Before you order home heating oil, get the facts on GULF SOLAR HEAT...
it's hydrogen-purified to burn cleaner, hotter!

Gulf's exclusive "dilution" process reduces smoke and soot. Tests show this reduces nitrogen oxides from complete combustion — so you save on fuel bills too. Change to Gulf and get the facts. Send for your free copy of "The Economic Case for Solar Heating". Write Gulf Oil Company, Gas and Heating, 1033 Broadway, New York 18, N.Y. Gulf...the way to gas.

**Bread Through History**

The history of bread is as old as civilization itself, with evidence of its existence dating back to at least 8000 BCE. Early cultures in Egypt, Mesopotamia, and China all developed bread as a staple food. The art of leavening and the use of yeast to create a light, airy product was a significant advancement, first discovered by the ancient Egyptians and later perfected by the Greeks and Romans.

Films in the Downtown

The Parish Cinema reopened in time of need, offering a new film every week. This week, we have the classic "Casablanca," a timeless love story set in the city of Casablanca during World War II. Tickets are available at the cinema desk, and we encourage you to support local entertainment.

**Health, Education, and Welfare**

Recent statistics show a significant increase in the number of teenagers participating in physical education classes across the state. This is a positive trend, as physical activity is crucial for the development of a healthy lifestyle.
