... Washington News ... LIFTING THE LOAD OFF
THE FARMERS BACKS

Washington, D. C.—Within recent years there has been an industrial and economic revolution down-on and up-on the farm. The argument vore "price supports" has been settled in the affirmative by the Republican and Democratic parties. Farmers will get up to \$2,000.000.000 in the fiscal year ending next June—no matter who wins the November election. The "old farm isn't what it usterwas," with cotton, wheat, oats, eggs. tobacco. corn, rice chickens, butterfat, milk, potatoes, hogs. soybeans, etc., receiving Government support.

There's a reason! Innumerable reasons Perhaps you remember when hundreds of European agricultural scientists came to Washington several years ago and congregated at the Hughes electrical farm a few miles away in Virginia? Every electrical delice of that period was at work—

## The "Great Discovery" Has Become The HOPE of the World

America, the Western world was stirred by the beginnings of the greatest expansion, the hugest diffusion of energy that the world has ever known!

Strange that America should have been discovered just at the "right" time mense territory became the ground for the first brave adventures in individual freedom. It grew unhampered by the hand of a dead past.

Today the little child of Europe, grown to gigantic maturity, is the one steadying influence left alive in a chaotic Western-World. Her vigor strengthens the hopes of countless millions abroad, her successful example is a glowing torch to bewildered peoples everywhere, 3 As citizens of the country who is the acknowledged leader of the civilized world.
