit. The community must find a way to solve these problems. One solution is to increase taxes. However, this is not a popular option. Another solution is to cut government spending. This is also a difficult option. The community must find a way to balance its budget and to support its businesses.

**Washington News**  
The Senate has passed a bill to increase the number of members of the Federal Reserve Board. The bill is expected to become law. The bill will increase the number of members from seven to nine. This will allow the Federal Reserve Board to better represent the interests of the public. The bill is a significant step towards reforming the Federal Reserve system.
