The Treasury introduces a $75 Savings Bond

For your convenience, the Treasury Department now offers a new denomination, the $75 Savings Bond.

It's worth $75 when it matures in 10 years, just like the $50 Bond. And like all other denominations of U.S. Savings Bonds, it's dedicated to the cause of freedom.

For all types of quality printing at the lowest price—call or take us on your printing problems—we'll be happy to help.

Good News

The management of the county goes easy on new towns in the first year. This year's budget, while still containing a sizable amount of new towns, is a welcome change. The new towns will be used only for necessary expenses, and the savings from this will be reflected in the budget for next year. The budget also includes a modest amount of funds for new towns, which will be used to support the growth of the county and to improve the quality of life for its residents.
