editorial

for the week of September 5

Education - there's a crucial year ahead

School's back in session and in the
attentive hands of the teachers.

Careful thought and planning is the
only effective antidote to the many
problems and challenges now facing
the educational system.

comment

Is the erosion of the space program temporary?

Instead of fighting for new sources of
funds, the space program has been
working to secure domestic support.

Congress has been requested to
approve a $1 billion increase in the
space budget. This shows the
importance of the space program.

Teen Action Group getting set for a new year of varied activities

The Teen Action Group is preparing for another year filled with diverse activities. Members will be focusing on community service projects, ensuring they remain active and engaged in making a positive impact on their neighborhood. The group plans to organize several events throughout the year, including a charity drive, a community clean-up day, and a volunteer trip to a local retirement home. These activities are designed to foster leadership skills and encourage a sense of responsibility among the group's members. The Teen Action Group welcomes new members who share their commitment to community involvement and looking forward to an exciting year of service and growth.

Resident arrested for making annoying calls
the dimmer side

The police department, in a move that is sure to delight residents, has announced the arrest of a resident for making annoying calls. The individual, who has been identified as John Doe, was charged with harassment after repeatedly calling neighbors at all hours of the night.

Minimum fine assessed for elderly dog owner

Under the gavel

A recent case in the local court has shed light on the issue of elderly dog owners. The case involved a resident who was cited for failure to clean up after their dog. The resident, who is elderly and has mobility issues, was found guilty of the charge. The court imposed a minimum fine of $50, which the defendant will be required to pay.

County groundskeeper to occupy park house

Boro bits

The county has announced that it will be occupying a park house in the near future. The decision was made after the previous tenant, who had been renting the house for several years, decided to vacate the premises. The county groundskeeper will be taking over the occupancy of the house.

editorial

Fair play should prevail in water discussions

The recent news of the development of a new water catchment area for the town has sparked a great deal of interest and debate. It is important that the town government and the community work together to ensure that fair play prevails in the discussions surrounding this issue.

letters

Roosevelt School eighth grade objects to coverage

The Roosevelt School eighth grade object to the recent coverage of their school in the local newspaper. They feel that their school is not given enough credit for its achievements.

ups and downs

Thumb up

The recent decision by the town council to increase the funding for the local library is a welcome development.

Thumb down

The recent decision by the town council to cut funding for the local arts program is disappointing.

Three cases referred to county grand jury

A total of three criminal cases have been referred to the county grand jury by State Distinctor Bob Libal, said Lawrence C. Jackson, Jr., assistant district attorney for the 22nd Judicial District.

The cases are:

1. Animal cruelty: David J. O'Brien of 32 Forest Street, Glens Falls, is accused of criminal animal cruelty after police said he killed a dog with a hammer.

2. Criminal mischief: Thomas A. Martin of 402 Main Street, Glens Falls, is accused of criminal mischief after police said he damaged a car with a baseball bat.

3. Theft: William J. Smith of 234 Main Street, Glens Falls, is accused of theft after police said he took a wallet from a car.

editorial

A 'Get-tough' policy for vandalism and violence

Magazines, newspapers, and other media often make us think that the world is a dangerous place to live. This is especially true when we read about the latest crime news. However, it is important to remember that the vast majority of people are good, and we should not let a few bad apples scare us away.

Complacency is dangerous. We must be vigilant and take steps to keep our community safe. This includes reporting suspicious activity to the police and not becoming a statistic yourself.

We must also support our local law enforcement. They are the first line of defense in keeping our community safe. We should show our support for them by attending their events and showing gratitude for the work they do.

In conclusion, we must take a 'get-tough' policy for vandalism and violence. We must be vigilant and support our local law enforcement to keep our community safe.

Complacency is dangerous.
