Important Notice to all Depositors of the Peoples Bank of Hawthorne

Eighty per cent of the depositors of the bank have signed the consent slips for the re-organization of the Institution.

This amount is sufficient to assure the re-opening of the bank as soon as details can be completed.

However, the Citizens' Committee is anxious to receive additional signatures, so that the campaign will be able to reach the 100% mark. If you have not signed, we will welcome your consent at the bank.

OUR FURNITURE would delight in this larger interpretation of the French style, new yet original. Back from a charming visit at home, Paris, and a trip to the Paris Exposition. Budget pieces, yet French. Original, comfortable, and a real bargain for the home.
