Air Force Drops Two-Year College Requirement For Air Cadet Program

The U. S. Air Force has recently paved the way for High School graduates to enlist directly into the Aviation Cadet Program by eliminating the two-year college requirement, according to an announcement by U. S. Air Force Recruiting Office in the Paterson Post Office.

Library Plans To Amass Data On Local Groups

The trustees of the Hawthorne Library agreed at their recent meeting that the library could render a real service to the community if it had on hand complete information concerning the many service organizations that operate in the borough. Accordingly, a temporary listing has been made so that the librarians may answer such questions as: "Who is in charge of Boy Scouts' Where is the Red Cross office? How can I contact a certain church organization?" The board is anxious to see that this listing is accurate and up-to-date. They request that all service organizations check with the librarian, or submit the following information: name of organization, president, officer or officers in charge, purpose of organization and place and time of meetings. This listing will be put into book. (Continued on Page 5)

Gov. Driscoll Proclaims Week For Handicapped

TRENTON—The initial step in the ninth year-round employ the physically handicapped campaign was taken today when Governor Driscoll released a proclamation setting aside October 4-10 to be New Jersey Employ the Physically Handicapped Week. The proclamation points out that it is wasteful not to utilize all of our resources and indicates that Driscoll considers the skills and energies of the physically handicapped to be precious resources. He emphasized that it is patriotic duty to give jobs to disabled veterans and a social responsibility to give painful employment to the physically handicapped. Russell J. Lawrence, state chairman of the New Jersey State Committee to Employ the Physically Handicapped, revealed that 23 areas in the State have local committees to deal with rehabilitation and employment problems of the physically handicapped. Driscoll, throughout his period as governor, fostered programs designed to bring about the rehabilitation and employment of the physically handicapped. Earlier this year he was presented with a scroll by the New Jersey State Committee to Employ the Physically Handicapped in recognition of his outstanding services to the State's handicapped. Meyner Hits GOP Plank On School Aid

Philipsburg—President Eisenhower's warning in Boston last week that the Federal Government may seek new taxes "through my opponent's school aid program out the window," Robert H. Meyner, Democratic nominee for Governor, said today. "The Republican candidate claims he can raise needed money through administrative economies and through return of certain Federal taxes to the states," Meyner said. "It just doesn't make sense. If the President says the Federal Government needs more money, let the contractor from Clifton go to get any of it back? As for 'finding' a few million in the state house," he continued. Auction on Vets' Housing Falls For Second Time

For the second time the 11 veterans housing development, located at 11th and 12th Aves., failed to attract any buyers at the public auction of the property which was held at the Veterans' Club on Wednesday morning. According to the law the units were offered to the present occupants at an "optional" valuation and none of the occupants offered the buy the units, protesting that the price was "too high" and that they could not get the necessary mortgage money for the purchase. The sale was conducted by Julian Seaman, chief of the housing section of the Department of Economic Development. (Continued on Page 5)

MISS LORRAINE VOGEL

Heart Association Names Woman As Executive Director

The appointment of Miss Lorraine Vogel as the first full time Executive Director of the Passaic County Heart Association was announced today by Dr. Meyer Norkin, president of the Passaic County Heart Association. The Heart Association until recently had been affiliated with the Passaic County Tuberculosis and Health Association. However, after careful study, the Executive Committee decided that a full-time, separate staff would be better able to cope with the vast problem represented by heart disease. Miss Vogel is well known in Passaic County, having served as health educator on the staff of the Passaic County Tuberculosis and Health Association for one year, respectively. Miss Vogel is a resident of Hawthorne. (Continued on Page 5)

Mele All-Wags Midget Baseball Team Will Be Feted At Dinner

Members of the Mele All-Wags midget baseball team, which recently completed its season in the Paterson and Raritan League, will be feted at a dinner Monday night at Kay's Restaurant. Dominick Mele, who managed the team which finished in a tie for fourth place, said yesterday that the 14 team members will receive a gift at the dinner. The team, which is coached by Hawthorne in the league, is composed of youngsters who are the sons of men who played for All-Wags teams in various sports when through the years. (Continued on Page 5)

Hawthorne Bears Meet Cutters Under The Arcs At Fair Lawn

The Hawthorne Bears will be seeking their first win of the season Saturday night when they travel to Fair Lawn to engage the Cutters in the first Berrien-Passaic League tilt for both leagues. Both the Bears and the Cutters were figured in pre-season estimates to be powers in the BPL, this year. However, both lost their independent "tuneup" tilt last week. Hawthorne fell before a powerful Hawthorne Heights army by a score of 12-6 but looked like a pretty solid eleven despite this defeat. Fair Lawn, favored to win over Estabrook of Paterson, was stunned by a 28-10 loss at the hands of the surprising Paterson team. The game pointed up several weaknesses in the Cutters' outfit. The Bears were completely clobbered in their opener at Hawthorne Heights and lost 13-0 at the Aviators field last Friday. The Heights team powered its way through the Hawthorne line. Clifton Man Will Head Local Farmers For Paul Troast

Appointment of M. Klein, of Clifton, as Passaic County Chairman of a state-wide committee of farmers in support of Paul L. Troast, Republican nominee for governor, was announced yesterday by William S. Spargo of Dover, state chairman of the group. Klein, along with other county chairmen, will serve on the executive committee directing the drive for Troast in the agricultural arena. Emphasizing the effective work done by a similar committee, the Free Farmers for Eisenhower, in the 1932 campaign, Spargo said: "We are now pooling our efforts for Mr. Troast because he is pledged to carry on the progressive Republican farm policies which have proved so successful in New Jersey." "However," Spargo continued, "we are just as much concerned with the overall aspect of State management. During the last 16 years, the Republican Party has neglected to carry on the progressive policies of the past, and we must not overlook alerting the voters of Passaic County about the questions that are on the ballot this year. In particular, Stark pointed out speaking before the Passaic-Fairfield Democratic Club that there was a referendum on bingo and similar games of chance which was being offered as a constitutional amendment. Stark stated, "Be aware of the joker in this pending referendum, and remember that a negative vote will prevent a similar referendum on the same subject for a period of three years." Candidate Stark called attention to the fact that in the event the referendum was defeated, a delay of three years was inevitable because of the constitutional provision which automatically prevents the newspaper in sponsoring the show. Geier Releases First Article On Results of Hawthorne High Survey

Principal George Geier of the Hawthorne High School has issued the first of a series of articles to the citizens of the Borough in order to advise them on the findings of the commission on secondary education as a result of their survey of Hawthorne High School last spring. The evaluation is made by a group of professional people sent to the school by the Middle States Association of Colleges and Secondary Schools. High schools in this state are evaluated by two agencies, one by the State Department of Education and two, the Middle States Association of Colleges and Secondary Schools. If the schools meet the standards set by the Middle States Association they are considered "approved" schools. Contrary to much lay opinion, schools are not rated on the basis of comparisons made of one school with another. As a matter of fact, to quote directly from the school bulletin of the Middle States Association: "No comparison should be made with any other school. Every evaluation is concerned with the inherent possibilities of the school and not with the rank of the school." (Continued on Page 5)

Roosevelt PTA Opens Season

Approximately 135 mothers and teachers attended the first fall meeting of the season of the Roosevelt PTA, recently. President Mrs. J. Guarniera presided. New members were received and officers and committee chairmen were introduced. Mrs. Alice Duray, introduced the duties of the boys and asked the parents for their full cooperation. Miss Duray requested that children obey the junior police at all times. Principal Harold Vandenberg and Mrs. Evelyn Schaad, school nurse, explained the school's rules and regulations. Followed on the program was a reading of the regulations which will be mailed to each family. Mrs. R. G. Gilmore reported that, with the kindergarten, the new budget was read and will be voted upon by the entire membership at the Oct. 13 meeting at 8 o'clock. Refreshments were served by the executive committee. (Continued on Page 5)

- WASHINGTON NEWS -

"STRIVE AND SUCCEED"

Washington, D. C.—The like Horatio Alger stories, and may be about it. And we find it reassuring in these days of gloom to realize that America is still producing them. There's "Wireless Willie" Haligan, for instance, who was born in Boston about the time Marconi discovered the ether-wave, and who, at 16, was a licensed radio operator on a coastwise vessel, having already finished high school and built his own "man" wireless transmitter. World War I found Bill Haligan at the key in the northeastern North Sea as the very youthful chief radio operator of a U.S. Naval mine-sweeper.

Following the war, and a year of engineering at Tufts College, he entered West Point, but resigned three years later to marry a girl in New Rochelle, cancelling

his engagement to the U.S. Army. Even though, like most Alger heroes, Haligan became a newspaper reporter for a time, radio remained his first love, and the "man" station WJWZ he set up in those days, he still maintains. But his life's ambition, to manufacture radio sets, not production models, but precision-built, hand-made ones that would be good enough for "hans" like himself, was a long time aborning. With the craft idea foremost in mind, Haligan coined the name "Haliganettes" and presented the world with the first set of that name in 1932.

What has happened since is pretty much history—that people who were more interested in the inside of a set than the outside turned increasingly to Haligan-built radios, but later TV sets that in the next world war, a co-chief operator turned out all

the communications equipment he could make, not only for the U.S. but for England and France as well; and that the Haliganettes mobile radio station designed and built for the Army was named by Major General Harry Ingles, chief of signals, the "Voice of Victory."

Just the other day "Wireless Willie" Haligan completed his latest station WJWZ he set up in those days, he still maintains. OUR DEMOCRACY BY-MET

AMERICAN INVENTIVE GENIUS IS CONSTANTLY DISCOVERING NEW BY-PRODUCTS FOR THE MATERIALS OF AGRICULTURE AND INDUSTRY. SUPPLEMENTING THE PRIMARY USES OF THESE RESOURCES, THE EVERETT-ROBINSON COMPANY OF BY-PRODUCTS CONTRIBUTES SUBSTANTIALLY TO THE NATION'S PRODUCTIVE STRENGTH.

... OPERATION CHERRY ... A luncheon at East Lansing, Michigan the other day may well go down in history. It launched an interesting, new, and practical approach to the "farm problem."

"Operation Cherry" is the name of this new activity in which the Everett & Robinson Company, of the National Red Cherry Institute representing the growers of the ten cherry-producing states, and leaders in the restaurant, baking, and hotel fields.

As a result, you probably will find yourself eating more cherries in more ways than ever before. P & G's experimental bakeries already have come up with such unusual confections as cherry jam slices, cherry brownies, cherry coffee cake, and cherry

thoughts in an effort to find uses for the American cherry pie beyond the traditional cherry pie. Here certainly is a unique approach to the age-old problem of marketing the good country bounty to the nation's dinner tables.

And if it works with cherries we have no reason why such cooperative industrial efforts cannot distribute more effectively our other crops as well, not only fruits but such staples as rice and even wheat and corn.

"Operation Cherry" we can see where P & G may benefit by selling more shortening, but we think the company's contribution to the nation's farm problem could benefit all of us as far more.

Certainly such voluntary pooling of interests by farmers, laborers, restaurant operators, and manufacturers may be a new way of getting food from where it is grown to where it should be consumed.

... MAKE OWN WALLS ... Dry wall construction of gives us good government at the lowest per capita cost of any state in the nation. We want that kind of government continued during the next four years and Mr. Treast is the man to do it.

"Agriculture, along with labor, business and industry, has benefited substantially from Republican policies and programs. The total value of our farm products has doubled, and New Jersey farmers today enjoy the highest cash income per farm acre of any State in the nation.

"Farmers have shied away from Treast as a man who gets things done. They are impressed with his understanding of State affairs, and his awareness of the importance of a sound and prosperous agriculture in the total economy of the State.

"Mr. Treast is a businessman to whom the business farmers of New Jersey may look for sound, far-sighted consideration of our agricultural problems.

Sponsoring a past president of the State Federation of District Boards of Education, added the "Mr. Treast recognizes the need for increased State aid to education and could be counted on to do something about it."

Meyner Hits GOP Plank

"that wouldn't even begin to take care of the needs of education at this point.

"I realize that New Jersey stands 44th among the 48 states in amount of state aid to education," Meyner said. "If my opponent gets back from Washington, we might even sink lower than that."

Meyner outlined a three-point program of his own for state aid to education.

In the first place, "he said, he would undertake a genuine reorganization of the executive departments and apply the savings to school aid."

"Secondly, I would seek a revision of our present tax system together with a more uniform method and rate of assessment. I don't want to see identical houses taxed any more at differing rates."

"The way things stand now, we're operating under a colonial system. If these two methods fail to raise enough money for a positive program of state aid, I would consider submitting a corporate income tax increase to the voters on a referendum. The tax should include provision to protect businesses from tax lightning and to do something about it."

ing of schools."

After a school is visited the accreditation of that school is granted by the Commission on Secondary Schools at its annual meeting in November. This means that the commission action of the report of the evaluating committee is officially taken in the November following the school year in which the evaluation took place. However, while no official word will be received as to the results of the Hawthorne High School evaluation for another two months, a preliminary report from the visiting committee assures such accreditation will be forth coming. It is from this report that the information presented in this and other published articles is taken.

The evaluation has as its primary purpose the improvement of the individual high school in the service it is rendering to the youth of the community which it serves. In attempting to evaluate the program of any high school in order to determine whether or not it is meeting the needs of the community it is of course, necessary that complete details regarding the socio-economic life of the community be thoroughly studied and the school's offering interpreted in the light of the findings.

Hawthorne, being a middle class suburban community, it is obvious that its high school can and should be an important center of community thought.

Due to the fact that the building boom and rapid shifts in population of the past two years have not materially affected the area that Hawthorne High School serves, the school has been able up to the present time, to keep up its teacher-pupil ratio in a quite satisfactory position.

However as the high school is now beginning to feel the effects of pupil increase, such as the elementary schools have been facing for some time, it is obvious that additional facilities and personnel will be necessary if a satisfactory teacher-pupil ratio is to be maintained.

Student of age, grade, mental ability and withdrawal habits containing statistics of the high school population show a very normal and stable situation. In such a situation it is obvious that the finest kind of school program can be developed. For quite a few years the school has been recognized as the finest kind of guidance and personal contact between staff and students that it is possible to give under the circumstances and the excellence of the program that has been developed has been reflected in the very low drop out rate that exists at the school.

It is interesting to note that while a great many students are enrolled in the college preparatory program, yet, on the whole, the percentage of students actually going to college is not commensurately high.

This indicates that the industrial arts program and business education cooperative work study program could be more extensive. To do this Hawthorne's industrialists and home owners actually must be thorough in their selection of providing the equipment that these types of programs would necessitate.

To quote directly from the committee's report:

"It should always be remembered that a well taught, happy pupil is the best public relations agent and it seems to the committee that the pupils are satisfied with what they are getting, the curriculum and activities. It will be a continuing challenge to the administration and teachers to have parents and pupils want more and better things for their schools and want them so much that the community will be willing to pay the higher school taxes that as the details of the evaluation of the school are studied there must be kept in mind that the all recommendations made are opinion that the data gathered based upon the more important by the school staff in preparation of the report is the duty of the for the survey was excellent. It school to serve its community and did, however, feel that based upon what the community shows is the findings, a continued study of needed should be the pattern for curriculum revision and strength future educational advances.

ending areas of study other than those which were college preparatory would be of great service to our students.

To again quote the committee: "The community is evidently proud of its present high school—as well as it may be. The school serves its community well and what is more important, it has analyzed its needs and knows how to serve it much better."

...Editorial...

How Much Do You Pay?

Very few of us realize how much we must pay in taxes for the reason that so large a part of the tax burden is indirect. The National Association of Manufacturers has done some research on the subject, using government statistics and other reliable data. Here is what it believes average families in the United States actually pay:

Four thousand dollars—\$1,093, or 27.3 per cent of income; \$7,400—\$1,766, or 23.9 per cent of income; \$10,000—\$2,409, or 24.1 per cent of income.

Keep that in mind next time you hear the hoary old argument that only the well-to-do and the rich really worry about taxes.

Six Local Men Get Service Pins

(Continued From Page One)
Six local men were awarded service pins at a luncheon at the Hawthorne Press on Wednesday. The pins were presented to them by the press staff. The men were: Mr. J. H. Brown, Mr. J. H. Brown, Mr. J. H. Brown, Mr. J. H. Brown, Mr. J. H. Brown, Mr. J. H. Brown.

Board Denies Parent's Request

(Continued From Page One)
The board of directors of the Hawthorne Press has denied a request from a parent for a change in the school schedule. The board stated that the current schedule is the most efficient and that any change would be detrimental to the school.

Police Chief Warns Residents

(Continued From Page One)
Police Chief [Name] has issued a warning to residents of the Hawthorne area regarding a recent increase in petty crimes. He advised that residents should be more vigilant and report any suspicious activity to the police.

Board Approves New Plan

(Continued From Page One)
The board of directors has approved a new plan for the Hawthorne Press. The plan includes several changes to the press's operations and is expected to be implemented soon.

Gulliver's Travels
LITTLE CLASSIC FROM JONATHAN SWIFT'S FAMOUS STORY
PART I: Voyage to Lilliput

AT FIRST, THE VOYAGE WAS VERY PLEASANT - BUT LATER THE SHIP WAS DRIVEN AGAINST A HUGE ROCK, AND WRECKED.

EVERYONE ON BOARD WAS LOST, EXCEPTING LEHUEL GULLIVER. WHEN THE LIFEBOAT HE WAS IN WAS LOST, HE STARTED TO SWIM IN A RANDOM DIRECTION.

FINALLY, HE WAS ABLE TO SAFELY REACH SHORE.

IN GULLIVER'S OWN WORDS, "I LAY DOWN ON THE GRASS AND SLEPT. WHEN I AWOK, I WAS UNABLE TO STIR. MY ARMS AND LEGS WERE FASTENED TO THE GROUND; MY HAIR WAS TIED DOWN."

THEY SOON RETURNED! I LAY ALL THIS WHILE IN GREAT UNEASINESS.

I TRIED TO CATCH ONE OF THE SMALL PEOPLE. I FELT ABOUT A HUNDRED ARROWS DISCHARGED ON MY LEFT HAND.

I LAY STILL. TURNING MY HEAD, I SAW A STAGE ERECTED ABOUT A FOOT AND A HALF FROM THE GROUND.

BY THE WAY, FEELING THE MANY MOUNTAINS.

YOUR LOCAL NEWSPAPER - READ IT EVERY WEEK - BUY IT BY THE YEAR!

STRAIGHT ARROW

STEVE ADAMS AND PACKY MCLOUD ARE RIDING HOME TO THE BROKEN HORSE RANCH.

HOOF PRINTS, STEVE! SOMEBODY'S BEEN RIDING ALONG THIS RIDGE - MAYBE A COUPLE OF RIDERS, GOING INDIAN FILE! PERHAPS A DOZEN OR MORE, PACKY!

THAT'S A TRICK OF LONE DOG AND HIS CHEYENNE RENEGADES - TO MAKE THEIR HAND LOOK SMALL. THEY MUST BE STALKING SOMEONE!

YOU'VE HIT IT, STEVE! I ROUSE THESE TRACKS MUST BE THAT PARTY OF RANCHERS, PACKY, WHILE THEY RIDE AHEAD!

RACING AHEAD INTO THE HILLS, STEVE ADAMS REACHES A SECRET CAVE AND ENTERS...

ONLY A FEW FEET AWAY, STRAIGHT ARROW IS WAITING FOR HIM.

FASTER, FURY BOY! WHATEVER LONE DOG IS OUT TO DO, IT'S FOR NO GOOD! AS WE KNOW FROM OLD DAYS.

MEANWHILE, UP AHEAD, CHIEF SURVEYOR RUTON FACES A PROBLEM...

WHY ARE YOU QUITTING NOW, NODWITTS?

YOU LOOK AT MAP! YOU SEE WHY?

I SEE WHAT? ONLY ODD THING IS THE NAME "WAKON TONKA"!

THAT IS ENOUGH! "WAKON TONKA" MEANS "EVIL SPIRIT". HE STRIKES DOWN THOSE WHO ENTER HIS VALLEY! WE CHEYENNES WILL NOT GO THERE!

GO YOUR OWN WAY THEN! WE WON'T NEED YOU!

SURVEY PARTY IS ON WAY HERE, LONE DOG! YOU MUST PREPARE FOR THEM!

THE PREPARATIONS ARE READY! COME, SEE!

LOOK, LONE DOG! STRAIGHT ARROW IS COMING TO WARN THEM!

TOO LATE! ONE MAN'S VOICE IS NOT ENOUGH TO WARN THEM BACK! WE CRASH ROCK UPON THEM!

WAIT! STAY BACK!

Officer Walter Vandenberg
made the arrest and Magistrate
Frances Hart Lauer levied the
fine. George Shaw of 25 Russell
Ave., Edgewater, was fined \$25.

and \$3 costs of court for going
through a stop street at Arlington
and Washington Ave. on Oct. 8.
Officer Welch made the charge.
Careless driving charges against
Dorothy O. Bessell of Ewing Ave.,
Franklin Lakes, and Eleanor E.
Weigand, 71 Maple St., Paterson,
whose cars were involved in a
slight accident on Diamond
Bridge Ave. on Oct. 2 were dis
missed.

**Two Cars Collide,
No One Injured**

Cars driven by Mrs. Ann
Riva, 374 Parmelee Ave., and Mrs.
Norma Carl, 85 Res Ave., col
lided at Third and Greenville
Ave. last week.
Mrs. Riva said she was driving
south on Third Ave. and had en
tered the intersection of Gen
greve Ave. when a car to her
right drove in front of her. She
said she applied her brakes but
struck the left side of the other
car.
Mrs. Carl said she was driv
ing east on Greenville Ave. and
while crossing Third Ave. was
hit by a car on the left side of
her vehicle. Officers Walter Van
denberg and Frank Sael investi
gated.

In making the presentation

**Moehler said the entire school
group was happy to present the
gift and that no one in the school
system was more worthy of the
tribute than Popper. He lauded
his devotion to duty and his
spirit of cooperation in all school
matters and hoped that he would
continue with the school system
for many years to come.**

President John Schalmeyer
representing the Board of Educa
tion, expressed the board's ap
preciation to Popper for the many
years of loyal service that he
had given the school system and
in behalf of the citizens of the
borough wished him health and
success for the years to come.
Members of the board and the
teachers all joined in paying tri
