RE-ELECT ASSEMBLYMAN

Robert J. S. Calhoun, Jr., announcing his candidacy for re-election to the New Jersey Assembly in the 25th Assembly District, said he will continue his efforts to serve his constituents and work for the betterment of the community.

More Meat Less Money

Assemblyman Calhoun has shown his concern for the inhabitants of the State by promoting and supporting various programs that directly benefit our citizens. These programs have in turn created thousands of new jobs and helped to alleviate the poverty that has plagued our community.

RE-ELECT Joseph A. LAZZARA
NEW JERSEY STATE SENATOR

Dear Friends of Hawthorne:

It is now my privilege to represent the people of Hawthorne in the New Jersey State Senate.

My position on the issues affecting all of us is clear:

DOPE Pushers:

I am opposed to any legislation imposing mandatory jail sentences on dope pushers. This would merely increase the number of people who turn to illegal drug dealing as a way to earn a living.

VIOLENT CRIME:

I have sponsored legislation to strengthen our laws against violent crimes. This includes measures to ensure that criminals are held accountable for their actions and to provide more resources for law enforcement.

TAXES:

I am committed to finding ways to reduce property taxes and to ensure that our school districts have the resources they need to provide a quality education for all students.

EDUCATION:

I am dedicated to ensuring that all students have access to a quality education, regardless of their background. This includes supporting measures to improve the quality of our schools and to provide more resources for students in need.

ZONING:

I believe in strong local control over zoning. We do not need more State intervention telling us how to use our property. We need to control our own destinies.

INFLATION:

It is becoming impossible for wage earners and pensioners to keep up with the ever-increasing cost of living. The State should do as much as possible to help people in need.

SENIOR CITIZENS:

I have sponsored legislation providing increased benefits for senior citizens. This includes measures to ensure that seniors have access to affordable healthcare and to provide more resources for community programs.

CONSUMER PROTECTION:

I am dedicated to ensuring that consumers are protected from unfair practices and to providing them with the resources they need to make informed choices.

WELFARE:

I believe in helping those in need, but we must ensure that welfare programs are sustainable and do not become a drain on the economy.

I ask for your support and your vote.

JOSEPH A. LAZZARA
