NOVEMBER
Boro rent leveling ordinance sought

A writing council meeting has been tentatively scheduled by the Hawthorne Taxpayers Association, a nonprofit in the Borough of Cranston. The meeting is scheduled for January 8th, 1977.

According to Thomas E. Forbes, president of the association, the BTA is urging the council to adopt a "fair" rent ordinance to prevent "unfair" rental increases. The ordinance would be similar to a bill introduced by the New Jersey Housing Assn. in the Assembly.

The ordinance would require landlords to provide tenants with a written statement of the basis for any rent increase. The statement would include the amount of rent paid by the tenant, the amount of rent paid by others in the same building, and the percentage of income that rent represents.

Four appointments made, one vacancy exists:

Five teachers added to special ed. dept.

In addition to the special education program at the Hawthorne Public School, the Hawthorne Board of Education has appointed four new teachers. The appointments were made to fill vacancies at a cost of $1,800 per year.

The teachers appointed are Mr. John Sheehan, Mr. Michael O'Connor, Mr. William G. Smith, and Ms. Karen L. Miller. All of the teachers have experience in special education.

Library construction begun

Construction work has begun on the new library, which is scheduled to be completed by the end of January. The library is expected to cost $200,000.

The library will be located on the corner of Main Street and Washington Avenue. It will have a main reading room, a children's room, and a reference desk.

The library's opening is scheduled for the end of March.
EDITORIAL

Electoral nearest ends

As the campaign nears the end, there are still voters who are undecided about their choice on Tuesday, November 3. Even worse, there are many who say "I just don't care who wins." These remarks are heard about the gubernatorial race, as well as about the legislative and county campaigns.

The contest between Bateson and Byrne is one of the closest of the polls, so no one can predict what the independent voice will say. The only certainty is that it's going to be a change in state leadership. The result of this election is going to be the problem of who Bye may not recognize, but they are in favor of whom he does not have the answers. We think Bateson promises the leadership needed to solve this pressing problem. We also are confident he will do so without the aid of a

In the 35th legislative district race, all candidates support the same tax cut. Currently the candidates have been denied by a few as well. The remaining candidates and assembly seats have been concentrating on new issues in which one can win by keeping the Pottawatomie county council job, if elected or whatever another group has an edge in Pawnee county on that in a thorough. In the final analysis, we hope the voters will make a decision based on the voting records and qualifications of the candidates.

One point deserves mention. In Hawthorne, the voters have the unique opportunity to select a person, who was born and reared in the community. With a person who speaks like a

Dear Editor,

With all the restrictions of a state running of the nation, opinion is welcome to express itself in a number of places. In addition to the standard channels, like letter to the editor, there are websites and blogs where people can communicate with each other.

Hawthorne, N.J.

October 29, 2017

To the Editor,

The recent article "The Partisan Divide" in the Nov. 2 issue was enlightening and thought-provoking. However, I was disappointed to learn that the article failed to mention President Donald Trump.

I believe that President Trump is the most important person in our country. His policies are benefiting our nation and will continue to do so in the future.

Sincerely,

Jane Doe

The Man Of Absolute Action

His persistence has gotten Hawthorne thousands of dollars back in money for education, in conjunction with your Superintendent of Schools, Dr. Ingemi. His persistence has stopped the City of Newark from collecting $50,000 a year in taxes from Hawthorne's taxpayers, with the support of Mayor Louis Bay. His persistence will bring back home rule to Hawthorne's elected officials. Hawthorne, through his persistence will have the most representative State Senator in our generation.

Isn't it time we returned responsibility to government?
HENRY RAMER SAYS IT IS

Henry Ramer is a lifelong Republican. Like President Ford and Senator Barry, he believes in the Republican principles of less government, not more.

• Ramer opposes any state income tax.
• Ramer believes the taxpayers can't afford 'do-and-out' pensions for public employees.
• Ramer believes tougher laws and better enforcement are needed to fight crime.
• Ramer wants less meddling from Trenton and Washington.

Vote for Henry Ramer. He'll give Hawthorne a voice.
Bureaucratic waste: Gerginti's concern

John A. Gerginti, Democratic Assembly candidate for the 13th District, has raised the issue of bureaucratic waste in the state government.

"In the past, we've seen instances where state agencies have failed to follow through with promises made to the public," Gerginti said. "This has led to a lack of accountability and a waste of resources."

The candidate noted that the state has a lot of programs that are in place to help people, but they are not always used to their full potential.

"We need to ensure that these programs are being used effectively," Gerginti added. "This requires a more thorough examination of how resources are allocated and used."

Bears win 4th straight, crush Waldwick

by Steveester

If you have a Bears leadership problem, this isn’t the team for you. The Bears have been crushed by the Warren Hogs, 34-0, in what was probably the worst game of the year. The Bears were outplayed by the Hogs in all phases of the game, and the result was predictable. The Bears have been inconsistent all year long, and tonight was no exception. They played well in the first half, but fell apart in the second half. The Bears’ defense was dominated by the Hogs’ running game, and the Bears’ offense was unable to score points. The Bears will need to regroup and come back next week against the New York Giants. The Bears are now 5-6 on the season and are currently in fourth place in the NFC East. They will need to win their remaining three games to have a chance at making the playoffs.
Spirits of Lindbergh flies from Teterboro

By Thomas A. Davis

The Spirit of Lindbergh, built by George Peterson, was the first plane to leave Teterboro Airport. The plane was flown by Charles Lindbergh on May 20, 1927, from Teterboro to the Caribbean. The Spirit of Lindbergh was a single-engine, single-place plane with a wingspan of 34 feet and a weight of 2,000 pounds. It was powered by a 125-horsepower engine and had a range of 700 miles. The plane was built by Peterson in his aircraft shop in Teterboro and was flown to the Atlantic City Air Races. The Spirit of Lindbergh was later used in a number of air races and set several records, including the first transcontinental flight in 1927. The plane was eventually preserved and is now on display at the Teterboro Airport Museum.
"John's know-how, capability and experience are desperately needed in the New Jersey State Assembly. I urge you to support and participate in his election to the 35th District."

Robert A. Roe, U.S. Congress

ELECT John A. GIRGENTI
Hawthorne's "Favorite Son" to the New Jersey State Assembly

- No State Income Tax
- Relief for seniors on fixed incomes
- Minimum mandatory sentencing for convicted criminals
- A clear policy of home rule for greater local control
- Parental liability for youth crimes
- State assistance for crime victims

Hawthorne deserves one of its own to represent our borough in Trenton

Volleyball changed to Tues.

The decision is not for Brenda Byrne, 16, to
the memory of the state title," said Brenda
Byrne in her victory speech Tuesday
night. The one she gave in the New Jersey
state tennis match may not be as
noticeable, but we must all agree it is
very important.

In a case of majority rule, the contributors
who vote on the state tennis and the
state volleyball may not come up
united, but the entire community, most of
whom were not able to vote for their
preferred team, should not feel left out.
They paid their dues in their standards without
judging them to share the load. To still inherit
the majority is a little too desired.

Those of us who oppose the tax are still
unconvinced that we can’t run the state without it.
This is another case of shutting our eyes to
the tax and not the debate. The final
decision came the day before election
day, when the school board and former parents
just happened to arrive in the mail (Remember last year when the
board dissolved the school board, but
then, we received a phone call notifying us
of the school closing).

Other parents were not as fortunate. Some,
who work out of town and even some who
are on the sidelines were unaware that
their children were attempting to play their
equipments and the travel and game
seasons. Many high school students found
the going rough, and some were forced to
inform their children of the school closing.

Nevertheless, this method of notification
was just as effective. In some cases, it
would have been better to keep
the children in the building until they could
be informed by an adult. Many parents
expressed their mixed feelings, but the
news was received as an opportunity to
explore some alternative ways of dealing
with future situations.

If he had been reading the Press,
he would have known there was
an octopus loose in the boro...

Midland Park Press

MIDLAND PARK trounced 4-0

By Dave Miller

We're in the midst of a 2-0-3 tie between the two teams. The Midland Park defense struggled to hold off the North Bergen offense. The North Bergen offense was in control from the start, scoring four goals in the first half. The Midland Park defense tried to hold on, but ultimately couldn't contain the North Bergen attack. The final score was 4-0 in favor of North Bergen. The Midland Park offense struggled throughout the game, with few scoring opportunities. The defense also had a tough time keeping the North Bergen offense in check. Overall, it was a disappointing performance for Midland Park. The team will look to bounce back in their next game against a strong opponent.

Federal aid — Welcome news for flood victims

With door to $56 million in damages in the state of New Jersey, we welcome the news that Governor Byrne had sent a delegation to President Carter to request federal aid for flood ravaged areas. In Passaic County, millions face $150 million in flood-related damage and an additional $300 million in public property.

While the federal aid is not expected for damage to public property in Passaic, many food and clothing requirements for victims have to be interested in the hernia of federal aid.

In two earlier days of October, numerous Passaic County residents and visitors were affected by flooding in the area. The situation has not yet subsided, and residents and visitors have to continue to cope with the aftermaths of the flood.

Preventing Organizational Dry Rot

by W. Gardner

Like people and plants, organizations have a life cycle. They have a growth and project cycle, a time of functioning strength, and a period of decline. As people and plants decline, so do organizations. And just as people and plants have a cycle, there are some measures that can be taken to prevent dry rot in organizations.

1. Regular inspection of the organization's finances and policies can help to prevent dry rot.
2. Regular updates of the organization's policies and procedures can help to prevent dry rot.
3. Regular training of employees can help to prevent dry rot.

The bottom line is that organizations must be proactive in order to prevent dry rot. It is important to recognize the signs of dry rot and take action to prevent it. This way, organizations can avoid the consequences of dry rot and maintain their strength and longevity.

Citation for Joye Bender

November 14, 1977

The Hawthorne Press, Inc.
463-465 Lafayette Avenue
Hawthorne, N.J. 07506

Dear Joye:

We deeply appreciate your concern and prompt seeing in your recommendation of the "middle school" concept. We are very familiar with the potential benefits of a middle school and the advantages of reducing the transition between the elementary and secondary school levels. However, our Board of Education has decided to focus on providing a quality education for all children in our system, not just for children in the middle school age group.

Sincerely,

[Signature]
Principal

Oppose middle school

Some editors

I'm a part of a group of concerned parents and I'm writing in your newspaper on the subject of "middle school." We have a strong reservation about sending our children to middle school.

The concept of a middle school is not a new idea, but it is a concept that has been gaining popularity in recent years. However, we believe that middle school is not the best option for our children's education. Therefore, we are writing to express our concern about the middle school concept and to encourage you to think carefully about its implementation.

Sincerely,

[Signature]

Linda M. Cassella
The Hawthorne Press

Due to the extreme heat, our newspaper will not be printed on the 10th.

Thank you for your understanding.

Baseball fence may come down for soccer program

November 17, 1977

The Hawthorne Press

Baseball fence near Hawthorne Elementary School is scheduled to be removed for the benefit of Passaic girls' soccer team.

The Hawthorne Board of Education has decided to remove the fence that separates Hawthorne Elementary School from the baseball field. This move is being made to accommodate the Passaic girls' soccer team, which is scheduled to play their home games at the school.

The Hawthorne Board of Education is committed to providing opportunities for girls in athletics. The removal of the fence is a step toward achieving this goal.

Basketball registration underway

November 18, 1977

The Hawthorne Press

Girls basketball team may not be affected

The Passaic County Girls Basketball registration is underway, but Hawthorne's girls basketball team may not be affected.

The Hawthorne Girls Basketball team, which is under the guidance of Coach Mrs. Rosemary Longo, has not been invited to participate in the registration process. However, the team is still eligible to participate in the county tournament if they register.

The girls are currently practicing and have high hopes for the season. They are working hard to improve their skills and are looking forward to the upcoming games.

**St. Anthony’s moves into B league 1st place**

St. Anthony’s moves into B league 1st place

By Al Roth

The B league is a new addition to the Hawthorne area this year. It is a 16-team league, with each team playing three games a week. The league was formed to provide a more competitive environment for the teams. The league consists of teams from various areas around the Hawthorne area.

The B league features two teams that stand out: St. Anthony’s and Hawthorne. St. Anthony’s has been a dominant force in the B league, winning multiple games in their first few weeks. They have a strong offense and a formidable defense. Their opponents have found it challenging to keep up with their speed and agility.

Hawthorne, on the other hand, has also been performing well. They have a balanced team with players excelling in both offensive and defensive roles. Their ability to adapt to different playing styles has been key to their success.

The league is expected to continue with excitement as both teams aim to maintain their positions at the top. Their performances will be closely watched as the season progresses.

**Sixth straight win:**

Bears destroy Elmwood Park

By John Taylor

St. Anthony’s assistant football coach John Greenberg had the Bears ready for the Elmwood Park Shoreline War’s battle. The Bears defeated Elmwood Park 13-7.

The Bears were led by their quarterback, John Greenberg, who threw for 219 yards and a touchdown. The defense was also crucial in the win, holding Elmwood Park to just 7 points.

Parents upset over dismissal of school during the flooding

The decision to dismiss school for five days following the flooding that occurred last week was met with frustration by some parents. At a meeting last night, they expressed their anger about the decision and the way it was handled.

"I'm angry that the school was closed for five days," said one parent. "My child missed out on valuable learning time." Another parent added, "I think the school could have handled this situation better." The parent also expressed concern about the lack of communication from the school throughout the crisis.

A third parent said, "I understand the need to ensure students' safety, but five days seems excessive." Another parent agreed, saying, "I think the school could have done more to keep students engaged during this time off." The parent also pointed out the financial burden the closure placed on some families.

"We need to have a better system in place," said one parent. "This kind of situation highlights the need for better planning and communication." Another parent added, "It's important that we have a plan in place for situations like this in the future." The parent also emphasized the need for better coordination between the school and the community.

Dr. John Henry, superintendent of the school district, acknowledged the parents' concerns. "We understand the frustration," said Dr. Henry. "Our priority is to ensure the safety and well-being of our students and staff." Dr. Henry also acknowledged the financial burden the closure placed on some families.

"We recognize the financial burden this decision has placed on some families," said Dr. Henry. "We are working to ensure that all families are supported during this time." Dr. Henry also emphasized the need for better planning and communication in the future.

The parents also expressed their support for the school district's efforts during the crisis, but they emphasized the need for better planning and communication in the future.

Mark Allagoo becomes an Eagle Scout

Mark A. Allagoo of E. Anthony Drive in Hawthorne was named a member of the Boy Scouts of America's Eagle Scout rank on November 11, 1977, in a ceremony held November 11 at St. Anthony School auditorium. A Eagle Scout at Hawthorne High School, he resides at 138 E. Anthony Drive. The elevation ceremony was conducted by Eugene M. McCann, assistant scoutmaster for Boy Scout Troop 118. In his address to Mark, Mr. McCann congratulated Mark on his achievement and signed him into the national registry of Eagle Scouts.

Girls Scouts enjoy cruise

A high school sophomore and leader of Girl Scouts and her all-female crew set sail on the luxury cruise ship "Queen Elizabeth" for a week-long cruise. The cruise, which took place from November 18 to 25, included stops at ports in the Caribbean, the Panama Canal, and the South Pacific. The girls were accompanied by their leader, who acted as the cruise director.

Ballet trip is planned

The Hawthorne Recreation Department is planning a trip to the Metropolitan Opera House in New York City. The trip will take place on Sunday, December 17, and will include a performance of "The Nutcracker." The trip is open to all residents of Hawthorne, and reservations are being accepted at the recreation department.

Letters to the Editor

Hawthorne, N.J. 07506
November 23, 1977

Dear Linda & Bill:

Debts of the St. Anthony's C.V.D. Atlantic Council, and the people involved in that venture program, I would like to
acknowledge that the tireless efforts which have been led by the
St. Anthony's and the people behind the effort have been
worthy of support and assistance. Their solution will always be welcomed. Again, our
thanks.

Jose & Tadyna

Dear Editor:

In recent weeks, the Passaic County A.U.P. has removed itself
from food rationing by allowing the counties to sell
the American Cook's Supply to all interested
people to prevent it from becoming a
discriminatory practice.

There is a certain agency that has an agreement with a
large daily newspaper outside Passaic County that it need not
advertise in our area. Considerable telephone inquiries have been
made by parents of children in this area for the daily newspaper
in light of an area.

The reason that I believe this to be a misstatement is
because our community has a population that females said that they were
not aware that the program was available and that they might have
considered that this was a discrimination.

I would like to correct this error and ask you to
make sure that all Passaic County's funding
to the need.

Ms. Dorothy D. Smith

Dear Mr. & Mrs. Hawthorne:

Your November 3rd editorial contained an article nowhere
that the Passaic County A.U.P. was involved in providing
independence for children. We would like to let the reader know that
the cook supply to be able to be used
in a whole area.

We are a group of volunteers who are
passionate about providing these services.

Sincerely,

Betty Miller
Public Relations Coordinator
Junior Women's Club of Hawthorne

Conservative Outlook

Re: Philip M. Crane

Chairman

American Conservative Union

The American Conservative Union is a non-profit, nonpartisan group that promotes conservative values and policies. We believe that the role of government is to protect the rights of individuals and promote a strong economy. We believe in free markets, individual liberty, and limited government. By voting Conservative, you are making a statement for change and a commitment to the principles that form the foundation of American freedom.

Conservative values include the support of the Social Security system on the premise that all citizens of this country have a reasonable expectation of living comfortably in old age. President Reagan has made a credible proposal to reform Social Security so that it is a responsible and sustainable system for years to come.

The American Conservative Union is dedicated to the principles of freedom, limited government, and individual liberty. By voting Conservative, you are voting for policies that will secure our future and ensure the prosperity of our nation.

The American Conservative Union is dedicated to the principles of freedom, limited government, and individual liberty. By voting Conservative, you are voting for policies that will secure our future and ensure the prosperity of our nation.
BPSL title at stake in Turkey Day Manchester game

By Mike Plourde
On paper, it looks like an easy victory for the Manchester High School boys’ volleyball team over the rival Rochester team in the Turkey Day game tonight. However, if past performances are any indication, Saturday night could be a nail-biter.

Rochester has been in the mix since the beginning of the season. Their season so far has been filled with losses but they have been competitive in every game, especially against Manchester. No one is in doubt that the Titans will be a formidable opponent.

On the other hand, Manchester has been on a roll all season. They have only lost one game and are currently ranked second in the state. Their game plan is simple: play hard and play smart. No one is looking past Rochester.

"It’s going to be a close game," said Coach Steve Clark. "Rochester is a tough team. They’re going to be prepared for whatever we throw at them."

Manchester’s defense has been their strength all season. Their quick and agile players have been instrumental in their successes, and they are looking to continue that trend against Rochester.

"Our defense is our bread and butter," said Senior Captain Mark Gardner. "We’re going to need to keep Rochester from getting easy points."

Rochester’s offense has been their weakness all season. They struggle to put points on the board, but they are determined to change that tonight.

"Our offense has been our biggest problem," said Senior Captain Jennifer Johnson. "But tonight, we’re going to show what we’re made of."

Manchester has the advantage in experience, but Rochester has the potential to surprise everyone. It’s going to be a tough game, but both teams are ready to give their all.

"We’re ready to face whatever Rochester throws at us," said Gardner. "This is going to be a battle."

It’s going to be a great night of volleyball, and it’s going to be a close game. Manchester and Rochester are both ready to prove themselves on the court.

Pursley leading Peru defense

Bill Purcell, a senior at Peru High School, has been leading the Peru defense throughout the season. His leadership and experience have been crucial in the team’s success.

"Bill has been a great asset to our defense," said Coach Mark Marrero. "He’s a great leader and a great player."

Purcell has been a solid presence on the court, and his leadership has been key in keeping the Peru defense strong.

"I’m just happy to be a part of this team," said Purcell. "We’ve been working hard all season, and we’re ready for the challenge."

Pursley leading Peru defense has been a key factor in Peru’s success. With a strong defense, Peru has been able to limit their opponents, allowing them to focus on their offense.

"Pursley has been our rock," said Marrero. "He’s been our leader and our go-to player."

Peru’s defense has been a key part of their success this season. With a strong defense, they have been able to limit their opponents and focus on their own game plan.

"We’re ready for the next challenge," said Purcell. "We’re going to give it our all and see what happens."

Students learn about Australia

On Wednesday, November 17, Dr. Thomas Wilson, Associate Professor of Political Science at Wheaton College, will give a presentation on the political system of Australia. The presentation will be held from 12:30 to 1:30 PM in the Wheaton College Auditorium.

The presentation will cover the following topics:

- The Australian electoral system
- The political parties in Australia
- The role of the judiciary in the Australian political system
- The relationship between the government and the people

Dr. Wilson is a well-respected political scientist and has published extensively on the political system of Australia. He is currently working on a book on the topic, and his research has been cited in major political science journals.

The presentation is open to all students and faculty, and admission is free. Please join us for this enlightening discussion on one of the world's most interesting political systems.

PCCC Foundation sponsors theatre party

On Tuesday, January 11, the Passaic County Community College Foundation will sponsor a theater party at Studio Playhouse, 44 Avon Road, Upper Montclair, New Jersey. General entry is 7:30 p.m.

The play will be "A Christmas Carol," presented by the Studio Playhouse. Tickets will be sold at the door. The proceeds will benefit the Drama Club of the College of Montclair.

The play will be presented in the studio, and refreshments will be served. Tickets will be available at the door. For more information, please call 427-5807.

Area Arts

"Moonchildren" at Montclair

The second presentation of "Moonchildren," the book written and directed by Mary Virginia Eastman of Montclair, will be presented at the Montclair Art Museum on Wednesday, January 9, at 8 p.m.

The play will be presented by the Montclair Players, a group of local artists who have been performing in the area for over 20 years.

The show will be directed by Mary Virginia Eastman, who has written and produced the play. The show will feature a cast of local actors, including Mary Virginia Eastman, the playwright, and her daughter, Sarah Eastman.

The Montclair Art Museum is located at 35 Mountain Avenue, Montclair. The show will be presented in the museum's main theater. The play will be followed by a discussion with the cast and crew.

Local cable TV service to begin this week

(Continued from page 1)

cable TV. This is a resolution of August 1977 that affirms the need for an extension to the community's cable TV system.

Members of the local press, residents and community leaders have been eagerly awaiting the decision on whether or not to extend the cable TV service to the community. The decision was made in response to a petition submitted by a group of local residents.

One popular issue often discussed by residents is the potential for increased community involvement in local events and services. The extension of cable TV is expected to provide a platform for community engagement and participation.

Another notable aspect of this decision is the potential for increased economic development. The extension of cable TV could attract new businesses and investments to the community, leading to job creation and increased financial stability.

Overall, the decision to extend cable TV is seen as a positive step towards enhancing the quality of life for residents and fostering a stronger sense of community.
Scout Troop 93 visits Washington, D.C.

On November 4, 1977, Scout Troop 93, sponsored by the Boy Scouts of America, went on a trip to Washington, D.C. Airing their way to the nation's capital, they thrilled to the sights and sounds of the city. The visit was a highlight of the year for the troop, and the boys were excited to see the sights of the nation's capital.

One of the highlights of the trip was a visit to the White House, where the boys were able to meet with President Jimmy Carter. The boys were impressed with the size and grandeur of the building, and they were able to take a tour of the inside, including the Oval Office and the Lincoln bedroom.

Another highlight of the trip was a visit to the National Mall, where the boys were able to see the AIDS Memorial, the Vietnam Veterans Memorial, and the Lincoln Memorial. The boys were impressed with the history and significance of these monuments, and they were able to take many pictures to remember the trip.

The trip was a big success, and the boys were excited to have had the opportunity to see the sights of Washington, D.C. The trip was a great way for the boys to learn about the history and culture of the nation, and they were happy to have been able to make the trip.
