THE POSTAL RATE HIKE
The U. S. postal rates, which were increased as of March 2, are the latest victim of inflation. Customers, who are concerned about the 25 percent rise in ten cents for a postage stamp in first class, will find that increase mild medicine compared to what is happening to users of second-class mail service.

Newspapers and magazines which are assessed the second-class rate have faced skyrocketing mailing costs since 1971, the year after Congress passed a postal reorganization act and ordered that, by 1976, almost every class of mail must pay its own way.

On its face, the requirement appears logical. However, when applied practically, the results may spell the death of many—if not most—of America's 30,000 national magazines, newspapers and newsletters. In the wake of the major rate hike in 1971, Look magazine folded. Later that year, fourteen months later, the same threat helped to kill Life.

The stiff second-class rate increases have resulted from two separate schedules set by the U. S. Postal Service. Together, they will require periodicals collectively to pay at least 240% more to use the mails in 1976 than they paid in 1971. And, since the cost of running the Postal Service almost certainly will continue upward, magazines may well be faced in 1976 with rates that are 300% or even 400% above those five years earlier.

Americans rely importantly on the news brought inexpensively to them through the mails, and for two centuries it has been U. S. postal policy to grant newspapers and periodicals rates below the actual cost of handling them. The policy has been a good one and has helped insure that our citizens have had ready access to news and enlightened opinion on which to base wise decisions vital to a democracy.

It is not just the national news that is brought in this manner. This newspaper, as well as most local weeklies, relies on second-class mail for distribution. Congress has the option of having the currently scheduled increases phased in over a longer period of time and of reversing the decision to make newspapers and periodicals pay their full share of mailing costs. Legislation to accomplish this has already been introduced in Congress and we believe the facts justify its passage.

LETTERS TO THE EDITOR

March 2, 1974
Dear Editor:
My hat off to the Class of 1976 of Hawthorne High School. It was a very fine gesture of those boys and girls to give thought to the senior citizens of Hawthorne and only change them \$2 instead of \$3 for the unimagined held at the high school on February 28. That is the way it should be. Give all the senior citizens a little discount at all the stores in Hawthorne.

Thank you Class of '76 and God bless you all.
Walter H. Mason Jr.

Jaycees to conduct recycling program

Saturday, March 30, has been designated by the Hawthorne Jaycees as "Kick-Out" day for their newspaper-recycling program.

The Jaycees will conduct this program on the last Saturday of each month.

Borough residents are asked to bring their old newspapers to the St. Anthony's School parking lot anytime between the hours of 9 a.m. and 1 p.m. The papers must be tied. No magazines please.

The Jaycees are asking for the cooperation of all borough residents to make this project a success. Remember a ton of recycled papers saves 15 trees from the axe.

For further information contact Rick Stuberbaum, 427-4601 or Vince Raposo, 427-6001. In conjunction with the newspaper recycling program, the Jaycees will be selling these liners on the last Saturday of every month at St. Anthony's parking lot on Diamond Bridge Avenue from 9 a.m. to 1 p.m. Anyone unable to purchase the liners at that time may purchase them by calling Joe Trista at 425-2341 or John Farber at 427-2292.

HHS Happenings

On Tuesday, March 19, the Hawthorne H.S. male and female faculty members played a double-header basketball game against girls and boys of the senior class.

The games were played to raise money for scholarship to be given to graduating seniors.

A crowd of over 400 people watched the "over the hill gang" (the faculty) defeat the "junior brawlers" in both contests.

It was a shocking blow to the senior class but now the faculty has a reputation to uphold and will be no target of revenge for all senior classes to come. In spite of the loss, a very enjoyable time was had by all. The games were played fairly and in the spirit of friendship.

Those to be thanked include: the students and teachers who played and coached; the teachers and students who organized and supervised; Mr. Poyle who ran the clock; Dave Baker and Bob Smith who officiated for no fee; and the senior class and student council who were gracious in defeat even though they could have easily won using their best players.

The good old days are coming back to Hawthorne. In these days of nostalgia about times past, the H.S. Student Council is planning a square dance just for adults. The hope is that parents and friends of the school will come to enjoy an evening of activity, refreshments, and fun. A professional caller will be on hand to teach square dancing and help everyone have a good time.

This dance will be exclusively for adults. No students will be admitted unless they are 18 years old or older. The affair is to be held Saturday, April 6 from 8:00 to 11:00 p.m. Donations are \$2.00 a couple and dress is very casual—blue jeans and plaid shirts, if you wish. Tickets can be purchased at the

Home and School Association of St. Anthony's School, President Thomas Parry stated: that group meetings will continue to be held on a monthly basis.

Among the "trio" announcements made by the president were: that the association will furnish transportation for the eighth grade trip; that plans are being formulated for a school track meet; that the association will take a definite stand on moral issues and that the best possible fire protection techniques are being used in the school.

Among the items reported by Sister Michael Vincent, school principal, were: an assembly and speaker on drug abuse; a very casual—blue jeans and plaid shirts, if you wish. Tickets can be purchased at the
